BURLESQUE GAME WINDS UP SENIOR GROUP HERE

Western U. Beat Sarnia Aggregation of Misfits By 16 to 1 in Game That Created More Comedy Than Anything Else.

[BY BERT PERRY.]

Burlesque hockey was inflicted on London fans at the Arena last night at a supposedly Northern League game between Sarnia and Western University. Fortunately for the fans only a few of them happened to be present. Western U. won by the score of 16 to 1, the aggregation of gents representing Sarnia showing about as much real hockey as a flock of tin soldiers. The local team was also plugged up for the occasion, McAvoy and Hall not being on the line-up. McAvoy was a spectator, and Hall was referee. At least, Alf was supposed to have been referee, but owing to the bell freezing up while he was carrying it around, the game was largely played without any direction whatever. After strenuous efforts at half time, Hall was able to thaw out the bell partly, and in the last period he sounded it once in a while.

Found the Real Dubs.

As a game of hockey, there was no redeeming feature to the affair. The few fans who were present got a lot of amusement out of "kidding" the players, and some funny things were yelled from the sides. The Sarnia seven came on the ice with a "no-fair-shoving" expression on their faces, and that is the kind of hockey they played. Prout, in goal, was the only regular on the team. The others were misfits, and those who wondered what became of the famous Sarnia "Dubs" could have found a brand new outfit that fully lived up to the name.

The real Sarnia team had not recovered from the Ingersoll series, and Jim Grannary, Dick Leseuer and other notables on the line-up were too stiff and sore to make the trip to London. The Sarnia management also deemed it unadvisable to take a chance on a game that counted nothing at all.

Some Shifts on Local Line-Up.

James Noble Kenny, or Noble James Kenny, to give the Port Arthur lad his full name, replaced Hall on the defence, and "Swifty" Morenz took Arthurs' place on the wing, while George went to rover to fill the vacancy caused by Amby McAvoy. The team looked good because the opposition was reduced to a minus quantity. As one fan sagely remarked, "Well, you can't do this to the regular team, anyway."

This Looked Like Hockey.

That the players were really trying to stage some kind of a game was demonstrated by the fact that the ice was all cluttered up with snow at half time, and it was necessary to clean it off before the second period began. The sight of the fellows with the scrapers gave the thing an appearance of a hockey match at any rate. Before the ice was scraped, Western U. went out and scored eight goals, while the Sarnia seven positively refused to gather a single tally. In the second half a fat youth named Spence, who exerted himself up and down left wing for the visitors, accidentally shot the only tally for the Tunnel Town team, just after play started. Immediately one of the fans got up and wanted to know who the guilty wretch was. The rumor that Chapman was talking to one of the fans in the gallery when the shot was made could not be confirmed. The absence of any fans in the gallery gave the rumor a fishy sort of appearance.

Goalkeeper Makes a Rush.

Some excitement occurred in the second period when Goalkeeper Prout, of the visiting seven, tried to make a lone rush down the rink. He had been playing the whole defence game up to that time, and he no doubt wanted to go after all the honors on the forward line, too. Had the middle of the rink been any farther away than it was, it would have been necessary to have hired a truck to get him down to the Western goal. As it was, the middle of the rink was plenty far enough for him, and he managed to get back to his goal without the aid of the pulmotor. Gus Edwards also took a turn in the London nets while Chapple was playing out in front. As a goalkeeper, Chappie had gathered in a few flies and thrown a couple of guys out at second base. His beautiful one-hand catch of what looked like a home run was a feature.

Ross Took a Turn on Line.

Johnny Ross also took a turn on the forward line, and he managed to score a fair portion of the sixteen goals because of this. As a stick-handler, "Mushy" is all to the merry. Ritchie, Arthurs, Kenny, Morenz and Edwards all worked hard, and got a lot of fun for their efforts. Arthurs played with such rip and dash at times that one of the Sarnia players up and asked him if he was peeved about anything.

"Old King" Brady, for Sarnia, together with Prout and Spence, looked like the best of the visiting aggregation.

The teams lined-up as follows:

Sarnia.		Western U.
Prout	Goal	Chapman
Brady	R. defence	Kenny
George	L. defence	Ross
Short	Rover	Arthurs
Joss	Centre	Ritchie
Carson	R. wing	Edwards
Spence	L. wing	Morenz

SECOND WATERLOO FOR FREDDIE WELSH

Joe Shugrue Too Much For World's Champion.

JERSEY BOY REAL BOXER

Welsh Fought Faster Than in Previous Battle, But Was Worsted.

NEW YORK, Feb. 9.—Joe Shugrue, the Jersey City lightweight, again proved too much for Freddie Welsh, world's champion of that class, in a 10-round bout at Madison Square Garden, here tonight.

In their previous meeting here, Welsh had the better of it in only two of the rounds, but in tonight's battle his best efforts earned him no better than an even break in two rounds—the sixth and seventh. Shugrue led in all the others. The boxers weighed in, as agreed, under 135 pounds at 3 o'clock this afternoon. Their ringside weights were: Welsh, 135 1-2; Shugrue, 135.

Welsh fought faster than in his previous battle with the Jersey lad, but Shugrue showed marked improvement in cleverness. In fact, the Jersey boy at times outboxed the champion and was far better in the mixups. He met Welsh coming in with stiff punches to the body, while the Englishman frequently sent over hard lefts to the face. Many times Shugrue surprised the onlookers by blocking these lefts, and caused the champion to miss as often as he himself did.

The champion found it necessary to fight his best to make a showing against the Jersey lad's heavy work. Neither showed any marks of the battle.

Peace River Man Racing With Dog Sleigh for Chicago to Win $1,000 Prize.

DULUTH, Feb. 9.—Traveling three thousand miles in a dog sled drawn by "huskies" to win a wager of $1,000, Jack Hughes, prospector and trader, from the Peace River country, arrived in Duluth today from Virginia, Minn.

Hughes has covered about 2,500 miles of the three thousand, and has till February 20 to finish the last 500 miles. He left Fort Chippewa, in the extreme northeast corner of the province of Alberta, October 20, with five dogs to prove that he could reach Chicago in four months, drawn by his dogs.

When he reached Duluth, Hughes' outfit consisted of but three dogs and his sled. Two of the dogs were worn out on the trip. The other three are in good condition although footsore.

NATIONAL AGAINST RECALLING WAIVERS

Makes Rule Preventing Waivers Being Recalled After Once Made — Schedule Adopted.

New York, Feb. 10.—Approval of the 1915 playing schedule, the adoption of a new waiver rule and an official decision to withhold New York territorial rights sought by the International League in the Bronx, constituted the program before the National League today.

The league yesterday discussed the recalling of waivers. This custom has been abused during the past few seasons, and a rule against the recall of waivers after they are once made probably will be approved today.

Harry N. Hempstead, president of the Giants, has declared himself against permitting the International to put a team in the Bronx, which is equivalent to a decision against the minor league, as Mr. Hempstead's organized baseball rights would be violated. This question came up at the meeting of the National League yesterday, and after some discussion was laid over until today for final adjustment. President Tener also is against allowing the minor league to invade the Bronx, and it is thought possible that the other delegates will accede to the wishes of Mr. Hempstead without further argument.

There are rumors of many trades. The Philadelphia Club is involved in several proposed deals, but the only one Manager Moran is sure of is the trade of Adams, Stock and Demaree, of the Giants, for Hans Lobert. The deal with Boston will not be settled until later in the year on account of the illness of Manager George Stallings, of the Braves.

Managers Moran, Herzog and Bresnahan are said to be arranging a trade. Infielder Niehoff of the Reds, is wanted by both the Cubs and Phillies, and it was said that the complication would result in a big three-cornered deal between these clubs.

I tell you this baseball don't pay.

Hughie Jennings has given up the stage because it is wearing on one's nerves. No doubt Hughie began to imagine how the audience was taking it.

Whenever we see Jimmy Grannary playing hockey we are driven to wonder on what football team Jimmy first learned to play hockey.

Poor old Berlin! If the juniors get put out of the running, all the fans in that town have to go and see play hockey is the intermediates. Sad, is it not?

We unriveted our gaze from last night's swindle at the Arena long enough to look across the rink and see five charming young ladies seated in one of the boxes. On the side of the box was a line in big letter: "It Is impossible to Buy Better." Be believed it.

The young gent who reports the Church League games remarks that the Presbyterians won all three by tight scores. That's the Scotch of it.

WHY SPORTING EDITORS DIE YOUNG.

Because three or four times every week they have to sit for a couple of hours in a cold rink watching a lot of violent youths chasing a rubber disc up and down the ice.

"Rube" Deneau to Lead the Brants," is a heading. Yes, but that doesn't prevent the other seven clubs in the league from doing it, too.

Do you ever try to account for the fact that the crowd refrains from feeding the players peanuts during a hockey match? Neither do we.

All that was needed last night to make a real burlesque was the presence of J. Harry Fowler and us out on the ice on a pair of skates. Some scream.

We are quite positive that had last night's game lingered along for a couple of hours longer, it would have been Sarnia's turn to score another goal.

BIG TOWN MAY FILCH NEWARK'S FED. FRANCHISE

Deal Under Way In New York That May Land Outlaw League at Bronx.

NEW YORK, Feb. 9.—Newark is not at all positive of getting a Federal League franchise next season, it developed tonight. Until later today that city believed itself assured of early admission to the Federal League, but a proposition was made to the local Federal League office this afternoon by a Bronx real estate firm, which may entirely change the present situation.

The name of the company has not yet been made public, but it is known to own valuable lands in the Borough of the Bronx, and it is willing to give a $100,000 plot of land, and agree to build concrete stands, it is said, if the Federal League will award it a franchise and supply it with good players.

The plot of land indicated in centrally located. The real estate men's proposition has been sent to President Gilmore and R. R. Ward, president of the Brooklyn Federals, who is now in Pinehurst, N. C., and will be given serious attention, it is declared. Gilmore, Federal League men say, has been strongly in favor of a New York Federal League team, and recently was quoted as saying that even if the club should lose money in New York, it would pay the league, because of the value of New York on the road as an attraction in such cities as Baltimore, Buffalo and Indianapolis.

RIVERSIDES SCORED 16 GOALS ON TORONTO VARSITY

Collegians Played Patched Up Team and Were Easily Overcome.

TORONTO, Feb. 9.—Riversides closed their O. H. A. season tonight at Riverdale Rink with a victory over the University of Toronto. The final score was 16 to 3. Neither team was at full strength, particularly the collegians, who placed a make-shift aggregation on the ice.

Levesque and Wilson were the only regulars on the U. of T. line-up, and were best for the losers. Levesque was given his usual bombardment, and was the busiest man on the ice. The winners found little trouble in penetrating the losers' defence.

The line-up:

Riversides	Position	U. of T.
Turner	Goal	Levesque
Reesor	Defence	Del sle
Dennison	Defence	Mills
Crane	Rover	Wilson
Allen	Centre	Catto
Dopp	Forward	Dafoe

Has Only Nineteen Minutes To Run Race and Catch Train.

New York, Feb. 10.—Jos. G. Loomis, a Chicago sprinter, will continue sprinting after he crosses the tape in the 70-yard scratch race at the New York Athletic Club indoor meet at Madison Square Garden tonight, and will dash on through the lobby and the main entrance into a waiting taxicab at the curb. In the taxicab Loomis plans to change to travelling clothes, and if possible reach the Grand Central terminal in time to catch an 8:35 train.

The 70-yard scratch race in which he has come from Chicago to run is set for 8:15. This will give him nineteen minutes in which to run the race and catch his train.

The entry list contains practically every name now prominent on track and field, including George Goulding, of Toronto.

UP TO PAT POWERS TO PUT TEAM IN NEW YORK

Chicago, Feb. 10.—Whether a Federal League club will be located in Newark or in the Bronx is entirely in the hands of Patrick T. Powers, according to President Gilmore, who said he had not heard from the Bronx real estate men who offered to build a stand in a desirable location if given a franchise.

"The last I heard from Powers he did not know where the club would be located, whether in New York or Newark," said Gilmore. "It is up to him."

HEMPSTEAD BLOCKS JERSEY CITY DEAL

Objects to International Invasion of Bronx.

BARROW CALLS MEETING

Says Major Leagues Will Be Sorry If Request Is Turned Down.

NEW YORK, Feb. 9.—President Harry Hempstead, of the New York Nationals, said tonight that he was opposed to the International League transferring its Jersey City franchise to the Bronx. Hempstead said he did not think the matter would again come before the National League meeting. His objection, if persisted in, is enough to block the proposition.

"I do not see why we should agree to have any club enter our territory," said President Hempstead. We are in business here, with an understanding that our territory shall be protected. So far no club has ever voluntarily permitted another league to invade its territory and schedule conflicting games.

"The only time clubs were permitted to enter other clubs grounds was when they fought to get in, as was the case in the American League war, and during the Federal invasion."

President Barrow, of the International League, said he would be sorely disappointed if his request for a New York team is flatly turned down.

"I think the major leagues will be sorry if they make such a move. I have always been a strong organized baseball man, and I think we deserve help at the present time."

President Barrow, of the International League, has sent out a call for a spring meeting to be held in this city on February 15. Each club is supposed to deposit $10,000 with the club president at this meeting, to serve as a war fund.
