—Mr. Moody, collecter of customs for Yarmouth, says: "In the year ending June 30th, 1892, eighty families came to Yarmouth from the United States with their household effects. With scarcely an exception they were our own people who had enjoyed the experience of living in the United States and had come back to their own Province to settle."

NARROW ESCAPE.—William, the young son of Rev. Johnson Armstrong, of Salisbury, N. B., who is here attending the Convention, had a narrow escape from being quite seriously hurt on Monday evening last by being run over while crossing the highway near the bridge. As it was, he was knocked down, but fortunately escaped any further injury. The accident was unavoidable.

—Hereafter it will not be necessary to demand a poll at Parliamentary nomination. Every voter must vote in the polling division in which he resides if he has a vote therein. There will be two forms of oath hereafter. The giving of railroad tickets or passes and the free transportation of votes by railway or steamboats is made a corrupt act. Any one bribing a voter is liable to six months imprisonment, in addition to a $200 fine.

—Messrs. W. R. L. Foster, of Kingston, and W. W. Foster, of Halifax, were in the Valley last week. They were driving through to Halifax. The former is taking a short holiday; the latter has been spending a few days at Kingston provious to assuming his duties as city assessor, an office to which he was recently appointed. W. W. Foster has sold out his Halifax business to J. F. Reagh and H. Carroll, of Kingston.

OLIVE BRANCH.—The members of Olive Branch Division are particularly requested to be present next Monday evening, 29th inst., as an effort will be made to get in better working order. A unique programme of entertainment will be carried out. Members will please kindly bear this in mind, and manifest their loyalty to the cause of Temperance by their presence, as well as to pass a pleasant evening.

—They are telling of an enterprising Yankee who lives on the border of Mexico, and who has built himself a hen-house, with yard attached, so contrived that the place where he feeds his hens is in Mexico and the place where their nests are is in the United States. He feeds his poultry on cheap Mexican food, and as they cross the border and lay their eggs in the United States he escapes the payment of the five cents a dozen tax laid on imported eggs. Thus far none of his hens have been arrested for smuggling.

A Nova Scotia Lady Abroad.

It may not be generally known to your readers that a celebrated and titled lady who has on various occasions recently, in a foreign land, won the warmest applause from audiences numbering thousands, is of Nova Scotia birth and parentage. Her public appearances have often been under peculiarly trying circumstances, and her greatest and most successful efforts have been attended with no little physical distress; but she has shown herself an actress of the first rank, and even in the time of her greatest triumph, she has never attempted to deny or conceal the fact that she was reared on a humble Kings County farm. We must add that, although her name has been used in connection with rather extensive gambling operations, no person ventures to insinuate that she is anything but honest and true, though a trifle fast. We refer to Lady Sheridan, the bay pacing mare, who won the second heat of a race at Springfield, Mass., last week (17th inst.) in 2.15¼, another heat in 2.15½, and finished strong under the whip in another heat, which in the opinion of many spectators should have been awarded to her, but the judge decided against the Nova Scotia mare. Lady Sheridan is by Confidence. If any of your readers notice the name of Alvin, 2.14, the Canadian pacing stallion, in the accounts of the grand circuit races, they need not picture to themselves a French Canadian pony, for Alvin stands about 16½ hands high, and before he was put in training weighed 1300 pounds. Nancy Hanks, 2.07¼, the Queen of the trotting turf, is owned by J. Malcolm Forbes, whose stock farm is at Poukapoag, about fifteen miles from Boston. Forbes is also the owner of Arion, 2.10¾. Marvin is training Arion and will soon send him after the three-year-old record. Then you may hear something drop. Nancy Hanks weighed 870 lbs. the day she trotted in 2.07¼. MEL CLARKE.

A Horrible Death.

Moncton, August 20.—Newton Lutes, aged 21, son of Rufus Lutes, died last night at Lutes' mountain as the result of terrible injuries received in a neighbor's barn. While sliding off a hay mow, his cheek caught on an iron meat hook, suspending him some inches from the floor. The young man suffered terribly till death intervened.

Mysterious Poisonings.

Toronto, August 20.—The attorney general has been requested to send a detective to Tilsonburg to look up the mysterious poisoning case there. For the last year some scoundrel has been strewing poisoned eatables around the streets and hundred of dogs and other domestic animals have been killed thereby. A committee of citizens having taken the matter up, failed signally to locate the persons engaged in the work, and have finally appealed to the government for protection.

Mrs. Doyle Again a Bride.

It was reported Saturday that Mrs. Jane Doyle, the widow of Peter Doyle, for whose murder William Preeper is now serving a life sentence in Dorchester, had been married by Rev. G. J. Bond to William Byng, an English boiler-maker. The occasion was a double wedding, Mrs. Doyle's sister, a widow, also embarking on her second matrimonial venture.

Hampton.

A fine cut of hay has been secured in good condition. Harvesting is well under way and will be nearly completed the present week. The crop of oats, as a whole, is above the average.

During the last two weeks herring fishing has been very good and our packets have had to make flying trips to St. John for salt.

Capt. Joseph Mitchell has sold his farm to Mr. George Sabeans, who has already taken possession.

On Sabbath afternoon our pulpit was occupied by our former pastor, Rev. James Blakeney, who preached an able and interesting sermon from the words, "No man careth for my soul." The sermon was listened to with marked attention. There was also present, our late pastor Rev. J. Webb and lic. Wright, who gave short addresses.

Paradise Gleams.

The Convention has of course been the talk of the week. It has brought a few visitors among us and many of us have availed ourselves of attending some of the meetings which have been intensely enjoyed.

We are pleased to have among us once again, for a few days, Miss Adena Freeman, after more than a year's absence. Miss H. M. Leonard came last week to visit her mother and friends. Mr. F. Ricker and a friend from Wakefield, Mass., are enjoying a vacation with Mr. and Mrs. W. H. Bishop. Mr. W. M. Bent left yesterday for a visit to the "Hub." We wish him a pleasant trip. Mr. and Mrs. G. Pearson have made a short visit with Mr. and Mrs. W. E. Starratt. It was a pleasure to see them. Misses Balcom and Rice returned from Bear River last week.

The pulpit in this place was filled last Sunday morning by Rev. D. H. Simpson of Bear River, and in the evening by Rev. J. A. Gordon of Charlottetown. The addresses were both fine and were highly appreciated.

Miss Bent re-opened school this week. Advanced department takes another week's vacation.

The deliciously cool mornings and evenings indicate the close of summer.

Nictaux Falls.

Vacation for the school children has come to a halt and school is again in running order.

Blueberries are very plentiful east of Bloomington and are gathered by the bushel.

The thresher in connection with the gristmill, operated by Mr. David Whitman, is being well patronized.

Mrs. A. M. Archibald, preceptress of the Ladies' College at Sackville, was, on Friday and Saturday, the guest of Mrs. W. H. Oakes. Miss Bond of Halifax is the guest of Mrs. Colin Smith.

Mrs. Isaac Saunders and others are also entertaining visiting friends.

The pulpit in the Methodist church was on Sunday afternoon occupied by the Rev. Mr. Downing of Lawrencetown. In the evening Rev. Mr. Minard (Baptist) preached in the Hall, and after his discourse a lengthy and interesting report of the Christian Endeavor Convention held in St. John a few weeks ago was read by Mr. Neily of Cambridge.

A coal prospecting party composed of Messrs. Geo. Conant, Edward Vidito, and Will Bent, who left here a week ago, returned Saturday. They prospected near Hantsport and report having found favorable indications.

Baby Was Sick.

DEAR SIRS,—My baby was very sick with diarrhœa, and everything we tried failed. But on trying Dr. Fowler's Extract of Wild Strawberry we found it gave prompt relief and very soon cured him completely. Mrs. John Clark, Hamilton, Ont.

Clarence Chips.

Harvesting grain and attending Convention are the amusements just at present, and these duties slightly conflict.

The day schools began on Monday with a full attendance, and all seem freshened up after their vacation.

Convention has caused a ripple on the surface of things here. Many are attending the services and report them as very interesting. The pulpit here on Sunday was occupied by Mr. H. Y. Corey in the morning and Rev. H. B. Smith in the evening. The Revds. D. Price, W. L. Parker and Lenly Young also assisted at the services.

Among the visitors here over Sunday from Convention we noticed: Mr. and Mrs. Dimock, Mr. and Mrs. Chute from Berwick, Mr. and Mrs. Caleb Spinney from Greenwood.

Miss Lillie Nichols of Berwick is visiting relatives here.

Springfield Sprinkles.

Harvesting is progressing favourably. Good crops in general.

Mrs. L. H. Stoddart is visiting her parents in Greenfield, Queens Co.

The ladies of Springfield intending having a Bean Supper at or near the hall in that place, on the evening of the 31st of August, for the purpose of raising funds to repair the church in that locality.

School opened again on Monday, 22nd.

The ladies of Dalhousie East intend having a Dinner and Tea-meeting at or near their new place of worship, on Wednesday the 7th day of September, for the purpose of paying the debt still remaining on their newly-erected. Baptist Church, which was opened and dedicated on the fifth Sunday of May last. As the Baptist interest is small in that place, all who can make it convenient to visit Dalhousie on the 7th will be heartily welcomed. They have a neat and commodious house, and certainly deserve great credit for the manner in which they have managed the financial affairs so far, and we wish them every success in their tea-meeting.

Port Lorne.

Rev. Josiah Webb occupied the pulpit last Sabbath, assisted by Rev. S. Langille. The congregation was treated to a very interesting and instructive discourse.

Last Friday night, Dr. L. R. Morse of Lawrencetown was called to a patient here, and, when near his destination, the young horse he was driving took fright at some logs along the road and threw him in a deep ditch, fracturing collar-bone. The Doctor was unconscious for some time. When he revived he was holding the reins and his horse was standing near.

Miss Bertha Brown is home again from the States, thus making glad her many friends and relations.

South Farmington.

Early apples and blackberries are in season; and now the young man gets his best girl and hies to the "Bay" for a picnic.

Threshing machines are all in active operation. W. J. Randall & Co. are averaging between two and three hundred bushels per day.

Messrs. J. R. Brown and W. Bowlby have set up a horse-power machine in the building owned by J. L. Phinney, and the busy clatter of the mill shows that they too find business.

The Picket Guard Mission Band intend giving one of their justly popular entertainments on Sunday evening next. We are informed that this one will quite sustain the reputation already gained by these youthful performers.

Our Old Fire Company.

"That was a gay old company that we belonged to Joe, away back in '68, when you and I ran with the machine.' Do you remember that big fire in Hotel Row, one freezing night when fifteen people were pulled out of their burning rooms and came down the ladder in their night-clothes; and how 'Dick' Greene brought down two 'kids' at once—one in his arms, and the other slung to his back! Poor 'Dick'! He got the catarrh dreadfully from so much exposure, and suffered from it five years or more. We thought once he was going in consumption, sure. But, finally, he heard of Dr. Sage's Catarrh Remedy, and tried it, and it cured him as sound as a flint. I tell you, Joe, that catarrh remedy is a great thing. It saved as good a man and as brave a fireman as ever trod shoe leather.

—"Whew! how my stomach aches." Take Johnson's Anodyne Liniment in sweetened water.

MANUFACTORIES at BOSTON, MASS., and MIDDLETON, N. S.

THE INTERNATIONAL BRICK AND TILE CO.

Bridgetown, Annapolis Co.

HAVE NOW ON HAND A LARGE QUANTITY OF

Beautiful Hard-Burnt Brick,

which are manufactured by the most approved modern machinery, from a superior clay, thoroughly mixed with sand; have smooth surfaces, square edges, and

ARE GUARANTEED TO STAND THE WEATHER.

Our selected stock brick will look as well in the front of a building as some of the so-called face or repress brick, nor are they liable to chip or split with the frost. So far as tested they have not shown any of the *WHITE SUBSTANCE*, which so disfigures some brick buildings, and we believe them to be entirely free from this ingredient. We aim to keep on hand a large quantity, so that the trade can always rely upon being supplied with good brick.

Having a good wharf on our property and a siding of the W. & A. Railway, we can ship either by vessel or rail.

For the information of builders we publish herewith a certificate from a well-known architect.

YARMOUTH, N. S., February 16th, 1891.

The International Brick and Tile Company:

GENTLEMEN,—I took one of your stock brick promiscuously from a lot shown me and put it to a severe weather test, having boiled it in hot water and put it out to be frozen at once, and often in an open atmosphere, but have not yet seen the least change in the surface. I consider first-class in all respects. Yours truly,

J. B. KINNEY, *Architect.*

BEAUTY UNADORNED IS ADORNED THE MOST.

JUST SO! But it detracts rather from the enjoyment of Nature's loveliness if circumstances are not particularly fit.

"The Land of Evangeline"

is too exquisite to allow even of such drawbacks interfering with your being mesmerised by its exceeding beauties. But there is nothing like making sure, and the

Windsor & Annapolis Railway

have provided in

THE "FLYING BLUENOSE,"

running to and from Halifax on and after July 5th, a train second to none on the American continent, made up of

Palatial Pullman Palace Drawingroom Cars and Saloon Coaches.

the perfection of comfort, cosiness and convenience, with every luxurious equipment the heart of the most exacting tourist can demand.

Even an Anchorite would turn Epicurean on Inspection of these Superb Trains.

Your eyes are fed by the charms of Longfellow's immortalized land; your inner man can derive similar enjoyment, as the buffet of each Parlor Car affords a copious selection of dainties and delicacies; and, withal, you can rest snug in your cosiest of arm chairs, at peace with man and Nature, content that life can confer no greater bliss.

The Parlor Cars have been specially built for the "Flying Bluenose" by the PULLMAN PALACE CAR COMPANY, and neither skill nor money has been stinted to make them unique of their kind. The lover of the "weed" will find in each a snuggery where, in luxurious comfort, he can wreathe all sorts of castles in the smoke-world.

☞ THE REQUIREMENTS OF EVERY TRAVELER HAVE BEEN CONSIDERED.

The motto of the Management in constructing the "Flying Bluenose" Parlor Car Expresses has been to supply the maximum of comfort and the removal of every inconvenience attendant on journeying by rail.

If this fixes you, write for further particulars, copy of exquisitely illustrated guide-book and time-table showing connections with every railway in Canada and the United States.
