HOLSTEIN BREEDERS ENTHUSE

Some fifty enthusiastic Holstein breeders sat down to the first annual banquet of the Belleville District Holstein breeder's Club held Friday evening, Feb. 3rd in Belleville. Breeders were present from the counties of Prince Edward, Northumberland, Peterboro, Hastings and Lennox. The gathering was presided over by the President, Mr. A. D. Foster of Bloomfield. The secretary-treasurer, Mr. F. R. Mallory, of Belleville, acted as toastmaster. The knowledge that a cow owned by Mr. Mallory was just breaking the best previous record in the Canadian Record of Performance and that a heifer owned by Mr. E. B. Mallory had established a new seven day record for two-year-olds of 576 lbs. of milk and 20.65 lbs. of butter, added to the enthusiasm of the evening. It meant that the two highest record cows in the Canadian Record of Performance and the champion two-year-old in the Record of Merit tests belonged to the district. Mr. Mallory's heifer gave 86 lbs. of milk in one day, and an average for the seven days of 82 lbs. A feature of the evening was the admittance by several of those present that they had formerly raised other breeds of cattle, but had given them up in favor of the Holstein. These submissions came mostly from former Shorthorn Breeders.

The basis of the trade negotiations with the United States were referred to by several speakers and heartily approved by the gathering, which passed a resolution commending the action of the Dominion Government. It is altogether likely that the members of the Club will hold a large Joint Sale some time soon.

Among the speakers were: Jas. E. Anderson, Mountain View; W. L. Smith, of The Weekly Sun; John Elliott, Manager of the Standard Bank, Belleville; G. A. Kingston, Campbellford; H. B. Cowan, Editor-in-chief of Farm and Dairy, Peterboro; G. W. Anderson, Rossmore; J. B. Mallory, Belleville; J. M. Joyce, Napanee; W. H. Kells, District Representatives A. D. McIntosh of Stirling, McVannell, of Picton, and Duncan of Port Hope; G. A. Brethen, Norwood; R. Honey, of Brickley; S. J. Foster, Bloomfield; E. Terrill, of Wooler; L. F. Bogart, Gosport; George Sharples, Stirling; R. Leavens, Bloomfield; I. Hambly, Napanee; E. B. Mallory, Belleville; Milton Maybee, Smithfield; W. Dawson, Napanee; E. R. Tate, Lakefield; F. J. Comerford, Eldorado; T. Wallbride, Rossmore; J. O. Herity and P. Harrison, Belleville; M. Montgomery, Wooler and D. J. Fairfield, Belleville.

Anent Illustrations

With this issue of Farm and Dairy we present to our readers an Illustrated Section. This supplement is published at great expense; greater expense than any of our readers would believe to be possible.

The breeders who thus place specimens of their stock before you bear a part of this expense. They appreciate the great value of advertising. They know the value of placing specimens of what they have for sale before you in this attractive manner. They know that if you are interested in the class of stock they keep you will preserve these pictures, and keep them for reference purposes, and that you will write to them for stock you want to buy.

And so it is with all pictures of pure bred live stock. The great farming masses appreciate them, they study them; they keep them.

Place pictures of your cattle, your horses, your sheep, your swine, whatever you have for sale, before the readers of Farm and Dairy—the men who have money, the men who buy. Write us about the stock you wish to illustrate. You ought to take advantage of this splendid form of telling other breeders of what you have for sale.
