EGYPT.

His Highness Mehemet Ali Pasha died at Alexandria on the 2nd of August, and on the following day his body was taken up to Cairo, where he was buried with great pomp on the 4th, in the new alabaster mosque built by himself in the Citadel. Twenty-six buffaloes were killed on the occasion and distributed among the poor, with twenty-six camel loads of bread and dates, and a considerable sum of money. He is said to have been the most singular and eminent man that Mahomedanism has for centuries produced; and that if he had not been the ruler of a country foredoomed to be the "base of nations," he might have been its regenerator.

NEW BRUNSWICK.

SUSSEX VALE, August 25th.—A Correspondent of the Miramichi *Gleaner* writes as follows:—"Crops of every description promise an abundant harvest, hay only excepted. Wheat and oats were never better, [illegible] from weevil or rust. The potato crop is beautiful, and has no indication or appearance of disease; also quantities of Indian Corn, Buckwheat, Turnips, [illegible] have [illegible] the past season, which heretofore was neglected to. These also are very promising, and the depression which our farmers laboured under is partially removed, as they are beginning with the potato plentiful increase.

"Star Life Assurance Company."
OF LONDON.

THE AGENCY of this Company has been established in this Province about three years, and has made some progress, and up to the present time, without a claim being made upon it. The Directors have recently instructed the Agent to allow persons insuring for the whole term of Life, to pay one half the premium for the first five years, and give a note bearing Interest, for the remaining half, upon the same condition as the National Loan Fund Association. As the proportion of profits divided among the Policy holders, with participations, is greater in this than any other Company—being 90 per cent.—it therefore recommends itself to the favourable consideration of all persons intending to insure, the rates being as low as in any other Company. If persons would give the subject of Life Assurance their serious consideration, they would be convinced that it is the very best investment to be found for a moderate annual sum of money, for the benefit of their families after they are taken from them. The attention of heads of Families in this Province generally, and those of *Wesleyans* in particular, is earnestly invited to this subject, and while the blessing of Health is enjoyed, to call upon the Agent of the "STAR" Association for admission into the Society; who will furnish all necessary blanks and give every information requisite at his office in Jerusalem Warehouse, Hollis Street.

DANIEL STARR, Agent.

To intending Emigrants
FROM NOVA SCOTIA.

THE CANADA COMPANY would submit to the serious consideration of parties who may contemplate leaving Nova Scotia whether the Western Section of Canada (formerly the Province of Upper Canada) does not offer every inducement for them to settle there, rather than they should proceed to the United States. In *Upper Canada* they will find a most healthy climate, the soil very fertile, and abundance of excellent Land to be obtained upon easy terms from the *Government* and *Canada Company*. The great success which has attended Settlers in Upper Canada, is undoubtedly evidenced by the prosperous condition of the Farmers throughout the Country, and is also shewn by the success of many Natives of New Brunswick and *Nova Scotia* who have settled in many Townships of the Country;—and the individual properties made by several thousands of people who have taken Lands from the Company, contrasted with the success which has attended settlements in Lower Canada.

THE CANADA COMPANY'S LANDS

Are offered by way of Lease for Ten Years; or for Sale, Cash down. *The plan of Sale with Cash and Balance in Instalments, being done away with.*

The Rents, payable 1st February each Year, are about the Interest, at Six per Cent, upon the Cash Price of the Lots. Upon most of the Lots, when Leased, *no Money is required down*; while upon others *according to locality, One, Two, or Three Years' Rent* must be paid in *advance*, and these payments will *free* the Settler from *further* Calls, until the Second, Third, or Fourth Year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease into a Freehold*, and of consequently *stopping payment* of further Rents, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lessee has thus *guaranteed to him* the entire amount of his *Improvements* and *increased value* of the Land he occupies, should he wish to purchase. But he may, if he prefers, refuse to do so, the option being *completely with the settler.*

A Discount, after the rate of Two per Cent, will be allowed for anticipated payment of the Rent, on Money for every unexpired Year of Lease, commencing for Each Year. The Lessee has also secured to him the benefit of the

SETTLER'S SAVINGS' BANK ACCOUNT

Blank Papers, containing full and detailed particulars, may be procured gratis from every Post Master in Nova Scotia, as likewise from the Rev. [illegible] Halifax, or by transmission the Company would thankfully receive to enter in proper books, as a preference, some resident in Western Canada, and who, possessing Maps, will afford information respecting the Company's Lands, and upon Canada generally.
