ENCOURAGING LABOR UNIONS

Hamilton Aldermen Respond to the Workingman's Demand.

Union Bricklayers and Masons to Be Employed on City Works—No Clue to the Identity of the Body Found on the Beach — Hamilton News Items.

Hamilton, June 20.—(Special.)—The Sewers Committee met this evening and transacted considerable business. The Bricklayers' and Masons' Union wrote asking that all employes in their trades be union men. The committee understood the letter to have direct reference to an employe named A. Elms, who, while receiving union wages, had conscientious objections to joining the union. On motion of Ald. Findlay it was decided that the men must belong to the union.

In connection with the petition asking for a sewer on Birch-avenue, the chairman stated that in order to carry it through from Barton to King-street right of way would have to be purchased. The matter was referred to the council.

Contracts Awarded.

Tenders were awarded as follows: Cement, R. O. & A. B. Mackay; water, blue and sulphide of aluminum, W. A. Freeman; sand, John Freeth, jr.; brick, G. F. Webb; lime, James Marshall and E. J. Guest, the tenders being equal; castings, Burrow, Stewart & Milne. The Toronto and Hamilton Sewer Pipe Company offered to supply pipe at this year's prices, but it was decided to advertise for tenders.

The City Engineer informed the committee that he could not come to terms with Mr. Ritchie in regard to extras for the interception works. Mr. Ritchie asked $1300, the Engineer offered $733. It was agreed to pay $500 on account, and a subcommittee was appointed to look into the matter of the balance.

J. J. Armstrong was awarded the contract to construct a sewer on Bay-street from Hunter to Bold, at 54 cents a foot.

An Indefinite Verdict.

The inquest on the death of the unknown man found on the shore of the beach last Thursday, was continued at Fitch's Hotel to-night, Coroner Griffin presiding. Crown Attorney Crerar conducted the examination of the witnesses, Dr. Rennie and Dr. Olmsted read the report of the post mortem examination, stating that death was not due to drowning—that he was either unconscious or dead when he got into the water. George and Robert Corey testified to finding the body, and Constable Hazell said all he found on the body, which was well dressed, was 35 cents in American money and a pair of tan kid gloves. The jury's verdict was to the effect that the unknown man came to his death in an unknown way.

Fell on His Head.

Albert Webber, a conductor in the employ of the city Street Railway Company, fell from his car on King-street east to-day, and was carried to his home on Stevens-street in an unconscious condition.

Police Briefs.

This morning Wesley Vanstickle, butcher, and Ed. Taylor, both of Lynden, were fined $20 each and costs by Magistrate Jelfs for throwing a plank through a window in the residence of Charles Zeller, also of Lynden.

Mrs. Jane Crofton and Mrs. Sarah Quinn, who were arrested in Mills' departmental store on Saturday night on a charge of shop-lifting, were committed for trial this morning on charges of stealing from Mills & Co., and A. R. Kerr & Co.

Stephen Clarkson of Ancaster was committed for trial by the Dundas Police Magistrate this morning on a charge of incest.

The World on the Beach.

The World is now being delivered along the Beach by our own carrier boy, 25c per month. Order direct from office, 70 King-street east, or telephone 964.

Minor Matters.

Walter R. Stewart of Toronto was married here to Miss Florence C. Chapman, 93 Queen-street north.

The inquest on the death of John Wren, the bicyclist, has been adjourned till Thursday night.

Charles S. Foster, Park-street, the well-known expressman, died yesterday. The body will be buried at Millgrove.

The Hamilton, Ancaster & Chedoke Railway Company have elected the following officers: E A Clifford, president; Ed Henderson, vice-president; W F Walker, secretary-treasurer. About $30,000 has been subscribed toward the building of the road, but $10,000 more is needed.

David Hastings of The Herald has gone to Cleveland to attend the convention of the Pressmen of America.

Hon. J. M. Gibson says there is no truth in the report that W. M. German, M.L.A., Welland, is to retire to make room for him.

A gas jet set fire to some curtains in J. F. Fralick's house, 21 Bay-street south, this evening. The firemen were called out, but the damage was slight. On the way Chief Aitchison was thrown out of his rig, and hurt on the shoulder.

An anniversary social in connection with Rev. Dr. Fraser's induction as pastor was held this evening in Knox Church school room. There were addresses by Rev. Mr. Knowles of Galt, and Rev. Dr. Fraser, and a number of musical selections were given.

COMFORT.

Some folks—who would not wear shoes that pinch—will still tolerate ill-fitting Artificial Plates—that produce far greater discomfort—besides being a disadvantage to personal appearance and a menace to health.

Our Plates fit. They must come up to the high standard of absolute excellence in comfort and satisfaction to the patient before leaving our hands.

Set of Teeth	$5 00
Best set on Rubber	7 50
Best set on Aluminum	$10 to 20 00
Best set on 20k Gold	40 00

Extraction Free when Plates are Ordered.

WAITING FOR SHAFTER.

Continued from Page 1.

here that the present plan contemplates these movements:

First, the establishment of headquarters by General Miles at Santiago, where he can direct the operations against Porto Rico, the town of Port de Banes, Gibara, Holguin, Nuevitas and Puerto Principe, on the north coast of Cuba, and Cienfuegos, on the south coast of Cuba.

The occupation of Manila by American troops as soon as the first expedition reaches the Philippines, without waiting for the second military force.

The formation of a flying squadron, having for its object the interception of Camara's fleet, on the assumption that it is coming.

The rushing of the Porto Rican expedition for the purpose of capturing San Juan before Camara's fleet can make that port a base of supplies and harbor of refuge.

The preparation of infantry and artillery troops at a southern point, and the sending of them to Shafter as soon as he announces the need of more men.

The investment of the western half of Cuba by at least 170,000 men, which, with the 30,000 soon to be in the eastern part of the island, will give a combined American force of 200,000 men in Cuba.

The war council, it seems, approved of the proposition for General Miles to establish headquarters at Santiago, which can be made after its capture the base of supplies for active operations against Porto Rico, as well as the towns in the eastern end of Cuba.

The Council discussed the possibility but improbability of Camara going east. It was assumed that the Admiral would realize that before he could reach Manila the Monadnock and the Monterey and the cruiser Charleston would be there as a reinforcement to Dewey, and that he would be attempting to succor an already conquered territory.

General Miles had the satisfaction of seeing his view as to the number of men required for Cuban subjugation finally accepted. The conclusion was reached that to do the work properly an additional army of 170,000 would be needed.

An army aggregating 100,000 men will be required for the investment of Havana alone, that city having under arms some 65,000 troops. A force of at least 25,000 will be needed for Cienfuegos, and suitable provision will have to be made for towns of Matanzas, Mariel, Cardenas, Bahia Honda and Sagua.

This means a third call for 75,000 volunteers. The call is not likely to be issued before those responding to the second call are mustered in, which mustering process is expected to consume ten days or two weeks.

"I am going to Cuba. That much is certain," said General Miles to The Journal. "When I am going, or to what particular part of the field I am going, I do not care to say."

GENERAL MONET KILLED.

Insurgents Attacked Him From an Ambush—Native Troops Kill Their Officers.

Hong Kong, June 20.—According to advices from Manila, dated June 17, it was reported there then that General Monet, coming southward with 3000 mixed troops from Salacan, 30 miles north of Manila, found the railway line blocked, and was taken by ambush by the insurgents. Fierce fighting ensued, and was carried on for three days, during which General Monet was killed. The native troops joined the insurgents and the Spaniards who were left, about 500, surrendered.

A battalion at Panga of native militia, supposed to be particularly loyal, began shooting its officers and killed five, when the insurgents attacked Marabon. The Spanish succeeded in disarming and imprisoning a portion of them, but they escaped, when the insurgents captured Marahon.

At Zapote also a whole regiment revolted at a critical moment. The authorities still use mixed forces, with the result that insurgent riflemen are frequently found to have passed the sentries and to be creeping along under cover and firing upon the Spaniards from behind.

The correspondent of the Associated Press pays a daily visit to the outposts at Tondo, Santa Tesa, Santa Ana and Malate, but there is no perceptible movement, though there is constant firing, which is for the most part ineffective. Nothing is visible among the trees. The insurgents, who fire sparingly, draw abundant Spanish volleys, especially at night. The Spaniards incessantly squander tons of ammunition into the shadows of the thicket, apparently in the hope of quickly exhausting their stock and being in a position to surrender honorably after a hopeless fight.

In the meantime the Spanish commanders have been ordered to burn the villager's huts outside the town, so as to deprive the enemy of shelter, and hundreds of peaceful natives are homeless.

There was a great feast at Cavite on June 12, when a declaration of independence was formally made by Aguinaldo. He had invited the American officers to be present, but none accepted. Aguinaldo is reported to have advocated autonomy under American protection, similar to the British protectorates.

ENGLISHMEN ARRESTED AS SPIES.

Sugarmakers at San Juan, Porto Rico, Thrown Into Prison.

Fort de France, Martinique, June 20.—Edgar H. Marshall, Shine Davidson and John Gordon, three Englishmen, employes of the Canobanas sugar factory, at Carolina, which belongs to the New Colonial Company of London, were arrested Thursday as American spies.

They were arrested outside the British Consulate at San Juan, and were taken immediately to the police station, despite the protests of Mr. Findley, British Vice-Consul, who witnessed the arrests from the Consulate window.

Mr. Findley went to the Palace and demanded the release of the British subjects. Despite this, they were held six hours in prison, and finally placed aboard the French steamer St. Simon, now here.

Vice-Consul Findley filed a formal protest, which Governor Macias ignored. Thereupon Mr. Findley cabled to London that every Englishman in Porto Rico was suspected of American sympathy, and that many, like Davidson, Gordon and Marshall, may be similarly treated.

British Consul Crawford is ill, and Vice-Consul Findley, who has been here thirty years a resident of Porto Rico, is unable to protect subjects.

Britons to-day cabled to Queen Victoria, asking for protection, and requesting that a warship be sent to San Juan.

Red Cross Boat Sails.

Key West, Fla., June 20.—The Red Cross Society's steamer State of Texas, with Miss Clara Barton on board, sailed to-day.

Knocked Out Twice.

Rochester, June 20.—Tommy Dixon knocked out Billy Tweedle twice in his fight at the Rienzi Athletic Club to-night. The first time was at the end of the fourth round, Dixon landing a lightning blow on Tweedle's jaw just as the bell sounded. Tweedle lay motionless, and his seconds had to drag him to his corner. They fought just a minute in the fifth round, when Dixon landed a right and left swing and had Tweedle unable to guard himself. The Chief of Police then ordered Referee Dunkorst to stop the fight.

COUNTY AND SUBURBAN

Toronto Junction, June 20.—(Special.)—The High School Board will refer the decision of the County Council, in reference to the grant to the town high school, to the county judge. Preliminary steps have already been taken.

Thomas Prince will attend the Grand Lodge of C.O.O.F. at Galt, June 21, 22 and 23, as representative of Parkdale Lodge.

A deputation of business men from Toronto Junction waited upon the Hon. Minister of Customs, Mr. Paterson, this afternoon, and urged upon him the necessity for a customs office at this point. Among the deputation were: Mr. Archibald Campbell, M.P., Mr. Thomas, Manager Lozier, bicycle factory; Mr. May, Dodge Wood Split Pulley Co.; R. C. Jennings, manager Bank of Commerce; Mr. F. Folkes, manager Wilkinson Plow Co.; and the Mayor, Dr. G. W. Clendenan. The Minister promised a favorable consideration, especially as it was shown that the Junction would benefit, and that no extra expense would be entailed as the work could be done by the Toronto Customs staff.

The disappearance of Edwin Weelands, teller at the Molsons Bank, still continues to be the topic of conversation, but as all the depositors have been notified by registered letter how their accounts stand with the bank, and there have been no complaints made, there is a growing feeling pervading the community that he did not leave on account of any defalcations. The most distressing part of the affair seems to be the fact that Weeland's wife was at Owen Sound when he left, and stepped off the train that morning to give her husband a surprise. The surprise she received is the most touching part of the incident. Much has been said of his return to the bank early the following morning and opening the outer door of the safe, but this act shows nothing. It was the customary thing for him to do on going to work, and was necessary in order for him to reach the books. It is generally thought that having allowed the statement to go by telephone from Kiernan's drug store that he was ill, which resulted in the inspector and manager looking him up at his residence, that he became timid, and dared not face the inspector to make an explanation.

The Governor-General's Body Guard spent most of to-day at the Long Branch ranges, where target practice at 200 and 400 yards constituted the program. The light was not good, and, considering the day, fairly good scores were made. The highest score was that made by Captain Fleming and trooper Grant of company C, who scored 71 and 70 respectively. Other scores were:

A. Sergt. Goulding 57, Sergt.-Major Jarvis 52, Trooper Homeby 55, Jarmen 46, Sergt. Fisher 41.

B. Trooper Gerrard 41, Corporal Hawkes 51, Sergt. Secord 28.

C. Captain Fleming 71, Trooper Grant 70, Trooper Linn 58, Trooper Gordon 55, Sergt. Devonshire 52.

D. Sergt. Lloyd 56, Trooper Foote 53, Button 52, Trooper McKeown 36.

NAPANEE ROBBERY SPOILS.

Unsigned Dominion Bank Notes Circulating at Ottawa—Yukon Revenue Returns.

Ottawa, June 20.—The perpetrator of the big robbery of the Dominion Bank in Napanee last fall, or some of his confederates, are in Ottawa. Part of the spoils secured in the robbery was 1000 unsigned $10 notes on the Dominion Bank. During the past few days quite a number of these bills have been circulated in Ottawa, with the signature of the manager of the bank at Napanee, Mr. E. H. Baines, forged.

Revenues From the Yukon.

The Customs Department this morning received from Lake Bennett a remittance of $125,000, collected there on goods coming into Canadian territory since the post was established at the first of this season. Last season's customs returns at Tagish did not amount to more than one sixth of this amount, so that it can be safely said that the number of parties going in by this route, which last season furnished the sole means of ingress outside of the Yukon River, can be calculated as six times what it was last year. In addition to the White and Chilcoot Passes, there are the Stikine and Dalton routes, the former of which is used largely by Canadians.

There will have been up to the end of the fiscal year not less than a quarter of a million dollars in customs revenue taken out of the Yukon, this being by far the lesser source of revenue when the moneys gathered by the Interior Department are taken into consideration.

Ottawa Notes.

At the City Council to-night a letter was read from James D. Fraser, secretary-treasurer of the Ottawa Street Railway, stating that he has been instructed by the Board to draw the Council's attention to the increasing practice of bicyclists riding on the devil strip, and asking that some steps be taken to minimize the practice.

Mr. Fielding, who is acting Minister of Railways, along with Messrs. Scott, Sifton, Sir Louis Davies and Mr. Schreiber, left to-day for a trip over the St. Lawrence canals. They went by boat from Prescott, and will return here to-morrow night. They left only three Ministers, Sir Wilfrid Laurier, Mr. Tarte and Mr. Mills, in the city.

Mr. Tarte says that the St. Lawrence is a foot lower at Montreal than it was this time last year.

The Yacht Club's Dance.

The Royal Canadian Yacht Club held their first Monday night dance at their city club house, which was well attended by the members and their lady friends. The large club room was prettily arrayed, and the balcony was bright with colored lights, giving the place a fairy-like appearance, while from a corner of the ballroom Glionna's orchestra supplied the sweetest of music for those who cared to take advantage of a perfect floor. Among those present were: Miss Clare Geary, Mrs. A. D. Steward, Miss Steward, Mr. H. D. Eby, the Misses Phillips, Mr. J. G. Gilmore, Miss Newburn, Mr. S. Sloane, Commodore Jarvis, Mrs. A. Denison, Mrs. Cecil Gibson, Mr. H. O'Riely, Mr. Morgan Jellett, Windsor; Mr. T. Birchall, the Misses Murray, Miss Hogaboom, Mr. D. McDougall, Mr. D. Ross, Miss Wright, Miss Rosamond Boultbee, Miss A. Dunlop (Hamilton), Mr. W. Strathy, Mr. E. P. Brown, Miss Bessie Thompson, Miss Robinson (Orillia), Mr. Horace Boultbee, Miss Macdonald, Dr. McKnott and many others.

If a man will try to substitute some other water for Mt. Clemens Sprudel, won't he try to fool you on his other goods?

Launched and Christened To-Day.

This afternoon at 3.30 the new R. & O. steamer Toronto will be launched at Bertram's dock. Mme. Forget, wife of President Hon. L. J. Forget, will christen the boat, and a number of the company's directors will be in attendance. The steamer White Star has been chartered to carry the invited guests. She will leave the wharf at the foot of Bay-street at 3 o'clock.

THE C.P.R. IS NOT AFRAID.

Five-Dollar Rate for 3000 Miles Won't Go Into Effect.

American Eastern and Western Roads Not Likely to Co-Operate to Cut the Fare From New York to Puget Sound—C.P.R. Stock Depressed—Montreal News Items.

Montreal, June 20.—The officials of the Canadian Pacific here give very little credence to the threat made by the Western American railroads to put into effect a $5 rate from New York to Puget Sound ports. The rumor has, nevertheless, had a depressing effect on C. P. R. stocks. Although a $5 fare for a trip of 3000 miles seems most unheard of, such a proposition is actually before the Eastern roads, and their allies in the West expect an answer early next week. If the rate goes into effect the tickets will be sold on the rebate plan, and a passenger from New York to Puget Sound will deposit the amount of the regular fare with the railroad company he purchases his ticket from and be refunded all except $5 of the amount when he reaches his destination. This is done to ensure a passenger going through and not getting off at intermediate points to which the regular tariff of rates will be maintained.

But it is not thought at all likely that the Eastern lines will enter into such an arrangement. They are not affected by the rate war since the fight is to secure Pacific coast and Alaska traffic. The trouble is all between the Canadian Pacific and the American roads west of Chicago. All through the rate war the Eastern roads have been getting full fares to Chicago, from where the Western roads carried the traffic through, at cut rates, to the Pacific coast. A $5 rate through would mean that the Eastern roads would have to accept a mileage percentage of this ridiculously low fare in lieu of their previously fat earnings.

Without the co-operation of the Eastern roads the Western roads cannot make a fair stand against their enemy, the C. P. R., which controls a line stretching entirely across the continent and does not need to seek the consent of allies before putting a reduced rate into effect. A $5 rate from Chicago to Portland has been proposed, and would be readily agreed to by the Western lines, but it would be no inducement, considering the low rates already in effect.

Mr. D. McNicoll, Passenger Traffic Manager of the C. P. R., was interviewed in regard to this matter, and stated that he did not take any stock in the talk about a $5 rate, and was sure the American Eastern and Western lines would not co-operate to effect such a rate. The fact of the matter was the American lines were again fighting among themselves, and the C. P. R. was merely an interested spectator. They were hurting themselves far more than they were hurting the C. P. R. As soon as they grow tired of the fight and talk arbitration, the C. P. R. will meet them.

$5 Rate Finally Abandoned.

Chicago, June 20.—The Inter-State Commerce Commission will be asked to suggest some means of bringing the war between the American roads and the Canadian Pacific to a conclusion. The Executive Committee of the Western Passenger Association formally decided upon taking this course to-day, and a strong delegation of Western general passenger agents will go to Washington as soon as an appointment can be made with the commissioners. The project of putting in a $5 rate from ocean to ocean has been temporarily abandoned. It was recognized that to do so would be the extremest folly, the only result of which would be to sacrifice an enormous proportion of the revenue of the American lines, compared with which the effect on the Canadian Pacific Railway would be the merest trifle.

A clear sparkling water that cures dyspepsia; Mt. Clemens Sprudel.

The Season's Greatest Bargain.

At Philip Jamieson's Rounded Corner, Yonge and Queen-streets, wonderful bargains have been had at the closing-out sale of summer suitings the last few days. But this is as nothing compared with tomorrow's chance—the biggest bargain ever offered in Toronto—new and fashionable half-dollar neckties in every style for 10 cents. Competition is challenged. No other firm ever gave such material, such choice, such astounding value—and all for 10 cents.

"Of all Table Waters is the most delicious." 246

TURK THE BETTER MAN

Lewis, the Strangler, Beaten Out at His Own Game by the Terrible Turk.

Chicago, June 20.—The Lewis-Yousouff wrestling match at Tattersall's to-night was witnessed by 10,000 people. It was for a purse of $2500 and the championship of the world, best two in three, catch-as-catch-can, no holds barred except throttling, two points down. Tim Hogan of Chicago was referee.

When the men entered the ring, Yousouf assumed the aggressive. After a struggle of three minutes, Lewis being on the pad, stomach down, the referee separated the men and gave the match to Lewis, because Yousouf, as the referee said, was strangling him. There was much howling and yelling from the disappointed crowd. Geo. Considine, the backer of Lewis, announced That he did not think the hold was a strangle. Brady and all of Yousouf's men, Lewis and his seconds, and Promoter Considine, alternated in trying to get a hearing.

Lewis agreed to take the winner's end of the purse, $2250, and continue the match, with C. O. Duplessis as referee, but Referee Hogan refused to allow it, and was finally escorted from the ring by the police. During all that time there was the wildest excitement.

The men went on the mat again for an exhibition match, and within four minutes Yousouf secured the same hold that brought forth the first decision. Duplessis tapped him on the back, but he quit reluctantly. The fall was awarded to Lewis on the fall.

At the end of the 15 minutes' interval provided for in the articles, the match was resumed. Yousouf secured a strangle hold and Lewis gave up in six minutes and a half. After another 15 minutes the bout was continued, Lewis had broken several locks and wriggled out from a spin on his head, when the Turk again obtained a strangle hold, and Lewis gave up in seven minutes ten seconds. Yousouf won the match, clearly surpassing the strangler at his own game. Lewis said after the bouts: "I was licked; the Turk is a better man."

No Gripe

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists. 25c. C. I. Hood & Co., Lowell, Mass. Hood's Pills

LUMBERMEN ARE STILL OUT.

W. C. Edwards' Employes Standing Firm for Their Demands.

Mr. Edwards Reviews the Situation and Says the Men Were Well Treated—He Voluntarily Reduced Their Hours and Granted Them Privileges Not Enjoyed by Other Lumbermen.

Rockland, Ont., June 20.—The 600 mill hands and lumbermen employed at the W. C. Edwards Lumber Mills, who went on strike Saturday, are still out. The strikers are keeping a strict watch about the premises and will allow no one to pass through their lines. This morning 200 men stood about the gates leading to the mill, but they remained quiet and no disturbances occurred.

This forenoon a gang of 200 men, having heard that Mr. Edwards was sending some men to Ottawa on their way to the drive, went to the railway depot and searched all the cars before the train left. It is understood that the ten men drove across the country. There is no appearance of the strike ending. A large number of the workmen have little or no food, and it is feared that when they get hungry something serious will happen.

A Clerk Seriously Hurt.

Mr. Edwards says that the reason he sent for the police was that two of the clerks were assaulted, one so seriously that he had to send for a city doctor in addition to the local doctors.

Mr. Edwards attributes the strike to a few firebrands. He says: "Although this year business in lumber has not been good owing to the Spanish-American war, and to the competition of southern pine, I paid the men the same wages as last year. At first I thought the wages would have to be reduced, but decided to pay the same rates for this year, anyway. Twelve years ago I voluntarily reduced the hours from twelve per day to eleven. Three years ago I reduced them to ten, and since then have been paying the men on a ten-hour day basis.

No Cause for the Strike.

"The men now work a day and a tenth or eleven hours, but they are paid for the extra hour. Compared with other mill hands, my employes are well off.

"Among the things contributing to their comfort are these: Rentals are nominal; they got their wood for the cost of cartage; no charges are made for their water supply. In these particulars they are very well off, and at the same time they get wages equal to those of the best paid mill hands in other places.

"The wages vary from $2 for the best paid hands to $1.25 and $1 for other hands. The wages vary according to the men and the variety of the work. Some young men and old men may get less than these amounts.

His Friendship to Labor.

"I reviewed the situation to the men, and they told them I declined to deal with them collectively or while they are on strike. The arrangements between the men and myself are made as between individuals, and only in that way will I deal with them.

"I believe only a few of the men are in sympathy with the strike, but they have been intimidated by the others. I think the men have been ungrateful. During the winter months I have made it a special point to provide work for the men, and have provided work all the year round, as far as possible. I took great interest in the men, and am a strong believer in the rights of labor, but I feel discouraged about this matter, and can never take the same interest in them again. It would pay us better to close down, but that would mean destruction to the village, and if they want orders on the store they get them, but there is no truck system."

Newmarket Notes.

Newmarket, June 20.—(Special.)—Dr. Campbell was this afternoon elected a trustee on the Public School board, Mr. J. P. Hunter was the opposing candidate.

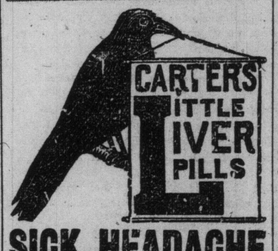
The Epworth League branch of the Methodist Church will hold their annual garden party on June 22 on Mr. Jared Irwin's lawn. Music will be furnished by the Citizens' Band, under the direction of Bandmaster McDonald. Among other attractions, there will be a display of fireworks.

The William Cane & Son Manufacturing Company have sold their electric light plant, and will replace it with a new system.

The Pope's Health.

Rome, June 20.—In view of the erroneous reports in circulation, Dr. Lapponi, the Pope's physician, in an interview to-day, says:

"Owing to a slight attack of rheumatism, I advised the Pope to remain in his room yesterday, but to-day His Holiness is holding his usual audiences.



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

Drowned in a Diving Bell.

Milwaukee, Wis., June 20.—Word was received here last night of the drowning of George Campbell and Peter Olsen at Thunder Bay, while engaged at work in a diving bell recovering the cargo of the sunken steamer Pewable, which was lost about a year ago. When the bell was raised it was found both men had been drowned by water which burst through one of the glass windows.

They Are Carefully Prepared.—Pills which dissipate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome costiveness the medicine administered must influence the action of these canals. Parmelee's Vegetable Pills are so made, under the supervision of experts, that the substances in them intended to operate on the intestines are retarded in action until they pass through the stomach to the bowels.

Incandescent Gas Supplies

We beg to announce to the public that we can now furnish Incandescent Lamps that are no infringement on the Auer, Welsbach or any other patent. We carry a large assortment of fancy globes and shades, all the latest designs in every branch of the business. Mantles, 40c; lamps, complete, $1.50; chimneys, 2 for 15c. SPECIALTY.

Holophane Globes are such a departure from anything on the market. Should be seen. What is the use of making a light of 60-candle power and then smothering it? Holophanes diffuse and distribute the light. No other globe in existence can approach this efficiency. The quality of the light is a very important factor also. Call and see this globe.

Open evenings from 9 till 10.
MORE LIGHT SUPPLY CO.,
246 114 Victoria-street, Toronto.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

TIE AFTER TWELVE IN

But Umpire O'Loughlin G Game to Wilkes-Barre

Torontos Had to Leave to Train, But That Made No ence to the Official — S Beat Montreal and Pro Won From Rochester.

The Torontos return to-day in sec for one game at the Island with his afternoon. At the end of all innings yesterday at Wilkes-Barre had to leave to catch the train, Umpire O'Loughlin gave Manager Barrows, but Manager Irwin may ha thing to say about it later on. T Toronto starts a series of three real, returning again to meet Wil here on Saturday. The Barons sta to-day after a long stay at home, eight games in Syracuse and Toron nearly dislodge them from their The record:

	Won.	Los
Wilkes-Barre	24	14
Toronto	22	19
Syracuse	23	20
Rochester	20	18
Montreal	21	19
Rochester	22	22
Buffalo	22	29
Springfield	12	23

Games to-day: Montreal at Wilkes-Barre at Syracuse, Spring Buffalo, Providence at Rochester.
