The terrific twinges endured by rheumatism are first soothed and in the end permanently relieved by that beneficent annihilator of pain and preventive of its return, Thomas' Ecleonal oils, devoid of alcohol, and consequently non-evaporating when applied, economic, because little of it is usually required to produce the desired effects, and the small cost of which is rendered doubly insignificant by contrast with the salutary results which it. achieves. It is equally safe whether taken internally or externally, is applicable to diseases and injuries of horses and cattle, as well as of man, and exterminates throat and lung diseases, catarrh, dysentery, piles, tumors, sores and a great number of other physical ailments. Sold by medicine dealers everywhere. Price, per bottle, 25 cents.

Prepared only by NORTHROP & LYMAN, Note.—Eclectric—Selected and Electrized.

FINANCE & COMMERCE.

TRUE WITNESS OFFICE, Tuesday, November 25 Financial.

The local money market rules steady, with a moderate demand at the banks for accommodation, which is obtained at 5 to 6 per cent, for call, and 6 to 7 for time loans. Sterling Exchange remains steady, at 108½ to 108½ for round amounts between banks, and 108 to customers. New York drafts quoted at par to 1-16 prem. Good commercial paper is discounted at 7 to 8 per cent, as to name and date.

The bank statement for October has been issued, and compared with that for September, the principal changes, with respect to the banks doing business in Ontario and Quebec, are as follows:—Circulation has increased about \$3,000,000, the amount being \$20,851,857, against \$17,726,005 in September, and is slightly in excess of the circulation in October in 1878, which was \$20,492,177. Deposits payable on demand other than Government have increased \$2.489,049 during the month, and are about \$1,000,000 in excess of October, 1878, those payable after notice are \$901,505 less than in September, and \$1,237,-630 less than in October last year. One the assets side of the account, specie and Dominion notes are somewhat less than last month, though still in excess of October, 1878. Advances on Bank stocks are \$85,000 more than in September, but less by about \$1,400,000 than in October of last year. Notes under discount have decreased \$1,566,800 during the month and are Over \$11,000,000 less than in October, 1878. Overdue debts unsecured show a decrease of some \$450,000 as compared with last month, but are about \$350,000 in excess of October. 1878; overdue debts unsecured are slightly lower than last month, and are \$1.048,804 less than in October, 1878. The re-cult of an examination of the statement is the conclusion that there is decidedly more business being done for cash than for some time past, and, as we stated in our financial article a few days ago, that the ability of business men all over the country to pay their indebtedness to the banks is much greater now than at any time during the past four or five years-the period of the marked depression in trade.

-The traffic receipts of the Great Western Railway of Canada for the week ending 14th November, 1879, were \$104,020.48, against \$81.33317 for the corresponding week in 1878, ending November the 15th, being an increase this year of \$32,687 31.

-The Bank of England lost £375,000 specie during the week, but its reserve is now 45 15-16 against 45 per cent. of liabilities last week The posted rate of the Bank remains 3 per cent, or 1 to 2 above the actual rate. The Bank of France lost 15,575,000 fiance during the week.

-The Grand Truck Railway return of traffic for the week ending Saturday, the 15th inst, com

pared with the corresponding wee an increase of \$23,183:—	-	
		1878.

BOOTS AND SHOE .- Trade has continued BOOTS AND SHOE.—Trade has continued active, and maquiacturers have all they can describe fill orders for goods which have to be delivered at this season. It is not probable that any further rise in prices will take place during the pre-ent season, but as the cost of sole leasther continues to increase, it is but reasonable to expect that a considerable advance will be made on previous values for spring good. Travellers have continued to forward very fur sorting-up orders sluce the date of our last report, but they are nearly all expected home within the present week. Remitunces are reported fair.

ported fair.

DRUGH AND CHEMICALS.—The market, since our last reference, has toued down considerably, and business is now reported rather quiet. Since the steamer, stopped running, no heavy orders have been received for eleber drugs or chemicals, and shipments are, for the mement, at a standaibl. The Grand Trunk winter freights now prevail, and as stocks in the country are pretty full, the demand has failen off. Prices are steady and unchanged, and remittances are reported satisfactory. The tone of the English market is still very firm, and there does not appear to be any prospect of a deciline in values. The tendency, in face, is all to other way; manufacturers are independent, and will not book orders for forward delivery, except at a considerable advance on present rates.

DRY (40008.—Many of the travellers are re-

DRY GOODS.-Many of the travellers are re-DRY GOODS.—Many of the travellers are reported to have returned under from todir sorting-up trip, but the amount of bushess done has not quite realized expectations; this is chiefly owing to the protracted mild weather. Within the past few days we learn a gold many orders by letter have been received by our wholesale dealers. Stocks generally are until age although tolerably well assorted. Woollen goods are "buoming;" several circulars have been issued by manufacturers' agents advising angalvance of 123 to 173 per cent on prices for woollens. The city trade has shown a decided improvement during the week. Hemittances continue to improve.

improvement during the week. Remittances continue to improve.

In Boston the dry goods trade has been very active all week; the whole line of cotion goods was never sold up so closely, while the demand from jobbers and retailers has been urgent, and on many staple cottons the orders for full elemand in many staple cottons the orders for full elemand on many staple cottons the orders for full elemand in the mills for some time to come. There is a largely increased consumptive demand all over the slates, which has been me equal to the supply, while the fear that higher prices may rule that Jobbers to anticipate their wants in many cases. Prices are hardening with the improvement in the raw material, and an advance has been obtained for many of the leading brands of cotton.

FURS -Raw furs are now comi g forward freely, the off rings being chiefly small los of mink and muskrat, which are bought pretty resulty at our quotations, given below. Our wholesale dealers also report business in manu factured furs fairly active, and remittauces are

GROCER ES.-Trade has been steady during

perting a rise in values soon.

III. ES AND SKINS—The best evidence that nrices for bides since the advance a couple of weeks ago, have been too high for the circumstances of the market was afforded yesterday, when a decline of \$1 all round took place, and burchers' green hides are now quoted at \$9,8 and 7, respectively for Nos 1,2 and 3. A car load of salted hides was paced during the week, at 1040. There is a fair demand for sheepskins at 80c to \$5c.

ARDWARE AND IRON—Trade has been guiet all we'k way then having about closed, all large orders may be suid to be at a stamerable.

WEEKLY REVIVE OF THE CITY

WHOLESALE TRADE.

Navigation may now be said to have closed. It is understood that the last outgoing steamer, the Beltona, cleared this purt yes'erday afterness, and store the Brown of trade, and it will only be relieved by the requirements of making prices are entirely unchanged. The Brown has been comparatively quiet and the high winter rates of freights per the Grand Trunk Railway have caused a cessation

LFATHER.—Trade is reported as having been considerably less active during the past week, oring largely to manufacturers having been stock-taking. In consequence of the activity of the Furopean demand, prices for sole leather here were further advenced to yesterday; No. 1 Spanish is now quoted at 28c, and No. 2 do. at at 28c. As slocks held here are extremely small, and in the hands of a very few dealers, still nigher prices for sole leather are looked for, and sole dealers say that 30c will be the fix are next week. It is not improbable, either, that values for black leathers will follow suit in the upward movement. Buff and splits have been in good quest at tuil prices, but as usual at this season there is but a light enquiry for upper at a hemlock slaughter. The last damed description will likely be in active demand about a fort

PETROLETM.—Owing to a recent advance in refined petroleum in Loudon, Ont., prices in this market have advanced it to loand are now quoted at 35 per gallon for car tots in store 1-\frac{1}{2} to 14 for biolen lots, and 14\frac{1}{2} to 15c for single parrols. There has been considerable excitement in the Petroleum market at Pittsburg, Pa., during the past week, and its rumored there that Jim Keene, who took hold of wheat so extensively last year, is now the cause of the flurry in petroleum, by speculating the reil upon a large scale, and the attempt it is stated will be made to send up the price to \$2 to \$2.50 per barrel.

Wind.—The demand for the various kinds in this market has continued good at firm prices Ficece is scarce and was ted at 28c to 2%, wi the masket that continued good at firm prices Ficece is scarce and was ted at 28c to 2%, wi thunassorted pulled is held at 28c to 2%, wi thunassorted pulled is held at 28c to 2%; Cape wools are firm, at 20c to 22c. Advices from abroad are very encouraging, the sales at Liver pool and London this week showing an advance of 15 to 20, and 20 per cent on Australian, and 30 per cent on the choice East India, with latest accounts reporting prices hardening. The total cooled to contain the resident was the about the color was the about the color was the about to to the latest coloring prices hardening. The total coloring coloring prices hardening.

per cent on the choice hardening. The total wool clip of the world last year was was about 1,49-5:0,000 pounds. "his, when so ured wool yield about 552,000,000 pounds clean wool. The clip for 1878 was smaller than for 1877 by 10,100,000 pounds. New York wool market is a rong and active.

THE FARMERS' MARKETS.

Bousecours and St. Apu's-Prices at Parmers' Waggons, etc. TUESDAY, Nov. 25.

There was a large attendance of armers and gardeners at the above-named markets to-day, and under a favily good demand from city buyers, agood business was done. The offering-of grain, etc., on acques Carlier square were large than for some time past, but we did not notice any material change in prices. White corn sold at 80c per bush, and a few mags of burley brought 85c. Poultry was very plantiful, and prices, therefore, were somewhat easier than on Tuesday; turkeys brought \$1 to 15 per pair; geese, 80c to \$1.20; ducks, 50c to 70c; chickens, 25c to 80c, and partridges, 50c to 80c. Eror hares dealers are paying 15c to 20c per pair. We hear of one lot of qualifrom the West, having been sold here at about \$3; er dozen. Dressed beef, in sleighs, was selling at 4 to 4 50 per cwt for for-quarters, and \$5 to 6c per lb, and is sold by retailers at 8c 10 5c. Dress ed hogs unchanned, selling at \$25 to 850 per cwt. Fresh butter in prints is worth 2c to 28c, as to qualify, and new laid eggs bring \$5c to 7c., in baskets. Vegetables, of a 1 kinds in 8-ason, were abundant, at unchanged prices. In fruit there is not much to note, a few loss of Valencia oranges have arrived, and are held at \$7 pr case. Apples are rather duil, as will be seen by report elsewhere.

The following are the prices, corrected up to date:—

Vegetables—Potatoes, 45c to 55c per bay:

case. Apples are rather dull, as will be seen by report elsewhere.

The following are the prices, corrected up to date:—

February to work off the American fruit, when Canadian apples will again be in active demand. Latest mail advices received here to day report large sales in Liverpool on the luth inst of Canadian apples at from 14s to 20s per barrel, and of Canadian potatees at 3s 9d to 4s 9d, as to quality; and of American apples at 7s to 10s.

THE CATTLE MARKETS. St. Gabriel.

Monday, November 24. The arrivals of live stock ot Point St. Charles during the past week, according to entries at the Grand Trunk yards, were as follows:-For the Montreal markets, 20 carloads cattle, 9 do hogs, and 2 do of horses, some 600 hogs shipped to Europe by John C. Cochlin, and 11 cars cattle (Thompson, Morse & Co., Toronto), 4 do sheep (E. Rees, Kingston), and 3 do sheep (Smith, Harris & Co., Toronto), all forwarded to Point Levi for shipment. Future shipments between this date and the opening of navigation next year are to be made from Halifax, but we understand that some dealers intend operating in the States.

There was a very fair supply of medium grades of cattle on the markets to-day, and the demand from local butchers was fair, but shippers were not buying; they state that all the better grades are now being fed up by the farmers and stock raisers for the Christmas

The offerings at St. Gabriel market to-day comprised 10 carloads of cattle and 3 of hogs, as tollows :- Henry Dunham, Brockville, 1 car cattle; H. P. Dardis, Morrisburg, 1 car do; P. Lawry, Ottawa, 1 car do; W. Head, Whitby, 1 car hogs; Thomas W. Ross, Toronto, 1 car do; R. Jones, from the Don 1 car do; T. Burns, Brockville, 1 car cattle; E. R Moorehouse, Brockville, I car do; W. Dunlop, Kingston, l car do ; John Miller, Perth, l car do; John Stagg, Brockville, 1 car do; Jas. Howden, Port Hope, 1 car do; and R. Jones, Mitchell, 1 car do.

The majority were riven down to the lower market. The reported sales include the following:—Hugh Kelly, Toronto, 20 head cattle, averaging about 1,400 lbs each, a. 3½ to 4½c per lb, live weight; John Stagg, Brockville, 23 head do to R J Hopper, for \$550; John Miller, Perth, 20 head to butchers at from \$18 to \$30 each; Mr. Burns, 21 head to Sam Price at \$20.50 each; Wm Head, 3 small lots of hogs at \$4.75 per cwt; J Miller, 12 hogs to D Cochlin at \$4.60; H Dunham, 9 do to Mr Roy at \$4.65; and another load of 136 hogs sold at \$4.50; R J Hopper sold 34 head cattle at from \$20 to 25 each, and Mr N Taillefer bought a load at the same average. We quote cattle at 2c to 4c per lb, live weight. SHIPMENTS.

Mr. Dan Cochlin shipped 150 hogs, and J C. Cochlin, 200 hogs, to Glasgow, per the SS. Riversdale, which left this port yesterday morning. At the

Viger to-day there was a good supply of small cattle and of lambs. The attendance of local butchers was good, and there was a very fair enquiry for cattle, but, as intimated above, the quality was generally inferior, and all sales were at low prices, ranging from about 2c to 3c per lb. There was a good demand for lambs, and first-class qualities brought firm prices. The receipts were about 400 head of cattle, of which half were from the St. Gabriel market, driven down by western drovers, 500 heep and lamos, and a couple of calves. The reported sales to local butchers are :--Messrs. Roberts and Wilder, Granby, 17 head cattle at \$23 to \$32 each; E. R. Moore-house, Smiths' Falls, 14 head do. at an average of \$29 each; Wm. Dunlop, Perth, 16 head do. at about 2c per 1b; H Dunham, Campbellford, Ont., 26 head at \$22 to \$35 each; Mr. Gee, of this city, 16 head, at about \$19 each; and Wm. Coney, 6 head, for \$141. A few sheep old at \$4 to \$5 each, and lambs brought \$2.50 to \$4 each, as to size and quality. The season is over for calves, and there is nothing to report of them; the 2 offering to-day sold

The Export Cattle Trade.

at last week's prices. No hogs offering.

QUEREC, November 24.—The following state-ment respecting the exportation of cattle from Canada is sublished:—The rotal number of live stock shipped from Montreal was 17,101 head of cattle, 59,990 sheep, and 8 468 hogs. From this sort the shipments were 4 0.00 head of cattle, 17,74 sheep, and 188 hogs, or a grand total from the two shipping ports of 21,112 head of cattle, 71,181 sheep, and 3556 hogs. The estimated value of this live stock is: Cattle, \$.11,20; sheep, 371,810° and hogs, \$52,720, or a grand total of 2,935 730. The value of the forage ex, orted with this stock for food averaging the trip of each steamship at ten days is paced at \$9,400, and the estimated sums paid to the various steamship lines for freights, \$583,900.

British Cattle narkets.

London, November 19.—Catte at market, 1,230; sheep, 16.490. Best beef, 73d to 84d per b: inferior, 6d to 7d per lb. Best mutton, 9d to 93d per lb; inferior, 7d to 8d per lb. The trade was somewhat irregular this morning, be t qualities of most kines selling pretty friely, to e general demand being slack. The number of beasts on offer was larger than on Monday lest, but there was no increase in the proportion of primqualities, which were scales. These were sold without difficulty, but the middling qualities mut with a dull, dragging sale. The sheep trade was generally dull and uneven with a tendency to depression. depression.

LIVERPOOL, November 10.—Cattle at mrrket, 3,013; sheep, 9,017. Best beef, 64d to 74d per ib; inferior, 5d to 64d per lb. Mution, 7d to 94 per lb. The supply of cattle and sheep showed a large increase. There was a good attendance, but the trade, on the whole, was slow, owing to the prices demanded.

Civerous November 12 Cattle of market

prices demanded.

GLASGOW, November 13.—Cattle at market, 1,070; sheep, 6,712. Best beef, 8jd to 8jd per ib; inferior, 6jd to 8d per ib. Best mutton, 8d to 8jd per ib; inferior, 4d to 6jd per ib. There was a short supply of cattle at market this morning, fully two thirds of which were Irl-h, and many of them of middling and inf. rior quality. Good sorts of both kinds, scarce and in demand at jd per ib higher than last week's quotations. No alteration in inferior kinds. Of sheet there was a fair supply, and generally of secondary and mid-ling quality. Top sorts in demand, and prices rather higher than last week's. Inferior dull and unsaleable

New York Cattle Market.

Trade in live stock in New York on Monday, the 17th inst., was fair. The arrivals were moderate, and values advanced in both herds and flocks nearly 1c per lb. At Sixtieth street yards horned cattle sold at 71c to 101c per lb, weights 51 to 91 cwt. At Barsimus Cove yards prices ranged from 7c to 101c per lb, weights 5 to 9½ cwt; from 55 to 57 lb has heen allowed net; only top steers obtained 57 ib net; quality as above coarse to fair, with a good top. Milch cows, calves included, sold at \$30 to \$60 per head. Grass-fed calves sold at 2c to 3c per lb; meal-fed calves, 32c to 4c per lb. Veals of fair quality sold at 5c to 7c per lb. Sheep sold at \$3.50 to \$4.75 per cwt; lambs, 5 c to 5 c per lb; ewes, 4 ge per lb; mixed flocks, 41c to 4fc per lb; quality as above reported coarse to good. Live hogs sold at \$3.20 to \$4 374 per cwt; city-dressed

there have been 184 horses bought here and shipped to the United States, at a otal cost of \$9,169—the last shipment reported being for yesterday—which compared with the export figures for last week, snow an increase of 18 horses, and of \$1,078 in the total value.

'Loosal demand for horses continues light; no sales are reported as having been made on the Corporation market on College street during the week. There was a fair supply of general purposes horses offering at the 'merican House yards, however, thous h' there have not been many coming forward during the last two or three days, owing chiefly to the irregular arrival of the boats, caused by the late storm About a half-advzen of American buyers have visited this market during the week, and the demand has been fairly good. Some five car loads were shipped from there yards during the week, as follows: Mr. Dean, buyer for Mr. Snow, Boston, 40 horses; Mr. Hendrickson, is horses, to New Jersey; Messers Kent and Knox, 20 horses to Greenfield, Mass.; and Mr. F. mith, 20 to Utica. There are only two American buyers at the american House to day, and one, Mr. Dean, received instructions by mail this morning from Boston to remain over till next week, and secure a couple more carionds, Mr. now writes that during this week he has sold 120 Canadian horses at his stables in Boston at fair prices.

Following are the salpments of horses from this city to the United States through the office of the American Consul here during the past week: 1 th November, 20 horses at \$1,509; 7 at \$357, 2 at \$357, 18 th November, 2 horses at \$1,509; 18 at \$775, 2 at \$135, 15 at \$923; 21st November 18 horses at \$1,051.

London Grocery Market.

London Grocery Market.

London, November 2L.—In Min ing ane the markets show no decided change from last week. The tone is steady and quieter. Business in sugar was chiefly confined to lower qualities, which are again in speculative demand. Redners still suspend operations in West India Fine cr. stallized Dem-rara sold at i8d under the late highest rates. The refined markets show more steadines, and part of last week's reduction was recovered. Beet augar on the Continent nearly maintains the recent advance. The stock of sugar in the United Kingdom, although still large, is diminishing every week. Coffee has been stended. A few parcels of new crup plantation (eylon realized let oil 12s. per ewt. Good qualities of foreign met with more inquiry. Braz I was firmer during the last two days. The Netherlan s. Trading Company declare 10,000 bags for their public scleen the 26th inst., against 101,210 bags at the same period last year, and 37,500 bags in 1877 at the same date. Tea continues quiet, with a moderate business. On account of the recent havy arrivals, common grad-s of Congou are lower. Rice attracts more attent in. There have been silies of new crop Burmah for spring shipment, parriyo on the basis of 9s. 3d. per cwt. open charter for hangoon. In spice the chief feature has been a future large advance upon cassia lignea, but prices lately receded several shillings. The sales of cinnamon on Monday next wit comprise about 3,550 bales. Saltpetre is selving at £4 to £5 per ton recovery from the late lowest point.

Montr-RI Fuel Market.

WEDNASDAY, November 19.

COAL—Retail prices per ton, delivered for cash:

-tove, \$7.01; chestnut, \$3.75; egg, \$6.75; furnace,
\$6.75; keotch grate (soit), \$5.50; Scooch steam,
\$5.25 to \$5.50; Sydney steam, \$4.50 to \$5.00; Pic
tou do, \$4.50 to \$5.00; coke, per chaldron, \$4.00.

Wood—Retail prices per cord at the whart,
cartage extra: Long maple, 3½ feet, \$5.25; long
birch, 3½ feet, \$4.75; long beech, 3½ feet, \$4.25;
short maple, three feet, \$150; short birch, three
fi-et, \$4.00; short beech, three feet, \$3.75; short
tamarac, 2½ to 3 feet, \$3.20 to \$1.00; short hemlock,
2½ to 3 feet, \$2.25 to \$2.50.

Montreat Hay Market.

Montreat Hay Market.

SATURDAY, November 22.

Owing, doubtless, to the reported bad roads, and the irregularity of boats crossing the river, caused by the snow storms, the receipts of hay and straw at the College street market during the week ending to on have been comparatively light, not exceeding 300 loads, against 5 0 loads for the we k previous. At noon to-day the e were alout 40 loads on the market. To the smaller supplies may be partially attributed an advance of about \$1 per 100 bundles for the best timothy hay, which now a lis readily at \$1, and common qualities ing \$6 and upwards. Friess for straw are unchanged \$4 to \$5 per 100 bundles fairly good.

Pressed has in \$8 to \$0 per ton, and baled straw is worth \$6 to \$6.50 do. Onto for feed are somewhat higher, selling at 36c per bushel of 32 lbs.

Liverpool Provision Market From Hodgson Bros' Circular Nov. 8.

CHEESE .- Buyers have not been very plentiful this week, but holders are firm, especially so on fine mild-flavoured keeping qualities, and unless there is a considerable decline in New York there is no prospect of lower prices here. As the American markets have now receded almost to our values here, we should not be surprised to hear next week by cable of an improved shipping demand, and as a consequence a legitimate hardening of prices there, which must moner or later be followed here. Stocks are very small all over this country. We quote September Cheese. 62s to 64s; fine August, 56s to 60s; next grade below, 48s to 54s per cwt. Total shipments leaving New York this week, about 10,000 bxs. BUTTER .- The demand continues sufficient-

ly good to clear off fresh imports as they arrive. The best enquiry is for really choice Greamery at 11's to 125s per cwt., and for choice Dairy at 100s to 110s; medium qualities at 80s to 95s sell slowly, while there are onvers of common at 60s to 70s, but few sellers.

the Greatest memouy Ever stacovered. Quinte is considered the greatest rem dy known, bu we believe it has its equal, if not its per, in the croduct of the Cod Fish. Nothing has been discovered to equal Cod Liver Oil as a builder and sustainer of the body in 'consumption and all Wastlig Disorders; but its us fulness is impaired by its nauseous properties. In Section 2 and the subjective of Pure Cod inverted. this ble tion is estirely overcome, and com-bloed with the Hypophosphites of Lime and sode it is the most valuable remedy ever

GOOD PLAN. Combining and operating many order in one was sum has every advantage of capital, with addition anagement. Large profits divided provides investments of \$25 to \$10 000. Circular, with fall explanations how all can succeed in stock dealings, made vices. Lawrence & Co., 55 Exchange Place, Now York.

Cures Dy papsia, Indigestion Sour Stom ch and Sick Headache. Immediately corrects bad taste in the mouth,

and renders in pure breath sweet and agreeable. Ludies on e us ng this preparation win find it of such real value as to make it a standard remedy in every house.

It is entirely different from all other preparations of Magnesia.

FOR SALE BY ALL DRUGGISTS. Wholesale by Lyman Sons & Co.; Kerry, Watson & Co.; H. Sugden Evans & Co.; H Haswell & Co.

There are persons who, having made use of various preparations without obtaining any satisfactory results, will be inclined to condemn the use of LUBY'S PARSIAN HAIR RENEWER. To them we can, in all confidence, state that 'not a single" instance do we know of where LUBY'S preparation has been employed but that it has been a perfect success, and no further testimony of its merits need be offered them than the approval it has met with from hundreds of our citizens who are now daily using it.

Used as an ordinary dre-slag for the hair, its valuable properties are to restore gray bair to its natural color, which it certainly does, and without any injurious effect whatever; cures irritation and itching of the scalp, and leaves the head clean, cool and free from dandruff. One thing is certain, that its balsamic properties are such that it strengthees weak bair and checks its falling out.

LUBY's does not soil the pillow-slips. Those who have used Luby's speak well of it; those who condemn it know nothing of it.

Fold by all Chemists and Perfumers, in large sized bottles, at 50 cents each.

Wholesale by Lyman Sons & Co.; Kerry. Watson & Co.; H. Sugden Evans & Co.; H. Huswell & Co.
