TOLEDO IS A BIDDER FOR THE BIG YACHT RACE.

Royal Canadian Yacht Club's Committee Looking for the Best Place for the Contest—A Committee of Seven will Award the Plum to One of the Many Candidates—General Sporting News and Gossip.

The Chicago trio of the Vencedor Challenge Race Committee have handed over to the three men appointed by the Royal Canadian Yacht Club the duty of selecting a place for the race to be sailed. The local committee have sent out queries to the various lake ports as to what inducements they are willing to offer to secure the race.

Cleveland has already signified its willingness to put up a cup or purse for the event, and the Interlake Yachting Association will do likewise, provided the race is set to be sailed at Put-in-Bay during the August meet. Erie wants the race, and has officially announced that its citizens will offer either purse or cup to secure it for the week of August 29. Toledo has all along favored the holding of the race at Put-in-Bay, but in view of the general invitation sent out to lake yacht club ports to bid for it has now entered the race, and there is no sure thing that the Maumee City won't capture the event.

Chicago yachtsmen think this action of the Toronto contingent looks a good deal like putting the race up at auction to the highest bidder; but after all the offers are in, the final decision must rest with the entire joint committee of seven, three of whom are from Chicago and Toronto respectively, and the seventh to be chosen by the six already named.

The Flourishing Dons.

The annual meeting of the Don Rowing Club was held in the club-rooms, corner King and Berkeley-streets, and the reports of the committees as presented showed the club to be in a flourishing condition with a good cash balance on hand, and no liabilities. After the constitution and by-laws had been revised the election of officers was proceeded with, and resulted as follows: President, M. Sheedy; Vice-President, J. O'Neill; 2nd Vice-President, F. Minthie; Captain, T. Hogarth; Secretary, M. J. Ranelley; Treasurer, John Thompson; Executive Committee, T. Helston, P. M. Kennedy, A. Boyd.

Half Raters Too Small.

New York, April 7.—The chances are that the Seawanhaka-Corinthian Yacht Club's International Cup will be contested for next year by one-raters or 20-footers. At any rate the Seawanhakas, if they retain possession of the trophy, will do their best to induce those who may covet the cup in the future to challenge with the larger class. Many of the members think the half-rater is too small to be a good all-round racing craft, any kind of a strong tide proving a serious detriment to its usefulness. as was thoroughly exemplified last year in the cup races between Spruce IV. and Ethelwynn.

Toronto Club Curlers Dine.

The annual dinner of the Toronto Curling Club was held last night with a large gathering of members in attendance. President L. M. Jones was in the chair and Vice-President Dr. Lesslie sat at his right hand. Sec. Sproule's report showed that the club played 21 matches last winter, winning 9, losing 11, and drawing 1. The president's medal was won by Skip J. Bain, A. Hood, G. Sauer and T. Ward; the Vice-President's by Skip W. A. Maclean, A. C. Gibson, Dr. Millman and E. M. Lake; the points, by H. A. Drummond; the McMurrich medal for 3-pair stones for skips and third men, by J. Bain; Bain medal, for leads and second players, by C. Swabey. The toast to the Ontario Curling Association was responded to by President McGaw and Secretary Russell. The "Sister Clubs" brought President J. Matthews of the Granites and Vice-President Gibson of Prospect to their feet.

At the Olympic Games.

Athens, April 7.—The Olympic games were opened auspiciously yesterday. Enormous crowds, including the King of Greece, attended and saw the visiting Americans win a big share of the plums. To-day Clark, Garrett, Burke, Jamieson and Blake scored in the different events.

Fitz in Maher's Town.

Pittsburg, April 7.—Pugilist Fitzsimmons was hissed off the stage at the Academy of Music here to-night. The rendition of the song, "The Best Man Of Them All," in which Fitzsimmons was named as that person, was greeted with hisses and groans, intermingled with cheers. Fitz gave the bag several bumps, then lost patience at the groans from the "gods," and yelled: "If you fellows don't quit I'll pull down the curtain." But they did not quit, and after Bob had punched the bag a few more times he left the stage. Manager Julian talked to the "gods," and got them quiet and Fitz returned and finished his exhibition.

Baseball Brevities

Although scheduled, the Torontos did not play with Paterson at Pittsburg yesterday. They are billed to meet the New Jersey aggregation every day this week.

The Wideawakes of Parkdale will reorganize for the season on Friday night at Scholes' Hotel at 8 o'clock. All members and those wishing to join are requested to attend.

Detroit and Louisville played a thirteen innings tie game at Louisville, each team scoring eight runs. The game was called because of darkness.

In reference to his reported illness, Eddie Burke, the ex-Toronto player, says there is no consumption in his makeup and that he feels strong enough to lift the corner of a brick house.

The Queen Citys will hold a meeting at the Brockton club-house, Dundas-street and Sheridan-avenue, on Thursday evening at 8 o'clock to reorganize for the season. All old members and those wishing to join are invited to attend.

THE GUELPH MAPLE LEAFS.

Daddy Downs Said to Have Signed With the Champions—An Indian Player.

Guelph, April 7.—Daddy Downs has returned to his first love, the place where Fame took up the pen and wrote his name high on Glory's scroll. Daddy came in at 6.30 on Monday evening, and two hours later his name was affixed to a Maple Leaf contract. Daddy looks well. His smile is as broad as ever and he appears to be as hard as nails.

The directors of the team have decided to organize a joint stock company and issue shares at $5 each. So far the following players have been signed: Congalton, Bradford, Downs, Hewer, McClung, Dark, Watson, Bisquet and Allan. McClung is a young player from the east. He will be found in the outfield. Dark is an American who has done good work in minor leagues and was with Springfield for a while last season. Watson comes from Dundas. Bisquet is a find from the west and comes strongly recommended. He is said to be a relative of E. Pauline Johnson. He is a full blooded Indian, with all the fine athletic qualities of his race, and fast enough, his friends say, to play ball with the best that Canada can produce. Allan hails from the United States and has been selected to fill Jimmy Cockman's place. Other good men are on the string and may be signed in a day or so.

President McLean will attend the schedule meeting in London on Friday.

THE PARKDALE CRICKETERS.

Annual Meeting of the Flowery Suburb's Prosperous Club—The Officers.

The annual meeting of the Parkdale Cricket Club was held at the residence of the president, Mr. John Chambers, at Exhibition Park, and was largely attended. Satisfactory reports were read by the secretary and treasurer, the latter showing that the liabilities had been largely reduced, and that the financial prospects for the future were very encouraging. The annual At home of the club will be held on the last Saturday in July. The following officers were elected:

Hon. Patrons, The Chevalier Glanelli and Alex Fraser; Hon. President, A. Dean; President, John Chambers; 1st Vice-President, Joe T. Clark; 2nd Vice-President, S. W. Black; Secretary, F. W. Monteith, 25 Toronto-street; Assistant Secretary, Chas. E. Chambers; Treasurer, John E. Hall; Committee, A. T. Middleton, C. Leigh, John Eyer, A. G. Chambers, W. Tilston, W. H. Parker, A. E. Black, C. W. B. Lyall, H. J. Webster.

It is the intention of the club to visit London, Chatham and Detroit this season, probably about the second week in July. A hearty vote of thanks was tendered to the president, Mr. Chambers, who at the close of the meeting entertained the members present in his usual happy fashion.

Elm Football Club.

The Elm Football Club (formerly Stars) held their first annual meeting last night and elected the following officers: Hon. President, D. R. Smyth; President, R. Armstrong; Secretary and Treasurer, J. Reid, 16 Carlyle-street; Captain, J. McEwan; Vice-Captain, R. Brown; Committee, W. Lane, O. Bavington, A. McBain, W. Woodhouse, M. Thompson.

Bet on the Lame Horse.

The recent reports that Halma and Saragossa, both heavily backed in the spring handicaps, have gone lame recall a motto of the celebrated Count Mitklewicz which is fraught with much turf wisdom. The count was wandering across the lawn at Sheepshead Bay three summers ago, his famous red whiskers waving banner-like behind him, when he happened to meet a noted plunger who was just then playing in good luck. The count, with his customary eagerness for a tip, asked for a winner.

"All I know about this race," said the plunger, "is what old Bill Daly told me. He says his horse Count is lame and isn't worth a bet."

"Ah!" cried the count, joyfully. "So he is lame, is he, and my namesake, too? My friend, I make it a rule to bet on lame horses. Remember, always bet on lame horses." The count hastened into the ring and bet $500 on his namesake at 20 to 1. As the horse came galloping in an easy winner 10 lengths in front of his field, the count waved his long arms frantically and shouted: "A lame horse forever! They never lose."—New York Herald.

HE WAVED THE RED FLAG

SOCIALIST DUNLOP AT A MEETING OF UNEMPLOYED.

A Number of Speakers, but Nothing Accomplished—The Signers of the Requisition Fail to Attend—Ald. Preston Roasts the City Hall Reporters—Hot Shot for Street Commissioner Jones.

At 8 o'clock last night St. Andrew's Hall was well filled by an audience of workingmen, anxious to hear discussed the "best means to improve the condition of the unemployed." At 8.15 the only signer of the requisition calling the meeting present was Felix Belcher, who five minutes later went on the platform and stated that he did not know where his fellow-signers were. Ald. Preston consented to act as chairman. On the platform were George Evans, the poet Sabine, W. J Watson and others. The Mayor was expected to preside, but was not present, and neglected to send a substitute. Although there were one or two conscientious speakers, the meeting soon became a farce. W. J. Dunlop waved the red flag, the poet laureate Sabine read a poem, another man attempted to read a resolution, and another man with a "jag" attempted to make a speech. If the meeting did not furnish the workingmen with any information as to how they could better themselves, they had a lot of fun listening to the many would-be orators. A letter signed "The Workingmen of Ward 5," was read, stating that John Dunlop, a ward foreman, was not dividing the work fairly. Ald. Preston said that if this charge was proven he would bring up the question at the next meeting of the Board of Works.

Go and Grow Up With the Country.

George Evans' advice was "take up land and improve it." What is the use of remaining in the crowded cities quarrelling over a day's corporation work when there was a chance to go West and grow up with the country? Referring to Street Commissioner Jones, Mr. Evans said that he believed he (Jones) was a Czar of all the workingmen, who had a few serfs under him who cursed and swore at men who asked for work. "Jones is paid twice what he is worth." (Loud and prolonged cheers.) The speaker defied any of Mr. Jones' friends to come on the platform and defend him. Jones had got his position in an underhand way; he did not get it through public competition, nor because he had a knowledge of the work that was required of him. He concluded by saying that it was a low piece of business on the part of the aldermen who did not attend the meeting.

Mr. Dunlop Makes a Few Remarks.

"I'm going to move the whole Socialist platform as a resolution," said the famous Mr. Dunlop, as he walked to the front of the platform. What's the use of following men like Clarke Wallace and other politicians? The churches do not teach "love one another," they teach their congregations how to let their money out at interest. "Look at that poor girl who fell into the hands of a gang of organized pirates, traveling under the garb of the W.C.T.U., or some other fake." "There is only one flag:" "put up that flag, comrade," said the speaker to a man in the front row, and up went the red flag. "I'm a rebel and I'm proud of it," said the speaker, as he sat down.

A committee was appointed, consisting of J. L. Hughes, J. E. Titus, Rev. W. Galbraith, and Rev. W. Hincks, to wait on the City Council and make a proposition to establish a co-operative agricultural and manufacturing colony, for the purpose of providing employment for unemployed citizens.

HOUSE PROROGUED.

Session of the Legislature Formally Brought to a Close.

The attendance at the ceremonies in connection with the prorgation of the Local Legislature yesterday was very slim. Only three or four members of the House, besides the Cabinet Ministers, were present, and only a few ladies and private citizens turned out to see the Lieutenant-Governor in gold lace.

His Honor, on entering the chamber, was attended by his A.D.C., Commander Law, and Capt. Kirkpatrick, and Col. Otter, D.A.G., Col. Buchan, Col. Graveley, Major Lessard, Capt. Cartwright and Capt. Arthur.

The clerk of the House read over the names of the bills passed during the session. Then the Lieutenant-Governor took off his cocked hat, put it on again, delivered his formal speech, reviewing the work of the Assembly, and the House was declared prorogued.

Appointments Made.

Geo. T. McKeough of Chatham has been made a coroner; C. G. Jarvis of London, a notary public; Thos. Cahill, clerk of the Fifth Division Court of Nipissing, and Hezekiah Kerich, bailiff of the First Division Court of Nipissing.

Following companies have been incorporated: The T. H. Lee & Son Co. of Toronto, the Kingston Ladies' College Co., the Sault Ste. Marie Tug Co., the Balm Medicine Co. of Toronto, and the Cornwall Street Railway Co.

THE SLATER SHOE

A MISSIONARY'S WORK.

HIS ADVICE SAVED A YOUNG GIRL'S LIFE.

She was Pale, Almost Bloodless and Subject to All the Distressing Symptoms of Anæmia—A Statement Every Parent Should Read Carefully.

One of the most melancholy features of our nineteenth century civilization is the large number of pale, listless young girls to be met with in every walk of life. Too frequently parents do not recognize that there is anything seriously wrong, until at last they are forced to admit that their child is in a decline, and when treatment is then taken up it is often too late, and a loved one is followed to an untimely grave. A pale or waxy complexion denotes anaemia—in other words, poverty of the blood—which if not corrected in time, by gradual stages leads to an early grave. Among the symptoms denoting poverty of the blood are severe headaches, loss of appetite, dizziness, fainting spells, violent palpitation of the heart on slight exertion, etc. The patient may have one, or more, of all of these symptoms; the more of them shown the more critical is the condition, and the more urgent the necessity for prompt and effective treatment. In this emergency Dr. Williams' Pink Pills for Pale People are beyond all comparison the most valuable remedy known. They act promptly and effectively, supplying the blood with its lacking constituents, and assist in absorbing oxygen, the great supporter of all organic life, thus driving disease from the system, and restoring the bloom of health to pallid cheeks.

That the claims made on behalf of Dr. Williams' Pink Pills are not overstated is amply borne out by the following letter from the Rev. David Forbes, missionary, Poplar Dale, Algoma, Ont. Mr. Forbes writes: "I feel that I would be remiss in my duty did I not write to let you know the wonderful benefit derived by a young lady here from the use of your Pink Pills. Miss Mary Martin, the young lady referred to, was taken sick two years ago, and all the medical treatment she underwent proved of no avail. Visiting the family in my capacity as missionary, I saw with sorrow that unless something was done to avert the progress of her trouble she would not be long for this world. She was pale, almost bloodless, and subject to all the distressing symptoms which accompany anaemia, and bring the victim to an early grave. I urged the parents to try Dr. Williams' Pink Pills. They acted upon my advice, and I am rejoiced to say that they have fully and entirely restored her health, and in the rosy cheeked girl of to-day you would not recognize the invalid of a short time before. The words of her grateful mother to me were these: 'We have to thank you, Mr. Forbes, for recommending Dr. Williams' Pink Pills. They have saved our daughter's life and we are more grateful than we can say, hastened into the press to give you permission to send this testimonial in the hope that some one in similar circumstances may be benefited.'"

Rev. Mr. Forbes has done a splendid service in calling the attention of parents to the fact that Dr. Williams' Pink Pills will speedily restore the bloom of health to the cheeks of thin, pale and enfeebled daughters. They arrest irregularities, strengthen the system at a critical period, and bring joy and health and strength where before had been weakness and despair.

As a spring medicine Dr. Williams' Pink Pills far surpass all other remedies. Their action on the blood and nerves is prompt, and the effect is wonderful. Lassitude gives way to a feeling of renewed energy, and the lurking seeds of disease resulting from the in-door confinement of the winter months are speedily expelled from the system. These pills are sold only in boxes, the wrapper around which bears the full trade mark, "Dr. Williams' Pink Pills for Pale People." A pill, even if colored pink, offered in any other form is a fraudulent imitation, and should be promptly refused. Buyers will protect themselves against imposition by bearing this in mind.
