CHOOSING CANDIDATES.

Seven Nominations on Thursday for the Commons.

BRAMPTON, Feb. 4.—Mr. Jas. Jackson, farmer of Toronto township, in the Conservative interests, and Mr. Joseph Featherston, farmer of the same township, were nominated here to-day for the Commons. After the nominations a meeting was addressed by Mr. Foster, Minister of Finance, and Sir Richard Cartwright. The political thermometer is at fever heat just now. Mr. Featherston was elected last March by 54 majority.

NORTH VICTORIA.

FENELTON FALLS, Feb. 4.—The nomination for North Victoria, held here to-day, was a grand success, large crowds of both Grits and Tories turning out. The speakers on the Conservative side were Mr. Mackenzie Bowell, Mr. E. Cochrane, M.P., Mr. N. Clarke Wallace, M.P., and Mr. Sam. Hughes; and for the Reformers, Mr. John A. Barron and Mr. McLaughlin, of Lindsay; with Mr. Jas. Dickson in the chair. The speaking was cut rather short, but on the whole was very interesting. The candidates are Mr. Barron and Mr. Hughes.

SOUTH VICTORIA.

LINDSAY, Feb. 4.—At the nominations to-day for candidates to contest the elections for the House of Commons in the South Riding of Victoria, the Liberals nominated Mr. Thomas Walters, and the Conservatives Mr. Charles Fairbairn.

SHEFFORD.

WATERLOO, Que., Feb. 4.—At the convention to-day the Conservatives chose Mr. A. F. Savarie as their standard-bearer for the county of Shefford. Mr Savarie was defeated in 1886 by the late Mr. Thomas Brassard, and in 1888 was defeated by Dr. Dagrosbois.

TWO MOUNTAINS.

ST. SCHOLASTIQUE, Que., Feb. 4.—At a convention held to day Mr. Joseph Girouard, notary, of St. Benoit, was chosen as candidate for the House of Commons by the Conservatives to represent this county.

HALIFAX.

HALIFAX, N. S., Feb. 4.—Messrs. Jones and Farrell, Liberals, and Messrs. Kenny and Stairs, Conservatives, were nominated to-day to contest Halifax for the Commons. A large meeting of each party was held this evening, at which speeches by the candidates and others were delivered.

EAST BRUCE.

WALKERTON, Feb. 4.—The candidates nominated to-day for East Bruce were Mr. Truax on the Liberal side, and Mr. Cargill, Conservative. The electors were addressed by the candidates and by Mr. Somerville, M. P., of Brant, and Mr. Larke, of Oshawa. Mr. Andrew Wachter, ex-reeve of Brant, occupied the chair, and discharged his duties impartially. there was a large turnout at the meeting, the gallaries being occupied by ladies.

H. M. S. "VICTORIA" ASHORE.

Sir. C. Tryon's Flagship On a Rock.

MALTA, Feb. 2.—Admiral Tryon's flagship, H. M. S. "Victoria," has gone ashore near Platea, in Greece, and is in danger of becoming a total loss. There is much excitement over the news in naval circles. The troopship Tyne has left here to assist the flagship.

Later.—Vice Admiral Sir George Tryon has sailed in the Scout with salvage material for Platea, where the Victoria is aground. Several other warships are on the spot. The storeship Humber has just sailed, taking powerful pumps with her, as the Victoria struck amidships on a rock and four compartments are now full of water. The success of the efforts to save her from becoming a total wreck depends on the state of the weather.

The Victoria, formerly the Renown, is a twin screw battle ship of 10,470 tons displacement. She was completed in 1889 and went into commission in March, 1890, serving as flagship of Vice Admiral Sir A. Hoskins, K. C. B, commanding the Mediterranean fleet, who was relieved last summer by Vice Admiral Sir George A. Tryon, K. C. B. Her chief officers are: Captain, the Honorable Maurice A. Bourke, commanding; Commander, H. S. F. Niblett; Fleet Surgeon, Thos. Bolster; Fleet Paymaster, W. H. Bowen; Fleet Engineer, Felix Foreman; Chaplain, S. S. O. Morris. The Victoria is 340 feet long and 70 feet wide at her widest point. She is a sister ship to the Sans Pareil," and rates as a first-class armored battle ship. For a distance of 162 feet along the water line, opposite the turret and the machinery further aft, she has a belt of compound armor sixteen inches thick. Above this the redoubt that supports the turret, the turret itself, and the cunning tower are protected by compound armor eighteen inches thick. Extending from the turret to each side, at an angle of 45 degrees with the keel, are armored bulkheads six inches thick, and a 3-inch bulk extends straight across the ship, protecting six of her twelve 6-inch guns. The Victoria's main battery consists of two 110-ton 16¼ inch breech-loading rifles in the turret forward; one 10-inch breech-loader, with only shield protection on the upper deck, in the stern, and twelve 6-inch breech-loaders on the main deck, also with only shield protection except the armored bulkheads above mentioned. Her secondary battery contains twenty-one rapid-fire 6-pounders and 3-pounders, and she has also eight machine guns. The Victoria's 110-ton guns have been in trouble ever since they were first put in service, a tendency to droop at the muzzle having shown itself. Only six such guns are afloat in the British Navy, the Sans Pareil and the Benbow having two each. The Victoria's speed is 16½ knots on 14,000 indicated horse power. She can carry 1,200 tons of coal, which will give her a cruising limit of 7,000 knots at a 10-knot speed. The Victoria's type has been gradually condemned by navy experts because her direct stern fire is limited to one 10-inch and two 6-inch guns, all unprotected except by shields.

LIGHTERING THE SHIP.

LONDON, Feb. 2.—Despatches from Athens this morning say that the work of lightering the battle ship Victoria, ashore on the coast of Greece, is proceeding, and that no attempt to pull her off will be made until this work is completed and until the large steam pumps which are used for such purposes have been fitted into her.

K. D. C. positively cures the worst casese of dyspepsia or indigestion. Ask your druggist for it or send direct to K. D. C. Company, New Glasgow, N. S.

A Cure for Constipation and Headache.

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headaches in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents a package.

People who use arsenical preparations for their complexion, do so at the risk of their lives. Ayer's Sarsaparilla is guaranteed free from any injurious drug, and is, therefore, the safest as well as the most powerful blood medicine in the world. It makes the skin clear.

Expel the worms by using the safe and reliable anthelmintic Freeman's Worm Powders.

THREE CHILIANS SENTENCED

For Killing American Sailors in Valparaiso.

NEW YORK, Feb. 5.—The *Herald's* Valparaiso dispatch says: Judge of Crimes Foster yesterday passed sentence in the long-pending and much-discussed Baltimore case. His sentence is subject to review by the Court of Appeals. The document covers 180 pages, and goes all over the evidence against the accused, and compares it closely with the evidence presented for the prisoners. The finding of the court is as follows: Charles Arena, alias Gomez, sentenced to 540 days' imprisonment for wounding William Turnbull, the coal-heaver of the Baltimore, who died of his injuries; 300 days for public disorder, sixty days for carrying a revolver, and twenty days for giving an assumed name. This makes a total of 920 days. Jose Ahumeda, sentenced to 320 days' imprisonment for injuring Turnbull; Frederico Rodriguez, sentenced to 140 days' imprisonment for wounding boatswain's mate Charles W. Riggin, another of the murdered American seamen, for public disorder and for carrying a knife. It is held by Judge Foster that the evidence does not show that Rodriguez killed Riggin. On the contrary it is claimed that Riggin's death was caused by a shot which was fired by some unknown person. Gomerz and Rodriguez, under the Chilian penal code, must pay the families of Turnbull and Riggin damages. The damages are recoverable by civil suit.

Congress will meet again in April.

WASHINGTON, Feb. 5.—It is understood that Capt. W. S. Schley has received a promise from the secretary of the navy that the Baltimore will be ordered as a flagship of the Asiatic station at an early date. Capt. Schley will join the Baltimore at San Francisco on Feb. 12.

LONDON, Feb 5.—The correspondent of the Times at Valparaiso says: The police guard at the house of Mr. Egan, the United States minister at Santiago, is maintained by the Chilian authorities with a view of preventing an attack at the instance of the roughs. This fact, the correspondent says, threatens to bring about a re-opening of the difficulty with the United States. The correspondent further says the police judge at Valparaiso has increased the severity of the sentences imposed upon the assailants of the sailors of the United States ship Baltimore. This course was demanded by certain parties. The prisoners may appeal from the extra sentences.

RIOT IN A PRISON.

The Trouble Was Caused by the Overcrowding of the Institution.

BOSTON, Feb. 5.—"Send us fifty policemen, quick." Such was the telephone message received from Deer Island by Superintendent Eldredge, of the Boston police department this morning at 7.30 o'clock, and it was attended to with such alacrity that before 8 o'clock half a hundred policemen were on their way to the reformatory down the bay, where the biggest riot ever seen there was in progress. Three hundred prisoners had overcome the guard and taken possession of the reformatory, and were recklessly destroying property when the police arrived.

The trouble began last night, when one of the officials named Morrill tried to put a prisoner in the guard house. There was a concerted rush with the intention of rescuing the prisoner. Morrill drew his revolver and shouted: "Stand back or I'll blow your brains out."

Other officers came running up, and then the prisoners discreetly dispersed and went to their dormatories, where they passed the night in smoking, singing, shouting and dancing. All night the men had their clubs with them, and the officers failed to interfere.

This morning after breakfast the prisoners rushed into the yard 30 strong. They broke into the store sheds and seized pickaxes, chisels, hammers and iron drills, all of which they threw into the harbor. They then attacked the guard house and nearly demolished it, and were breaking windows when the Boston police arrived.

All but about 200 went quietly to their cells. The others massed themselves to resist the police, and with their pickaxes, crowbars and ice picks made a formidable appearance. The police charged upon them with clubs drawn, and for fifteen minutes there was a red hot scrimmage in which nearly two score of men, all prisoners, had their heads laid open and were taken to the hospital for repairs. Half a dozen policemen were somewhat bruised, but none were seriously hurt.

After the men had been overpowered in the big hall and were being placed in their cells they again resisted and renewed the attack upon the officers. This outbreak was quickly quelled, however. Mayor Matthews went to the island at noon to investigate the affairs at the institution and he will remain all night.

MR. SPURGEON.

All Denominations, Except Unitarians, Will be Invited to Attend the Funeral.

LONDON, Feb. 4.—Mr. James S. Spurgeon declares that, while the heads of every religious denomination will be invited to attend the funeral of his brother, the Rev. Mr. Spurgeon, which will be held on Thursday next in the Metropolitan Tabernacle, no Unitarians will be asked to be present.

The coffin containing the remains of Rev. Mr. Spurgeon has been taken to the Scotch church in Mentone, and to-day impressive services were held over the body. The church was decorated with palm branches and a few floral wreaths. A large number of the relatives, friends and admirers of the deceased were present, and the church was not large enough for all those desirous of gaining admission. The services commenced at 10 o'clock. After the delivery of the addresses and the offering of prayers, a telegram of condolence from the Prince of Wales and a message from Mr. Moody, the American evangelist, quoting the 25th and 26th verses of the 11th chap. of St. John, were read. Upon the conclusion of the services the coffin was conveyed to a hearse beautifully decorated with flowers, and taken to the railway station for conveyance to London. The hearse was followed by a number of cariages containing the mourners and by quite a number of persons on foot.

For the restoration of faded and gray hair to its natural color and freshness, Ayer's Hair Vigor remains unrivaled. This is the most popular and valuable toilet preparation in the world; and who use it are perfectly satisfied that it is the best.

Knights of Labor.

The Knights of Labor aim to protect their members against financial difficulties, etc., Hagyard's Yellow Oil protect all who use it from the effects of cold and exposure, such as rheumatism, neuralgia, lumbago, sore throat and all inflammatory pain. Nothing compares with it as a handy pain cure for man and beast.

Dr. J. H. Wilson, Liberal, and Mr. A. B. Ingram, Conservative, were nominated for the Commons in East Elgin on Friday.

Victoria Carbolic Salve is a great aid to internal medicine in the treatment of scrofulous sores, ulcers and abscesses of all kinds.

Medical.

WHY COUGH,

WHEN a few doses of Ayer's Cherry Pectoral will relieve you? Try it. Keep it in the house. You are liable to have a cough at any time, and no other remedy is so effective as this world-renowned preparation. No household, with young children, should be without it. Scores of lives are saved every year by its timely use.

Amanda B. Jenner, Northampton, Mass., writes: "Common gratitude impels me to acknowledge the great benefits I have derived for my children from the use of Ayer's most excellent Cherry Pectoral. I had lost two dear children from croup and consumption, and had the greatest fear of losing my only remaining daughter and son, as they were delicate. Happily, I find that by giving them Ayer's Cherry Pectoral, on the first symptoms of throat or lung trouble, they are relieved from danger, and are becoming robust, healthy children."

"In the winter of 1885 I took a bad cold which, in spite of every known remedy, grew worse, so that the family physician considered me incurable, supposing me to be in consumption. As a last resort I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been without this medicine. I am fifty years of age, weigh over 180 pounds, and attribute my good health to the use of Ayer's Cherry Pectoral."—G. W. Youker, Salem, N. J.

"Last winter I contracted a severe cold, which by repeated exposure, became quite obstinate. I was much troubled with hoarseness and bronchial irritation. After trying various remedies without relief, I at last resorted to a bottle of Ayer's Cherry Pectoral. On taking this medicine, my cough ceased almost immediately, and I have been well ever since."—Rev. Thos. B. Russell, Secretary Holston Conference and P. E. of the Greenville District, M. E. C., Jonesboro, Tenn.

GUELPH BUSINESS COLLEGE

Guelph, Ont.

We are now offering Educational advantages and Tuition Rates such as have not hitherto been offered the Canadian people by any self-supporting institution. The scope and thoroughness of our Commercial Course is strikingly shown by the fact that several of our students, during the past year have been offered situations on condition that they took the Commercial Course at the Guelph Business College.

In our Shorthand and Typewriting Department, the two leading Shorthand Systems of the present day are taught. Our method is the outcome of ten years' experience in teaching Shorthand, and leads to the best practical results in the shortest possible time.

In our Modern Language Department you can get a practical command of either German or French, while pursuing the Commercial Course, and without extra charge. Both languages are taught by the Natural Method, which enables the student to read, write and speak them. This is a rare opportunity, which the ambitious and energetic young man or woman will not fail to seize.

In Penmanship our work is the admiration of all who see it. Send for a specimen.

Students from England and the United States are now in attendance.
