In July.

The following Lodges, etc., hold their regular monthly meetings in the Masonic hall at 8 o'clock in the evening as follows:

Thursday, July 11th—New Brunswick Lodge, No. 22.

Wednesday, July 17th—Carleton Royal Arch Chapter.

Thursday, July 18th—Union Lodge of Portland, No. 10.

Thirteen vessels in the harbor are at present unloading coal.

A COMMON OCCURENCE—A drunken character fell through a large window in John Welch's liquor store, Mill street, this morning.

MECHANICS INSTITUTE.—The Lucier Comedy Company gave their closing performance at the Mechanics' Institute last evening, to a very appreciative audience. The company is booked for a tour through Nova Scotia.

A DANGEROUS LOCALITY.—A teamster, named John Lenihan, was struck on the head, about noon today with a brick, thrown from the roof of Simms' brush factory. An ugly cut was the result, and the injured man was taken to his home on Mill street.

THE NORTHEASTERN RAILWAY.—The annual meeting of the St. John and Northeastern railway was held yesterday and the following directors were elected; E. McLeod, G. R. Pugsley, A. A. Stockton, A. E. Killam and L. G. DeBertram, E. McLeod was elected president, R. O. Stockton solicitor and W. E. Skillen secretary-treasurer.

THE PRESBYTERY.—At a meeting of the Presbytery held in the West End Presbyterian church, last evening, Mr. Garven Hamilton accepted a call as missionary to Brookfield, N. S. Rev. Wm. Stuart of the West End church, asked for three months' leave of absence, without pay, after which he will place his resignation before the Presbytery, if the congregation so desires. There will be a supply in the meantime. The congregation have been in financial difficulties and this is intended as a settlement.

ATTEMPTED SUICIDE OF JAMES S. STEEN.—A special despatch to the Sun brings intelligence that James S. Steen, a young man, about 28 years of age, employed as bookkeeper in the World newspaper office, attempted suicide at Vancouver yesterday morning. He fired five bullets into his body, three of which lodged in his chest and two in his head. On examination of his wounds by a physician it was found that the bullets in the chest had penerated the lung and lodged about a quarter of an inch from the heart. There is little probability of his recovery. His relatives reside in St. John.

A GREAT MILKER.—In a letter to the Toronto Globe, Mr. Alfred B. Dixon, of Sackville, N. B., speaking of the frequent notice in that paper of the amount of milk given by cows of different breeds, says that he has an Aberdeen Angus cow, registered under the name of Princess 2nd, N. B. H. B., which gave from June 2 to June 8, 369lbs., and from May 19 to June 10 1,528 lbs. For one single day she gave 55½ lbs. Her feed has been five quarts of bran and one and a half quarts of corn meal daily, and a good pasture. This cow is six years old and has had five calves, and he has allowed all the calves to suck excepting the first and last ones.

EXHIBITION ASSOCIATION.—A fully attended meeting of the directors of the exhibition association was held yesterday afternoon in the City hall. Some important amendments were made to the by-laws. A letter was read from A Chipman Smith resigning his position as one of the directors, owing to the increased duties of his new position as director of public works occupying so much of his time. Ward C. Pitfield was unanimously elected in his place. A committee was appointed to confer with the common council with reference to the grant and with regard to the transfer of buildings and other matters. The meeting adjourned to meet again on Friday at 3 o'clock.

A RECOGNITION OF BRAVERY.—Says the Moncton Transcript: Captain Robert Dickson, of the schr. Ella Maud, was presented at the Custom House on Monday with a medal from the American government in recognition of his bravery in rescuing the captain, mate and steward of the American schooner John C. Bowers in December last. The men were clinging to the vessel, which was bottom up, when rescued. Mayor McKenzie and Coun. Chapman were present at the Custom House and the former made the presentation. The medal bears the following inscription:

"To Robert Dickson, Master of the British schooner Ella Maud, for the rescue of the crew of the American schooner John C. Bowers, Dec. 21st, 1888."

NO MORE TROUBLE ABOUT BAIT.—Fishermen at Newfoundland and elsewhere are greatly excited over a discovery that promises to revolutionize the codfish business. Three French ships instead of going to St. Pierre for bait, fitted themselves out with flat bottomed round baskets with a small hole at the top. These they sunk in 70 or 80 fathoms and they were quickly filled with periwinkles of large size. The shells were smashed on deck and the trawls baited with live periwinkles. Codfish took to these most ravenously and the vessels were soon loaded down to the gunwales and sailed for France with full cargo the first week in July instead of October, as usual, thus saving three months' time and hundreds of dollars in the purchase of bait. If this new method proves successful it may go far to solve the fishery problem between Canada and the United States.

DRIFTING OUT TO SEA.—On Saturday morning last while the Royal Engineers' submarine mining cutter's crew were practising in the harbor they came across a boat drifting out to sea containing a woman and a man. The soldiers were attracted to the boat by the piercing cries of the woman who appeared to be greatly alarmed. On arriving in the vicinity of the craft it was seen that the man was sadly under the influence of liquor and being minus one oar was wholly unfit to propel the boat, which was drifting seaward. The woman cried frantically for help, intimating to the men in the cutter that if left much longer in the boat with her companion, the boat would surely capsize. The sea being rather rough at the time it was apparent that something would happen the occupants of the row boat if left much longer on the water. So the men on board the cutter took the boat in tow and brought them to Halifax.—Halifax Herald.

MANUFACTURING BUSINESS FOR SALE.—Having decided to devote my whole time to the management of my patents I will dispose of my machinery, plant, good will, etc., at my Brass Foundry and finishing business. I will receive tenders until Wednesday, the 10th inst., at 12 o'clock. For particulars and terms apply at 21 Water street, P. BROWNLEY.

PLEASANT EVENT.—At the early hour of six o'clock this morning Mr. Charles E Paterson, son of Mr James Paterson the well known fish dealer, and Miss Mary Duncan, daughter of Mr. John Duncan the City road baker, were married by Rev. Mr. Fotheringham. The bride was attended by her sister Miss Emma Duncan, while Mr. Higman, of Moncton, officiated as best man. After the ceremony, which was performed at the residence of the bride, the happy couple left by the morning train for Halifax, taking with them the congratulations and best wishes of their large circle of friends. In honor of the event a long string of bunting was displayed over the South Wharf in front of Mr. Paterson's place of business this morning.

SALMON FISHING.—The salmon catch in the harbor this season has been a little below the average until within the last week. Last Friday and Saturday there was a very good run, some boats catching from ten to fifteen good fish at a tide, and the run so far this week has been very satisfactory. The Pisarinco fishermen are also having better luck than in the first of the season. One boat from there, last night, contained one hundred and thirty-five fine salmon, the lot representing the day's catch of about twenty boats.

MILITARY MATTERS.—In view of a military parade some evening during carnival week, the Artillery and 62nd Battalion are having extra drill just now. There will be a full battalion drill one evening during the week.

On the first day of the carnival, (Monday afternoon) there will be a rifle competition at Drury Range between Artillery batteries No 1 and 4. This is an annual event and Monday of carnival week has been chosen as the date.

THE PUBLICATION OF THE REVIEW, a six column, 8 page weekly newspaper, is to be commenced at Richibucto, next month by S. B. Patterson jr. The Review will be independent in politics. It is hoped that Kent Co. will be liberal in its encouragement in Mr. Patterson's undertaking.

Handsome Office of the Dominion Express Company.

Since the Dominion Express Company started business here about a month ago their offices in the Stockton building, Prince William street, have been completely transformed in appearance. The walls and ceilings are nicely tinted, while the doors, sashes and the interior wood work of the office has been beautifully stained and polished in imitation of cherry.

The officers in charge are obliging and experienced gentlemen, with whom it is a pleasure to do business.

Mr. V G. R. Vickers formerly in the employ of the company at Toronto, is the agent here and has charge of the office, while Mr. E. N. Abbott, formerly of the Montreal office, is route agent, and Mr. Charles Leeche, well known here, is head clerk.

The company run two wagons, George Jackson and J. M. Jenkins being the drivers. Owing to the rapid increase in their business they will probably have to put on another wagon before the end of the year. This is the eastern terminus of the line and they do all the express business over the New Brunswick and Canadian Pacific Railways, having three trains in and three out of St. John every day. They also take goods for all parts of the states.

With such facilities as they possess and starting here under such favorable circumstances the company's business on this eastern section seems destined to develop very rapidly and assume large proportions in the near future.

The Lansdowne Theatre.

The presentation of "Gwynne's Oath" at the Lansdowne last evening was heartly received. The play, which is new in this city, had an additional interest in the fact that to Miss Hampton was assigned a more prominent part than she had hitherto attempted here. Miss Hampton fully met the expectations of her admirers, and showed that she is just as powerful in a part of greater, as she is charming in one of minor import.

The success of Mr. Fred Hight on the St. John stage was manifested by the abundance of applause which greeted his first appearance last evening, and, throughout his interpretation of the hearty jovial Sir Pearce Parker, was true to the letter. Mrs. Carrie Jamieson, as Sir Pearce's sister, maintained in every respect her excellent reputation as an "elderly lady" actress. Miss Haswell, in her usual interesting manner found herself towards the end of the play lamentably wrapped up in the attractions of Gussie Lambton (Mr. Earnest Sterne) and so naively brought about a climax, in their little love affair, that the satisfaction was universal. Mr. D. R. Whipple portrayed the character of Gilbert Archer one deeply infatuated by the gaming table, in a manner which left nothing to be desired. Others in the play, Mr. Geo. Fawcett as Harry Vesey, Mr. Fraley as Richard Welback and Mr. Bunny as Jim Richards alias Latour, carried out their parts, each thorough in itself, and deserved the appreciation with which their efforts were greeted. "Gwynne's Oath" is full of interesting situations, and has just enough of the terrible about it to keep the audience in continual anxiety. To night it will be repeated, and to-morrow "Little Em'ly" will be produced for the first time.

The Summer Carnival.

A number of carnival meetings were held last evening, amongst which was that of the tailors and clothiers. A final meeting of this body will be held next week.

Two companies for the boys parade, Nos. 5 and 6, were formed yesterday afternoon. The officers of No. 5 are; Captain, Chas. Doherty; 1st lieutenant, James Irons; 2nd lieutenant, M. Campbell; and of No. 6 company, Captain Fred Sturdee; 1st lieutenant, Walter Taylor, and 2nd lieutenant, Richard Sullivan. The boys were put through some marching movements by Wm. M. McLean and Dr. Hetherington. Four companies will be organized in connection with the public schools.

An entry was received yesterday from T. S. Simms for the trades procession.

The cabinet dealers and furniture makers meet this evening.

The painters and Darktown fire brigade meet this evening.

Coming Events.

COMMON Council tomorrow afternoon.

Colored minstrels will occupy the Institute platform every evening during the carnival.

Coburg St. Christan Sunday School picnic at Nauwigewock tomorrow. Trains leave at 9.30 a. m. and 1.30 p. m., local time.

Plans for the reconstruction of the Sunday school will be considered at a meeting in the school room of St. John (stone) church this evening at 8 o'clock.

The Harbor Commissioners at Montreal have given their decision in the Cynthia-Polynesian collision matter. They re-instate the pilots of both vessels and exonerate them from all blame in the important affair.

SPIRIT OF THE TIMES.

A GREAT VICTORY.

As anticipated the game yesterday, between the St. Johns and St. Stephens of Boston, was in many respects an excellent one. Up to the end of the fifth the score was kept close down, 3 to 1 in favor of the home team. After that however St. John walked away from Boston finishing 15 to 4. A very large crowd was in attendance, and while the home team's score was large, the game was well worth seeing. The score by innings was:

St. Johns	1	0	0	2	0	4	6	2	0	—15
St. Stephens	0	0	0	0	1	0	0	3	0	—4

Base hits, St. Johns 12, St. Stephens 11.

Errors, St. Johns 5, St. Stephens 10.

Struck out, by Small 12, by McLaughlin and Sullivan 8.

Umpire, James Christie.

A GAME WITH THE BANGORS.

Manager Toole has written to the clubs in St. John for dates and one of them will probably play here on the 19th of this month. Letters are being received from other clubs asking for dates. There will probably be two games a week during the season.—Bangor Commercial.

LINERS.

Cleaned them out.
Excuse this smile.
That's the way to do it.
Give us something harder.
Small did himself justice.
Would Halifax like to tackle St John now?
Whitenect captured two long flies.
Parsons made 4 base hits and 5 runs.
Rodgers made 3 base hits and 4 runs.
White had little to do, but did that little well.
Kennedy handled the stick with great perseverance and little effect.
Bell's home run was an unprecedented event in the history of the country.
Barker's scoring record contains only blanks.
Holly made one error nothing more. Holly isnt doing the batting he used to.
For the visitors McGrath, the second baseman, made 3 base hits and 2 runs.
Donahne has 13 put outs to his credit.
The St. Stephens evidently lack batting qualities.
Parsons is a great base stealer, and possesses unlimited nerve.
To-day the St. Stephens play the Fredericton at Fredericton.
To morrow they return to this city to play the Shamrocks
Bath team play St. John Tuesday and Wednesday next. They tour through the provinces.
Boston is back home and has commenced its good work once more.
Boston's bad luck is attributed to Kelly, who as captain and coacher has proved a failure.

Cricket.

AMERICA AGAIN VICTORIOUS.

EDINBURGH, July 9.—The cricket match between the Philadelphia team and the Gentlemen of Scotland was concluded today. The score of the Americans' first inning was 308. The home team in their second inning made 340, and yesterday a total of 66. In the visitors' second inning Stoever made 65 runs, and Brown 32. These three extras gave the game to the Americans without the loss of a wicket.

The Ring.

A FIGHT TO A FINISH.

NEW YORK, July 9.—A prize fight, to a finish took place early this morning in Greenpoint, Brooklyn club house, with skin gloves, between Denny Sullivan of Boston, and Mike Breslan of this city. At the end of the 18th round Breslan was declared the winner. Sporting men who witnessed the mill pronounced it a well contested one.

THE CHAMPIONS.

NEW ORLEANS, July 9—The pugilists and their friends have all left the city. Kilrain appeared, this morning, as fresh as the day before the battle. At 7.15 o'clock Kilrain, Mitchell, Murphy, Pony Moore and Dr. Douherth left for the north, via Texas. At 4.30 o'clock this afternoon Sullivan and party left by the Queen and Cresent line for home.

Lacrosse.

THE BELIEF IS GENERAL.

A. E. McNaughton, one of the leading players in the Montreal club, has been reading "M. C.'s" letters in the Sun, and writing to a friend in this city says: "The writer is evidently an utter stranger to the rules of lacrosse, as well as an unmitigated liar.—Daily Sun.

The Sun evidently thinks this statement true.

The Turf.

CHICAGO, July 9.—At Washington park, to-day, Joe Courtney won the Drexel in 1.44¾, beating Champagne Charlie half a length. Spokane was fifth.

Gilfords ran the fastest 1 mile and 70 yards on record; time, 1.45 4-5.

Funeral of the Late James Stewart.

A correspondent writes from Milford of the funeral of the late James Stewart as follows:—One of the largest funerals if not the largest that ever proceeded from the village of Milford took place yesterday when the remains of the late Mr. Jas. Stewart were conveyed to Greenwood cemetry. The deceased had been a resident of the village since childhood. Having learned the blacksmith trade with his father he entered first the employ of the late Mr. James Hunter and subsequently for fifteen years was in that of Miller & Woodman (successors to Mr. J. Hunter.) About ten months ago, failing health compelled him to retire from work. Thinking that a change of climate might be beneficial, a trip to the Western States was taken but it resulted in no lasting benefit. Hopes for a time were entertained of his recovery, but lately a change for the worse became apparent, and on Friday the fifth inst. he passed away. Rev. Mr. Stuart of Carleton, and Rev. Mr. Rice of Fairville conducted the burial services. The pall-bearers were:—J. J. Waring, J. E. Holbart, (foremen of the mills), Wm. Stout, E. Ferris, (mill-wrights), W. Usher, of Grand Bay, and J. Irvine, of Milford. The employees of the mill, in which the deceased worked manifested their esteem of the departed by the contribution of a handsome floral wreath.
