Centre Huron to South Huron. It was introduced by Mr. Cameron, the sitting member for South Huron. His election, won by eighty votes, is contested. The readjustment gives his riding two hundred extra Grit votes.

Sir John, Dr. Tupper and others strongly opposed the bill. Three ridings of Huron are now equally divided. Representation is constitutionally readjusted every ten years and should not be tampered with to suit political necessity of partizans. The debate continues.

City Police Court.

The dock was again filled this morning with persons charged with drunkenness.

Hannah Powers denied being drunk in Queen Square, but policeman McManus proved the charge and a fine of $6 or two months gaol was imposed.

Patrick Riley confessed to the same charge in North street, Henry Hamilton in Dock street, Lawrence Farren in Charlotte street, and they were fined $4 each.

George Stack confessed to the same charge in King street. As this young man is known to be able to work, but wanders the street getting drunk instead, a fine of $6 was imposed.

Jas. Powers, a sailor, was accused of drunkenness in Princess street, and also with carrying a sheath knife. He was fined $4 for drunkenness and $10 for having the knife in his possession. The knife was destroyed.

Patrick Johnston had $6 imposed on him for being arrested drunk in the Country Market, and John Dickson was fined the same amount for drunkenness in Sheffield street.

Ellen Hayes looked as tidy as possible with her scarlet jacket and neat white apron. She made confession, however, that she was drunk in Carmarthan street, and was fined $6 or two months.

David Kilfoyle was charged with assaulting Robt. Smith. Bail was accepted and the case—a rent row—will be investigated to-morrow.

Portland Police Court.

Everything was quiet last night, and the police made no arrests. They have had quite a rush of business lately and now enjoy a calm.

There will be a change made in the afternoon train next week, the train for Fredericton starting at 4.15.

The Mattawamkeag bridge, it is expected, will be ready for trains to cross a week from Monday. Passengers, mails and baggage are taken across now by twenty-four horses, with a delay of only about twenty minutes.

Fire.

An alarm of fire was sounded from Box 24 about half-past two this afternoon. The fire broke out in the roof of Dr. Livingstone's house, corner of Duke and Charlotte streets. It was extinguished without aid from the engines after a great quantity of water had been thrown on by the hose. The upper story of the house is considerably damaged by the water. The fire originated from a defect in the chimney.

Improvements.

Messrs. Fairall & Smith have lately improved the interior of their store. They have made a handsome suite of offices up stairs, and a large show room has also been added. The firm will thus be able much more satisfactorily to attend to their customers and still further increase their trade. They have also added a dress and mantle making department under the superintendence of a competent lady.

Mr. M. C. Barbour has made very extensive improvements in his store, Prince Wm. street. The front store has been enlarged and a handsome stairway has been built by which to ascend to the second flat. New counters, show cases, and other fittings have been added. In the rear of the store an addition is being built 33x14 ft., and two stories high. A large show-room will be in the lower flat and the second will be used as a work-room. The work has been done by Mr. Barteaux, builder, under direction of D. E. Dunham, Esq., architect.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs.

AMONG the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Pleurisy, Pains in the Lungs and Side, Bronchitis, Coughs, Colds, Influenza, and painful Consumption, are speedily relieved by the use of this medicine. Prepared by
