GRAND CONSERVATIVE RALLY AT BRAMPTON

Hon. Hugh John Macdonald Spoke on Behalf of Mr. Richard Blain, the Man Who Will Win in Peel.

Speeches Were Also Made By Hon. N. C. Wallace, Who Asks What the Liberals Have Done to be Returned to Ottawa—Mr. W. F. Maclean's Speech.

Brampton, Sept.17.—(Special.)—Hugh John Macdonald, alone of the Big Three, stopped off at Brampton to attend, with the Hon. N. Clarke Wallace, a meeting in the interest of Richard Blain, Conservative nominee for Peel. The others went on to Toronto last night, to journey to-morrow to Barrie and Collingwood. At the station Hugh John was given a flattering reception at the hands of local politicians; nearly 500 persons were present to see and cheer the Prairie Premier.

In the Brampton Rink.

The Brampton skating rink, decorated with patriotic arm, was crowded to the doors, and many persons had to stand thruout the whole evening. A band was in attendance and played patriotic airs. In a conspicuous place was hung the banner, "Welcome to the Chieftain's Son." When Hugh John appeared the crowd stood up and cheered him to the echo.

Among Those Present.

Among those present were: W S Morphy, Dr Mullen, Ed Walsh, Rev Walsh, Dr Webster, Rev Morgan, Nathaniel Steen, William Steen, James Jackson, Thomas Robinson, Rev George Rutledge, J W Beynon, Q.C., Joseph Burton, George Corkett, B F Justin, Eli Crawford, sr., Geo Cheyne, J D Orr, Allan Embury, William Graham.

Barrister Justin Presided.

The chairman, Benjamin Justin, barrister, opened the meeting at 8 o'clock, and, gazing upon the large audience, declared it was one of the best gatherings that had ever assembled in a political campaign in the County of Peel. He informed Richard Blain, Conservative candidate against Joseph Featherston, M.P., that it augured well for his candidature. He invited anyone who wished to speak in the Liberal cause to come upon the platform. No one responded.

The Conservative Candidate.

Richard Blain was introduced as the future member of the riding. He received an ovation in cheers and applause. He is a handsome man, and has an ideal platform manner. He urged his hearers to consider well before casting their votes. He especially urged that they should not repeat the mistakes of the past.

When he referred to Sir John A. Macdonald as the masterly constructive statesman of Canada, whose masterpiece was Confederation, he was greeted with applause. The main projects for the development of Canada, inaugurated by the Conservative party since 1867, were mentioned and briefly described. The construction of the C.P.R. and the creation of the National Policy were especially gone into. In short, Mr. Blain gave a terse history of the politics of Canada since 1867, and gave a substantial foundation upon which the other speakers might rear a fancy superstructure.

Carried Out Its Policy.

His chief deduction from his recital of facts was that the Conservative party whenever elected alway carried out the policy upon which they got into office, while the Liberal party never had a well-defined policy and always failed to keep their promises. Further, he was glad that there was present a son of Sir John A. Macdonald, in the person of Hugh John Macdonald. [Cheers.] "The promises of a public man should be sacred, and he should keep them even to his own hurt," was announced as the motto of Hugh John's life amid cheers. Hugh John was eulogized for this principle.

Mr. Blain began: "Joseph Featherston, M.P., is the representative of this riding—" when he was interrupted by Liberal cheers. "What Hugh John declared to be right has never yet been done by Joseph Featherston." Then the laugh was on the Liberals at the meeting. Mr. Blain went on to show how recreant Mr. Featherston had been to his ante-election promises in regard to free corn and cheaper binder twine.

As a matter of local importance he testified that the 33 1-3 per cent. preferential tariff was a blow struck at Manufacturer McMurtrie, whose industries at Brampton and Huttonville were of so much benefit to Peel. Yet Mr. Featherston, as the representative of the interests of the people of Peel, had voted to make law this blow at a native industry.

In conclusion, he asked for the support of the electors at the coming elections.

A voice: "You'll get it."

Hon. N. C. Wallace.

The warrior from West York, in the person of the Hon. N. Clarke Wallace, was next introduced. He was in fine fettle and made an excellent speech. He began by telling the audience that they had present "the idol of the people of Canada," Hugh John Macdonald. [Cheers.] "He is a chip of the old block and a mighty good

LITTLE ADDITIONAL NEWS AS TO THE CHINESE SITUATION

Daily Graphic Asserts That All the Powers Have Accepted Li Hung Chang as a Negotiator—British Fatigue Party Blown Up.

London, Sept. 17.—(4.30 a.m.)—There is no additional news from China this morning.

Powers Have Accepted Li.

The Daily Graphic asserts that all the powers have accepted Li Hung Chang, and will probably accept Prince Ching as negotiators. It says also that the powers have agreed to insist that a central Government, satisfactory to the powers, shall be established in China, and that full retribution shall be exacted for the attacks upon the legations.

Nothing as to Indemnities.

No communications, however, have yet passed between the powers concerning indemnities, and a Berlin despatch says it is believed there that Dr. Von Schwarzenstein, the German Minister, will purposely delay negotiations until Marshal Von Waldersee has arrived.

FATIGUE PARTY BLOWN UP.

Two Were Killed and Thirty-Four Wounded at Tung Chow While Destroying Gunpowder.

London, Sept. 17.—The British commander at Taku cables that a fatigue party engaged in destroying gunpowder at Tung Chow has been blown up. Eleven Welsh Fusiliers were wounded, two British-Indian soldiers were killed and thirteen British-Indian soldiers wounded.

Captain Hill and 11 British-Chinese infantry soldiers were wounded.

Sixteen Were Killed.

Later advices show that 16 were killed and 22 injurede in the explosion.

TOWN OF LIANG WAS BURNED

And 100 Boxers Were Killed by a German Battalion and 40 Bengal Lancers.

Berlin, Sept. 17.—An official despatch from Shanghai says a German naval battalion, accompanied by 40 Bengal Lancers, captured and burned the town of Liang on Sept. 11. A hundred Boxers were killed. The Chinese regular troops, occupying the place, had previously fled. The German loss was one man killed and five men wounded.

THREE NATIONS IN ACCORD.

Great Britain, Germany and Japan Are Opposed by Russia and France.

New York, Sept. 17.—A Paris despatch to The Times says an important functionary of the German Foreign Office, now in Paris, says that it will soon be generally recognized that Germany, Great Britain and Japan are in accord as to the policy to be followed in China, and that opposition to their plans comes principally from Russia, with whom, of course, is France.

TUAN'S DIABOLICAL PLOT.

He Intended to Kill the Foreign Ministers While en Route to Tien Tsin.

New York, Sept. 17.—Baroness Von Ketteler leaves for Germany, via America, tomorrow, cables The Herald correspondent at Pekin, under date of Sept. 5. The murder of her husband on June 16 by Government soldiers in the main street prevented a general massacre of all foreigners in Pekin, as all the foreign Ministers except Baron Von Ketteler had decided to accept a Chinese assurance of protection for their departure for Tien Tsin. It is now known that Prince Tuan had arranged for their annihilation en route.

DR. MORRISON'S GRAVE WARNING.

Says the Intention of the Empress Dowager is to Massacre All Foreigners.

London, Sept. 17.—Dr. Morrison, the Pekin correspondent of The Times, in the course of a long despatch, dated Sept. 5, continues to protest against the evacuation of the capital, but he agrees with the Pekin correspondent of The Morning Post that the withdrawal of the Russian troops, owing to their barbarous habits, would be an unmixed benefit.

Will Massacre All Foreigners.

He asserts that further convincing proofs have been obtained of the intention of the Empress Dowager to massacre all the foreigners. Prince Ching, he says, fails to realize the real situation, evidently being convinced that all the powers can be squared by the payment of a money indemnity.

Li is at Tien Tsin.

London, Sept. 17.—A special despatch from Shanghai says Li Hung Chang has arrived at Tien Tsin.

Li Hung Chang left Shanghai on the German steamer Anping Sept. 14. The steaming distance between Shanghai and Taku is about 800 miles.

Ching and Li Have Power.

Washington, Sept. 17.—The Chinese Minister has received a despatch from Prince Ching, dated Pekin, Sept. 8, stating that he has been clothed will full authority, together with Li Hung Chang, to negotiate peace, and requesting Minister Wu to ask the Secretary of State to instruct Minister Conger to open negotiations at once.

Canadian Manufacturers.

From the tone of several inquiries received in this country of late in regard to certain goods of our own manufacture, it would seem that our manufacturers are not endeavoring to make their wares sufficiently well known to the trade in England and other parts of Europe. There is undoubtedly a splendid market open for many branches of Canadian manufacture, and it would seem advisable that our manufacturers should advertise their products in The London Times. R. M. Situation at the Fort.

The officers at Stanley Barracks deny that the desertions from the ranks of the dragoons are caused by harshness. The squadron is very much under strength at present, there being only 48 members, whereas the full strength is 79. There is some difficulty in enlisting recruits owing to the state of the labor market. The adjutant of the squadron is Lieut. Powell, and his friends say there is nothing in his conduct to cause the complaints which it is alleged have been made by the men.

Mr. Wilson is Transferred.

Marmaduke Wilson, for 30 years in the service of the Ontario Government, has been transferred from the Public Works to the Agriculture Department. He has been absent on sick leave for several months.

CREMATION AT GALVESTON

Sanitary Considerations Demand the Destruction of Dead Bodies by Fire.

ON SUNDAY 107 CORPSES BURNED

The Fire Department is Crippled and the Board of Health is Heavily Taxed.

Galveston, Texas, Sept. 17.—The ninth day after the storm and still the gruesome work goes on of recovering the dead from the gigantic mass of debris that lines the south side of what remains of the city.

Yesterday 107 bodies were recovered and cremated. Among them was a mother with sucking babe tightly clasped to her breast. The body of Major W. T. Levy, U.S. Emigrant Inspector of this district, was among the number. He made a struggle to save his wife and three children. All were lost. The bodies of the wife and children have not been recovered. The number cremated to-day will exceed 100.

A Herculean Task.

The task of recovering the bodies that are jammed beneath the immense rick of debris extending from the eastern to the western limits of the city, a distance of over three miles, is a herculean one, and the most expeditious way of removing the whole, from a sanitary point of view, is by fire. This, however, in the crippled condition of the Fire Department and waterworks, would endanger the remaining portion of the city. As it now stands, this immense amount of debris, strewn with bodies, the carcasses of decaying animals, etc., is a sore menace to the health of the city and is the most difficult problem the Board of Health has to deal with.

LOSS OF LIFE 4078.

The List Printed Shows That Number Dead—Heavy Exodus From the Town.

Houston, Texas, Sept. 17.—The latest list of the dead in the Galveston disaster, printed by The Post, revised to date, shows the loss of 4078 lives. The paper says none of the persons whose names are printed in the list have been heard from, and that a great number of names have been furnished by relatives of those dead.

It is estimated that 8000 people have left Galveston. Others have gone into the interior or to other States. The number coming up on the first train to-day showed no falling off.

Governor Sayers has taken charge of the relief work here, as well as at other points, and money is being given out where needed more than provisions and clothing.

The total number of people fed here Saturday was 16,144 persons.

BANK TELLER SUICIDES.

George F. Forbes of Chicago Dies as the Result of Over-Confidence in a Friend.

Chicago, Sept. 17.—Driven to desperation by the fear that he would be disgraced by financial troubles, the result of over-confidence in a friend, George S. Forbes, teller of the First National Bank, sought seclusion in the South Chicago Hotel last night and deliberately shot himself thru the heart. A letter addressed to his mother lay upon the bureau, in which he gave the reasons for taking his life.

A Shortage of $20,000.

Chicago, Sept. 17.—A shortage of $20,000 in the Union National Bank was discovered to-day thru an investigation prompted by the suicide yesterday of George S. Forbes, a teller of the bank. Forbes wrote a farewell note to his mother, in which he said:

"I was weak and let the one I considered my best friend get me into trouble. I have not seen him since the 1st of September, and do not know where he is."

Both Were Bank Employes.

Officials of the bank believe that the friend referred to in the letter is William B. Dunton. Dunton and Forbes were both employed by the Union National Bank, which recently was consolidated with the First National.

Where is Dunton?

Forbes' sole crime, the bank officials believe, was in covering up the accounts of the "friend" to whom he refers in his letter. Search is being made for Dunton.

NEGROES ARE REPUBLICAN.

A Visitor From Texas Tells of the Race Question in His State.

Speaking of the race problem in the Southern States, W. W. Reid of Orange, Texas, who is a guest at the Arlington Hotel, says the schemes of race fusion have proved impracticable. In isolated instances, the negro has risen to a high place, notably in the case of Booker T. Washington, whose school at Tuskegie Ala., for the industrial training of negro boys and girls, has proven of incalculable value. Another instance is that of Wight Cuvey, a mulatto, who was collector of customs at Galveston in Harrison's administration, and who for years led the Republicans in Texas.

The negroes Mr. Reid says, are almost solidly Republican where they participate in elections, but are practically distranchised. They can often be bought off from voting. At State and local elections, the whites of both parties vote a solid Democratic ticket to offset the negro vote and prevent an African dominancy. Northerners, says Mr. Reid, invariably fall in line, after visiting the South and understanding the conditions.

BRITISH PARLIAMENT IS TO BE DISSOLVED ON SEPTEMBER 25

First Nominations on Sept. 29 and the Voting Will Take Place on Oct. 1—Duke and Duchess of York to Visit Australia.

Aberdeen, Sept. 17.—At the meeting of the Council at Balmoral to-day it was decided that the dissolution of Parliament should take place Sept. 25.

Polling in October.

The Queen afterwards signed the proclamation of dissolution. A writ will be issued Sept. 25, summoning the new Parliament to assemble Nov. 1. The first nominations and the unopposed returns will occur Sept. 29. The first pollings will take place Oct. 1.

Duke of York to Visit Australia.

Her Majesty has assented to Lord Salisbury's recommendation to the proposal that the Duke and Duchess of York visit Australia next year. The Duke will open the first Parliament of the Australian Confederation in the Queen's name.

Khaki Issue Will Win.

London, Sept. 17.—For the moment dissolution is a more attractive theme than China. The Conservative organs are confident that the khaki issue will give them an increased majority, and they are naturally jubilant. The Liberal and Radical organs, on the other hand, conscious that they are fighting a losing battle, bitterly denounce the Government for choosing the present time to dissolve.

Succumbed to Chamberlain.

The Daily Chronicle says: "Lord Salisbury, as he always does, has yielded to the strong man. He has stifled conscience, thrown scruples and justice to the winds and succumbed to Mr. Chamberlain, who is now the ruler of the Premier and the country."

The Standard announces that after the elections there will certainly be a reconstruction of the Cabinet. This possibly means that Lord Lansdowne, Secretary of State for War, and one or two others will be sacrificed.

Roberts Starts Oct. 3.

The Pietermaritzburg correspondent of The Daily Mail announces that Lord Roberts will start for England about October 3. This time there is little doubt of the genuineness of the report of his early return. Some troops will also be coming back, and the elections will thus be excellently timed by the Government to take advantage of the national fever over a successful war. The proposed visit of the Duke and Duchess of York to Australia also aroused much enthusiasm.

The Official Announcement.

London, Sept. 18.—The Colonial Office, in announcing the contemplated visit of the Duke and Duchess of York to Australia, says: "Altho Her Majesty naturally shrinks from parting with her grandson for so long a period, the Queen fully recognizes the greatness of the occasion which will bring her Australian colonies into federal union, and desires to give this special proof of her interest in all that concerns the welfare of her Australian subjects.

"Her Majesty wishes at the same time to signify her sense of the loyalty and devotion which prompted the spontaneous aid so liberally offered by all the colonies in the South African war, and of the splendid gallantry of the colonial troops."

AWFUL LOSS OF LIFE BY BLAZE IN SALVATION ARMY NURSERY

Little Tots Were Suffocated in Cincinnati While Their Mothers Were at Work—Two Brave Men Die in Attempting to Rescue Children.

Cincinnati, O., Sept. 17.—An old four-storey tenement at 403 East Front-street, used as branch nursery of the Salvation Army, burned this evening, and its occupants were so imprisoned that five were suffocated to death and others seriously injured.

On account of the cold weather to-day a fire had been started in the stove of the little tots who are cared for there during the day while their mothers are engaged at work elsewhere. It is thought this caused the fire thru some defect in the flues.

Mothers Knew Nothing of It.

Most of the mothers knew nothing of the calamity until they were thru with their day's work. At the Morgue and at the hospitals as well as about the burned building the scenes were indescribable.

Heroic Work to Save Life.

The firemen made heroic efforts to rescue women and children, but most of those on the upper floors were beyond hope. The patrol wagons dashed with all possible speed to the hospitals with those that were rescued, and their cries were heard along the streets. All of the hospital physicians were called in and the nurses did their utmost to relieve those suffering from burns.

Nursery on the Upper Floor.

The first floor of the building was used as a church, the second floor as headquarters for the destitute and for cooking and the upper floors for the nursery. The women and children could be seen from these upper storeys pleading for help when the stairways were enveloped in flames. The fire was soon controlled, but not until many had died from suffocation and others were seriously burned.

Suffocated While Saving Life.

The fire occurred near the river front, the most densely populated part of the city. The nursery is near the old Spencer House, and children from that tenement were in the burned building.

Captain Lodge was suffocated while carrying children from her floor.

John Hawkins lost his life while endeavoring to save his children.

The mission was in charge of Staff Captains Erickson, Anderson and McKenzy, who conducted a kindergarten for the little ones while their mothers were "working out." Captain Erickson recently arrived from New York to superintend the instruction.

NOTES FROM WINNIPEG.

General Superintendent of the C.P.R. Has a Good Report From the B.C. Mining Regions.

Winnipeg, Sept. 17.—(Special.)—General Superintendent Osborne of the C.P.R. returned on Saturday from a trip to the mining regions of British Columbia. In an interview he said that matters were booming at the coal mines. At Fernie 242 coke ovens were in full blast, and within a few weeks the number would be increased to 312. The daily output of coke was at present 700 tons. At Michell quite a few new openings had been made, with exceptionally good prospects, and new mines were being opened at Livingston. The mining at Lethbridge was also in a most flourishing condition.

Other Notes From Winnipeg.

Mrs. Scoble, wife of Lieut.-Col. Thomas A. Scoble, died yesterday afternoon at the family residence.

The remarkable thing is that the girl is still living, and the doctors have hopes of saving her life.

Campaign Oratory is Waxing Warm

Now that the heat of the summer is over and the heat of the election campaign has begun, it looks like a case of getting from the frying pan into the fire. We must not, however, allow any ante-election oratory to overshadow the fact that Quinn of 93 Yonge-street is now selling that latest English creation, the C.I.V. scarf, for 35c, and the new shield bows for the high turned-down collar at 25c.

REMEMBER OCT. 17, '78-- WE WILL DO IT AGAIN

Was the Motto Over the Platform at Guelph, Where the Conservative Leaders Were Listened to by Thousands Yesterday Afternoon.

Great Ovation to Sir Charles Tupper—Berlin's Contingent Numbered 400—Mr. Kloepfer Speaks, Also Sir Charles, Hugh John and Mr. Foster.

Guelph, Sept. 17.—(Special.)—The Conservatives of South Wellington turned out to-day to a man to join in the political ovation tendered Sir Charles Tupper, Hugh John Macdonald, Hon George Foster, the Big Three, and the other members of the touring political party. Sir Charles arrived in Guelph in the morning, and was met at the station by the Citizens' Brass band and many citizens and escorted thru the town to his hotel.

The Reception Committee.

The Reception Committee was composed of Col. MacDonald, Chris Kloepfer, M.P., James Watt, barrister; Ald. Newstaad, "the Honest Farmer"; J. P. Downey, James Tolton, R. H. Dowler, Harry Stull, Rev. W. F. Clark, Ald. Walker, Ald. J. J. Drew. Lieut.-Col. White, on horseback, acted as marshal, and did all things well in making the procession formidable looking.

A Big Procession.

This was but preliminary to the big procession in the afternoon. Before 1 p.m. the farmers from the outlying districts for 25 miles around had come into town by the hundreds. These in their rigs, and in vans hired in the city, together with prominent politicians from all over the riding in hacks, made up the procession that, accompanied by the Hillsburg band, the Erin band and the Berlin band, formed an escort to the Conservative leaders to the place of meeting, Petrie's Skating Rink. All the chief factories in the town closed up for the afternoon, and workmen crowded to hear about the Conservative policy.

At the Large Rink.

The rink was large, and the only drawback was that it was bitterly cold; and it was appropriately decorated, "Macdonald the Clean, Courageous Statesman," being a conspicuous motto; "Welcome to Canada's Grand Old Statesman" was another, and "Vote for Kloepfer, the Workingman's Friend," gave a local coloring to the gathering. While the audience gathered, the Citizens' band played, "I'd Leave My Happy Home for You," the audience whistling it to keep warm.

The Platform Decorated.

The speakers and the more prominent of the Conservatives had seats on a large raised platform, that was flanked and guarded by Union Jacks in great numbers, and over all was the legend, "Remember Sept. 17, 1878; We Will Do It Again," and the front of the platform was a wall of red, white and blue 6 feet high and 30 yards long. Raised seats had been reserved for ladies and their escorts, and they were filled with 1200 of Guelph's youth and beauty.

Entered Amid Cheers.

At 2 o'clock Sir Charles, Hugh John, Mr. Foster, Col. Whitney, Mr. J. F. Quinn, Q.C., M.P., David Henderson, M.P., D. C. Craig, M.P., and Major Beattie, M.P., entered amidst rousing cheers given by the audience, and the band played "See, the Conquering Hero Comes," and the cheers went on again and again.

Berlin Contingent of 400.

Behind the select party came the Berlin contingent, 400 strong, that had come into the city by special train, and the rink rapidly filled, until there were few seats unoccupied, and when filled, according to Editor Armstrong of The Advocate, it seats over 5000 persons. That may be taken as an independent estimate of the numbers present this afternoon. The disagreeable day, unrelieved for an hour by the sun's warmth, can be blamed that there was not a larger representation, tho, whatever it may have lacked in numbers, it made up in enthusiasm and solidity.

Col. MacDonald Presided.

The absence of Henry Hortop, president of the South Wellington Conservative Association, owing to illness, made the duty of chairman devolve upon Col. MacDonald, who opened the meeting in military phrase: "The meeting will come to order."

The colonel first called upon Chris Kloepfer, M.P. for South Wellington. The genial Chris was received with tremendous cheers and applause. He is popular. He began: "Chairman, Sir Charles, ladies and gentlemen." He was reminded of the former visit of Sir Charles to Guelph four years ago. He asked the audience to consider the policies of the two parties and conclude which was the better. He declared he was in favor, as he was in 1896, of the National Policy, because, in a new country like Canada, protection to industries was needed. [Applause.]

Cause of U. S. Prosperity.

He argued that the reason of the prosperity of the United States was due to

COAL IS NOW $6 PER TON

Toronto Dealers Fix the Price, Which Goes Into Effect This Morning.

The coal supply companies of the city met yesterday and decided to raise the price of coal to $6 per ton, the new price to go into effect to-day. The rate during the summer has been $5.50 per ton. A year ago the price was advanced to $5.75 per ton on Sept. 20, and it was $6 after October 1 a year ago. The early advance this year was due to the strike of the anthracite miners in Pennsylvania. The sale of coal to consumers in Toronto was heavy again yesterday in anticipation of an advance. Mr. Elias Rogers stated to The World last night that if the strike continues he would not be surprised to see anthracite coal go up to $10 per ton.

The railways will not be affected by the strike, as they burn soft coal.

Quick Lunch, 81½ Yonge, next World Office. Meals served any hours of the day or night from five to fifty cents. Convenient for men working down town and those out late at night. John Goebel, Prop. 2

A Large Circle of Friends.

There is no price difference in Cambridge and Oxford Cigars. Both are made from carefully selected tobacco leaf by skilled cigarmakers, and sold at $4.50 per 100, or 5 cents each. But the critical connoisseur will recognize a difference in the strength and a definable difference in flavor. G. W. Muller says both cigars have a large circle of friends.

The chapter on "Fan-Tan" in the "Mandarin" is worth the price of the book.

MOUNTAIN GOES TO MAHOMET.

Sir Wilfrid Laurier Journeys to Montreal to Consult With Hon. J. Israel Tarte.

Montreal, Sept. 17.—(Special.)—There was quite a ripple in political circles to-day when it became known that Sir Wilfrid Laurier came down from Ottawa to confer with Hon. Mr. Tarte. The interview took place at the Windsor Hotel, and lasted two hours. Hon. Mr. Blair also happened to be at the Windsor at the same time. Sir Wilfrid returned to the Capital this evening.

GILBERT PARKER TO BE M.P.

The Old Belleville Boy Gets a Sure Seat for Gravesend in the British Commons.

London, Sept. 17.—This evening Mr. Gilbert Parker, the Canadian novelist, was chosen by the Conservatives of Gravesend as their candidate for the Commons at the coming general elections. Owing to the relative positions of the parties at Gravesend this choice is equivalent to a return.

A Success.

Many people have taken advantage of an advertised opportunity to see a splendid exhibition of high-class fur garments at the W. & D. Dineen Company's new show rooms, corner Yonge and Temperance-streets. If you have not seen this exhibition, and have any spare time, it cannot be more profitably spent. If you require a fur garment of any description do not delay—furs are steadily rising in price, and the display at Dineens' is complete in every way.

Fine and Cool.

Meteorological Office, Toronto, Sept. 17.—(8 p.m.)—The weather has improved to-night in the lake region, but east of the lakes to the Maritime Provinces unsettled conditions still prevail. In Manitoba and the Territories sharp frosts were again recorded last night, but to-day has been fine and milder.

Minimum and maximum temperatures: Victoria, 44—56; Kamloops, 42—72; Calgary, 38—56; Prince Albert, 28—62; Qu'Appelle, 34—56; Minnedosa, 26—60; Winnipeg, 32—60; Port Arthur, 30—62; Parry Sound, 48—56; Toronto, 48—62; Ottawa, 54—62; Montreal, 56—62; Quebec, 52—64; Halifax, 56—70.

Probabilities.

Lower Lakes and Georgian Bay—Moderate winds; fine and cool; Wednesday a little higher temperature.

Ottawa Valley and Upper St. Lawrence—Winds falling to moderate or light; fine and cool to-day and on Wednesday.

Lower St. Lawrence—Strong breezes and moderate gales; westerly to northwesterly and decreasing at night; clearing and cool.

Gulf and Maritime Provinces—Strong breezes and moderate gales; westerly to northwesterly; cool and showery to-day; clearing at night.

Lake Superior—Light to moderate winds; fine; stationary or a little higher temperature.

Manitoba—Fair; stationary or slightly higher temperature.

There's a chilliness in the air that makes a fall-weight overcoat a desirable garment to have. You can get the best in the city from the Oak Hall stores at a cost of $8 to $12 or $14.
