LOCAL MATTERS.

THE FEATHER RENOVATOR is being well patronized and giving excellent satisfaction.

NEW ADVERTISEMENTS.—Attention is directed to the large number of new advertisements in this issue.

PERSONALS.—Drs. McDonald of Petitcodiac, Bellivau, of Shediac, and Church of Dorchester, were in town last Thursday, attending the Board of Health meeting, which was held at Dr. P. R. Moore's residence.—Rev. Mr. Wyllie preaches at Shediac next Sunday. There will be no service in the Presbyterian Church here.—Mrs. Thomas Greenfield, who removed from this country to California twenty years ago, is visiting relatives here.

A FINE INSTRUMENT.—Principal Borden has imported for the use of the pupils in the Ladies' College a Hamilton Vocalion organ, an instrument that embodies all the desirable qualities of the finest pipe organs and possesses many decided advantages. The new organ is seven feet front, seven feet high, and 39 inches in thickness, and it has all the power and fullness of tone of a pipe organ occupying three or four times as much space and costing a much larger sum. It possesses remarkable richness of tone and is mounted in a very handsome and artistic oaken case. The new instrument will be very convenient for organ pupils, as it will enable them to practice at any time without leaving the college building.

—It is reported that a regular crusade against the liquor dealers of Truro will be instituted immediately. Truro has the Scott Act but never enforced it.—At the Charlottetown stipendiary magistrate's court on the 7th inst., Thos. Robertson was fined $100 or two months' imprisonment for a breach of the Canada Temperance Act, second offence.—A scrutiny of the votes cast in the Charlottetown Scott Act election has been demanded before Judge Alley, who has set down Thursday, 15th December, as the day for proceeding with it. The petition upon which the application was made charged that certain ballots were improperly counted.

BAIE VERTE, Dec. 13, 1887.

DEAR MR. EDITOR:—In the issue of the POST December 8th, there appears a report of the Baie Verte Methodist Sunday School Anniversary Services in which your genial correspondent has overlooked "a teacher's" name—Mrs. Magee—our most indefatigable worker and organizer in Sunday School and Band of Hope, a respected name without which the report appears incomplete.

Yours, &c., A.

—The people of Truro were startled on Sunday noon, upon coming out of church, to learn that a bloody tragedy had been enacted early in the morning, and that Timothy Clifford, aged 35, had been instantly killed by a boy named Welsh. All the parties are of bad reputation. It appears that a woman named Kent was boarding at the house kept by Mrs. Welsh. Clifford had been living with the Kent woman some years, but had spent the last six months in jail, being only released from there at 10 o'clock Saturday night. He was refused admission. A row prevailed during the night, and at 3 o'clock Sunday morning young Welsh brought matters to an end by firing a shot gun at Clifford, killing him instantly. The boy was arrested.

—Young Sullivan of Nelson skated into an air hole the other day, and came very near becoming smelt food. There was no one near. Mr. Robert Lawlor, who was some distance away, skated to the rescue, reaching the spot just as the struggling lad rose to the surface after a visit to the bottom of the river. Mr. Lawlor had his coat off by this time, and threw it to Sullivan, who clung to it and was kept on the surface. A lad named Holt stretched himself upon the thin ice, and, while his feet were held by Mr. Lawlor and Mr. Flett, he grasped Sullivan by the collar. A long pull, a strong pull and a pull altogether brought the boys upon the solid ice. It was a close call for young Sullivan.—*Chatham World.*

BROWN BROTHERS & Co.,
Druggists, Halifax, N. S.

—A terrible accident by which two young men, named Crawford and Gautreau lost their lives, occurred last Thursday morning at 10 o'clock, in the new slope which the company were sinking. The men were working, picking the frozen clay from the top, when an enormous body of clay and stone fell, sweeping them to the bottom of the slope, crushing and mangling them. Death ended their sufferings about an hour after the accident. Crawford is the son of a respectable merchant of Spring Hill.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

—Monday's express from Halifax had a narrow escape when crossing the Folleigh mountain. When between Folleigh and Wentworth stations, the engine struck a quantity of mud and rock, which had rolled down the mountain side. The pilot was smashed and four trucks of the locomotive thrown from the rails, the drivers remaining in position. The train was delayed an hour and a half in consequence.

A Quarter of a Century.

For more than twenty-five years has Hagyard's Yellow Oil been sold by druggists, and it has never yet failed to give satisfaction as a household remedy for pain, lameness and soreness of the flesh, for external and internal use in all painful complaints.

On the Platform.

Public speakers and singers are often troubled with sore throat and hoarseness, and are liable to severe bronchial attacks which might be prevented and cured by the use of Hagyard's Pectoral Balsam—the best throat and lung remedy in use.

Moncton.

—The Cypress Club, chiefly composed of local talent, played to a full audience in the Opera House on Friday night. Where all were so good it would be invidious to particularize.

—The wreck of the locomotive that caused the sad disaster at Stellarton was brought in Saturday night. The huge iron monster is shattered into a thousand pieces—iron bars broken like pipe stems.

—To relieve the monotony, we have an occasional fire or burglary, when it is not that it is a sudden conversion. Church opening, social scandal, or one of the many tripling things of that government that go to make a rising city. In fact, a place is only a rural village until it has these things.

—A walk through the I. C. R. shops and yard give a person an idea of the immensity of the traffic on the Intercolonial. Even people living here do not grasp it. When you consider that in the yard alone there are "fifty miles" of track and many miles of locomotives and cars, showing the importance of the road to the development of the Maritime Provinces, and showing the importance of the Maritime Members of Parliament banding together, irrespective of party, to resist any attempt that might be made by the Government to hand the road over to the "Kamper" or any other syndicate. It would be more disastrous than "Atkinson's" proposal to buy us for "fifty millions."

—Four arrests from among the Demi-Monde, on Vulcan Street, were entered in the records of the Police Court last week. The result of revelations of crime recently brought out in the press through the instrumentality of some benevolent and philantrophic ladies, who have undertaken the peculiar task of reforming Moncton; but, like many reformers, they begin with the wrong people (like the doctor who operated on the wrong man); it is a delusion to suppose that the lower strata of society have a monopoly of the "social evil," it exists in places never dreamed of by the unsophisticated. The sooner would-be reformers recognize the fact that reforms of any kind come from some moral change and not legal enactment, the sooner will we reach the millennium. Now to illustrate one of the strongest advocates of the Scott Act in Moncton, one who is hand and glove with the committee (who are mostly clergymen) is a moral "leper," one who is largely responsible for the existing state of affairs recently brought to light in the press.

Dorchester.

—Good skating on the marshes.

—Hon. P. A. Landry is in Yarmouth N. S.

—The shire town is very dull, and very healthy just now.

—The Equity Court was opened here on Tuesday last. Justice Palmer on the bench.

—Rev. J. Roy Campbell has gone to Fredericton to be present at the ordination in the Cathedral on Sunday next.

—Rev. C. F. Wiggins, Rector of Sackville, will officiate in Trinity Church, Dorchester, on Sunday next at three o'clock, old time.

—Hickman's hall was well filled on Tuesday night and the Rev. Mr. Steele's description of "Our Voyage" carried the house by storm. Mr. H. R. Emmerson occupies the platform on the 20th. His subject: "A Map of a busy life."

—We learn that Dr. J. E. Church intends leaving for New York some time in January next, to be absent some months. It is the Doctors intention to attend the New York Post-Graduate Course and hereafter to devote himself more particularly to the treatment of diseases of Women and Children.

—A Dramatic entertainment has been in preparation by the convicts of the Maritime penitentiary for the holidays. A full dress rehersal was held in the New Wing on the night that the prisoner so mysteriously effected his escape. The performance we learn is indefinitely postponed on account of the much regretted absence of Stage Manager, convict Bell.

Rockland Station.

—Mr. and Mrs. Charles Scurr have returned home from their wedding tour to Halifax.

—Mr. W. H. Black, our popular Postmaster, has been putting a new shingle roof on the Rockland Station Post Office, and putting in new bridges at the entrance to the office, which, when completed, will add very much to the improvement of the place.

—Mr. John B. Tingley has sold the upland part of his farm, lately bought of Hiram Hicks, to Mr. George Buck, of Dorchester Cape, who intends shortly to take charge of the same. Mr. Tingley auctions off all of his personal effects on Saturday next, the 17th inst.

—Mr. T. A. Tingley has got his hay-press at work, and has loaded four cars at Crowson's Siding with hay from the Crowson farm, purchased by him last summer. Mr. Tingley is pressing one hundred tons of hay which he sold to J. A. McQueen in the fall.

—Stephen Nickerson, who rented the Hiram Hicks house some two months ago, finding customers scarce for the rum trade, has bundled up his personal effects and put for Shediac, the place of his nativity. His departure is not generally regretted.

Scott's Emulsion of Cod Liver Oil and Hypophosphites

Is very palatable and much better than the plain oil. Dr. W. H. Cameron, of Halifax, N. S., says: "I have prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites for the past two years and found it more agreeable to the stomach, and have better results from its use than any other preparation of the kind I have ever tried." Put up in 50. and $1 size.

Disgusting Catarrh.

A gentleman from Montreal writes:—For years I have been greatly annoyed by Catarrh. It caused severe pain in the head, continual discharge into my throat, and very unpleasant breath. By a thorough use of Nasal Balm I was completely cured.
