LOCAL LIVE STOCK.

Receipts of live stock at the Cattle Market were large, 82 carloads, composed of 1300 cattle, 600 sheep, 1200 hogs and 60 calves.

The quality of fat cattle, stall fed, was fair, but there were a large number of grassers of inferior quality.

Trade was fairly good for all cattle of good quality, and Friday's prices for such were well maintained, but grass-fed cattle were not much in request, only for Montreal market.

Stall-fed cattle are becoming scarce, with prices firm at $5 to $5.25 per cwt., and $4.50 to $4.70 for butchers.

Loads of mixed butchers, cows, heifers and steers, fed on grass, ranged from $4 to $4.35.

Grasser cows of good quality sold from $3.45 to $3.75, while some of inferior quality ranged from $3 to $3.25 per cwt.

Export Cattle—Choice, well-finished exporters, of heavy weights, sold at $5 to $5.10, with light at $4.75 to $4.90 per cwt. A few choice picked lots sold at 10c to 15c per cwt. more than the above prices.

Export Bulls—Heavy bulls of choice quality sold at $3.87½ to $4.25, and light bulls at $3.60 to $3.80 per cwt.

Butchers' Cattle—Choice picked lots of butchers' cattle, equal in quality to the best exporters, weighing 1000 to 1150 lbs., sold at $4.65 to $4.75 per cwt.

Loads of good butchers' cattle sold at $4.50 to $4.60, and medium at $4.35 to $4.50 per cwt. These prices are for stall-fed cattle.

Common butchers' cattle sold at $3.85 to $4.10, and inferior at $3.50 to $3.75 per cwt.

Very inferior rough cows and bulls sold at $3.25 to $3.35 per cwt.

Stockers—Owing to Buffalo prices being off, the market here for stockers was dull at $3 to $3.50 per cwt.

Feeders—Heavy feeders in good demand, with prices firm, at $4.40 to $4.60 for well-bred steers, half-fat, and weighing not less than 1000 to 1150 lbs. each.

Stock Heifers—Prices again easier at $2.50 to $2.75 per cwt.

Milch Cows—Prices easy at $30 to $45 each, there being about 25 offered.

Calves—Prices unchanged at $4 to $8 each, about 60 being sold at these prices.

Sheep—Deliveries heavy, over 600, with prices easier at $3 to $3.40 for ewes, and $2.50 to $2.75 per cwt. for bucks.

Yearling Lambs—Prices easy at $3.50 to $4 per cwt.

Spring Lambs—Prices firmer at $3.50 to $4.50 each.

Hogs—Deliveries of 1200 sold at $5 for select, $4.37½ for lights and $4.25 per cwt. for thick fats.

Unculled carlots of hogs sold at about $4.75 per cwt.

In the interest of farmers, as well as the drovers, the following circular, issued to the trade by the Davies Packing Company, is published:

"Dear Sir,—A few weeks ago we wrote to each drover who shipped hogs to us, asking for their co-operation in our effort to save all concerned from loss by the marketing of soft hogs. We regret to advise you that it is evident there has been no general desire or willingness on the part of drovers to co-operate with us. The percentage of soft sides is really alarming, and, more than anything else, is the occasion for the present very weak condition of the hog market. By actual test, we are finding that these faulty hogs are coming from all sections of the country. We have to repeat what we stated before, that we are satisfied each drover can save the trade from this loss by refusing to buy hogs which have been fed in a faulty manner. This trouble occurs every year at this season; therefore, the cause for it must be ascertainable by each buyer, as it must be evident to all that, as this trouble sets up at the one time of year, it must be from the same cause every season. We will find it necessary to protect ourselves by selecting out of each lot any doubtful stock and paying for it at a different price.

"Toronto, June 26, 1899."

William Levack bought 350 stall-fed butchers and exporters, ranging from $4.40 to $5.12½; several export bulls at $3.65 to $4.25 per cwt.

Chicago Gossip.

Henry A. King & Co., of 12 East King-street received the following despatch to-day from Chicago:

Wheat—Everything in the way of information to-day has been against the wheat market at the decline; about the only support offered the market came from holders of puts. Primary receipts were very heavy, and Northwestern were likewise, aggregating 730 cars, against 65 cars a year ago. Clearances amounted to 560,000 bushels. New York reports 10 loads new business worked for export, and says foreigners were light sellers. Bradstreet's showed an increase of 1,433,000 bush. Some of the best and strongest bulls have parted with their lines. It is claimed by some that advices from the home harvest fields show good quality, and fully up to expectations in quantity. The trade are not in a humor just at present to make any more purchases on crop damage as a factor. In a nutshell, the crop damage reports are more than overshadowed at present by the weakness in the English markets, and the continued large receipts. At the close, we think, in a speculative way, as far as home talent is concerned, the trade is pretty well evened up. Estimated cars to-morrow, 110.

Corn—Has ruled very steady and at times firm throughout the session. Receipts were very large, but they cut little figure in the market. The buying was very good, and came from a great many different quarters. Commission houses and local operators were the leaders on the buying side. The selling was light in volume and came chiefly from elevator interests. Cables were ¼d lower. Cash demand was fair. Clearances amounted to 492,000 bushels. New York reports 42 loads worked for export. Estimated cars for to-morrow, 950.

Provisions—Fairly active, and showed some firmness on buying supposed to be for the Cudahy element. Professionals bought lard and ribs. No selling of note. Cash demand was more brisk to-day. Shipping demand keeps up very heavy. Receipts of hogs amounted to 20,000; estimated to-morrow, 37,000. The market closes at about best prices for the day.

East Buffalo Cattle Market.

East Buffalo, June 27.—Cattle.—There was a fairly active trade to-day, the offerings being those left from yesterday's close, and were principally stockers and feeders, with a few bunches of cows. Prices ruled about the same at the close, but generally steady.

Sheep and Lambs.—With only three loads on sale and a moderate demand, there was hardly a quotable change in the market. The basis of lamb prices was $5.50 to $5.75, and sheep $5 to $5.25.

Hogs.—The offerings were 10 loads. The bulk of the sales were at $4.05 for light hogs and $4 for medium. Roughs sold, $3.40 to $3.50; stags, $2.75 to $3. One deck of yorkers sold, $4.07½. Offerings cleaned up and the close steady.

Chicago Live Stock.

Chicago, June 27.—The demand for cattle was good to-day and sales were at steady prices. The proportion of choice beeves was rather small. There was an active demand for calves at good prices. Good to fancy beeves sold at $5.10 to $5.65; commoner grades brought $4.60 to $5.05. Feeding cattle sold at $3.50 to $5; bulls, cows and heifers at $2 to $5.10, the latter price for choice heifers. Western steers sold at $4.75 to $5.50; Texans at $4 to $4.10, and calves at $4.50 to $7.50. Fear of further trouble at the stock yards was reflected in the comparatively small arrivals of hogs. The demand was slow at first, but improved later and steady prices prevailed. Light hogs sold at $3.60 to $3.85; mixed lots, $3.60 to $3.82½, and heavy at $3.45 to $3.82½. Pigs sold at $3.25 to $3.75 and culls at $1.50 to $3.40. There was an active demand for sheep and lambs at prices generally unchanged from yesterday. Sheep sold at $2.50 to $3.50 for culls, up to $5 to $5.30 for the best stocks. Yearlings brought $5.25 to $6.25, clipped lambs, $5.50 to $6.50, and spring lambs, $5 to $7.50. Receipts—Cattle 3000, hogs 18,000, sheep 9000.

New York Live Stock.

New York, June 27.—Beeves, receipts 1251, all slaughterers and exporters; nothing doing; feeling firm; exports 1600 cattle and 4360 quarters of beef; to-morrow 50 sheep and 4500 quarters. Calves, receipts 260; steady; fair veals, $6.75; buttermilks, $4.75. Sheep and lambs, receipts 44,380; demand fair and prices steady; medium and common lambs closing week; 3 cars unsold; common to choice sheep, $3.50 to $5.25; common to prime lambs, $6.20 to $7.50. Hogs, receipts 2631; none to sale alive; nominally steady at $4.25 to $4.35.

RECIPROCITY WITH BERMUDA.

A Treaty Has Been Concluded, But Has Yet to Be Ratified.

Washington, June 27.—A reciprocity treaty relating to the British West Indian colony of Bermuda has been concluded and the Bermuda commission has left for home with a draft of the treaty, which is to be submitted to the Bermuda Legislature before being finally signed on behalf of the two Governments, by Commissioner Kasson and Mr. Tower, the British charge. Fair progress is being made on the Jamaican treaty, but the negotiations will not be concluded this week.

The first child, the Grand Duchess Olga, was born in November, 1895. The second daughter was born June 10, 1897.

On Wall Street.

The activity of the buying of railroad stocks showed some falling off in the course of to-day, after a notably active opening and early buying movements. But the demand sprang up again in the last half hour of the trading in full force, and carried prices of the railroads to the highest of the day. New York Central was again the centre of interest in the market, and it was a final spurt of 1½ points in that stock that gave the market its strong close. The last sale of Central was at 140⅛, the highest of the day, and 2½ above last night's close. The late buying of the stocks was on a very large scale, blocks of 1000 shares and upwards showing quite frequently on the tape. Manhattan was also rushed up in the final dealings to 116¼, on the announcement of closing of contracts looking to the change to electric motive power. The bull leaders were evidently in a concerted effort to make final prices of the day the highest. The separation of the trading in the railroads and the industrial stocks was not quite so sharp as yesterday. Federal Steel was conspicuous at the opening for an advance of 1⅝, on the dismissal of the injunction against the payment of the dividend declared on the common stocks. The weakness of the specialities, and the hardening tendency in the money market checked the activity and strength in the stock market, until the final upward spurt. The day's business as a whole was, however, larger than for some time past, and was remarkably well distributed throughout the railway list. It was noticeable that to-day's hardening of money rates in New York resulted in a fall in the rate of sterling exchange, although the rates for money in London were higher, on the demand incident to the stock exchange statement. London bought stocks in New York which was said to represent bear covering, on the settlement, and which had its influences in lowering the rate of exchange. But whatever temporary flurry may occur in the local money market, the July disbursements will undoubtedly bring relief. These are estimated at $115,000,000 at New York, and $20,000,000 in Boston, and $14,000,000 in Philadelphia, on account of interest and dividends. There was a larger proportion than usual of to-day's transactions made on three-day contracts.

Money Markets.

The local money market is unchanged, with call loans quoted at 5 per cent. At Montreal the rate is 5 per cent., and at New York 2½ to 3 per cent.
