The Markets

SECURITY MARKETS OF THE WORLD UNDER PRESSURE; STOCKS OFF

All the Big American Issues Are Hit Heavily; Foreign Markets Are Disturbed By the Prospect of Renewed Hostilities Among the Balkan Allies

NEW WYORK, June 9.—The principal securities markets of the world were again under pressure today, and the movement of stocks here was sharply downward. Union Pacific, Steel, St. Paul and nearly 70 other stocks of all description reached new low levels for the decline, and while some important shares reached bottom figures, there were substantial losses in all quarters. Foreign markets were disturbed by the prospect of renewed hostilities in the Balkans and some uneasiness was felt in London regarding the approaching fortnightly settlement. Under these circumstances the selling here was regarded as natural. London disposed of perhaps 20,000 shares here on balance, and there was sole selling here on direct orders from the continent.

Pressure from abroad was an important factor in the market's movement. Although the last was depressed throughout, the pressure was not as severe as on some recent days of heavy liqquidation and the market showed less evidence of nervousness.

Although the decrease of more than 8,000,000 in surplus copper stocks, showing in May statement, was regarded as favorable, it failed to come up to expectations for the trade, which had looked for a somewhat larger contraction. Exports were lighter than had been forecast, and protection was unusually large. This was offset to some degree, however, by heavy deliveries to domestic consumers. The metal stocks were especially weak today, the copper shares declining with the steel group, but the monthly statement had little effect on qquotations.

Bonds were weak. Total sales, par value, $2,040,000. United States bonds unchanged on call.

WHEAT PRICES WEAKER ON WINNIPEG MARKET

Cash Demand for All Grades Is Quiet; July Advance Throws Prices Out of Line

Winnipeg, June 9.—Wheat prices were weaker on the local market at the opening. Immediately following the opening, July being in a tight position, showed strong and advanced 1.5-8c during the hour of the session. Lower fluctuations continued wider. October held steady and closed 1-4c to 1-2c higher.

Minneapolis opened 5-8c higher for both months and closed 1-4c higher for both months. Chicago opened unchanged to 1-8c lower and closed 3-8c to 1-2c higher.

The cash demand for all grades of wheat was quiet, the advance of July throwing prices out of line. Cash prices closed 1-4c to 1c higher for contract grades.

Oats—Held steady, while flax was weaker. Cash oats closed half a cent lower to 1-4c higher.

Cash flax closed 1-4c to 1-2c lower.

Spring Wheat—No. 1 Northern, 1-8c up; No. 2 Northern, 51; No. 4, 6; No. 5, 5; smutty, 4; no grades, 30; rejected, 7.

Oats—No. 2 C.W., 4; No. 3 C.W., 10; extra No. 1 feed, 5; No. 1 feed, 3; No. 2 feed, 1; no grade, 5

Barley—No. 3 C.W., 5; No. 3, 5.

Flax—No. 1 N.W.C., 52; No 2 C. W., 17; No. 3 C.W., 10; rejected, 1; no grade, 3.

Totals—Wheat, 188; oats, 72; Barley, 12; flax, 83.

Although wheat prices at the outset were under some selling pressure due to rains in Kansas, and suffered a temporary dip at midday on heavy primary receipts, the course of the market on the whole was on the upgrade. Developments concerning the visible supply tended to keep bullish sentiment vigorous, and in the end exceeded the hopes of even the most sanguine friends of higher quotations. The effect was much emphasized by the facts that stocks here were cut down to less than a third of the amount on hand a year ago.

Speculators evinced a noticeable disposition to get away from the short side of July wheat. In consequence the spread between future and September widened out to one cent against 3-4c at the close Saturday. Rumors of fresh Balkan complications caused some buying and so, too, did further curtailment of probable yields in Kansas and Oklahoma. Primary receipts of wheat were 1,083,000 bushels; a year ago, 368,000 bushels. Seaboard clearances of wheat and flour equalled 1,000,000 barrels.

Despite sales by cash houses, oats climbed on account of well-grounded fears that government reports would show a lower condition than had been predicted.

Montreal Market.

Montreal, June 9.—The weaker feeling in European markets furnishred New York traders with an incentive to attack their own lists sharply. The combination of declining prices abroad and in New York was too much for local stocks, and the trend was downward through the day, leading issues closing around low levels for the day, with net losses from good sized fractions up to 4 3-4 points.

Against an average daily turnover of more than ten thousand shares a day last week dealings fell to less than four thousand sharer.

London feeling was exemplified early in the day by the lower quotations for C.P.R. and Brazilian. The former opened 2 down at 218, and under the influence of New York sold as low as 216 3-4 around noon.

The only transaction in the afternoon was at 217, leaving a net loss of 3 points as the day's change. Brazilian opened weak at 88 1-2, and sold off to 88 on light trading, closing at the low with a loss of 2 points.

MONTREAL PRODUCE.

Montreal, June 9.—The tone of the market for butter is easier and prices have a downward tendency owing to the lack of demand. Cheese quiet, the demand from over the cable being only for small lots. Eggs active and firm. Demand for provisions good.

MONTREAL MARKET.

Montreal, June 9.—There was an increased demand at the west end stock yards this morning for all lines of meats and as a consequence the market was more active than a week ago.

While the better grades of butcher cattle held firm at last week's quotations there was a decidedly weaker feeling in the market at lower grades and prices declined from 35 cents to 50 cents per cwt.

With a light increase in the general offerings of sheep and lambs during the past week, prices today were a shade easier, old sheep being 1-4c and lambs fully 1 c lower.

There was also an easier feeling to the market for hogs, and prices were 15c per cwt. lower.

The market for calves has kept up so well that the prices remain steady even on the continued large supplies.

Receipts of butcher cattle 850 head. Top grades firm, lower grades easier, and 50c lower. Top steers $7.20 to $7.35; fair, $6.50 to $6.75; medium, $6.00 to $6.25.

Butcher bulls $4.00 to $6.00 cwt.; butcher cows, best $5.75 to $6.00; feed, $5.25 to $5.50; fair, $4.90 to $5.15.

Receipts of sheep and lambs, 200. Market active and easy. Old sheep 5 1-2c to 5 3-4 cents per pound, and lambs 4 to 6c per pound.

Receipts of hogs, 1,600. Market easier and 15c off. Selects, $9.50 to $9.65; sows, $6.00 to $9.25; stags, $5.00 cwt. all weighed off cars.

Receipts of calves, 1,000. Market steady. Prices $3 to $12 each, according to size and quality.

MONEY TIGHT IN LONDON.

London, June 9.—The present week with large differences to meet at the fortnightly settlement will be an anxious on the stock exchange and the market will not besurprised if one or two failures are announced.

The Balkan situation is an additional cause for alarm, and the markets opened easy today. Prices dropped on local and foreign liquidation and closed weak. Brazilian Rails were steady exceptions, but consols lost a 1-4 of a point. American securities opened quiet. Union Pacific lost 1 1-8 points and the rest of the list from 7-8 to 3-4 during the forenoon on realizing. Prices rallied a fraction later, but the market declined again in the late trading of Wall street offerings and the close was weak.

Money was dearer and discount rates advanced on the purchase by Germany of the $5,000,000 new gold offerings.

THE METAL MARKET.

New York, June 9.—Copper, nominal; standard, spot to August, $14.00 to $14.75; Electrolytic, $15.50 to $15.75; Lake, $15.87 to $16.00; Casting, $15.00 to $15.50. London strong, spot £66 7s. 6d; futures £66 7s 6d.

Tin, steady; spot, $45.35 to $45.50; June, $45.30 to $45.50; July, $45.30 to $45.37; August, $45.20 to $45.30. London, weak; spot £207; futures, £207 5s.

Lead steady, $4.30 to $4.40. London, £20 2s 6d; Spelter weak, $5.15 to $5.25. London £22 17s 6d.

Iron, dull; No. 1 Northern, $16.50 to $17.00; No. 2 Northern, $16.00 to $16.50; No. 1 Southern, $15.75 to $16.50; No. 2 Southern, soft, $15.75 to $16.50. London, Cleveland warrants 57s 4 1-2d.

Bar Silver 59 3-4.

TORONTO TRADING.

Toronto, June 9.—Stocks were again under the baleful influence of foreign markets today and they got no chance to rally. C.P.R. dropped 2 points here to 217, and Brazilian sold down to 88 1-4. Of more local issues, Spanish River Pulp was conspicuously weak, dropping four points to 49. Richelieu sold at 107 1-2.

Duluth Superior was not affected by the dividend reduction of one per cent. it was offered unchanged at 66 without bids.
