1861.

A PUBLIC CAUTION.

Holloway's Pills and Ointment are neither manufactured nor sold in any part of the United States, although they may be obtained in the B. N. American Provinces.

Each Pot and Box bears the *British Government Stamp*, with the words, "Holloway's Pills and Ointment, London," engraved thereon.

It has become necessary to make this announcement, because the New York Chemical Company (who pay nobody), finding at last that their name has been so exposed, have assumed the title of "Holloway and Co.," but, even now, no one will buy their medicines direct from them, so that they have made arrangements to supply exclusively the firm of Messrs. Henry and Co., of New York, with their so-called "Holloway's Pills and Ointment."

It is presumed that, from the large connexion Messrs. Henry and Co. have in the British Provinces and elsewhere, the public is very likely to be imposed upon by unscrupulous vendors and others unless they exercise great caution to prevent their being misled, by finding these medicines bearing a stamp with the name of "Holloway and Co., New York," printed thereon.

Many respectable Firms in the British Provinces, who obtain my medicines direct from here, have very properly suggested that I should, for the benefit of themselves and the public, insert their names in the papers, that it may be known that my medicines can be had genuine from them.

The following is a list of the Firms alluded to; and I particularly recommend those who desire to get my medicines to apply to some of the Houses named:—

Messrs. Avery, Brown & Co., Halifax, N. S.
Messrs. Forsyth & Co., Halifax, N. S.
Messrs. T. B. Barker & Sons, St. John, N. B.
Mr. T. Des Brisay, Charlotte Town, P. E. I.
Messrs. Langley & Co., Victoria, B. C.
Messrs. Moore & Co., Victoria, B. C.
Dr. John Pallen, Chatham, N. B.
Messrs. Munro & Co., Montreal.
Messrs. J. Winer & Co., Hamilton, Ont.
Mr. B. J. Rose, Toronto.
Mr. A. Chipman Smith, St. John, N. B.
Mr. John Bond, Goderich, Ont.
Messrs. Elliot & Co., Toronto.
Mr. J. Chaloner, St. John, N. B.
Messrs. Hanington Bros., St. John, N. B.
Mr. R. S. Priddy, Windsor, Ont.
Mrs. Orpen, Morden, N. B.
Mr. George C. Hunt, Jun., Fredericton, N. B.
Mr. W. H. Thompson, Harbor Grace, N. F.
Mr. J. M. Wiley, Fredericton, N. B.
Messrs. W. & D. Yuile, Montreal.

The medicines are sold at the lowest wholesale prices, in quantities of not less less than £20 worth—viz., 8s. 6d., 22s., and 34s per dozen boxes of Pills or pots of Ointment, for which remittances must be sent in advance.

Chemists and other vendors of Holloway's genuine Pills and Ointment may have their names inserted in the local papers if they will please apply here—

DOCTOR BALLOU'S OFFICE

No. 10 King Street West,
Three doors from Yonge St., Toronto.

As an evidence of his ability we give below a few of the innumerable cases of cures he performed when he was here before, which is, in our opinion, sufficient for us to keep him busy for long to be chosen to remain in the city, which will be until his cures every case will take.

I desire that the citizens of Toronto and vicinity know that I am well known among them for the wonderful cure that Dr. Ballou performed on my son, William J. Spears, in the fall of the year 1872. He had a very severe attack of Inflammatory Rheumatism, and was brought home from Colborne on a litter, and for three weeks was confined to his bed, on which he suffered much. The Allston Hotel, authority Mr. Wilson, can testify to the wonderful cure. Before Ballou came he had given up all hope of ever being cured, after spending so many dollars with far from a lifetime. But when Ballou treated us. After one single treatment his pain was thirty left him, his swollen knees and ankles became natural size over, and in three days he was able to go to this day, as well as he ever was. In any other case such a cure would be considered almost a miracle. If there are any who desire further proof let them come and see.

ACHIBALD SPEARS,
No. 403 Queen street West, Toronto.

I would cheerfully recommend Dr. Ballou to all my acquaintances, as his services to me were beyond all price, and I had tested the skill of the so-called best physician.

D. A. CAMPBELL,
175 Sherbourne street.

Dr. Ballou cured me of Lung and Throat Disease in three treatments, when I was so weak that I could scarcely walk to his office.

KATE ROSSITER,
201 Sherbourne street.

Dr. Ballou cured my daughter of Epileptic Fits which she had for eleven years, and she never had one after his first treatment, and before it she had them as often as eight to fifteen every week.

WM. P. McMILLAN,

Many other cases of Rheumatism, Dyspepsia, Dropsy, Liver and Lung Disease, Heart Disease &c., may be seen at his office.

The Doctor also cures Cancer, Paralysis, Spermatorrhœa, and imperfect manner of all Sexual or Private diseases. Treatments strictly confidential, and all letters addressed to him at 10 King street, West, will be attended to. Box 2045. 1440-1y

THE SCIENCE OF ACCOUNTS.

DOCTOR JOHNSON, writing on the Science of Accounts, uses the following language, "That science which teaches the conduct of life can render useless, which must contribute to the advantage of all who buy or sell, all who want to keep or improve their possessions, of all that desire to be rich, and all that desire to be wise."

The evils resulting from imperfect systems of Bookkeeping are great, and terminate in the insolvency and bankruptcy, not only of those who regulate their accounts by them, but also of innocent parties unfortunately connected with those persons who have adopted imperfect systems of Bookkeeping. It is well known that a large proportion of the trading community adopt the old mode of *single entry*, on the ground that the advantages of which it is not necessary to enlarge, as it does not even possess the means, failures as they are in principle, of making the Ledger agree with itself. The system of Double Entry, only in use is well calculated to cover fraudulent entries in the transactions of *extensive* traders, is troublesome to keep and perplexing to balance. Comparatively, there are but few merchants whose books are carefully balanced. Indeed it would seem that the most balancing of books is by necessary secondary importance with the majority, who entirely omit taking any account of stock for the purpose of making an annual settlement of their affairs; and even many thinking men, who keep their books by double entry, find such difficulty in balancing that they very generally pass over small differences and sometimes large ones, rather than go on forever examining the last twelve months' accounts. It is also common for small errors to be passed over as of no consequence; whereas the *difference* by the finding of which the balance of the books is restored, may be only the balanced numerous errors of uncertain amount, which may be exceedingly important, and should never be tolerated, especially in PARTNERSHIP CONCERNS. The question may be pertinently asked, Why are so many students of Commercial Colleges found upon trial to be incapable to *the testing of a Bookkeeper?* The answer is obvious,—the teachers generally are *merely theoretical* Bookkeepers, and have which actual experience alone can give. How necessary then is it that the teachers in these institutions (professedly established for the imparting of a practical knowledge of Bookkeeping,) should themselves be practical men. With these facts before us, it is of importance that the many young men who are annually coming into business life should have a thorough knowledge of accounts, and especially of that important matter, the BALANCING OF BOOKS. Parents and Guardians should entirely consider this, and take care that the youths who are under their guidance shall not only become more valuable at the desks of their employers, but shall ensure their own success.

All admit the importance of KEEPING BOOKS simply and correctly, and most young men entering into business are anxious to be well-qualified Book-keepers, but *where or how* to obtain the requisite training, is the problem.

Let the practical philosophy of these facts be impressed on the *young Men of Canada*. Then shall Commercial Colleges resume their status among the institutions of our land.
