Day's Doings in YORK COUNTY — West Toronto, North Toronto, East Toronto

COUNTY DOINGS FROM OVER A WIDE CIRCUIT

Well-Known Stock Man Is Selling Out—Tragic Death In West Toronto—Suburbs.

MILLIKENS' CORNERS, March 19.—(Special.)—A great deal of interest centres in the high-class stock sale of L. E. Morgan, which takes place on Tuesday, March 26th, near this village. Mr. Morgan is one of Markham Township's progressive farmers and has done much to maintain the high standard already attained by this municipality in respect to live stock and good farming. He has been eminently successful at all the local and provincial shows, and it is gratifying to know that, while retiring from farming, he will still remain in the township, removing in the spring to Unionville.

The warm weather of the last day or two has seriously impaired the sleighing and a few days more of this weather will render some of the roads difficult to negotiate. Friday's storm was, however, one of the very worst of the season, and the north and south roads are only recovering from the blizzard.

An innovation, and one which will be greatly appreciated by the people in this neighborhood, is the fact that the evening mail from the south will in the future be distributed the same day being put off at the station here. Mr. Prentice and other local men have interested themselves to secure this advantage and convenience to the district which will be greatly appreciated.

Mr. Johnston, who has for some time resided on the Chapman farm to the east of the village is removing and Mr. Fuller of the 2nd concession of Markham, near Thornhill, will succeed him.

The many friends of Mrs. Adam Hood will learn with pleasure that she is somewhat improved.

WEST TORONTO

Otto Snyder, an Electrician, Meets Tragic Death.

WEST TORONTO, March 19.—(Special).—While at work near the Canada Optic & Motor Co.'s factories on Keele-street, about 11 o'clock this morning, Otto Snyder, an electrician in the employ of the Interurban Electric Light Co., was electrocuted. He was working as a lineman assisting in the stringing of wires along the company's lines on Keele-street, and in reaching after a slack wire came in contact with one of the high voltage wires already in use.

The lineman's strap prevented the body from falling to the ground and it was badly burned before it could be released, the high current making it necessary to turn the power off for this purpose.

Deceased was 40 years of age, and was married, his home being at No. 11 Berkeley Apartments. He was formerly working for the Hydro Electric, but left their employ about a week ago.

Coroner G. W. Clendenan opened and adjourned an inquest in Speer's Undertaking establishment to-night.

Victoria Lodge, A. F. and A. M., held their annual pastmasters' night in the Masonic Temple, Annette-street, to night, when all the officers' chairs were filled, and the work put thru by past of fraternal visitors were present. Arrangements were completed last night at the committee meeting for Shekinah Chapter's (R.A.M.) annual ladies' night, which will be held to-morrow night in the Temple.

The Delta Alpha Society, the young people's organization of the Davenport Methodist Church, held a very enjoyable St. Patrick's party in their rooms to-night, when everything on the program was thoroly Irish in character.

Carlton West Lodge, No. 38, Canadian Order of Home Circles, held an open night in St. James' Hall to-night when the members and their friends enjoyed an excellent voluntary program and the banquet, which followed it. A number of Supreme Circle officers were present, including the Past Supreme leader, W. Stark, and the Supreme Secretary, J. M. Foster. Among those taking part in the program were: Misses E. Smith, A. Wack, O. Goodman, L. Smith and Messrs. Sinforth and McEwen. Master Fred Bain gave several Irish selections. Mr. W. Chapman acted as chairman.

YORK COUNTY ESTATES.

The late John George Leith of Georgina, who died in March, 1910, left an estate valued at $6346, of which $5000 is landed property. The will disposes of the estate as follows: "To my son, Alexander Leith, I give the east half of lot 6, subject to a legacy of $500 to my daughter, Susan Prosser, also subject to the use and occupation of my wife, Jane P. Leith, for her natural life, of small frame dwelling house and the use of two cows and firewood prepared and delivered ready for use in the stove." The son gets the residue of the estate.

Another estate is that of Alexander Anderson of East Gwillimbury, who died November 11, who left $700, being the value of a small brick house and frame shop in the village of Queensville. The brother and sisters of deceased, James R. Anderson and Christina Billings, get the estate, share and share alike.

TODMORDEN

TODMORDEN, March 19.—(Special.)—The last smoker of the season given by the East York Township Association will be held in Bater's Hall on Thursday night, March 21st. It is expected that R. R. Gamey, M.L.A., A. McCowan, M.L.A., W. A. Sherwood, Controller Church and ex-Controller Hubbard will be present, among others. A good program of local talent and smokers' supplies will be contributed to all comers. Chair taken at 8 o'clock sharp. Everybody welcome.

MARKHAM VILLAGE.

MARKHAM VILLAGE, March 19.—(Special.)—George W. Wilson has bought for $1800 the brick residence formerly occupied by D. E. Jones.

Dr. F. W. Rolph of Toronto, who has been visiting at the old home, leaves shortly for Germany, where he specializes in one of two departments.

But for the prompt action of a sleigh load of young people returning from the Locust Hill Rink, James Garbutt would have been minus his house and contents a few nights ago. As it was, about $100 damage was done to the furniture.

BOX GROVE.

BOX GROVE, March 19.—(Special.)—The regular meeting of the Box Grove branch of the E. Y. W. Institute will be held at the home of Mrs. William Tranz, Cedar Grove, on Thursday, March 21st, at 2.30 p.m. Rev. Mr. Moir will be present among others and address the gathering and a big attendance is earnestly called for. All ladies welcome.

NORTH TORONTO.

Big Rush of Water Disconcerts New Sewer System.

NORTH TORONTO, March 19.—(Special.)—The big down rush of water today following the warm spell caused a small-sized panic in the town, especially in the low-lying spots, flooded cellars being the rule, while the sewer running down thru the Pears estate and around Charlie Meurphy's corner went on the rampage. No serious damage is known so far to have occurred and the trouble along the sewer route is caused, according to Engineer James, by improper manhole coverings admitting a great volume of water which later discharges south of Merton-street into the stream there, and which the sewer pipe was simply unable to carry off. Mr. James has recommended to the council an improved type of covering for the manholes which will effectually do away with a recurrence of this trouble.

Over on Bayview-avenue T. Aird Murray, C.E., the engineer in charge of the work, has run up against an exceptionally hard proposition in the character of the work on the remaining end of the job. A pump has been kept going steadily day and night since the latter part of December in order to keep the working reasonably clear of water and with only indifferent success. The cutting is very deep and the whole work is being carried on under adverse conditions, but so far there is no intimation that the system will not be completed at the time specified.

In some quarters there is a disposition to blame the council with refusing to go ahead and complete the Yonge-street section yet remaining south of Davisville as it is claimed that the interruption to traffic would have been less during the winter months than in the spring and summer when building operations will be unusually active and Yonge-street correspondingly congested.

North Toronto Council, 432, C.O.C.F., celebrate their 25th anniversary by a progressive euchre and dance in the Masonic Hall on Monday evening, March 25th.

The St. Patrick's banquet given by the men of the Davisville Methodist Church to-night was a great success, the building being crowded to the doors while the menu and program was all that could be desired. As in former years, the proceedings were entirely in the hands of the gentlemen, and they acquitted themselves with infinite credit.

CARD OF THANKS.

Robert Davidson, 244 Wellesley-street, and John L. Davidson, 282 Wellesley-street, desire to sincerely thank the many friends who so freely manifested their sympathy for them in their recent bereavement in the loss of a beloved wife and mother, and also for the many precious tokens so freely bestowed both before and after her death, of their respect and love for the deceased, which are a source of strength and comfort to them in their present trial.

WESTON

The Royal English Hand Bell Ringers will give a musical entertainment this evening in the Methodist Church. A program consisting of bell ringing, vocal music and humorous reading will be rendered. This promises to be the best entertainment given during the season in Weston.

EXTENSIVE CREDIT SALE

of high quality farm stock, implements, furniture, etc., on Monday, March 25th, 1912, at lot 34, Con. C, Scarboro, the valuable property of Frank Law. Sale at 1 o'clock sharp.

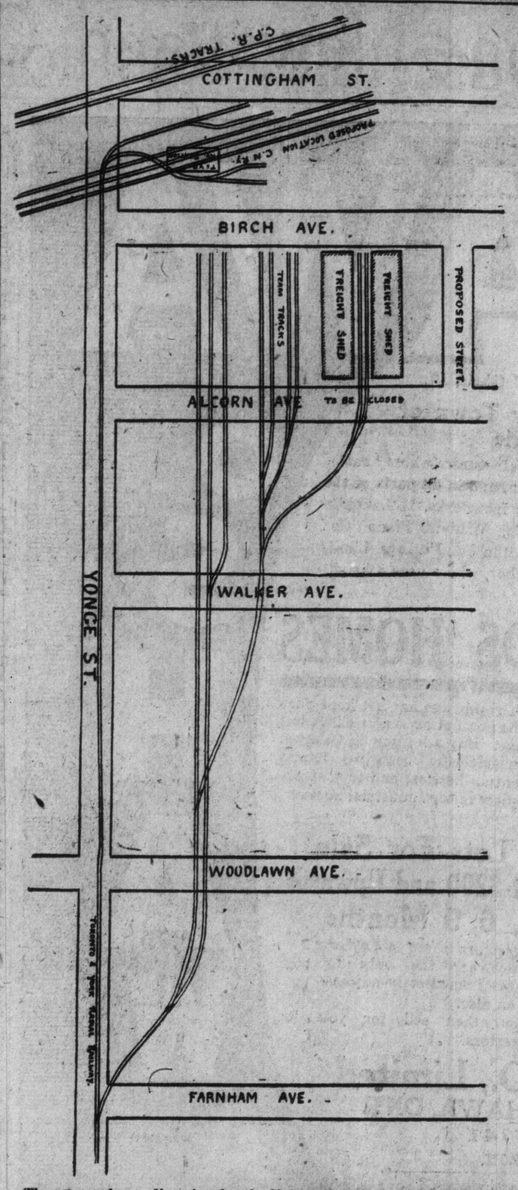
BELDAM & INGLETON, Auctioneers.
3456

CREDIT SALE.

Credit Sale, Thursday, March 21, 1912: Farm stock, implements, etc., on Lot 7, rear Concession 2, township of Markham, the property of Bannon Bros. Sale at 12 o'clock noon. John H. Prentice, Auctioneer.

AUCTION SALE.

Messrs. Beldam & Ingleton, auctioneers, will sell by public auction, on Friday, March 22, 1912, at lot 35, concession 6, Township of Scarboro, the farm stock, implements, harness and furniture of Joseph Armstrong. Amongst the horses and cattle are many registered and high grade animals. The farm implements are up-to-date and in good order. Sale commences sharp at 1 o'clock p.m. Terms: Fat cattle, calves, pigs, hay, grain, fowl and all sums of $10 and under, cash; over that amount seven months' credit will be given on approved paper. 34



The proposed new diversion for the Metropolitan Railway from Yonge Street to its terminus at the C. P. R. crossing. The proposal is to run west just south of Farnham Avenue, and the terminal will end at Birch Avenue, carrying over Woodlawn, Walker and Alcorn Avenue by overhead construction.

WESTERN PEOPLE ARE DESPERATE

Transportation System Is Inadequate to Meet Demands and Wheat Is Rotting on the Prairies.

John L. Willis, superintendent of the Traders' Bank branches, who recently returned from a visit to the Northwest, states that the transportation situation is in desperate straits thruout all that section of Canada.

"I traveled," said he, "over the Province of Saskatchewan, especially the districts of Big River, Le Pas and Goose River, and everywhere I observed the land dotted with granaries filled with good quality wheat, but there it will stay for some time owing to inadequate carriage facilities.

"The farmers are desperate," said Mr. Willis, "and the banks, too. If a bank threatens to seize a man's wheat to cover the latter's notes, the farmers say, 'Go ahead, but what can you do with it?'

"The deepest concern of these people is the opening of a railway to Hudson Bay, and in my opinion the federal government should complete the railway froom Le Pas, the terminus of the C.N.R., to Port Nelson," concluded Mr. Willis.

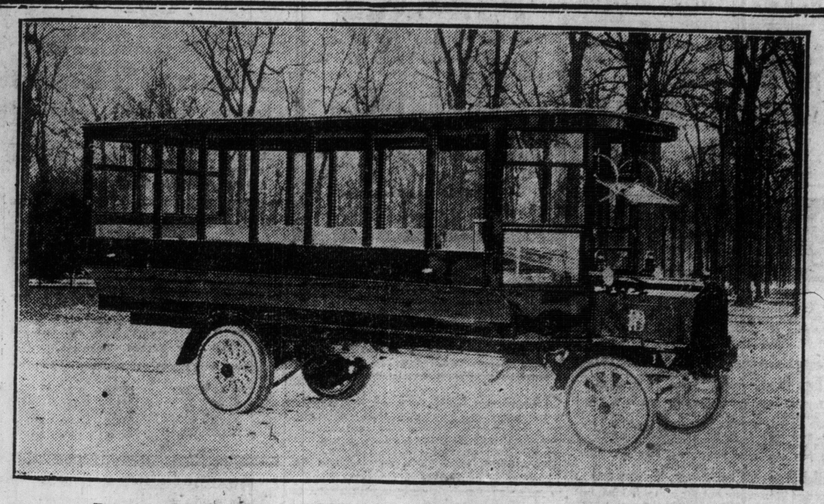
"What is a thermometer, Willie?"

"Iknow. It's a thing they have for measuring temperance."—Boston Transcript.

Mother (to Willie, who has been in mischief)—"You ought to be ashamed of yourself."

Willie—"Well, I won't do it again, but being ashamed won't do any good."—Fliegende Blatter.



Proposed New Type of Motor Bus for the Town of North Toronto

The above is a cut of the new type of electric motor buses with which Engineer James and the council of the Town of North Toronto hope to solve the vexed question of transportation in the town. These buses cost in the neighborhood of $4000 and have a seating capacity of 28, with a city street car storage capacity of about twice that number. It is calculated that four of these would furnish a service for the present, which would cover Yonge Street and Mount Pleasant Road, and that later, with the opening up of the Avenue Road district, two more would be needed to handle the traffic. Whether the service is installed or not, the plan is regarded as a fair alternative if the installation of a municipal system is found to be too costly for the town at the present time. Practical men, however, declare that a line built and owned by the town would be self-sustaining within two years. The whole question is now before a transit committee of the town.

Toothsome Elephant Steak 100,000 Years Old.

An account of a remarkable discovery made some time ago by an explorer in the extreme north of Siberia is given in a recent issue of The Paris Temps, the scientific editor of that publication telling the story.

It appears that the explorer, M. Valossovitch, was staying among the Samoyedes, when one day during the summer, he was brought an appetizing looking dish which, when tasted, he easily recognized as elephant trunk steak.

The explorer immediately made inquiry as to how elephant meat had been secured in the arctic region and found that the fore part of the prehistoric mammoth, which, it was estimated, had been buried in a snow drift at least 100,000 years, had been seen jutting out of a crevice in the ice.

The natives, who were glad to get meat from any quarter, had, it seems, been helping themselves daily to slices of the trunk, which, of course, was fully preserved.

The explorer at once secured the prize, and after many months' hard work of getting it to the nearest navigable river, 2500 miles away, the skeleton, which is in an excellent state of preservation, was taken to an island in Siberia, which is the home of the Russian scientist, Count Stenbock Fermor.

AMUSING THINGS CHILDREN SAY.

Obliging Clerk—"Well, little girl, what can I do for you to-day?"

Little Girl—"I'd like a quart of molskek. I can't say molakek, so I have to say molakek."—Lippincott's.

"Now, Johnny," said the teacher after she had explained the meaning of the word, "I wish you would write a sentence containing 'defeat.'"

After a struggle which lasted for about twenty minutes Johnny announced that he was ready to be heard.

"Please read your composition," the teacher directed.

"When you git shoes dat's too tite," Johnny read, "it's hard on de feet."—Chicago Record-Herald.

Mother," said Harold, "I've been out to the barn and taken all the shoes off the horse."

"Now, Harold," said the mother, "you are telling me a wrong story, and I shall punish you."

"No, truly, I have," persisted Harold. "I took them off and then put them on again. If you don't believe it you can go out and look for yourself."—Harper's Magazine.
