Larger Crops

are the aim of the good farmer at all times. This does not mean increasing the acreage by breaking up new ground or in buying a larger farm, but it means a larger yield and better crops from the same farm and the same acreage.

A recent bulletin issued by the New Jersey Experiments Station, said, "Hard work, plus experience, plus plenty of fertilizer in Maine produced 500 bushels of potatoes to the acre. Hard work, plus experience, plus little or no fertilizer in Michigan, Minnesota and Wisconsin produced 100 bushels to the acre."

This is the story whenever fertilizer is used with what is called the "worn out soil of the East" producing double the crop of the virgin soil of the West. The last Government crop report from Ottawa shows the New Brunswick potato growers not only had the largest yield per acre in Canada, but went well over the 200 bushels per acre reported in Maine.

After three hundred years of cropping the New England States grow larger crops of corn, potatoes and grain to the acre than the new soil of the middle west. There is but one explanation, the farmers of the East use fertilizer and those of the West do not.

Whether a good year or a bad year, the farmer with the largest crop to sell gets the largest returns.

The "Made at Windsor, N. S." fertilizers meet the requirements of the farmers in supply, quality and price.

We want agents, either dealers or farmers in the territory where we are not now represented.

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to put the kidneys right. Among them are diabetes, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a medicine which is both quick and thorough.

Mr. C. E. Rogers, Lindale, Alta., writes:—

"I was a great sufferer from kidney disease and have had to wear the belt on me. A friend of mine sent me a box of Dr. Chase's Kidney-Liver Pills, and after using them for about a week I felt better. After I had taken one box I felt better, so I continued until I had five boxes. By the time I finished the last box I felt as well and strong as any man could be, and I attribute my good health to Dr. Chase's Kidney-Liver Pills. I cannot speak too highly of them."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

COULD HARDLY MOVE IN HER BED

Right Kidney of "FRUIT-A-TIVES" Completely Relieved Her.

MRS. EDMOND BOUCHER

Labelle, P.Q., April 19th, 1920

"It is my duty to tell you and publish to all what your remedy "Fruit-a-tives" has done for me.

I suffered with Rheumatism for two months; could hardly move in bed; and was miserable all the time. I tried several physicians and took many remedies, but they left me as the same place, in bed and suffering, the Rheumatism was so bad.

Finally started taking "Fruit-a-tives" and continued the treatment regularly as I found myself getting better. After using eight boxes of "Fruit-a-tives" (which cost only $6) I am completely well without a trace of Rheumatism!"

Mrs. Edmond Boucher.

50c a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.
