(From the Cornwall Standard.)

Messrs. Michael McElroy and John Broderick are around with a subscription paper stating "Home Rule for Ireland" means strength to the Empire, not weakness, not dismemberment, not disintegration, not separation, but merely allowing Ireland to manage her own local affairs in a parliament of her own, as we in Canada do. ST. LEON WATER.

The use of iron as an invigorator of the human system has been proved beyond doubt. The St. Leon Mineral Water, as shown by analysis, contains a large quantity of this element.

The numerous certificates of eminent physicians show the many properties this excellent water possesses.

This week we present in our advertising columns a strong certificate that the St. Leon Water Co. have received from the Rev. J. E. Boldin, procurator to Cardinal Taschereau, of Quebec, who has been cured by the use of this water.

THE PAPAL ABBEGATE.

LONDON, July 8.—Papa's Ablegate O'Brien sailed from Liverpool to-day on the steamer Polynesian for Montreal. In addition to the hat for Cardinal Taschereau, he carries the pallium for two Canadian archbishops.

THE TWELFTH IN IRELAND.

DUBLIN, July 12.—During the Orange celebration at Belfast to-day a slight row was occasioned by the passage of the procession through one of the streets. One person was injured. An Orange social was given in the Rotunda here this evening, and was attended by 2,000 persons. The hall was guarded by police. Thousands of Nationalists surrounded the building. Many placards were posted with the inscription, "We will pay you Orange dogs in Irish coin; the one long debt which Ireland owes all brought to the Boyne."

AT ARMPRIOR, July 12.—A grand Orange procession was given at Armprior, 2,000 enthusiastic Orangemen. There was afterwards a procession, the route of which was lined by six hundred police and militia. Business was suspended.

TAKE A PILL.

To regulate the bowels and drive away the sickening bilious headache which is the result of constipation. But don't rack your frame and overburden your organs by taking the old-fashioned great, drastic, griping pills. Science makes rapid advances, and Dr. Pierce's "Pleasant Purgative Pellets" are the result of careful study and skillful preparation. They are entirely vegetable, and operate without disturbance to the organs of the body, or the vacation or diet of the patient.

INDIANS STARVING TO DEATH.

HOW CANADA TREATS THE HELPLESS TRIBES OF THE NORTHWEST.

OTTAWA, Ont., July 9, 1886.—A gentleman who has just returned to this city from the Temiscamague district, 350 miles from Ottawa, reports that the Indians in that locality are in a starving condition. This is due to the neglectful manner in which they have been treated by the government agents. Not long ago a case of destitution, in which a mother and seven daughters were dying of starvation, was brought to the notice of the government agent, who only laughed at it. Since then four of the daughters have died. Several other deaths have occurred among this tribe from the same cause.

DO NOT LET THE SUMMER HEAT AFFECT YOU.

In New Orleans, La., on Tuesday, at noon, June 15th, 1886, an event full of interest occurred—the 103rd Grand Monthly—the second Quarterly Extraordinary Distribution of the Louisiana State Lottery. \$622,500 was scattered over the earth after this manner: Ticket 18,145 drew the First Capital Prize of \$160,000. It was sold in ten parts at \$1 each—one to Mrs. J. W. Clark at Fera, Cleron Co., La.; one to J. W. Willow Grove, W. Va., collected through Bank of Ravenwood, Ravenwood, W. Va.; the others were sold to parties whose names are withheld by request. No. 23,408 drew the Second Capital Prize of \$50,000, sold in ten parts each at \$1—two to Josiah Burrell, No. 2,215 D St., N. W., Washington City, D. C.; another was paid to Samuel Pearson, Washington City, D. C.; another was held by W. T. Putnam, Boston, Mass., collected through Adams Express Co., other three-thirds were paid to the American Express Co., Columbus, O., etc., etc. Nos. 30,230 and 40,201 drew the Third prize of \$10,000 each, sold in ten parts each at \$1, two of which were paid to First National Bank of Erie, Mich.; other two were paid to Chas. J. Summers, Struher, O.; another to W. G. Simons and J. S. Mappa, No. 523 Clay street, San Francisco, Cal.; another to W. L. Garrett, of San Francisco also, and so the golden shower fell, enriching all around it. The next opportunity will be on Tuesday, August 10th, the 195th Grand Monthly Distribution, to be conducted as usual by Genls. G. T. Bausaerger of Louisiana, and Jubal A. Early, of Virginia, as sole managers. All information desired can be had from M. A. Dauphin, New Orleans, La. Do not let the summer heat drive this out of your mind.

EVICTIONS IN IRELAND.

DUBLIN, July 9.—The Mitchellell Board of Guardians have petitioned the Earl of Aberdeen, lord lieutenant, to stay all evictions until November. They say there are prospects of a splendid harvest, which will enable farmers to pay the landlords and that evictions now would ruin thousands.

Horsford's Acid Phosphate.

Hundreds of Bottles Prescribed. Dr. C. R. Dake, Belleville, Ill., says: "I have prescribed hundreds of bottles of it. It is of great value in all forms of nervous disease which are accompanied by loss of power."

ABSURD NAMES FOR THE BABY.

The ordinary father runs wild when his first child makes its appearance, giving it some ridiculous name that either cripples it for life or ever after remains incapable of euphonious pronunciation. And he doesn't learn much either when the babies are duped. There is no sense or pity in be-

stowing upon a child that can't rebel some of the fearful names found in the Bible. Give the little ones a chance. The short, clear-cut names are the best. The one that should be borne in mind is to give some name that will express dignity to the child or adult and sound well without transcribing the hearer to either Helias or Assyria.—Philadelphia Times.

FLLOUR, GRAIN, &c.

FLLOUR.—The recent advance in the price of wheat has not as yet had any material effect upon the flour market. We quote:—Patents, Hungarian per bbl, \$5.50 to \$6.00; do American do, \$5.50 to \$6.00; do Ontario do, \$4.00 to \$4.65; Strong Bakers' (American), \$4.50 to \$4.75; Strong Bakers' (Manitoba), \$4.40 to \$4.50; Strong Bakers' (Canada), \$4.05 to \$4.20; Superior Extra, \$3.50 to \$3.90; do choice, \$4.00 to \$4.10; Extra Superior, \$3.60 to \$3.70; Fancy, \$3.35 to \$3.40; Spring Extra, \$3.30 to 3.35; Superior, \$3.20 to \$3.30; Fine, \$2.80 to \$2.85; Middlings, \$2.70 to \$2.75; Pollard, \$2.50 to \$2.60; Ontario bags (strong), \$1.25 to \$1.60 to \$1.65; do (spring extra), \$1.50 to \$1.55; do (superfine), \$1.40 to \$1.60; City bags (delivered), \$2.20 to \$2.25.

GRAIN.—A moderate demand for oatmeal at about former prices, but round lots are difficult to move. Oatmeal in bbls \$4.10 to \$4.25 for ordinary, and \$4.35 to \$4.50 for selected. In sacks \$2.00 to \$2.10. Mouille \$2.20 to \$2.30 per ton. Pearl barley \$6.50 per bbl, and split peas \$3.75 per bbl. Cornmeal \$1.50 to \$1.75.

WHEAT.—We quote Canada red winter wheat \$3 to 84c, white winter \$1 to 83c, and spring \$2 to 84c.

CORN.—Several cargoes have been bought recently in Chicago on a through rate to Montreal said to be equal to about 45c to 45 1/2c laid down here in bond.

OATS.—This cereal has not moved very freely. We quote 30 1/2 to 32c.

PEAS.—A better feeling has sprung up in peas. Prices are firmer at 6 1/2 to 6 3/4c.

RYE.—The market remains very quiet and is nominally quoted at 68 to 60c.

BARLEY.—There is no change to report in this grain, the demand being very meagre, and prices are unchanged at 55 to 58c for malting, and 45 to 52c for feed.

MALT.—Manitoba malt is steady at 55c in bond and Montreal malt at 50c; Ontario 70 to 80c.

BUCKWHEAT.—There is some enquiry, but prices remain low, the last sales being at 50c.

SEEDS.—There is no change, and prices are more or less nominal as follows:—Red clover \$7 to \$7 per bushel; Alsike \$7 to \$7.50, and timothy \$2.25 to \$2.40 per bushel.

PROVISIONS.

PORK, LARD, &c.—This market has followed the Western advance to the extent of about \$1.00 per bbl., Montreal short cut mess pork selling at \$14.00 to \$14.50, and Western mess \$13.25 to 13.50. In lard a fair demand exists with sales of Western at 94c, and of Canadian at 9c. Smoked meats have a rather slow demand, and prices hold steady. Tallow was in request at about former prices. We quote:—Montreal short cut pork per bbl, \$14.00 to 14.50; Chicago short cut clear per bbl, \$14.00 to 14.25; Mess pork, Western, per bbl, \$13.25 to 13.50; India mess beef, per ctn, \$6.00 to 6.00; Mess beef, per bbl, \$50.00 to 60.00; Hams, city cured per lb, 11c to 12c; Hams, canvassed, 12c to 13c; Ham & flanks, green, per lb, \$0.00 to 0.00; Lard, Canadian, in pails, per lb, 9c to 9 1/2c; Bacon, per lb, 10 1/2 to 11c; Shoulders, per lb, 0.00 to 0.00; Tail-lob, common, refined, per lb, 4 1/2 to 5c.

DAIRY PRODUCE.

BUTTER.—Business during the past week has been confined to the local trade. Beyond this we learn of no business on export account. A round lot of Western dairy was sold at 11c. Eastern Township makers are still holding their late made dairies and sending in their earlier makes, which of course are of indifferent quality. We quote:—Creamery 16c to 18c; Township, finest, 15c; Township, fair to good, 13c to 14c; Morlaburg, finest, 15c. Murrumbidgee, fair to good, 13c to 14c; Brookville, finest, 14 1/2; Brookville, fair to good, 11c to 12c; Western, finest, 13c to 14c; Western, fair to good, 10c to 12c; low grades, 8c to 9c.

CHEESE.—There has been a little more anxiety on the part of buyers during the past few days to fill orders for this week's steamer, which has resulted in considerable business at about 4c under last week's prices for fine goods, sales being reported at 7 1/2c, a fraction more having been paid in one or two instances. Fine French factory cheese brought 7 1/2c, medium to fair goods selling at 6 1/2 to 7c. We quote prices as follows:—Finest, white, 7 1/2c; finest, colored, 7 1/2c; medium to fine, 6 1/2 to 7 1/2c; lower grades, 5 1/2 to 6 1/2c.

EGGS.—New apples are arriving more freely, and prices in consequence have declined to \$4 to \$4.50 per bbl, a carload having been sold these figures.

EVAPORATED APPLES, &c.—New evaporated apples have been placed at 8 1/2 to 8 3/4 per lb, and old at 7c.

ORANGES.—A good enquiry is experienced for oranges, which have sold readily at \$10 per case for Valencia, and some are holding for \$12, as stocks are light.

LEMONS.—The late hot weather has caused quite a "boom" in the lemon market, which has helped some holders to double their money in recent sales. Quite a number of sales have taken place at \$7.00 to \$8.00 per box.

BANANAS.—Receipts are lighter. Sales of reds took place at \$1.50 to \$1.75 per bunch.

STRAWBERRIES.—Receipts of berries have fallen since this day week, and the bulk of the crop is now in. Sales were made during the past few days at 5c to 5 1/2 per quart wholesale.

COUNTRY PRODUCE.

EGGS.—The better feeling noted last week has been followed by a further stiffening of the market and an advance of 1/2 to 1c per doz, sales having been made at 13c, and we quote 12 1/2 to 13c as quality.

HOPS.—As usual at this season of the year an attempt has been made to advance the price of hops, 10c being now demanded for finest quality.

WHEAT AND STRAW.—The receipts of hay have been well taken up during the week with sales at \$12.50 to \$13.00 per 100 bundles for best timothy, and at \$10.00 to \$12.00 for inferior to medium qualities. Pressed hay was steady under a good demand with sales at \$12.00 to \$13.50 per ton. Straw \$3.50 to \$6.50 per hundred bundles, and \$7.50 to \$8.00 per ton for pressed. A round lot of pressed hay sold at \$13.00.

BEANS.—A few small lots of good medium beans have been taken at \$1.10 to \$1.25 per bushel.

HONEY.—Demand light and what few small parcels change hands fetch 8 to 10c as to quality.

ASHES.—Steady at \$4.00 for first pots.

TORONTO WHOLESALE MARKETS.

Business at present is quiet, but remittances are coming in fairly well.

HARDWARE AND METALS.—A strong demand exists for heavy goods, such as steel plate for heavy boilers, machinery bars and steel. The market is tolerably steady at the low prices which the steel has reached. We note that ingot tin is weaker and quote 24 1/2 to 25c. Antimony 9 1/2 to 10c. Nails, by means of a combination among the makers, are kept at steady prices.

BOOTS AND SHOES.—There is a fair number of sorting orders being booked, and the wants of dealers for the fall do not seem to be less than at the same time last year. Remittances are slow in some quarters.

FLLOUR AND MEAL.—There has been a better enquiry from outside points and some business has resulted. Oatmeal and cornmeal are all sold and bran moves but slowly at about \$8.00.

GRAIN.—More than one reason is assigned for the better feeling that has developed itself in the wheat market during the last few days. A sharp advance has taken place in American markets, and it is known that the shortage in the United States crop of spring wheat is about 5,000,000 bushels, and there are present indications of drought in the Northwestern States. These facts, we are told, have doubtless toned up matters. Not much business has yet resulted.

GROCERIES.—A very fair midsummer's trade is being done by most houses, with nothing of an unusual character to note in matters general.

HIDES AND SKINS.—Stocks of hides are very light, the demand is active and prices are strong. Calfskins continue dull at former prices. There is the usual supply of lamb and mutton at unchanged values. Tail-lob will run very dull, prices are weak and there is little or no enquiry.

LEATHER.—Trade generally is reported quiet. Sole leather for manufacturers' purposes is held firmly.

PROVISIONS.—Business in this department of trade presents no important or unusual features at this writing. We note that there is not so much roll butter coming forward. Tub butter will bring 12 1/2 to 13c. In cheese the feeling at the factories is said to be firmer than a week ago, but prices remain here as before. Sales have been made in a jobbing way at 8 to 8 1/2c. There is a plentiful supply of eggs with an active enquiry, 12c is the highest figure. A fair amount of long clear bacon is changing hands and the feeling is somewhat better, 7 1/2c is about the price. Cumberland cut and breakfast smoked are being enquired for to a limited amount. Hams are moving briskly and 11 1/2c is the lowest. Not a little lard is selling at 9 to 9 1/2c.

LIVE STOCK.

RECEIPTS AND EXPORTS OF LIVE STOCK. The following were the receipts of live stock at Point St. Charles by the Grand Trunk Railway for the week ended July 10:—Cattle, 2,643; sheep, 3,367; calves, 350; hogs, 536.

Ocean freights have eased off, last engagements by good outside steamers being 60s. At Point St. Charles cattle yards the offerings of cattle were large, but the amount of business done was light and prices were easier, with a few sales made at 4 1/2 to 5c, showing a decrease of 1/2c per lb. The demand for butchers' stock was slow and prices were 1/2c lower, sales being made at 3 1/2 to 4c per lb. live weight. The receipts of grass cattle are fair, but the quality is only middling so far. In sheep business has been active. There was a good demand at from 4c to 4 1/2c per lb. Hogs were plentiful, for which the demand was good, but prices declined 1/2 to 1c per lb, sales being made at 4 1/2 to 5c per lb. Calves were fairly inquired for and choice sold at 5c to \$10 each, as to quality.
