ASK DAMAGES FOR TRESPASS

Morrell& Sutherland have issued a writ against Gault Bros. of Montreal for $10,000 damages, for alleged trespass. Some weeks ago the Montreal firm's representatives took possession of the plaintiff's store in a manner that was resented by them. J. B. M. Baxter is acting for Morrell & Sutherland.

Hannington, Teed & Hanington accepted service on behalf of the defendants. The case will probably be tried at the June term of the supreme court.

The question of the ownership of the goods has not as yet been determined by the courts. The proceeds of the sale are in the hands of the assignees, who are holding the money awaiting directions how it shall be applied.

STOLE FROM EXPRESS CO.

MONTREAL, May 23—(Special)—Judge Desnoyers has issued a warrant for the arrest of John B. Waite, a former employee of the American Express Co., on the charge of stealing $600. Officers after two days' search are still unable to locate the accused. The sum missing is understood to be considerably larger than that mentioned in the warrant.

PROF. CROCKER'S INDOOR CIRCUS

Word was received in the city today that Prof. Croker's Indoor Circus sailed from Liverpool this morning enroute to Halifax. This aggregation comprises some thirty performing horses and ponies which are credited with doing everything but talk. The tour of Canada will probably commence at Halifax the eleventh of June and it will be seen in St. John in July.

A TERRIBLE DISASTER

New York, May 22—Twenty persons were injured, six of them so seriously that they were sent to hospitals, and more than a hundred persons narrowly escaped death or serious injury today when a swiftly moving train crashed into two others on the high elevated structure on the Third Avenue line, at 133rd street and Alexander Avenue.

Only the best of good fortune prevented a terrible tragedy. After the crash the ends of shattered cars hung far over the side of the elevated structure at one of the highest points on the line. Had they moved a few inches more they would have pitched to the ground. Good fortune also kept the wrecked cars from off the heavily charged third rail. Had the cars fallen on the third rail they might easily have taken fire with serious results to many of the passengers.

THE FISH MARKET

The fish market is fairly well supplied at present. The prices are high, though this is the season they should be quite moderate in price. Halibut is fairly plenciful at 15c. a pound. Shad are very scarce at 20 to 40c. a pound. Cod and haddock are selling as usual for 5c. a pound. Gaspereaux are selling at 20c. a dozen. A few pickerel have been brought down river and sell at 10 to 12c. a pound; and a few harbor salmon have been brought in and sell at 25 to 35c. a pound.

EMPIRE DAY

Pleasing Entertainment in the High School This Afternoon.

Empire Day was celebrated in most of the city schools today.

An excellent programme was carried out this afternoon in the High School. It was as follows:—

Selection by High School Orchestra; essay, "The British Empire," Miss Louise Best; essay, "New Brunswick's Early History," Miss Grace Fleming; class reading, "Canadian Ideals;" recitation, "Empire Day," Agatha Maxwell; essay, "Charles Robertson," Miss Minerva Henderson; selection by orchestra; essay, "Patriotism," Clifford Clark; recitation, "Canadian Confederacy," George Pederson; essay, "The Expansion of the Empire," W. S. McIntyre; recitation, "The Anglo-Saxon Race," Douglas Archibald; essay, "Patriotism," Harold Belyea; selection by orchestra; speeches; God Save the King.

Speeches were made by Dr. H. S. Bridges, Thomas Powers, W. J. S. Myles, and Dr. Manning.

NO STRIKE TODAY

The Street Laborers Will Go on With Their Work.

There will be no strike among the street laborers. The men met Supt. Winchester this morning and stated that they were not satisfied to have Woods working with them at $1.20 a day. Director Cushing when asked what would be done said that the men had been heard and if they were not satisfied to have Woods working at $1.20, he would simply let him go. "There are no pets in the street department," he said. This action will, he considers, settle the matter.

Speaking of the matter earlier in the morning he said he knew nothing of the matter except what he had seen in the morning papers. He had not been approached by the men or by Woods, neither had Supt. Winchester. If they had, the question might very easily have been settled. The Director further said that the agreement with the union was that the men were to receive $1.10 and $1.40 a day according to their capabilities. They had been paying Woods $1.20 as they considered that that was about what he was worth.

FOREIGN LABORERS

Some Came In from Loch Lomond and Others Went Out.

Some eighteen or twenty of the foreign laborers came in from the water extension works at Loch Lomond this morning. One of the men told a Times reporter that they could not get along with the English-speaking laborers, and were going to look for work in the city, but he would not say where. Asked if the balance of the lot of foreigners would go over to Nova Scotia they said they did not think so, as they could make more money where they are now. Another party of about 16, mostly foreigners, came to the city this morning from Hampton and vicinity, and will go out to the water extension this afternoon, where they hope to secure work.

In connection with the trouble with the Montreal consignment of laborers, Edmund Thorne, agent of the Dominion Employment Bureau, was in the city Saturday, and accompanied by Mr. O'Brien, Deputy Chief Jenkins and Detective Killen, went out to see the laborers and endeavor if possible to induce them to go to Nova Scotia. Some of the men it is said agreed to go, while others unconcernedly told the agent to go ahead and do what he liked in the matter.

If the men will agree to pay back the amount expended by the Employment Company no further action will be taken, but if not they will be arrested today, at least that is what the agency's officials say. It is said that Mr. O'Brien is now in Halifax, and Mr. Thorne also left the city on Saturday night.

There will be a meeting of the Eight-Hour League in the Berryman building, on Thursday evening. These meetings for a time at least will be open to the public. All interested are invited. Arrangements will be made to have a speaker for each meeting, and an opportunity will be given to all who wish to discuss the subject to do so. Names of new members are being added every day, and Secretary Campbell says it will soon have a large membership.

TOMORROW'S ATTRACTIONS

Where to Spend May 24th in Town and Country.

Tomorrow, May 24th., will be generally observed as a public holiday. Nearly all business houses will be closed and the day will be fittingly observed. The small boy, as usual, will celebrate with firecrackers and fireworks, and for those wishing to go out of town excursion rates are offered on all the railway and steamship lines.

There will no doubt be a large number who will spend the day in their suburban homes, and many will enjoy fishing in lakes and streams in the vicinity of the city. The yacht club will hold their first cruise of the season, leaving Millidgeville at 10 o'clock in the morning. A large number of the yachtsmen have signified their intention of participating in this cruise.

For those who remain town there will be a performance of the Gunner's Mate in the Opera House, both afternoon and evening. The ball games in the morning on the Shamrock grounds, and in the afternoon on the Victoria grounds, will no doubt be largely attended. The St. John Rifle Club will hold a spoon match on the rifle range at 1.30 o'clock. The livery stables are also looking for a good business tomorrow, as with the fine weather, there will no doubt be many anxious to enjoy a drive in the country. Bicycles and automobiles will also be in evidence by the pleasure seekers.

H. H. Schaefer, who succeeds E. S. Smiley as divisional freight agent of the I. C. R. here, arrived from Moncton yesterday and is registered at the Lansdowne Hotel. Mr. Schaefer has been in the freight department at Moncton and at Shediac for the past twenty years, and is a very competent official. He is of a very genial disposition and will no doubt prove a very popular official here.
