THE CHARITY BALL, in behalf of the destitute poor in Ireland and Scotland, came off on Thursday evening last, in the Long Room of the Portland Market, in good style. The Room was well filled with the pleasure-loving of both sexes, and dancing was kept up till a late hour.—*New-Brunswicker.*

Business in the House is proceeding as rapidly as may be deemed consistent with safe Legislation. During the present week a great number of Bills have been disposed of, and many grants after being put to the test of the House, have found their way from the Supply Book to the list of appropriations. On Monday Mr. Brown introduced his Education Bill, which underwent a severe ordeal from its old opponents, joined by Mr. Steeves, from Albert.—The debate was adjourned to a future day.—*Fredericton Reporter.*

Yesterday the imposing Ceremony of Consecrating the Chapel of St. Anne's, in this City, took place, his Lordship the Bishop leading the services, assisted by the Venerable Archdeacon Coster, and the Rev. Mr. Roberts. We have received no official account of the proceedings, and were in consequence of the crowd, unable to find a seat; but we were informed that there were twenty-two Clergymen present; and that the services were conducted with the greatest solemnity.—*Ib.*

The subscription raised in the Roman Catholic Church, Fredericton, on Sunday 14th inst., for the relief of the sufferers by famine in Ireland, amounted to the respectable sum of £96 6s. 3d.

PENNSYLVANIA COLLEGE.—*Medical Department.*—The commencement of this popular Institution took place at Philadelphia on the 8th instant—when the Degree of Doctor of Medicine was conferred on thirty-two gentlemen, and the honorary degree on Richard S. Taliaferro, of Virginia, and John Paddock, of St. John, N. B.

RELIEF FOR IRELAND.—The barque Victor, sailed from New York on the 10th inst., consigned to the "Central Committee of the Society of Friends, Dublin," with a cargo consisting of 5605 barrels and 230 half barrels Corn Meal, and sundry other articles of food, as well as several packages of clothing, for general and impartial distribution among the famishing poor of Ireland.

Commodore De Kay, of the U. S. Navy, having had the frigate Macedonian placed at his disposal by Congress for the conveyance of food to Ireland, is making preparations for the voyage. She would be ready to receive her cargo at New York, about the 15th instant.

The U. S. Ship Jamestown has been placed by Congress at the disposal of Capt. Forbes, of the Navy, for the purpose of conveying the contributions of the citizens of Boston to the famishing poor of Ireland, and will soon commence taking in her cargo.

FREIGHTS AT QUEBEC.—Two ships for Liverpool were chartered at Quebec on the 6th inst., one of 900 tons at 5s. 3d. for Flour, and one of 700 tons at 5s. 6d.—There will be twenty vessels (now building) ready for sea at Quebec by the 20th May, capable of taking 150,000 barrels Flour.

HIGHLAND SOCIETY OF CANADA.—His Excellency the Governor General has consented to become Chief of the Highland Society of Canada. A special meeting of the Society was held at Cornwall on the 21st ult., at which the sum of one hundred and fifty pounds was voted of the funds of the Society, to assist in relieving the distress in the Highlands and Islands of Scotland.

An Address from the Society was afterwards drafted to His Excellency the Governor General, requesting him to become its Chief, to which His Excellency made the following Reply—

To the Members of the Highland Society of Canada.

Gentlemen,—I willingly respond to this cordial appeal, which embodies sentiments so worthy of Highlanders, and shows that when they cross the Ocean they do not leave their true and loyal hearts behind them.

Your allusions to the associations of the past, and your kind wishes for my future usefulness, are truly gratifying to me, and I accept with pleasure the office which, in accordance with the constitution of your Society, you propose to confer upon me.

Loss of the British Mail Steamer Tweed confirmed.—Merida papers to the 16th ult., which were received by the schooner Altrevido, from Campeachy, at New Orleans, contain accounts of the loss of the British mail steamer Tweed, on the passage from Havana to Vera Cruz. She left Havana on the 9th, and experienced a severe gale on the 12th, by which she was blown on the eastern side of the Alacranes, about seventy miles from the coast of Yucatan, directly north of Merida, and wrecked. She had on board seventy-five men; about sixty of which number were lost, but whether passengers or crew, is not stated, nor are the names given.

LATER FROM MEXICO.—We have intelligence, via Havana, from the capital of Mexico, to the 5th ult. three days later than previous advices.

The Church had effectually resisted the seizure of its property, and Santa Ana, convinced of the unpopularity of the confiscation act, had written to the Congress, urging its modification or repeal. A bill was thereupon submitted, repealing the obnoxious law, and authorizing the government to receive a loan from the clergy of $450,000 per month, which, it was understood, they would consent to advance till peace was secured.

Santa Ana had seized 98 bars of silver belonging to merchants of San Luis, for which he had given his personal guaranty. The country around had been subjected to a requisition for supplies, without prospect of remuneration.

Up to the 7th ult. great activity was manifested at Vera Cruz in preparation to resist an attack.—*Boston Daily Advertiser.*

IMPORTANT NEWS FROM THE SOUTH!

The following extract of a letter is from a very respectable Mercantile House, dated

Washington, (Vir.) May 25, 1846.

DR. JAYNE.—Dear Sir.—Our Mr. Jones has been in a very low state of health for more than a year; he has had the benefit of the best medical advice our country affords, and also visited your city during last summer, but found no relief. On the 15th of April last we purchased half dozen bottles of your TONIC VERMIFUGE, and half dozen boxes of SANATIVE PILLS. Mr. Jones commenced with the Pills, and after taking a few doses, felt a decided improvement. Three bottle of the Vermifuge brought from him, he thinks, ONE THOUSAND WORMS, perhaps more. He is now in better health than he has been for years, and we hope a few more bottles of your Vermifuge and Pills will effect a permanent cure.

Respectfully, J. B. JONES & Co.

Josiah Thompson, of Salem, N. J., administered this Vermifuge to a child between two and three years old, and says that in a few days she discharged one hundred and thirty-seven large worms!

Numerous cases of PILES have been perfectly cured by the use of this valuable Vermifuge.

WISTAR'S BALSAM OF WILD CHERRY.

It is impossible for us to compress into our narrow limits even a brief allusion to all of the numerous cures that have been effected by Dr. Wistar's Balsam. We can only refer to a very few as specimens of its general efficacy.

A few days ago, a lady called at the office in fine health, and looking as robust as though she never knew what sickness was. To our surprise, she stated that until recently, she had been sick for between three and four years with what was supposed to be consumption—that she had a violent cough, night sweats, with *alternate* chills and fever, and every usual symptom of confirmed consumption. The result was, that she became so emaciated as to present more the appearance of a skeleton than a living being. Providentially, she at this time, heard of the wonderful cures performed by Dr. Wistar's Balsam of Wild Cherry, and commenced using it herself. The effect was, that she began to get better at once. By degrees, the cough left her, the chills and fever disappeared, and in two months she again found herself in perfect health.

None genuine, unless signed I. BUTTS on the wrapper.
