WEATHER STORMY; MARKET WAS SMALL

Roads in Outlying Districts All Drifted Up—Prices Are Stationary.

Owing to the inclement weather, the attendance at the local market this morning was small. Reports from the rural districts state that all the roads have been drifted over by storm, making it next to impossible for the farmers to bring their produce to the market. The prices:

MAYOR OPPOSED TO CURFEW REGULATION

Says Such Measures Would Be Practically Impossible to Enforce.

Relative to the proposed curfew law which five hundred members of the Mothers' Clubs have petitioned for, Mayor Graham said this morning that he was not in favor of any bylaw which it would be practically impossible to enforce.

"If the parents do not take enough interest in their children to keep them off the street without the bylaw, they will not do so under it. And if the parents do not enforce the bylaw, it will be impossible for the city to enforce it. It would be out of the question for the police to do so. There are many districts which are patrolled only a few times during the evening."

MRS. MARGARET MILLER DIES AT AGE OF 61

Had Resided Here Since Three Years of Age—Large Family Survives.

The death of Mrs. Margaret Ellen Kernohan Miller, widow of Matthew Miller, who predeceased his wife sixteen years ago, took place at her residence, 18 Partridge street, this morning. Deceased was in her 61st year and had been ill for about a week. She was born in Ireland and at the age of 3 years came to this country with her parents, and had resided in London ever since. A family of six sons and one daughter survive. Their names are John, Hugh, Sam, Benjamin, and William, of this city, Andrew in Saskatchewan, and Mrs. Francis Beach, of this city.

The funeral will take place on Saturday.

CITY ASSUMES ALL REMAINING DEBT

Chelsea Green School Taken Over—Westminster Wants Concessions.

At the meeting of committees from the city council and the Westminster township council, held on Wednesday, an agreement was reached readjusting the debenture debt of the Chelsea Green school district, a part of which was recently annexed to the city.

When Chelsea Green was annexed, a part of the old No. 2 school section of Westminster was added to the city, including the schoolhouse, which was built four years ago. At the time of the erection of the building debentures to the amount of $5 000 were issued, to be paid back in 20 annual installments. The annual payments totalled $325.25, which included principal and interest.

Assume 26 Payments.

Previous to the date of annexation, four repayments had been made, and the committee of the city council agreed yesterday to assume the remaining 26 payments. Besides the schoolhouse, the township lost one acre of ground surrounding the building, and the city in return will pay one hundred dollars to the township as a return for the amount already paid on the debt by that municipality.

No agreement was made on Wednesday in regard to county pupils attending Chelsea Green school, but it is expected that some arrangement will be made in the near future.

Want to Attend School.

Some of the pupils who live outside the city now, and formerly attended the school, are more than three miles from the nearest school, and the township hope that an agreement will be made whereby those pupils will be able to attend the city school.

ACCEPTS HIS FATE WITHOUT COMPLAINT

Present Assistant City Engineer Will Take Another Position.

Mr. C. L. Dunford, at present assistant city engineer, will accept, without protest, the notice sent him by the city council to the effect that his services will not be required after April 1.

Relative to the rumor that he would probably be offered a new position, that of commissioner of roads, he said he would be willing to accept such a position if the salary made it worth his while. He had understood that his position would only be temporary when he came to London, he said.

Acting City Engineer Brazier has not yet been officially informed that a new engineer has been appointed or that he has been appointed assistant engineer.

"Everything is very indefinite," he said this morning.

WILSON STANDS PAT ON FOREIGN AFFAIRS

There Are No Indications of Any Sweeping Changes For the Present.

[Canadian Press.]

Washington, March 6.—Indications that no immediate or sweeping changes in the foreign policy of the United States are in contemplation, were afforded today when Secretary of State Bryan without much qualification, approved the letters and instructions by wire that went out to the American representatives abroad in countries where stirring events are happening.

It is true that generally this was routine business, but yet it was inferred by the officials of lesser rank than the secretary that President Wilson intends to make a careful study of all the data to be presented to him by Secretary Bryan before making any radical changes in existing policies.

It became known today that without abating the United States Government's claim to the right to maintain an efficient army patrol along the Mexican border the new administration intends to use every proper means to avoid friction with the Mexicans across the line.

In line with the disposition to advise President Wilson and Secretary Bryan of the precise conditions along the border Brigadier General Tasker H. Bliss, commanding the southern department of the army, was ordered to make a tour of inspection.

STORM AT KINGSTON.

Kingston, March 6.—One of the heaviest snow storms of the winter set in here early this morning. Trains on steam railways are running fairly well on time, but street railway is having difficulties.

LOCAL NEWS

Lecture on Turkey.—Taunk Mufarrij, a Turkish mission student, lectured on "Turkey and the Balkan War" in St. Andrew's Hall Wednesday evening.

President Resigns.—Dr. Douglass, of Springfield, a former Londoner, has resigned as president of the Conservative Club, and Mr. Ed. Vincent succeeds him.

May Test Apparatus.—Fire Chief Aitken and Chairman Rose of the fire and light committee welcome the heavy snow. They had been waiting for it for some time, because they wanted to test the automobile apparatus.

Customs House Promotions.—O. H. Talbot, who has been surveyor at the local customs house, has been promoted to the position of inspector, while William Hodgins has been promoted to take his place.

Building Permits.—Building permits have been granted to Mr. Charles Hoar for a story-and-a-half brick-veneer residence on Tecumseh avenue to cost $1,700, and to Mr. George E. Martin for a similar residence on Dufferin avenue to cost $2,000.

Reopen Maternity Ward.—The maternity ward at Victoria Hospital will be reopened in one week. The ward was closed owing to the prevalence of measles at the hospital, and although all the patients have recovered, extra precautions were taken in the maternity ward.

Return of Thanks.—The trustees of the Protestant Orphans' Home have requested The Advertiser to return sincere thanks to the executors of the late Mr. Blair's estate for a kind donation of $100 to their steam heating fund, which is still open for contributions.

Fish and Game Meeting.—The annual meeting of the Thames River branch of the Ontario Fish and Game Association was held in the court house Wednesday evening. The meeting discussed several suggestions connected with the betterment of conditions for the followers of Isaak Walton. President Weldon occupied the chair.

Form Men's Club.—In an effort to stimulate the men of the congregation to greater interest in the work of the church, a men's club has been formed by the Wellington Street Methodist Church. The new organization will be known as Wellington Street Methodist Men's Club, and meetings will be held once or twice a week. Literary, entertainment and financial committees have been formed.

Debt Adjustment.—A meeting of the special committee appointed by the county council to make a rearrangement of the county debt necessitated by the annexation of the recent additions to the city, was held at the county buildings this morning. Those present were Warden Hodgins, Councillors Frank Noyes, James Robson and Auditor Stanley.

Trade Mark Dispute.—H. A. Britton of this city, through his solicitor, U. A. Buchner, has issued a writ against the Kitchen Overall and Shirt Company, Limited, of Brantford, in which the plaintiff asks for an injunction restraining the defendants from using a specific trade mark the property of the plaintiff. He also claims unstated damages for the appropriation of the trade mark without his consent.

Jail Committee Meets. — A meeting of the jail committee of the county council is being held in the council chambers this afternoon. The meeting opened at 2 o'clock and those present were Councillors L. L. McTaggart (chairman), E. E. Murdy, C. W. Hawkshaw, J. L. Robson, A. H. Banks, A. Topping, J. N. Currie, D. D. Graham, and R. Fitzgerald. The business is of a routine nature.

Thought Him Frozen.—Fearing that his feet were frozen the police brought an aged man to the station at noon today from the market square. He had come in from the country earlier in the day with a farmer who was driving. He appeared to be suffering. Examination at the police station, however, revealed the fact that he was a sufferer from rheumatism. The officers recognized him as a former resident of this city.

Essay Prizes Given.—Prizes offered by the Seventh Regiment Chapter of the Daughters of the Empire for the best essay on "The History of the Seventh Regiment," were distributed at the Collegiate Institute this morning. The first prize was won by Ralph Benton, and the second by Floyd Maine. An essay by Miss Caroline Vrooman was so excellent that it was decided to present her with a special prize. Mrs. W. A. McCrimmon distributed the prizes, which were three excellent books.

STRIKE RIOTS AT ROCHESTER

Police Obliged To Club Crowd Into Submission.

[Canadian Press.]

Rochester, March 6.—The striking garment workers opened the day today with disturbances which approximated riots. The clothing district was thronged with the strikers, and they pelted the workers in the factories with ice and snow. Many windows were broken, and the police were again ineffective against the crowds at first.

The police used their sticks freely and finally cowed the rioters into submission. It is estimated that about 1,500 garments workers took part in the demonstration.

RUSSELL ROSS DEAD.

Montreal, March 6.—Interment took place yesterday in Mount Royal Cemetery of Mr. Wm. Russell Ross, who died on Sunday last at Brooklyn, N. Y., at the age of 81 years. Mr. Ross was for many years a resident of Montreal and well known in business and social circles.

SERIOUS CHARGES FOR A CABINET MINISTER

[Special to The Advertiser.]

Ottawa, March 6.—Next Monday Parliament will not talk navy, as there are reasons to believe that as soon as the present sitting of the House is over a serious question will be raised by the Liberals, implicating directly a member of the Cabinet, on a charge of personation in a recent by-election.

It is understood that the by-election is Hochelaga, where Hon. Louis Coderre was returned, and where Hon. Robert Rogers took a conspicuous part. The debate on the matter is likely to be long and warm.

FREIGHT WRECK AT DELHI; WABASH TRAIN SIDESWIPED

[Canadian Press.]

St. Thomas, March 6.—There was a wreck on the Wabash at 5 a.m. today at Delhi. A fast freight eastbound sideswiped the tail-end of an extra way freight. Two cars were derailed, and Brakeman Folland got a bad gash on the head, and Fireman Van Busen, also of St. Thomas, on the engine of the fast freight, had his leg caught in the wreckage and his foot severely crushed. The St. Thomas auxiliary crew were called to the scene from Cayuga, where they have been since Monday clearing away the wreckage of No. 6 express.

YOUNG LIBERALS

Continued From Page One.

not do anything, but we can sing," he concluded.

A Sharp Exchange.

Mr. LaChance, Centre Quebec, who spoke in French, had a sharp exchange with Mr. Savatny, Dorchester.

The Quebec Liberal made reference to the enemies of the empire.

"Who does the honorable member say are the enemies of the empire?" asked the Dorchester Nationalist.

"That is easily answered," replied Mr. LaChance. "The real enemies of the empire in Canada are today found on the Government benches of this House. The friends of the empire are those who would build up a sound Canadian naval defence of our own, ready to co-operate with the imperial forces in any time of stress."

Fighting Frank.

Fighting Frank Carvell, the New Brunswick Liberal, who drove the Government to suddenly dispense with the services of A. B. Morine, head of the search for scandals commission, and who captained the parliamentary Liberal relay until 6 o'clock this morning, was supported by a sturdy phalanx, including Archie McColg, of West Kent; John Angus McMillan, of Glengarry; James Douglas, of Stratheona, and Wm. Kay, of Missisquoi.

But Mr. Carvell's fighting force permitted no "snoozing" on the Government benches. Hon. Frank Cochrane, who led the Conservative representation, sat awake throughout the entire night. Those of his supporters, however, who sought at various periods to steal forty winks, were promptly brought to time by cries of "Order, order." The young Liberals insisted all night in keeping their opponents "on the job."

The speaking during the latter part of the vigil was all in French. Mr. LaChance, who spoke for three hours, was followed by Mr. Gauvreau, who held the fort till daybreak, when he was succeeded by Mr. Demers. At six o'clock Chief Whip Pardee and Hon. Mr. Murphy led another squad of Liberals into the chamber and were heartily cheered.

No Hold-Up.

It has been stated that in holding the naval bill the Liberals have been holding up a great deal of important legislation, including the bank act. In reply it has been pointed out that the Government could do anything it wants. It could adjourn at any time and it has been charged that by present discussion Liberals are adding days to the session and each day costs ten thousand dollars. In answer to this it is pointed out that length has little to do with cost of a session as indemnities and salaries are by the year. If Parliament sat only one day the cost would be nearly as great as for a six months' session. Last year the cost of departments of Parliament going was $2,440,158. If the sitting had been for only one day, instead of six months, the cost would have been $2,058,771.

Just Before the Dawn.

Mr. Carvell and Dr. Michael Clark gave the Government benches an uncomfortable half hour before day dawned. At the close of his "watch," surrounded by his militant young following who by this time had earned for themselves a wholesome respect, Mr. Carvell called for the additional information which had been promised by Premier Borden and Hon. Mr. Hazen, and had not yet been forthcoming. He pressed particularly for information concerning the percentage of the cost of armaments, stores and incidentals made for Bristol cruisers in the Premier's estimates, and for the class of metal he had figured upon for the unarmed cruiser. Estimates secured from admiralty memoranda, Mr. Carvell pointed out, showed 16 per cent, while Premier Borden and Mr. Hazen had placed the figure at 40 per cent. The Canadian people and the Canadian Parliament, the New Brunswicker maintained, were entitled to some satisfactory explanation of these discrepancies before the money clause of the Borden bill was voted.

Dr. Michael Clark, the Red Deer Imperialist, supported the demand for full and unchallenged information. Why was the Government afraid to give the facts, he asked, and why was it unwilling to supply information if its case was sound? He pressed the questions unanswered, amid Liberal applause.

"Bob" Rogers "Called."

Hon. Robert Rogers and Hon. Dr. Reid, who came in shortly after six o'clock, started a commotion on the Government with cries of "Carried" and other ejaculations calculated to embarrass Mr. Gavaureau, who was still speaking in French. Suddenly the latter stopped, and pointing dramatically at the redoubtable "Bob" Rogers, who was leading the noisemakers, exclaimed in English, "I am a loyal British subject. What are you? I am doing something for this country, and for the Empire, too, by talking in protest to this thing. We are working for the best interests of Canada and the Empire. If you don't like to see it now, the future will prove it."

"You better do wrong than do nothing," quoted Mr. Bradbury, amid Conservative laughter.

"Well, you are doing it," retorted Mr. Gavaureau in English, while the Liberals cheered vociferously.

Thereafter the redoubtable "Bob" Rogers got a morning paper and sat silent, reading.

"There will be no Manitoba Government rough-house here," the young Glengarry Liberal warned him.

Ottawa, March 6.—The speakers in the navy debate following Hugh Guthrie, who finished at 1 a.m., have been McColg, of West Kent; Douglas, of Strathcona; Lachance, of Quebec Centre; Gauvreau, of Temiscouta, and Hon. Charles Murphy. The ex-secretary of state is still talking.

Settlers' One-Way Second-Class Fares to Saskatchewan and Alberta.

March 11, 18, and 25, and April 8, 15, 22 and 29, the Canadian Pacific Railway will issue one-way second-class settlers' rates to points in Saskatchewan and Alberta. These rates are considerably lower than the one-way second-class fares and should prove very attractive to intending settlers. The Canadian Pacific Railway is very quick to recognize the fact that settlers are required to bring forth the best that is in the Northwest, and with this object in view it is their intention to assist them by putting into effect this very low rate. Through tourist cars will leave Toronto on the above dates and will run directly through to all main line points. Reservations should be made at least one week in advance of the date passenger intends to go. For full information as to special rates, also berth reservations, literature, etc., apply to Mr. W. Fulton, city passenger agent, corner Dundas and Richmond streets, London. 58c

AMUSEMENTS

Walter Jones in "Baby Mine."

William A. Brady, Limited, presents "Baby Mine," Margaret Mayo's comedy success, at the Grand, next Tuesday evening, with Walter Jones and the New York company. "Baby Mine" has to its credit one solid year's run at Daly's Theatre, New York. It is the radiant and glorious fun and hilarity that obtrudes at every point throughout the play that holds an audience throughout, and justifies the verdict that "Baby Mine" is the most eminent mirth-impelling comedy the present generation of theatre patrons has ever seen. Most enthusiastic admirers of the play, whose opinions are considered those of experts, emphatically assert that "Baby Mine" is the very best comedy that has been offered.

"The Shepherd of the Hills."

Mr. Wright's most popular novel, "The Shepherd of the Hills," has been made into a play by its author, with the assistance of Elsbery W. Reynolds, and will be given its first local presentation at the Grand tomorrow evening and twice on Saturday. The story is one of the Ozark Mountains, and teaches a lesson of the simple life. Its characters live and act naturally; it is a play that attracts by its simplicity, yet holds the auditor with breathless interest from the first curtain to the last.

MAYOR GRAHAM GETS ANONYMOUS LETTER

Says He Will Not Even Read Any More of Them.

Mayor Graham has announced that he positively will not even read anonymous letters. Wednesday he received no less than six.

Ratepayers who have not sufficient courage of their convictions to sign their names, do not deserve consideration, he claims. If the communicants will sign their names, however, their letters will be gladly received and considered.

ALBERTA MAY HAVE BANISH BAR FIGHT

Moral and Reform Association to Hold Conferences On the Subject.

[Canadian Press.]

Saskatoon, Alta., March 6.—The committee of the Moral and Social Reform Association held here today. It was decided to hold a series of conferences in all the large centres throughout the province for the purpose of getting the opinion of the temperance people with regard to an active campaign for abolishing the bar. Then a provincial convention will be held in August, at which the representatives of the conferences will be given and preparations made for launching a campaign for advanced legislation along lines suggested by the temperance people.

THE SILENT HUDSON

Beauty style and comfort are all incorporated in the 1913 Hudson "37," which is selling for $2,425 this year, and which is being displayed at the Auto Show by Mr. Edward Bernard.

The manufacturers of the Hudson car keep a corps of employees whose duty it is to watch the trend in styles and forecast popular designs, years in advance. The old lights and crank starters are now a thing of the past, and in their place on the Hudson are the electric lamps, which can be lit by simply pressing a button, and the self-starting appliance which is operated in the same way, eliminates the necessity of climbing through mud to start the car and the danger of being injured by the crank backing up.

Last year noise went out of fashion and the motor of this year's Hudson was cast en bloc, and the cut-out eliminated. This did away with the reports from the engine, and the Hudson today is not only a car of beauty but one of silence.
