Hints to Assessors.

To the Editor of the Huron Signal.

A few hints to the Assessors of the County of Huron would not be amiss at the commencement of their labours for another year.

To prevent a repetition of last year before the County Judge in the matter of assessment it would be well for each and every assessor in the several municipalities to read carefully over the assessment law of 1869 and 1874. I herewith submit a few of the principal clauses.

Under the amended assessment Act of 1874, the Assessors are now required to commence their work of assessing not later than the 15 Feby.

Section 30 provides that "real and personal property SHALL be estimated at the actual CASH VALUE."

Section 49 requires that the "Assessor on completing his roll SHALL ATTACH A certificate thereto VERIFIED UPON OATH, that he has assessed real and personal property in accordance with Section 30."

Section 177—"If any Assessor acting under this Act makes any unjust or fraudulent assessment or wilfully and fraudulently inserts in his roll the name of any person who should not be entered, or fraudulently omits the name of any person who should be entered, or wilfully omits any duty required of him by this Act, he shall upon conviction thereof before a court of competent jurisdiction be liable to a fine not exceeding $200, and to be imprisoned in the common gaol of the county or city for a period not exceeding six months or to both, such fine and imprisonment in the discretion of the court."

Section 179—"An assessor convicted of having made any unjust or fraudulent assessment shall be sentenced to the greatest punishment both to fine and imprisonment, allowed by this Act."

The penalties are severe when the assessment is unjust or fraudulent, and section 178 shows that the "assessing of real property at a value greater or less than its true value would be an unjust or fraudulent assessment."

In the face of this fact it is surprising that assessors in townships should as a rule, assess real property from one-third to one half of its true value, exposing themselves to heavy fines and imprisonment.

Two sections of the Voters' List Act of 1874 bear on the duty of Assessors.

Section 10—"In case of errors being found in the said Voters' List on the said revision thereof, whether such errors are in the omission of names, the inaccurate entry of names, or the entry of names of persons not entitled to vote, if it appears to the judge that the assessor was blameable for any of said errors, the judge shall order the assessor, either alone or jointly with any other person, to pay all costs occasioned by the same."

Section 13—"Any assessor who wilfully and improperly inserts any name in the assessment roll, or assesses any person at too high an amount, with intent to either case to give to any person not entitled thereto an apparent right of voting at any election, or who wilfully insert any fictitious name in the assessment roll, or who wilfully and improperly omits any name from the assessment roll, or assesses any person at too low an amount, with intent in either case to deprive any person of his right to vote, shall upon conviction thereof before a court of competent jurisdiction, be liable to a fine not exceeding $200, and to imprisonment until the fine be paid, or to imprisonment in the common gool for a period not exceeding six months, or to both such fine or imprisonment in the discretion of the court.

The Act to extend the Election Franchise (1874)—Under its provisions all persons having "an income from some trade calling or profession of not less than $400 annually" may be assessed for such income and may vote thereon at Parliamentary elections, their names being inserted in the revised list of voters.

Inserting the above abstract from the assessment law may recall to the minds of assessors the necessity of making their assessments according to law.

THE MARKETS

Gold 1.14½. Salt, per bbl 90 to $1.00 retail; wholesale 75 to 80.

The tendency of prices seems to be downward, especially in grains Wheat, both spring and fall, has declined from one to four cents in nearly every market west of Montreal, except Goderich. On Saturday last in Toronto spring wheat was offered in the storehouse for 87½, a fall of four cents, and the cost of handling will be at least three cents. The quotations given below are what is actually paid in our market and they average on grains from one to three cents higher *in fact* than the prices paid in any western market. In Guelph, spring wheat only brings 82 this week, and Toronto buyers predict a further decline.

Miss J. Stewart, Agent for Cornwell's Self-Fitting Chart & Patterns.

The superiority of our Patterns is manifested in all parts. Now to satisfy yourself that this claim is well founded, examine them carefully, and compare them with others, and you will notice among other things that ours have different shoulder measurement, by which any shaped shoulder—high, low, square or sloping—can be thus accurately fitted. Again, you will observe in our patterns for close fitting waists, the sizes of the darts are determined by a mathematical rule, thus producing a perfect fit. For example—If a given bust measures 38 inches, and the waist 24 inches, the difference—14 inches—will be the exact amount taken up in the darts. These two never-failing methods are embraced in our Patents, and can be used by no other establishment. This is the only system in the world that will produce a perfect fitting dress or pattern. Furthermore, each separate part is cut with such exactness, that the whole, when brought together, fits perfectly. Lustres, Switches, and Braids, Gloves and Hosiery, Corsets and Dress Caps. A call solicited. West Street, Acheson's Block.

CLINTON.

We are glad to learn that Dr. Cole, of this town, who suffered from a stroke of apoplexy on Sunday last, and again on Monday, which entirely prostrated him, producing such serious effects that at one time he was hardly expected to survive the attack, is somewhat better, and good hopes are entertained that he will shortly recover.

Mr. J. Carter has erected a new shingle mill on lot 30, con. 2, East Wawanosh, two miles from Manchester.

Mr. J. R. Belfry has disposed of his salt factory to Messrs. Stephenson & Wheatley, who are converting it into a cooper shop. The salt grinding part of the establishment was purchased by the Messrs. Stansford, who intend to commence the manufacture of fine salt.

When the wind was blowing so tremendously hard on Wednesday night of last week, there were no less than six chimnies on fire, all within a radius of two hundred yards.

ADDRESS TO THE FREE AND INDEPENDENT ELECTORS OF THE INTELLIGENT AND WEALTHY County of Huron.

GENTLEMEN,

Take notice that the recent Municipal Elections having been declared void on account of bribery and corruption, it is decided that the Elections will take place in Goderich, at the place herein after mentioned. The polling place will be open on Thursday the 14th inst. at 8 o'clock A. M., and close at 5 P. M., and continue to open and close every succeeding day, Sundays excepted, until all votes are polled. This arrangement has been effected in order to give the working man an opportunity to record his vote without loss of time. This address is from a working man and the working man's candidate.

The ordinary assessment roll qualification is not necessary in this election. The Ballot law being now in force, ballot papers will be provided by each voter similar to Bank of Montreal or Commerce Bills, stamped and numbered accordingly. Each elector on presenting his ballot paper, according to the number thereof, will be entitled to receive from the Returning officer a first class Overcoat, Fine dress suit, Tweed suit, Pea Jacket, Pants, Vest, Hat, Cap, Shirt, Drawers, Stockings, Collars, Necktie, and in fact anything he wishes in wearing gear above his understanding.

Some claim to sell at cost, others under, we will sell at prices that will make you stare and wonder.

Mr. J. McIntosh having been appointed Returning Officer and Scrutineer, you will always find him agreeable, and willing at all times to attend to your wants, examine your ballot papers and record your votes.

Having been recently defeated in the Deputy Reeveship by the straight Forty Rod ticket, I am determined not to be defeated in disposing of and clearing out my immense stock of cloths and clothing, and have adopted this means of accomplishing that end so as to give the electors a fair opportunity and a full benefit.

Remember the polling will be at
