THE way in which the rain came down on Thursday last was only equalled by the way in which the wind kept up a terrible pow-wow The oldest inhabitant has been replenned again with the same results.

DR. SWEETLAND has been telling some big Injun stories about this country to his Ottawa friends, and the Winnipeg Times man has taken them all in.

MR. THOMAS, who has been acting as deputy sheriff to Mr. Chapleau. has been confirmed in his appointment. Mr. Thomas has a host of friends here who will be glad to hear of his success.

THURSDAY'S rain produced another washout and the train which was to arrive from the west on Saturday afternoon did not put in an appearance until yesterday morning about 1 o'clock. An immense rock was lodged on the track a few miles west of this place and it took sometime to dislodge it.

IN these days of sharp mercantile news paper competition the "back scratching" process does not weigh much with the public. Mutual admiration societies are a product of this country but their resolutions never add a dollar to the exchequer nor trust the "other paper", which is the target of their literary saliva.

THE soldier like appearance of the Mounted Police force now here is a subject of common remarks. Col. Herchimer takes a great pride in his men and the improvement reflects great credit upon him.

THE court was adjourned on Thursday last for two weeks. Col. McLeod left for the east this afternoon to meet his wife and family.

IT is generally conceded that Mr. Fitz-Cochrane, defender of the prisoner McManus for murder, at the sitting of the district court the other day was an able one, and that his address to the jury was in every respect clever to eloquence, Mr. Fitz-Cochrane is a decided acquisition to the Bar here and we are pleased to record the fact.

THOMAS S. BURNS Esq., now J. P. at you from under his own vine and fig tree. His office is nearly opposite the Castle Mountain Billiard Hall, Calgary Centre, and Justice has perched like the bust of Pallas above his outer door.

IT is a good thing to have something at which to grumble. The wind and weather are only bystanders and they dont care point for public opinion. They are always above it notwithsanding that they are continually blowing and falling.

THE Elbow easer funks our challenge in regard to permits by saying "when it comes from the proper quarter etc, it will" is too transparent a back down. It further justifies its inability by saying that we never give our authority for the assertion made in this journal some weeks ago in regard to its reporter. As a matter of fact we gave its reporter the name of the gentleman who gave us the information. This we think was quite sufficient according to the rules.

DETECTIVE BLAKE, of the Mounted Police undertook to arrest Jack Maguire in Fitzsimmon's stables on Sunday. Maguire refused to be arrested. He stood the detective off with his pepper box. As Blake was unarmed he did not persist. Maguire then jumped on his cayuse and disappeared in a southerly direction Six mounted policemen started in pursuit three quarters of an hour aterwards. They returned yesterday minus the outlaw. Maguire was wanted on account of a whisky scrape.

THE McLeod cricket club having accepted the challenge of the Calgary Club the latter will leave for the scene of action next Monday morning. The match will take place on the 14th and 15th inst.

A friend has handed us a copy of the MacLeod Gazette of some months ago. Our esteemed local contemporary is described by the Gazetto as a "sanctimonious sheet" and other endearing terms are applied in the same direction. Comment would be ridiculous.

A RUN AWAY took place on Sunday afternoon. A horse belonging to Fitzsimmons livery and attached to a buckboard ran a muck through town. No damage was done until the horse and buckboard reached the stable at the west end of Stephen avenue when the buckboard collided with the stable and was badly smashed. The horse was slightly injured,

Mr. Williams, of Gleichen has sent us stool of barley and oats the stalks of which stand about four feet and a half, and they are looking as good in quality as anything we have ever seen in Manitoba. They are a sample from the C. P. R. farm at Gleichen and they may be seen at this office.

THE manner in which the McLeod Gazette is continuallp praising itself, knocks the previous record out of time, but when it begins to fawn upon the local organ here the hypocrisy of the game is morethan complete. The NOR'-WESTER is too long in harness to not know the utter hollowness of the Gazette's palaver, as well as those of the "largest paper" in the North-west. See old fyles of the Gazette. that is to say, numbers of that journal issued three or four months ago.

MR. CAMERON. of the Bow River, has left on our table half a dozen potatoes from his place. They are of the early rose variety and are the best we have yet seen.

THE new Episcopal Church in this town was opened for Divine worship on Sunday morning last. The services both morning and evening were conducted by the Rev. E Paske Smith, who made an earnest appeal to his congregation to pay off the debt on the church. It appears there is a deficiency of some hundred dollars. The church, which is a wooden structure is at present entirely unfinished in the inside and when completed will be a valuable addition to the church architecture of the place and is a credit to the architect Mr. McCoskrie. The reading desk is a very neatly carved piece of work and is the handiwork of Mr. Johnson who presented it to the church. There will be a meeting of the congregation of the church on Wednesday evening next in the church to organize a choir and other business.

THE recent sittings of the court in Calgary amply demonstrated the necessity for additional court accommodation. The orderly room of the police barracks is not large enough for the purpose, nor is it suitable in any way besides being an inconvenience to the officers in charge of the force. Until a suitable Court House and jail are built (the necessity for which we have urged upon the Minister of Public Works) there could be no more suitable place for holding the session of the court than Boynton Hall, and we have recommended it to Col. McLeod, who, we have no doubt will cheerfully comply with their request.

CRICKET MATCH.

First Eleven U. C. C. C., v. Twenty-two of Calgary.

This match was played on the Calgary cricket ground last Saturday August 2nd, in splendid cricketing weather and was witnessed by a fair number of spectators the majority of whom by their frequently expressed opinions and cheers evidently favored the twenty two of Calgary. The match was to have begun at 11 o'clock sharp, but to the disgust of many did not begin till 1,30, owing to many of those who had promised to be punctual not arriving till that time.

The twenty-two went to the wicket first, but the bowling of Wright and Gordon was evidently too strong "physic" for them as wicket after wicket went down rapidly, till at 3 p. m. the last wicket fell being the nineteenth man in, (three were absent) for the total including 9 extras for 35; The highest scores were R. W. Lloyd 7 and Garrett 5.

The first eleven went in with the conviction that they were going to do big things, but much to their astonishment their wickets began to fall almost as quickly as those of their opponents seven wickets falling for 27 runs, and whole innings with 8 extras closing for 54, which was principally contributed by Gordon 13, Wright 10, Rogers 7 and Morris 6.

The twenty two, in their second innings had their full compliment of batters and made a far better stand than in their first innings making a total of 57 including 16 extras. Great praise is due to Const. Lloyd and F. N Smith who batted with considerable style and skill Lloyd making eighteen and Smith 8 not out. The first eleven had now 49 to make to secure the victory which seemed easy to accomplish, but six of their wickets fell for 27 which made things look very 'blue' for the "First" but Harley now made his appearance at the wicket where he soon commenced to pile on the runs, eventually carrying his bat for 22.

The first eleven thus winning the match by two wickets.

The bowlers for the first eleven were Wright, Gordon and Spencer. Gordon taking sixteen wickets Wright nine and Spencer two of these which were bowled out.

The return match will be played next Saturday at 11 a. m. sharp and the Club hopes all will be there at that time.

Toulon, July 23.—Fugitives are now prevented from returning to the city.

LONDON, July 22.—Reports from Egypt say that Gen. Gordon is safe. A merchant arrived at Assoau reports that he left Kordofan two months ago and Dongola 17 days ago. While at Kordofan he was frequently in the presence of the Mahdi. The Cathucks in the Mahdi power were sure. The rebelf surrounded Khartoum, but Gen. Gordon dispersed them and killed their leader. The Mahdi's influence was declining. Almost daily letters passed between Gordon and the Mahdi. The merchants, tee Mudi and the inhabitants of Dongola were loyal to the Khedive and hostile to the Mahdi.
