NEWS OF NORFOLK

Women's Auxiliary of Norfolk Rural Deanery Meets at Simcoe.

OFFICERS ELECTED

Good Roads Committee Completes Inspection of Highways.

(From our own Correspondent)

Simcoe, Sept. 26.—A near fatality occurred on the South Ward school this forenoon, Joseph Yeomans, aged seventy-six, fell from the second floor to the basement, twenty-five feet. His fall was broken by studding and plank part way down, but despite this fact, his head was badly cut, an artery being severed on the right side, while his right hip was also badly bruised. He had gone to sleep sitting against a pile of bricks near the opening left by the stairway, and the pile gave way.

Simcoe, Sept. 26.—(From our own correspondent)—The nineteenth annual meeting of the women's auxiliary of the Deanery of Norfolk, was held at St. John's, Woodhouse, yesterday and was opened by communion service, in which over one hundred took part. The rector, Rev. Ward, and Rural Dean, Rev. Johnston, of Port Dover, conducted the service.

Mrs. Ward presided at the deliberations of the afternoon. There were present as delegates, from Port Ryerse 2, Simcoe 41, Pt. Dover 3, Pt. Rowan 7, Delhi 5, Woodhouse 14, Vittoria 3, St. Williams 1, Waterford 11.

Addresses

Mrs. Ward confined her remarks from the chair, to the educational outlook and recalled the death in England during one of the Hun raids of Miss Doris Walton, daughter of the missionary at Fort George, Moosonee. The talented young lady was pursuing an education for church work overseas.

Mrs. Anderson, of Waterford, formerly missionary in India, detailed conditions among the women there, which are the outcome of lack of education. Only seven women out of 1,000 in India can write. There are 1000 widows there under one year old and 17,000 under 5 years old in one district alone—one girl in every six is a widow. There are 12,000 temple girls.

Detailed mention of how the Hindoo religion plays a part in every day duties were given with dramatic vividness to a thoroughly attentive audience. In fact, Mrs. Anderson has taken a prominent place in the Deanery of Norfolk, among a society of women, many of whom are recognized as of more than ordinary ability.

Mrs. Sage, of London, read a resolution of sympathy for the family passed by the Diocesan women's auxiliary after the death of Mrs. J. W. P. Smith, of London, a most valued worker in auxiliary church life. This speaker stressed mission study—home mission especially, and gave many practical suggestions. The loyalty of the ndians and the problems, responsibilities and opportunities in Western Canada, were also impressed.

Resolutions.

Mrs. Barrett, of Port Dover, and Mrs. Hicks, of Simcoe, brought in the following resolutions, all of which were adopted:

(1) Welcome to Rev. and Mrs. Anderson, of Waterford, and regret at the departure of the Armstrong's of Delhi.

(2) Sympathy for the family of Mrs. J. W. P. Smith.

(3) Congratulations to Rev. and Mrs. Ward on their splendid work in Waterford.

(4) Regret at the enforced absence from the meeting of Miss Battersby, of Port Dover.

(5) Sympathy toward Mrs. Graham, a member of the executive, absent through illness.

(6) Thanks and appreciation to the speakers of the day.

New Officers.

President, Mrs. Sutherland, Delhi. Sec.-Treas., Mrs. Frank Bowlby, re-elected.

Program Committee, Mrs. Barrett, Dover, Mrs. Hicks, Simcoe, Miss Wood, Port Rowan.

The offering was thus disposed of:

Maintenance of one Chinese girl continued	$20 00
Grant for Bible woman in India for Mrs. Strickland	10 00
Educational Fund	10 00
General Missions Fund	2 24
Total	$42 24

In St. John's New Rectory.

The business of the session over, the delegates repaired to the new parish rectory, where Mrs. and Miss Ward were most gracious hostesses at a most enjoyable tea.

Automobile and the trolley provided convenient transportation and the former were much in evidence.

The next meeting will be held in Delhi.

Odd Ends of News

James Stevenson of Drumbo has purchased the implement business of S. L. Krompart, and will take charge presently. Mr. Krompart goes on the road as block man for the Massey-Harris Company, with headquarters in Simcoe.

Messrs. Cropp and Cruise have been quietly and persistently for several weeks, been practising tandem work with their autos for the Jarvis fair.

Auto drivers commend rather than deride the silent policemen, and there is a demand for one at the intersection of Robinson and Head Streets.

Sydenham St. residents assert that it is time the council became aware of the dyke to be crossed in getting out onto Norfolk St.

Fred Chadwick has been confined to bed since Thursday last—typhoid.

There is considerable agitation for an examination of water from all remaining wells in town and the closing up of all found to contain typhoid bacteria.

Rev. Herbert Ryerson, of Washington, D.C., is renewing acquaintances on a flying visit with relatives in Norfolk. Mrs. Geo. Heath of Simcoe, and Mrs. Chas. De Fields, of Waterford are sisters. Frank Ryerson of Townsend, is a brother.

Mr. and Mrs. G A. Rowe, of Queen St., left with their family for Brantford yesterday evening. Mr. Rowe has secured a job at the Waterous Engine Works.

W. J. Church contends that his dogs were smothered, not poisoned, in transit from the London fair.

The good roads committee of the county council completed their inspection of the roads under their charge. Some of the western bridges to be taken over are said to be such that if in Townsend the council would not be allowed to sleep till they were made safe.

J. L. Buck's kilns at Port Rowan will shortly be delivering brick after a period of quiescence. Simcoe's property is still inactive—a good opportunity here in Simcoe for the same business.

Port Dover, Sept. 25.—The Vigilant cleared from Dover for somewhere, sometime yesterday after landing a second haul of nets, picked up on Monday. The two hauls resulted in the confiscation of no less than three hundred and fourteen poachers' nets and a few tons of fish. The whole draw was disposed of here. The nets are worth from 80c. to $3 each, from the government's standpoint, and possibly much more from the standpoint of the former owners. The skipper expected to make another haul, as the Americans are anxious to get a slice of the good luck that the Canadian shore is yielding at present. And the boys observe that Capt. Robinson wears a beaming smile from the bridge as net after net is hauled in.

Where two years ago the Norfolk Milling Co. handled seed by the dray load, they are now shipping by the car load. Either more seed is being grown locally or this firm is developing an outside trade.

If You Want

If you want a house or a tenant for a house in Simcoe, try a Courier short advt. and save time and money. Phone as directed above.

MR. JAMES WATTERS
Who was re-elected president of the Trades and Labor Congress of Canada

MENU FOR THURSDAY

Breakfast
Cornmeal Porridge Milk Sugar
Toast Grapefruit Marmalade
Tea or Coffee.

Luncheon.
Creamed Codfish.... Baked Potatoes
Sliced Peaches Indian Bread
Tea Milk Sugar

Dinner.
Irish Stew and Dumplings
Tomato Salad Graham Rolls
Rice Pudding with Raisins
Milk Sugar

The recipes for Irish Stew, and Indian Bread, mentioned above, are as follows:—

Irish Stew—

Cut stew meat (flank or shoulder) 1½ inch cubes. Put these and the bones into kettle. Cover with boiling water. Set on the stove. Bring to a boil and then set back where it will simmer slowly. One hour before the stew is to be served, add salts, pepper, sliced onion, diced carrots and turnips of any vegetables preferred and 20 minutes before taking from the fire, add some thinly sliced potato. If too thin thicken with a little flour; pour into a deep hot platter and serve.

For Dumplings cook small tea biscuits in the oven. Before serving but these on the platter, and pour the stew over them.

Ingredients of Tea Biscuits.
2 cups flour.
4 teaspoons baking flour.
½ teaspoon salt.
2 teaspoons beef dripping.
¾ cup of milk, or sufficient to wet until of the consistency to roll.

Indian Bread—
½ cups of Graham flour
1 cup Indian meal.
½ teaspoons salt.
1-2 cup molasses.
1 2-3 cups sour milk.
Mix and steam same as Boston Brown Bread.

(Recipes by Domestic Science Experts of the Food Controller's Office.)

MERCHANT HAD SUFFERED 20 YEARS

Tried All Kinds of Medicines Without Relief—Tanlac Ends Trouble.

It is doubtful if there is a better known man in his line of business in Toronto than James Thain, who for the past thirty years has been engaged in the grocery store and meat market at 959 Dovercourt street and is one of the most substantial citizens of his community.

"For the past twenty years," said Mr. Thain, in a recent conversation with a Tanlac representative, "I have been trying to find relief from one of the most obstinate cases of stomach trouble anyone ever had and a few bottles of Tanlac have certainly done the work. I think close confinement to my business and failure to take time to chew my food properly was the cause of my trouble, any way I was never free from indigestion and it is impossible for me to describe my awful suffering. I had no appetite and never enjoyed a bite of anything I would eat. My breakfast consisted of a little cereal of some kind and a cup of tea, and I simply had to force that down. In a little while after meals, my food would produce a gnawing sensation and I would get so weak and faint I could hardly stand up. There were sharp pains through my stomach which at times were so intense that cold chills would run all over me. Many a time I sat down to the table to eat and became so nauseated I couldn't swallow anything. Vegetables and fruits, especially, went against me and for over two years before I got Tanlac I couldn't eat tomatoes at all. All my strength left me and I must have shown my weakness because my customers would come in the store and say, "Why, Mr. Thain, what in the world is the matter with you?"

"I had been reading the Tanlac testimonials and I thought little about it at first, but as I kept reading them I began to think the medicine might help me, so finally I decided to get a bottle and give it a trial. That was a lucky day for me, for I felt a change in my condition in just a few days. Half of my first bottle made a wonderful difference in my feelings and convinced me that Tanlac was all that is claimed for it. Three bottles have relieved me of stomach trouble and indigestion entirely—every symptom is gone—and I'm feeling better than I have in twenty years. My appetite is great and I thoroughly enjoy every bite I eat, and I have gained eight or ten pounds in weight besides. Nothing is barred from my diet now, all my misery is gone and life is a pleasure again. These are my reasons for thinking so well of Tanlac and I believe anybody with troubles like mine can find relief by taking it."

Tanlac is sold in Brantford by Milton H. Robertson and Co., Ltd., in Orillia by M. H. Cooke and Co., in Elmvale by W. J. McGuire, in Lefroy by G. R. Ardill, in Stayner by N. B. West, in Coldwater by C. G. Millard, in Midland by George Gerrie, in Barrie by George Monkman, in Cookstown by W. G. Mackay, in Alliston by E. B. Schell, in Port McNicholl by P. R. Beatlie, in Waubaushene by Georgian Bay Lbr. Co. Ltd., in Bradford by W. L. Campbell, in Lisle by Robert H. Little, in Gilford by James A. Blair, in Tottenham by Chas. A. Weaver, in Penetanguishene by Chas. A. Nettleton.

MAYOR INVOLVED IN MURDER CASE

Philadelphia Chief Magistrate Connected With Conspiracy to Kill

By Courier Leased Wire

Philadelphia, Sept. 26.—Mayor Thomas B. Smith, charged with conspiracy to murder in connection with the killing of a policeman in an election row here last week, appeared before Judge Brown in the municipal court to-day and demanded an immediate hearing, which was refused.

When the mayor was served last week with the notice that a warrant had been issued for him the hearing was fixed for 11 a.m. to-day, but owing to the illness of two witnesses it was postponed until next Tuesday.

HOUSE COMMITTEE ON WOMAN SUFFRAGE

Leaders of Movement Plan Strenuous Campaign to Gain Vote.

By Courier Leased Wire

Washington, Sept. 26.—There is great elation in suffrage ranks today because the long fight for the creation of a special House committee on woman suffrage has been won. The House late yesterday voted 181 to 107 to create such a committee. Suffrage leaders now will lay plans for a vigorous fight early in the regular session of congress beginning in December for adoption of an amendment to the constitution, giving women the right to vote.

WOMEN VOTERS MUST BE INDEPENDENT

Warning Against Affiliation With Either of Political Parties.

By Courier Leased Wire

Cornwall, Ont., Sept. 26.—Advice to women that when they get the franchise they must not attach themselves to any particular party was given by speakers at the Fortieth annual convention of the Ontario Women's Christian Temperance Union, which opened in St. John's church here this morning. The speakers pointed out that unless women voted independently and kept to the middle of the road, they might just as well be without the vote. About 150 members were present. The chair was occupied by Mrs. E. A. Stevens of Toronto, provincial president and addresses were delivered by Mrs. George Rigelow, Stormont county, Mrs. S. G. E. Ruckee, North Bay, and Mrs. Thornley, London.

OBTAIN MAXIMUM SUPPLY OF COAL

Plea for Concerted Efforts Made to All Concerned In U. S.

By Courier Leased Wire

Washington, Sept. 26.—A plea for concerted efforts to obtain a maximum production of coal during the war was made by Dr. H. A. Garfield, the fuel administrator to-day, at the opening of a conference of central field operators and miners here to discuss a proposed wage increase. "Under no circumstances," said Mr. Garfield, "must we allow production to stop. Our duty is to produce all we can, just as it is the duty of American citizens in the ranks of the army to march ahead over all obstacles. There must be no suspensions of work."

The conference was called by John P. White, president of the United Mine Workers of America, after adjournment at Dr. Garfield's request of a conference at Indianapolis, Sept. 6. The miners, it is said, will ask a minimum of from $5 to $5.50 for day work, and an increase of from 10 to 20 cents a ton in the rate where coal is mined on a basis of pay for production work.

The central field comprises mines in Ohio, Indiana, Illinois and western Pennsylvania. Wage scales in other fields are based on the pay given in these districts.
