MONTREAL.

MONTREAL, April 10.—There were about 700 head of butchers' cattle, 80 calves, and 60 sheep offered at the East End abattoir yesterday. The butchers were out in large numbers, but it was small stuff they were after and only bought cattle when they got a bargain. Some 250 head of the cattle offered were held over from last Thursday's market and the holding over process will have to be repeated with a large number of yesterday's offerings. The drovers are feeling rather poorly, and many of them are bound to lose money on their sales. A lot of 8 very choice cattle were bought by Messrs. Brown and Nicholson at 4½c per lb, less $65 on the lot. Prime beeves sold at about 4c per lb, and pretty good stock at from 3⅞c to 3⅞c, while the rougher and leaner animals sold at from 2c to 3c per lb. The best calves were bought up before reaching this market, leaving only a very middling lot from $2 to $5 each. A lot of 17 yearling sheep of mixed quality were sold here at 4½c per lb, but there were no choice sheep on sale. Fat hogs are plentiful and sell at about 5c per lb.

British Grain Trade.

LONDON, April 9.—The Mark Lane Express in its weekly review of the British grain trade says: English wheats have been firmer in some Provincial markets selling at a 6d advance and foreign wheat has also risen 6d. California wheat, arrived, has sold at 25s to 25s 3d, and the same en route at 25s 3d to 25s 3d. The finest Manitoba has brought 26s 9d to 26s 9d. Foreign flour has shown 3d advance. Corn and beans have been weak but oats and barley have been slightly better. To-day English wheats were held at a rise. The average price is 26s 2d in foreign. American wheat is up 5d. Flour, barley, oats and corn advanced 3d.

LONDON AND ENVIRONS

—The London Bicycle Club have about completed arrangements for the lease of the house on Picton street occupied by the club last summer.

—Rev. A. E. Vert, of Delaware, was on Friday last presented with an address and a load of oats by the young people in his congregation, as a token of their appreciation of his services.

—John Crouse, the owner of the dam at Byron, appeared before Squire Lacey yesterday, charged with having the fish gate obstructed. The offense was proved and a fine of $4 and costs was imposed. Fishery Inspector McCann was the complainant.

—Miss Lizzie Morphy, lady principal of Coo's shorthand academy, received a telegram from Lady Aberdeen asking her to go to Ottawa and report the proceedings of the Women's National Council there this week. Miss Morphy left this morning for Ottawa.

—Langley, B. C., is badly off for a doctor. The council have had a standing offer of a bonus for some time to any medico who will reside there. Do you hear that, graduating class of the Western University, or are you already all spoken for?

—The meeting of the London West Council to-morrow night promises to be somewhat stormy. A village official stated to-day that he believed a member of the council was going to take steps to have all the officers discharged. A resident of the village is also expected to be on hand and give the council a "dressing down."

—The "Joe Milton," Capt. John Ellison's staunch and fast steamer, which has plied between Port Stanley and Cleveland the past three seasons, giving such satisfactory service to the traveling public, will begin her weekly trips again this season about June 1. Before that time Capt. Ellison will have completely overhauled her. He will put in more cabin accommodation and give his patrons all the comforts they will require by day or by night. Full announcements will be made through our advertising columns later.

—Under the auspices of the W. C. T. U. a most pleasant and profitable meeting was held in the Temperance Hall Monday afternoon. A large gathering of ladies were present. Mrs. W. J. Saunby occupied the chair. Mrs. Thornley gave a most instructive Bible reading on "Consecration." Mesdames Armstrong rendered a duet in a most pleasing manner and a reading was given by Mrs. R. Green. There were short addresses on "The Pledge" by Mesdames Fife, Spence, Clement, Green, Bailey and Douglas, and a duet by Mrs. Cochrill and Mrs. W. Gibson was much appreciated. The importance and necessity of the work of the union was ably dealt with in an address by Mrs. Thornley. Ten ladies were received as members of the union. All present felt the occasion was one of deep interest.

The Seventh Tied Up.

Things are not as bright as they might be with the Seventh Battalion just now, and there appears to be no little trouble in the appointment of a commanding officer to succeed Col. Payne. The latter leaves for the Northwest shortly, and yesterday turned over all arms and accoutrements to Lieut.-Col. Smith, D.A.G. This means that the drill shed and armory will be under lock and key until something definite is done about the command. Senior Major Beattie, who is next in command, is reticent on the subject, and has not expressed himself as to whether he will take over the battalion or not. Major Hayes is next in command to Major Beattie and should the latter decline the position the command will fall to the former. In the meantime the armory is locked up and the Monday evening class of instruction will have to be done away with for the present. It is said that there has been friction for some time past, and there is even talk of a possible disbandment of the Seventh at a not very distant date. Again it is believed that the D. A. G. will give Major Beattie a certain time in which to either take over the command or leave it alone. In the latter case Major Hayes will then receive the appointment. It is to be hoped the crack corps will be itself again ere long.

Deputation to Ottawa.

A deputation to Ottawa leaves on the C. P. R. train at 4:30 p.m. It consists of the mayor, the vice-president of the L. E. and D. R. R. Company, and representatives from St. Thomas and Port Stanley. They intend to ask the Government for another appropriation for Port Stanley harbor, which they want dredged to a sufficient depth to admit the large Montreal line boats to call there this season. There is a prospect of a big coal trade with Cleveland being worked up by the Walkers, who are negotiating to that end. Nothing definite is as yet known, but with a good harbor there, this traffic may be looked upon as a certainty.

Ready for the L. E. and D. R. R.

The transfer of the L. and P. S. R. from the M. C. R. to the L. E. and D. R. seems now a matter of only a few days. The mayor, Ald. Taylor and Ald. Coo had an interview with President Ledyard, of the M. C. R., at Detroit yesterday. They are reticent as to the outcome, but it is hoped that the prevailing rumors that the M. C. R. will withdraw from the city are untrue. The temporary terminals for the L. and P. S. R. have been arranged. The G. T. R. station and freight shed and the M. C. R. roundhouse will be used. This is satisfactory to the Walkers. A meeting of the L. and P. S. R. board will be called in a day or two to draft the notice to the M. C. R. to hand over the road in ten days.

Emery Street Dogs.

To the Editor of the ADVERTISER:

Sir,—I see by your issue of yesterday a resident of the south side has informed inspector Bell that parties have untagged dogs on Emery street and that they annoy him. Now, sir, I wish to state that I own one of those dogs, though I received a notice to pay $2 for two dogs, and that one weighs three pounds, collar included. I also wish to state, for the benefit of the public, that there has only been one dog on the street that annoyed anyone, and that one, a collie, bit one of my children and sprang at another in my own yard, besides biting one of my neighbor's children, and we insisted on the dog being got rid of, after it had been a terror to the children on the street for several weeks. Now, Mr. Editor, I would have liked the informent to sign his name, for I detest a man who is afraid of his name. Thanking you for your valuable space, I remain,

"NOW SHOOT OR BE SHOT."

A Husband Crazed With Drink Challenges His Wife to a Duel.

BUFFALO, April 10.—George Grawitz came home drunk last night. He had been on a spree for three weeks, and his wife was not surprised. He ate his supper in silence and then went up stairs into the garrett. The wife heard him throwing things about, but paid no attention to him. About half an hour later Grawitz came down stairs with two old-fashioned shotguns. They were loaded to the muzzle, and Grawitz was ugly. He made for his wife, and, handling one of the guns to her, he shouted: "Now, shoot or get shot." The poor woman took the weapon and staggered round the room vainly attempting to get away. She did not know how to handle the gun, and it went off in her hand. The charge entered the ceiling, showering plaster on the couple. The drink-crazed man took this as an acceptance of the challenge for a duel, and, raising his gun to the shoulder, took deliberate aim at his wife. Almost paralyzed with fear, the woman saw only one avenue of escape. It was a desperate chance, but she took it. She made a sudden jump just as he fired and went through a window, carrying glass and sash with her. Grawitz fired a second shot through the window, but it did not take effect. Mrs. Grawitz dragged herself to the house of a neighbor, who cared for her while the police were sent for. It took three policemen to subdue Grawitz. He was locked up on a charge of assault in the first degree.

ATTACKED THE TRAIN.

A Part of Coxey's Army Try to Board One—Beaten Off.

WASHINGTON, April 10.—Judge John L. Long, Minister of the Republican National Committee from Florida, arrived yesterday. He says his train was attacked by a large party of tramps forming part of Coxey's army at a point on the other side of Petersburg, Va., Sunday evening. The train ran into a camp of nearly 1,500 men on the march to the capital. They tried to get on the train, which was going twenty miles an hour, and trainmen and passengers had to combine to beat them off. Many of the assailants were frightfully mistreated. The proximity of so large a force to Washington is creating some uneasiness among members of Congress, especially as the movements of this body seem to have escaped public attention.
