No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly, and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

The petition to unseat Mr. Thomas Beattie as M. P. for this city calls for the disqualification of Mr. Beattie.

This afternoon, Hon. Mr. Tarte, Dominion Minister of Public Works, was re-elected by acclamation in St. Johns and Iberville. All the talk about opposing him indulged in by his political opponents seems to have had no foundation.

The Toronto Telegram says there are a thousand reasons why the coming session of the Dominion Parliament will not last less than 30 days. As the popular proprietor of the Telegram is an M. P., the Telegram ought to know.

The many friends of Hon. Wm. Harty will be glad to hear that his health has much improved. Too close attention to business was the cause of his illness.

Canadian bank managers deny that the recent importation of gold from the United States was owing to nervousness as to the future of the United States. The gold is needed for the legitimate business of this country.

The last month of summer has behaved respectably so far.

* * * *

The Montreal Gazette rather enjoys itself in advance over the lively time the Dominion Opposition is to have with the new Government. The Brantford Expositor says the session can no doubt be made lively enough—but with full revelations of hitherto only half-revealed crookednesses on the part of the Tupper Government. Perhaps the Gazette is wise in having its hilarity in advance, on the principle of the well known story of the man and the bull. The former, chortling in his joy, seized the horns of the latter, whereupon the bull promptly tossed the man over the fence. But the man was a philosopher all the same. "Faith," said he, after he had picked himself up, "it's as well I had my laugh first."

The worst visitation of Asiatic cholera that ever afflicted this county occurred 62 years ago this summer. Do any of our readers remember the calamity?

One man—an engineer—failed to do his duty on the express train recently wrecked in New Jersey, and great loss of life ensued. All the precautions of the railway company, it seems, were of no avail to meet the fatal error of an individual, and as he went down to death in the wreck an explanation of his conduct will never be forthcoming. A railway company which has careful and experienced engineers in its service cannot prize them too highly. When one of them errs, at a critical moment, it seems disaster cannot be averted.

Sir Charles Tupper confesses that there is nothing in the story that he would succeed Lord Aberdeen as Governor-General. It seemed that the Ottawa fake-monger took a holiday to Montreal, and could not refrain from indulging his usual propensity.

Says the Toronto World (Conservative): "The citizen of Toronto is today in a more hopeful mood than he has been at any time during the past seven or eight years. We do not say that the boom days have returned. We do not say positively that they are returning. What we do say is that there exists among the people a general feeling that we are on the eve of decidedly better times. Canada's opportunity seems to have about arrived."

Discussion as to the Conservative leadership goes on. Hugh John Macdonald, of Winnipeg, says he does not want it. He clings to his partner's father, Sir Charles Tupper.

In Winnipeg they are hopeful that an advance in the price of wheat may soon take place.

SLEEPLESSNESS is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parmelee's Vegetable Pills, gelatine-coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

Cholera in Egypt Has Passed Beyond Control.

Panic in Crete—Many Deaths from Sunstroke—Close of the Socialist Congress.

THE QUEEN.

London, Aug. 3.—The statement that the Queen is about to abdicate is positively denied.

DEATH OF A NOTED MAN.

London, Aug. 3.—Rt. Hon. Sir Wm. Robert Grove, D.C.L., LL.D., F.R.S., the eminent scientist, inventor and jurist, died in London yesterday, aged 85.

EIGHTEEN DEATHS FROM SUNSTROKE.

Berlin, Aug. 3.—There was fierce sunshine in many parts of Prussia last week, and a large number of workmen have been prostrated by the heat. At Koenigsburg on Thursday the heat was so great that eighteen persons who were prostrated have since died from the effects.

A NATIONAL GUEST.

London, Aug. 3.—Li Hung Chang, the Chinese diplomat, who attended the coronation ceremonies of Czar Nicholas II., as Moscow, as special envoy of the Chinese Government, and who has since visited Berlin and Paris, arrived in London Sunday evening. His visit to England is to be as a national guest, the Queen, through Lord Salisbury, having invited him to visit the country at the national expense. He will remain in England a month.

CHOLERA BEYOND CONTROL.

London, July 3.—Advices from Alexandria, Egypt, show that the cholera outbreak there has got beyond the control of the sanitary authorities. For nine months they fought the disease with energy, and as long as the infested areas were small the limited force of European doctors were sufficient to handle it. Now, however, the dimensions of the outbreak forbid any successful attempt to stamp out the disease.

ANXIOUS FOR A HOLIDAY.

London, Aug. 3.—The House of Commons met Saturday and passed on their third reading several minor bills, including the one for the construction of a railway from the east coast of Africa to Uganda, the country in the interior recently placed under British protection. This action is taken with the view of hastening the prorogation of Parliament before the grouse shooting season opens on August 12.

AUTONOMY FOR CRETE PROPOSED.

London, Aug. 3.—A Cabinet council lasting over two hours was held on Friday, at which it is understood that the Russo-French proposal to establish a blockade of the Island of Crete was the subject under discussion. Subsequent to the adjournment of the council the opinion was expressed at the Foreign Office that Lord Salisbury was opposed to the adoption of the proposal for a blockade, and would reply with counter proposals for the granting of autonomy to the island.

PANIC AT CANEA.

London, Aug. 3.—A special from Canea says: "This town is in an hysterical condition. Saturday we had a panic. We have had three lately. It seems a man was hammering nails into a plank. Somebody thought of was the noise of pistol shots. A general stampede followed. Two hundred persons rushed to the British consulate for protection. The consul signaled for protection. With splendid promptitude, a fleet of small boats appeared, with launches, carrying Nordenfeldts and three-pounders. A doctor's boat was also on hand from the Hood. All the shops were closed, the houses were barricaded, the streets became empty of the populace, and full of troops, who with orderliness worthy of the highest praise, and headed by Abdullah Pacha, occupied the streets. The result was much noise and sensation. Turks and Christians were equally scared, the first to arrive at the English consulate being four Turks, who showed signs of the utmost fear. The danger of the situation lies in the fear that almost every inhabitant carries arms, and that at any hour one of these panics may develop serious results. Meanwhile reports came in that villages are burning in the neighborhood of the Candia district. The Christians affirm it is the doings of the Turks, while the Turks say that it is the work of the Christians.

CLOSE OF THE SOCIALIST CONGRESS.

London, Aug. 3.—At the closing session of the Socialist Congress on Saturday a Greek delegate tried to read an address of sympathy with the Cuban insurgents, but the delegates, desiring to wind up the congress, declined to listen. The congress decided to meet next year in a German city, but the particular spot was not decided upon. The session ended with the singing of "Auld Lang Syne," the "Marseillaise," the "Carmognole," and with three cheers for the social revolution.

It would be a libel on the practical character of the powerful trades unions of Great Britain to associate their annual congress with the international Socialistic meetings, which concluded its sittings Saturday. The organizers of the Socialist congress meant to identify, if they could, their proceedings with the trades unions of the United Kingdom. The genuine annual trades union congress is convened for Sept. 7, to debate various matters of political and trade interests. Socialists and Socialist doctrines will have small part in it. Whatever of Socialist principles may be latent in the leading British trades unions, they are still notably free from the doctrinic character of European unions.

AFRAID OF CARRIER PIGEONS.

London, Aug. 3.—Fear of the treasonable use of carrier pigeons in France led to the promulgation yesterday of most stringent regulations. The Government's decree stipulates that every person wishing to possess carrier pigeons must obtain the authority of the prefect, and every person receiving carrier pigeons must, within two days, make declaration to the municipal authorities. The police commissary must always be present when the pigeons are freed.

PILGRIMS PRESENTED TO THE POPE.

Rome, Aug. 3.—The Pope celebrated mass in the Pauline Chapel at 8 o'clock yesterday morning, the party of American pilgrims being present. There was a large assemblage of priests also. Later a permanent committee, including the rectors of the North American St. Boniface College, presented the pilgrims separately to the Pope. They offered to the sovereign pontiff a rich national banner, with the arms of the pilgrimage upon it. A lady of the party also offered an elegant purse containing the pilgrims' offerings. The Pope looked well and spoke kindly to each of the party.

The ceremony was concluded at 10 o'clock. While the Pope was returning to his apartments, the American pilgrims, moved with enthusiasm, cried, "Long live the Pope."

The Railways.

Revival of the Project to Bridge Detroit River.

Seventy Cars of Wheat in One Train—The C. P. R. to Build New Shops.

The Pennsylvania Railroad Company has ordered all work on betterments to be stopped in order to reduce expenses.

Recently a train of 70 cars, all loaded with wheat, was hauled over the Pennsylvania lines from Erie to Baltimore. The train was equipped throughout with air brakes, and is said to have been the longest thus operated in the history of railroading.

The Grand Trunk, it is understood, will adopt the Gould automatic brake on all new freight cars and those that will be repaired in the future. It is estimated that 3,000 brakes will be required.

The G. T. R. have completed their new bridge across the River Lynn at Port Dover, and in future all trains on the Hamilton and Port Dover line will run to and from the G. B. and L. E. division station, which is on the west side of the river, landing and embarking passengers almost at the center of the village.

The Canadian Pacific have in view the erection of large shops for the manufacture of their own rolling stock, and with thus purpose Sir William Van Horne, president, Vice-President Shaughnessy and Master Car Builder Abbs, late of the Lehigh Valley, but now of the Canadian Pacific, have been visiting different suitable sites in Ontario.

The Michigan Central Railroad has revived the project of bridging Detroit River, and now has a bill before Congress, which has been favorably reported from the Senate committee on commerce, permitting the erection of a cantilever bridge, with two piers in the channel, 1,100 feet apart, and a mean elevation of 160 feet. The river at the point selected for the bridge is 2,300 feet wide. The cost would be $4,000,000 to $5,000,000.

JUMPED INTO THE RIVER.

Sad Suicide of a Chatham Township Girl.

Chatham, Aug. 3.—The daughter of Mr. John Pool, a well-known and respected farmer, residing in Chatham township, about two miles east of Wallaceburg, has committed suicide. The young woman, who is about 19 or 20 years of age, had been attending a prayer-meeting in a school house on the north side of the river, and while crossing the river on the ferry to return home, intimated to some of those present her intention of jumping into the river. After hearing her say this, some of her friends kept an eye on her until the other shore was reached, and a portion of the party had disembarked. Then she suddenly darted to the other end of the ferry and leaped in. An attempt was made to rescue her, but owing to the darkness it was unsuccessful. The girl had previously made attempts at self-destruction, and it is thought her mind was unbalanced. The body was recovered shortly afterwards.

FORTUNE IN HER BUSTLE

Strange Discovery After the Death of a Nova Scotia Woman.

Providence, R. I., Aug. 3.—Miss Della McGrenn, a Nova Scotian, who has been for years the housekeeper at the Ocean View Hotel, Block Island, and at the Hamilton in Washington, D. C., died a few days ago, leaving a fortune of $25,000 stowed away in an old wire bustle. Her death was caused by paralysis.

Miss McGrenn has relatives with whom she corresponded frequently, but they are unknown to the hotel people, and her remains have been placed in a receiving tomb awaiting a claimant. The fortune is in banknotes, bank books and securities.

A CANADIAN WHIRLED TO DEATH

Oswego, N. Y., Aug. 3.—Fred Scelmerdine, 60 years old, employed at the Rome, Watertown and Ogsdenburg Railroad shops, was caught in the shafting this morning and whirled to death. He came from Canada.

STEAMER WRECKED.

Halifax, N. S., Aug. 3.—The steamer Collier Gulnare, from North Sydney to Halifax, went ashore on the northern end of Bag Ledge, White Point, near Cape Canso, at 1 o'clock Sunday morning. She is full of water and will probably be a total wreck. She had 150 tons of coal on board.

Recipe for Angel Cake.

(HALF PINT MEASURE.)

One measure whites of eggs, one measure sifted flour, one and one-half measures sifted sugar and one even teaspoonful cream of tartar. Sift the flour and sugar together twice. Add the cream of tartar to the whites of eggs and beat to a stiff froth, then the sifted flour and sugar, a very little at a time, beating constantly. Flavor with Vanilla Extract (Cairncross & Lawrence), and bake slowly in an ungreased pan 40 minutes. When done invert the pan and let it stand until the cake is cold. Our spices and flavoring extracts are pure and of delicate flavor.

The New Science Master of the London Collegiate Institute.

Mr. Wm. Lockhead—A Post-Graduate of Cornell.

Mr. Wm. Lockhead, B.A., who has been appointed science master in Collegiate Institute here, the position recently vacated by Mr. McClement, is a son of Mr. Wm. Lockhead, of the township of Elma, in the county of Perth, and a younger brother of Mr. J. Lockhead, of this city.

After graduating from McGill University with honors, in both science and mathematics, he was appointed fellow of Cornell University, New York, and spent one year there. He then returned to Ontario, and after teaching in the Perth and Galt Collegiate Institutes he completed his course in Cornell and secured his degree of M. Sc. last year. He was then appointed science master in the Napanee Collegiate Institute, which position he resigns to come here.

Mr. Lockhead was offered this position at the time of the last vacancy, but could not accept it, as Galt would not release him.

SEAT FOR PATERSON.

The New Minister Can Be Elected in North Grey if He Chooses.

Owen Sound, Aug. 3.—A large and representative meeting of the executive committee of the North Grey Liberal Association was held here on Saturday afternoon. Hon. Wm. Paterson, of Brant, received the unanimous nomination of the committee. No other local candidate was mentioned. It was decided to hold a convention here on Friday next at 4 p.m. and have the candidate address the electors. Chairman W. L. Brown and other prominent local Liberals spoke very feelingly of the death of the late Mr. John Clark, and a resolution of condolence was carried, and ordered to be presented to his widow and family.

TELEGRAPHIC BREVITIES

Reports from Texas say that the cotton crop is 25 per cent short, and on an average twenty days earlier than usual, and unless rain falls within five days the crop will be 30 per cent short.

The St. Thomas City Council are considering the use of vitrified brick for paving Talbot street, which will have to be repaved next year. A carload of the brick will be ordered, and some crossings laid with it as an experiment.

Andy Anderson, an old Ayr boy, who has staked gold claims on the north fork of Salmon River, has struck it rich. A sample of free milling rock from one of these claims was examined by an expert, who stated that it was very rich in gold.

Miss Cecilia Ralph, who lost her hearing and speech when a young girl from the effects of fever, has returned from Ste. Anne de Beaupre, and is now able to speak quite plainly. She is a sister of Mrs. William Shanahan, of the Terrapin Hotel, Kingston, Ont.

A man was drowned at Boat Cove, July 31, seven miles north of Stoke's Bay, supposed to have thrown himself off the steamer Harry Baird, of Kincardine. He gave the captain his name as John W. Crittenden, but sent a card to the postmaster at Windsor and signed it Wesley Schamehorn. He told the captain he was worried, and was a carpenter by trade.

Application has been gazetted for the incorporation of the Ontario Gold Mines Company (limited). The following are the stockholders: R. A. Demme, Detroit; T. J. Hurley, Brooklyn; G. N. King, Jersey City; Henry Weston, New York; A. St. George Ellis, Windsor; F. G. Corning, New York, and Henry Clay, Berlin. Its headquarters will be in Windsor, and it will operate in Ontario.
