WOODS' FAIR.

PILLAGE, RAPINE AND MASSACRE

Terrible Condition of Affairs in the Balkan States.

INSURRECTION GOES EASTWARD

Mohammedans Arming at Belgrade—Attempts to Set Fire to Monastir—insurgents Besieged.

Salonica, Aug. 14. — It is reported that the Bulgarian insurgents have massacred the inhabitants of the large Turkish village of Kenati, near Monastir. Only 20 escaped.

The civil and military authorities at Salonica wired to Constantinople Aug. 11, stating that a general insurrection was expected for Aug. 14, and disclaiming all responsibility unless they were reinforced. Constantinople replied ordering the enrollment immediately of 2,000, exclusively Mussulman gendarmes, for service in Salonica. The insurgent banner was unfurled Aug. 10 at Konsko, near Giergveli, showing that the insurrection is spreading eastward. Four thousands troops are bombarding Krushevo, which is in the hands of the insurgents.

Trustworthy information from Chegani, in the district of Florina, says the Turks have decided to murder the Austrian consul. It is stated that the French and Italian consuls in Monastir are in danger of their lives from Turkish troops. Fighting is proceeding at Chernareka, near Gumenje.

London, Aug. 14.—The Daily Mail prints a dispatch from Belgrade, which says that the Macedonian insurgents never appear in great numbers, but in scattered detachments, thus baffling the Turkish troops and avoiding open encounters. They confine themselves mostly to the destruction of villages and crops, expecting to compel the populace to join the rebellion. The Turkish soldiers are powerless to deal with these small bands, which sometimes loot peaceful villages, under the pretense of combating the insurpents. A climax to the terrible messacres may occur at any time. Even at Belgrade the Mohammedans are beginning to arm themselves. The Turks now threaten recourse to dynamite. Twelve villages have been totally destroyed so far as known. On Tuesday the rebels failed in an attempt to set fire to Monastir. The correspondent regards the situation as desperate.

Vienna, Aug. 14. — Statements from Bulgarian sources assert the revolutionists possess 35,000 rifles, 15,000,000 cartridges, and four tons of dynamite; that the insurgents number 25,000, of whom 10,000 are in the vilayet of Monastir.

MURDERED MAN'S HEAD

A Ghastly Discovery Near Long Island City.

New York, Aug. 14.—A human head, supposed to be that of William Guldensuppe, who was murdered in 1898, was found yesterday by some boys near the former boundary line between Butch Kills and Ravenswood, now in Long Island City. The head was wrapped in an old German newspaper, and it was found within three blocks of the store where Mrs. Nack bought the oilcloth, the identification of which led to the arrest of the woman and of Martin Thorne.

DIED FROM LOCKJAW

Aylmer Lady Dies From Wound of Rusty Nail.

Aylmer, Ont., Aug. 14. — A sad and unusual death from lockjaw occurred yesterday afternoon on Dingle street, just east of Aylmer. Twelve days ago Mrs. George Flashman ran a rusty nail nearly through her foot. The wound was apparently healing well, and nothing more was thought of the accident until Tuesday last, when she was not feeling well, and came to town to consult a physician. She was then suffering in the first stages of lockjaw. She was doing fairly well until yesterday, when she was taken with convulsions, having three in rapid succession, and died about 3 o'clock yesterday afternoon. She leaves a husband and two children.

KILLED THREE AND HIMSELF

Tragedy at Band Concert in Winfield, Kansas.

Wichita, Kansas, Aug. 14. — At Winfield Wednesday night a man with a revolver and a shotgun fired both into the crowd attending a band concert, and killed three outright and wounded eight or ten others. He then killed himself. He is supposed to have been demented.

THE HUMBERT TRIAL

Evidence in Regard to the Crawfords.

Paris, Aug. 14.—At the trial of the Humberts, three employes of the post-office positively identified Romain Daurignac as the man who regularly called for letters addressed to the Crawfords. "I begin to believe that some one bears an extraordinary resemblance to me," said Romain Daurignac after the last identification. Several witnesses testified regarding loans made by the Humberts, after which the proceedings were adjourned until today.

A number of provincial creditors of the Humbert family testified to loans of many millions of francs. Among the witnesses was a banker named Schotsmans, whose brother was mysteriously assassinated during the time of the Humbert complications. Madame Therese dramatically demanded Schotsmans to exonerate her. The witness answered that his brother did not know the Humberts.

Nervous and Sleepless.

Two horrors crowded into one life, the product of poor digestion, and the poisons that are thereby formed within the body. There's just one method of cure for this terrible condition—plenty of food; but, mind, food properly digested. That's the difficulty—the digestive power of the stomach must be improved. Rich, red blood formed, strength given to the organs to drive out poisons; then comes strength, vigor and endurance. Ferrozone does all this and more; it makes sick people well; weak people strong. Sow Ferrozone and you reap health. Sold by all druggists.

LOCAL TEMPLARS TOOK THE BANNER

Defeat Brockville and Hamilton at Competitive Drill

AT THE SARNIA CONVENTION

The Prize Awarded the Richard Coeur de Lion Preceptory of London.

Sarnia, Ont., Aug. 14.—The competitive drill here yesterday afternoon in connection with the meeting of the Great Priory of Knights Templar of Canada, was an interesting and pretty sight. It was held at Bayview Park, and was witnessed by over 3,000 people, many being visitors from the surrounding country, and Port Huron, Mich. The competition was for a handsome silk banner presented as a prize to the winners by St. Simon of Cyrene Preceptory, No. 35, Knights Templar of Sarnia.

The preceptories of Hamilton, Brockville and London, entered the competition, which was very keenly contested. The intricate and graceful movements of the Sir Knights as they marched past, counter-marched and performed different fancy evolutions were heartily cheered by the large crowd of interested spectators. The Thirteenth Band of Hamilton, the Forty-first Regiment Band of Brockville, and the London Pipe Band furnished the music for the different preceptories during the drill. The honors were about evenly divided between Brockville and London, but sir knights of the latter preceptory were considerably in advance of the Brockville sir knights in regard to fancy drill movements. This, together with the fact that the Brockville corps was deficient in numbers, gave the majority of marks to London Preceptory, and the banner was awarded to Richard Coeur De Lion Preceptory, No. 4, of London, amid tremendous applause from the assembled multitudes.

After the drill was concluded, E. M. Sir Knight John Chester, on behalf of St. Simon of Cyrene Preceptory, of Sarnia, in a few well chosen words, presented the banner to R. E. Sir Knight A. A. Campbell, of London, captain-general of Richard Coeur De Lion drill corps. Sir Knight Campbell replied in a felicitous manner, assuring the fraters of Sarnia that their visit to Sarnia would long remain a bright spot in their memory, also that they would always treasure the handsome banner with which they had been presented. He expressed the hope that the winning of the banner would spur the sir knights on to becoming more proficient in their drill and assuring the Sarnia fraters that the beautiful banner would be a lasting testimonial of the courteous good will and friendship existing between the London and Sarnia sir knights.

Three cheers were then given for the London sir knights, after which London and Sarnia preceptories were lined up and photographed.

The judges for the competition drill were Rt. Em. Sir Knight Channel, of Sherbrooke; Capt. MacKenzie and Capt. Cook, of the Twenty-seventh Regiment, Sarnia.

After the competition the sir knights of Port Huron Commandery, No. 7, gave an exhibition drill that was greatly admired. The Port Huron fraters demonstrated without a doubt that they were most proficient in drill exercises and greatly pleased the spectators.

SALISBURY VERY ILL

England's Ex-Premier Is Seriously Indisposed.

London, Aug. 14.—Lord Salisbury is seriously indisposed, according to information received direct from his family at Hatfield House. The ex-Premier is greatly exhausted, and physicians are in attendance.

It was stated last night that there is no immediate danger, although it is admitted that the condition of the Marquis of Salisbury is critical. He has not been well for months, and at present exhaustion is pronounced. According to a medical journal, Lord Salisbury has suffered for years from intestinal paresis. His health was severely shaken by the death of his wife in 1899.

London, Aug. 14. — Lord Salisbury passed a fairly restful night. There is no material change in his condition this morning, though Lord Robert Cecil says his father seems slightly stronger.

ANDRE'S BALLOON

Miner Brings a Piece of It From the Arctic.

Vancouver, B. C., Aug. 14.—What is undoubtedly a relic of the Andre expedition to the north pole was brought to Vancouver by a returned prospector and miner who spent the last four years in the wilds of Mackenzie Basin and districts unknown, both north, east and west of the Rocky Mountains. A. B. Keeler, who four years ago set out, by way of Edmonton, to follow the great water courses of Mackenzie River to the Arctic Circle, arrived in this city yesterday, and brought a portion of the silk such as used in the construction of Andre's balloon.

Corns Between the Toes,

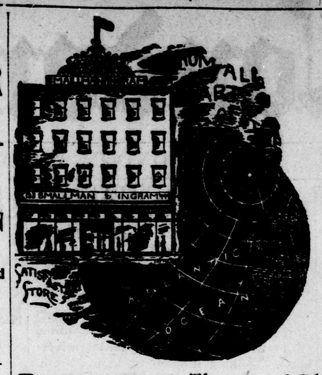
or on the soles of the feet, can be cured by a few applications of Putnam's Corn Extractor, which acts painlessly, quickly and with certainty. The genuine "Putnam's" always cures. Try it.

"It affords us great pleasure to shout down from the top that there is still plenty of room up here," writes a rural editor.

A CLEAR, HEALTHY SKIN.—Eruptions of the skin and the blotches which blemish beauty are the result of impure blood caused by unhealthy action of the liver and kidneys. In correcting this unhealthy action and restoring the organs to their normal condition, Parmelee's Vegetable Pills will at the same time cleanse the blood, and the blotches and eruptions will disappear without leaving any trace.

Grass is usually green, but a man is very apt to image he is color-blind when he encounters a grass widow.

SOME PERSONS have periodical attacks of Canadian cholera, dysentery or diarrhea, and have to use great precautions to avoid the disease. Change of water, cooking and green fruit is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops are taken in water when the symptoms are noticed no further trouble will be experienced.



THE WEATHER TODAY— Fine and cool.

Black Silk Saturday

We have three pieces only (198½ yards) of fine Black Peau de Soie Silk that we are going to sell on Saturday morning at such a low price that if you are in need of a nice black silk skirt, coat, waist, or silk trimmings, you will require to come early to secure what you want from this small lot. SMALLMAN & INGRAM

149, 151 and 153 DUNDAS STREET.

THE LAST RITES IN THE STREET

All Traffic Stops While Priests Administer Consolation to a Dying Man.

Two priests surrounded by a trainload of excursionists, among them many women and children, administered extreme unction to a dying man on the station platform of the Brooklyn Rapid Transit road at Van Siclen avenue and Fulton street, East New York, last evening.

The excursionists knelt on the platform, many of them saying aloud prayers for the passing soul. Traffic was held up until the rite was concluded and the man was taken to a hospital.

It was 8:30 o'clock when a train, heavily laden with an unusually merry party of excursionists who had spent the day at Rockaway Beach, approached the station. Engineer Ernest O'Hara was at the throttle of the locomotive. A car coupler, George Loucks, was at work between the eastbound and westbound tracks. He saw the Rockaway train approaching and started to cross the westbound track, evidently with the intention of jumping upon the platform.

He stepped on the third rail, heavily charged with electricity, gave one cry, threw up his arms and fell headlong across the tracks just as the train shot up to the platform. The locomotive passed over him.

The train was at once brought to a standstill and trainmen and passengers lifted Loucks to the platform. A priest was one of the excursionists. St. Malachy's Roman Catholic Church is only half a block from the station. The pastor, the Rev. Father Patrick Twigg, heard at once of the accident, and hastened up to the platform and joined his brother priest in ministering to the dying man, whose back and arms were broken.

While the service was in progress an ambulance was summoned from the Bradford Hospital, and it clanging as it dashed up to the station steps interrupted the service. The surgeon said at once that Loucks was mortally injured, but he carried him to the ambulance, in which the unfortunate man died a few minutes later. Many of the excursionists followed to the hospital to learn whether it were possible to save him.

Parents always feel proud of their children's good traits—and wonder where ethey get their bad ones.

What a pity it is that our neighbors don't know as well as we do what is good for them.

KNIGHT TEMPLARS HOLD ELECTIONS

London Men Honored—Grand Master's Address Was Adopted.

Sarnia, Aug. 14.—At the Great Priory meeting yesterday morning, elections resulted as follows:

Supreme grand master—M. E. Sir Knight Hon. William Gibson, of Beamsville.

Deputy grand master—R. E. Sir Knight John B. Tresidder, of Montreal.

Grand chancellor—M. E. Sir Knight W. H. Whyte, of Montreal.

Grand chaplain—R. E. Sir Knight Rev. A. W. Richardson, of Kingston.

Grand constable—R. E. Sir Knight R. W. Kerr, of Sarnia.

Grand marshal—R. E. Sir Knight Alex Ames, of Sherbrooke.

Grand treasurer—R. E. Sir Knight O. S. Hillman, of Hamilton.

Grand registrar—R. E. Sir Knight Walter Blight, of Toronto.

Grand council—R. E. Sir Knights W. E. Reid, Hamilton; Q. G. Archibald, Truro, N. S.; W. K. Ryrie, Toronto; A. Q. Young, Montreal, and A. A. Campbell, London.

Appointed—R. E. Sir Knight W. Roaf, Toronto; C. F. Mansel, Toronto; E. G. Swift, Windsor; H. G. Channel, Sherbrooke, and T. M. Davis, Hamilton.

The following district priors were chosen by the representatives: London, Sir Knight Fred A. Andrews, of London; Hamilton, Sir Knight George Burch, St. Catharines; Toronto, Sir Knight Craigie Boyd, the Soo.

The report of the committee on the grand master's address was presented and adopted.

Notices of motion were then taken up, the first one to prohibit preceptories from taking the name of any living person being carried without opposition. The second one, that the following clause be added to Sec. P. L. after the word "year," on the first line: "And has resided for twelve months in the Dominion of Canada," and the following words be added to the same section after the word "rejected" in the amendment of last session: "Unless a preceptory has provided in its bylaws that the ballot be unanimous." The clause was finally adopted without amendment. The notice asking a change from the date of elections in preceptories from December to April and installations from January to May was passed without amendment. The credential committee report that 139 votes were eligible to be cast at this meeting was adopted.

R. E. Sir Knight MacWatt, of Sarnia, gave notice of motion that in future no past rank be conferred by Great Priory without notice being given a year previously.

GOAT ATE THE STAMPS

Now Billy Is To Be Carved to Save a Fine.

Memphis, Tenn., Aug. 14.—A wholesale whisky firm sold five barrels of whisky to a saloonkeeper, the whisky being delivered and left on the pavement in front of the store.

The proprietor's pet goat ate the revenue stamps off the heads of the barrels, and soon after a Government inspector inspected the whisky and found the necessary stamps missing. He thereupon confiscated the whisky.

The inspector declined to accept the proprietor's explanation that the goat ate the stamps, and after a conference it was agreed to kill the goat and examine its stomach in the hope of locating the missing revenue stamps and protecting the saloonist from a heavy fine.

BE THERE A WILL, WISDOM POINTS THE WAY.—The sick man pines for relief, but he dislikes sending for the doctor, which means bottles of drugs never consumed. He has not the resolution to load his stomach with compounds which smell villainously, and taste worse. But if he have the will to deal himself with his ailment, wisdom will direct his attention to Parmelee's Vegetable Pills, which, as a specific for indigestion and disorders of the digestive organs, have no equal.

The Old Reliable South Bend Plow

does its work when all others fail, especially in dry weather.

We sell the genuine South Bend repairs. Every part marked with trademark.

Use no others, for they wear twice as long as other makes, because they are chilled and polished.

RAILWAYS AND NAVIGATION.

The Banner Route

There is nothing more assuring to the traveler than his knowledge of the fact that he is traveling on a firm roadbed, upon which is laid the heaviest of steel rails, made true in all their curves, and that the train which carries him is of the highest standard of excellence known to railroads, and is being guided to its destination by experienced minds. These are the conditions which become apparent to the frequent travelers on

The Wabash Line

and which have made that line justly famous.

The Wabash has its own rails direct to the World's Fair Grounds in St. Louis. All Wabash through trains stop at World's Fair Stations (Forsyth), in order to give passengers an opportunity to view from the trains the World's Fair Buildings.
