DIRECTUM'S MILE IN 2.07.

THE GREAT STALLION'S RECORD AT FLEETWOOD.

A Running Mate Urged Him On—Pascal's Five-Mile Record—Dobbins and Lamplighter Win the Stake Races at Sheepshead—Labor Day's Many Sports.

NEWARK, Sept. 4.—The trotting meeting which terminated to-day at Fleetwood Park was one of the most brilliant of the many trotting meetings given this year.

The feature of the day was the performance of Directum, the greatest of all trotting stallions, who trotted a mile with a running mate in the remarkably fast time of 2.07, and established a new record.

After some preliminary work the stallion came out after the last heat of the 2.20 class. The horse was taken around the track at a pretty fair pace, and gradually worked up into racing temper, and he came down the stretch, reaching the wire.

At 4.36 he started on his journey. He took the lower turn without a single false step, and as he swung around it was seen that the running mate was urging him to do his best. The quarter was reached in 30 seconds, and when the half was announced of one minute and a quarter of a second a shout went up from the crowd, for the horse had covered the distance in faster time than ever made in public. The quarters was made in 1.32¼. Around into the stretch he turned, finishing pretty well worked out in the time of 2.07, which establishes a new world's record for the stallion class.

Another feature of the meeting was the breaking of another record for five miles by L. A. Burke's Pascal. The horse covered the distances in 12.45. The previous record was made by Lady Mac in 1874.

Dobbins and Lamplighter Win Stakes.

SHEEPSHEAD BAY, Sept. 4.—To-day the Autumn Stakes and the Labor Day Stakes, with four other well-filled races, packed the grand stand with a big holiday crowd. Dobbins packed up 125 lbs. and captured the former, while the veteran Lamplighter took the Labor in good style.

To-morrow, in the Woodcock Stakes the 2-year-olds will be asked to go a mile. Wednesday there will be the Partridge Stakes on the grass. The Great Eastern Handicap, with its $10,000 guaranteed by the club, is set down for Thursday. It will prove the event of the week. The eligible list includes Dobbins, Senator Grady, Galilee, Hyder Abad, Discount, Peter the Great, Declare, Jack of Spades, Senella and a crowd of others. Domino was not entered, but if Senator Grady and Dobbins start the race will attract universal attention; for if the Senator can beat Dobbins he can certainly beat Domino, and if he fails to beat Dobbins his admirers will have to confess that he is not of the first rank. The September Stakes for three-year-olds will also be run on Thursday. The eligibles include Sir Francis, St. Leonards, Sir Walter, Augusta Belle, Sport and thirty-six others. It ought to be an interesting race.

On Saturday, the last day of the meeting, there will be the Flatbush Stakes for two-year-olds at seven furlongs, with Dobbins, Domino and Senator Grady all in. They will get in with 115 pounds, and if all three start a great race may be expected. To-day's results:

First race, 5 furlongs—Ameer 1, Little Pirate 2, Patrician 3. Time 1.01 4-5.

Second race, the Autumn Stakes, Futurity course, for 2-year-olds, $1500 added—Dobbins 1, Longdale 2, Rubicon 3. Time 1.11 1-5.

Third race, Futurity course—Red Banner 1, Mask 2, Young Arion 3. Time 1.12 1-5.

Fourth race, the Labor Day Stakes, 1⅝ miles—Lamplighter 1, Terrifier 2, Bermuda 3. Time 2.24.

Fifth race, 7 furlongs—Nomad 1, Acclaim 2, Restraint 3. Time 1.29.

Sixth race, 1⅛ miles, on the turf—Gloaming 1, Raceland 2, Kildeer 3. Time 2.12.

Yankee Pros' Pocket the Englishman.

NEW YORK, Sept. 4.—The largest crowd that has yet attended a race meet of the New York Cycling Association was that which assembled at Manhattan field to-day to see the contest in the various scratch events between H. C. Wheeler of Orange, N.J., the crack-a-jack of the National Cycling Association of America, and J. W. Schofield, champion of England. After the one-mile scratch race, which was the first event on the program, Schofield, who was entered for all the other races with drew on the ground that he did not care to get tangled up with so many crack riders. At the close of the first heat, in which Schofield finished second, Hess, Dorutge and Kluge all complained of being interfered with by the Englishman. It was the general impression, however, that Schofield had been pretty neatly pocketed. The races resulted as follows:

One mile open, purse $100, divided, final heat—H. C. Wheeler 1, A. B. Rich 2, C. W. Price 3, C. W. Dorutge 4. Time 2.46.

One mile handicap, purse $125 divided, three heats, final heat—H. C. Wheeler, scratch, 1; Frank Albert, 145 yards, 2; C. W. Dorutge 3; C. W. Ashinger, 145 yards, 4. Time 2.23 4-5.

Two mile handicap, purse $155, divided—Frank Albert, 270 yards, 1; C. W. Ashinger, 260 yards, 2; J. E. Starbuck, Marion, Ia., 110 yards, 3; A. S. Michael, 200 yards, 4. Time 4.53 4-5.

Five-mile handicap, $170, divided—A. B. Rich, scratch, 1; C. W. Price, 80 yards, 2; C. W. Dorutge, 200 yards, 3; C. E. Kluge, 40 yards, 4. Time 13.19.

One-mile consolation, purse $30—J. W. Schofield 1; H. M'Anaska, Milwaukee, 2; Carl Hess 3. Time 2.50 1-5.

Ben B. Wins the Free-For-All.

OTTAWA, Sept. 4.—The Labor Day picnic here to-day at Lansdowne Park was a great success and was attended by over 5000 people. The main attraction was the races, which resulted as follows:

Free-for-all, $300—Ben B. 1, Hurricane 2, Creamonia 3. Best time 2.30.

2.38 class, $200—Tachelot 1, Rocket 2, Mollie Sheridan 3, B.B. 4. Best time 2.31.

Running race (mile heats), $200—Leith 1, Mona 2, Australand 3, Madison 4. Best time 1.51.

Cycling at Syracuse.

SYRACUSE, Sept. 4.—Big crowds, excellent weather and good racing marked the Labor Day race meet of the Syracuse Athletic Association. Fully 5000 people were at the track, and the day was perfect for the sports. William VanWagoner of this city rode a mile against time, with hands off, and made the mile in 2.29 2-5, establishing a world's record. J. W. Linneman of Buffalo rode 25 miles in an effort to lower the world's record, but failed, making the distance in 1 hour 5 minutes 2 2-5 seconds. Summaries:

Tyler Makes a World's Record.

HARTFORD, Conn., Sept. 4.—The first day's races of the Hartford Wheel Club at Charter Oak Park to-day were attended by 5000 people. Sanger and a number of crack Chicago riders who were entered did not appear. The Springfield meet captured all the big events. Tyler broke the world's record for the half mile, riding in 1.01 2-5. This is 2-5 of a second lower than Zimmerman's time. He also cut the quarter-mile flying start record in competition down to :25 4-5. Windle did a quarter in :26 3-5. Summaries:

One half-mile, open—H. C. Tyler 1, W. Windle 2, E. A. Nelson 3. Time 1.01 2-5, last quarter in :26 3-5.

The Athletic-Bicycle Affiliation.

At the monthly meeting of the Toronto Bicycle Club last night the Toronto Athletic Club's proposition for affiliation was favorably received. Before adoption the resolution must go before the Toronto Bicycle shareholders, who will most likely accept it, and the two big athletic and bicycle clubs will become one strong organization. The scheme to build the ten-mile cinder track 10 feet wide in the Kingston-road was also discussed. The members thought well thereof, and passed a resolution to that effect. Road wheelmen will likely be asked to contribute $1 per annum. Road-master Stephenson estimates the cost of building at about $1050. The matter will come before the County Council at its next meeting, and the other city bicycle clubs will also discuss the scheme.

It is estimated that the Toronto Bicycle Club, after redeeming all the unused Civic Holiday tickets, will have a clear balance of $500.

Excelsiors Turn the Tables.

4—E. Peaker	Brampton	7 "
5—Jennings	Brampton	15 "

All Brampton turned out yesterday afternoon to see the Excelsiors and Athletics of St. Catharines play an exhibition game of lacrosse. The home team got the ball on the face and kept it within shooting distance until a neat throw from Modeland gave the first point for Brampton. The visitors did little of the play in the second game and Modeland added one more point to the score. The visitors pulled together in the third, and after some clever work the ball was passed to McIlwain, and he sent in a swift one which gave the Athletics their only point. The fourth game started with the Excelsiors forcing the play, and Ed Peaker sent in a clever one, which O'Neil failed to stop. The Athletics made a strong fight for the fifth, but the Brampton defence were more than they could cope with. The Excelsiors' home were playing a magnificent game, and after 17 minutes Jennings sent in the deciding shot, thus winning by 4 to 1. The teams were:

Excelsiors: Falls, Heggie, Roberts, Stewart, Allen, Milner, Warbrick, Modeland, Dawson, Jennings, E. Peaker, K. Peaker.

Athletics: O'Neil, Elliott, Lobb, Richardson, Chestnut, T. Downey, Munn, G. Downey, J. Downey, McIlwain, Timmons, Hare.

Lacrosse In Toronto.

"Traveler" writes: "Those who saw Saturday's match were disappointed. There is no question about that. And most of those who saw the match will not go to see another of a similar type. It is hard to sit and see your own team being beaten, while those alongside are chaffing you about the style and quality of your favorite players. The Torontos were outplayed, outrun, outchecked at every point. They were not in it. And the reason is that the Capitals were a lot of picked men, trained athletes, who had played together all summer, who had not a spare ounce of flesh on them, and who were nearly all good sprinters. It may be said that they are semi-professional; but they won, and won easily. The Torontos were slow; they indulged in little bits of fancy dodging that reminded one of former days. They have been slowly losing ground the last few years, and to an impartial observer of Saturday's match it seemed evident that they did not know what team play was. The game has been changing and the Toronto have not changed with it. Let them take a leaf out of the Capitals' book and try to win next year."

Hamilton Teams Will Claim Both.

It was expected that two games would be played in Toronto on Saturday, but there was some misunderstanding. The Victors sent a team down to play the Dukes, but the latter claimed that sufficient notice had not been given. The Athletics were to have played the Park Nine, but they got a telegram not to go to Toronto. The Athletics and Victors will claim both games. Under the rules all games in the series must be completed by Tuesday next, and they say the Toronto clubs were afraid to play.—Hamilton Spectator.

The Junction-Toronto Score.

Toronto arrived at the Junction on Saturday four short and completed an eleven by finding substitutes on the field. The Junction won by 22. The chief scorers were Laing for Toronto, Wheatley and W. Edwards for the Junction. Score:

English County Championship.

Yorkshire is now assured the champion county of England, a distinction they have not enjoyed since '83. After remaining in possession of the championship since 1887 the Surrey teams have experienced a period of misfortune, and their record shows a majority of defeats over victories, a state of affairs which has certainly not obtained during the last 10 years. In the appended list, which includes game played up to Aug. 19, losses are deducted from wins, while drawn games are ignored:

Roberts and Sutton will give exhibitions in three styles, viz., English billiards, American pool and French caroms.

Connoff Quite a Sprinter.

NEW YORK, Sept. 4.—At the Labor Day carnival of the New Jersey Athletic Club the principal event was Tommy Connoff's effort to equal Little Willie Day's record of 4 miles in 20.15 4-5 in the invitation race. Connoff made the four miles in 20.16 3-5, only 4-5 sec. behind the American record.

Sporting Notes.

The Hounds will meet to-day at Slattery's Hotel, corner Dundas and Bloor-streets, at 4 p.m.

At Vancouver Saturday, in the lacrosse game, the home team defeated the Victorias, who have started west on a tour.

A close bowling match was played here on Saturday between the Thistles of Hamilton and Prospect Park, the Thistles winning by four points.

After the baseball season is over the champion Bostons and an All-American team will star the country, principally the Northwest. Jim Manning will captain the All-Americans, which will have Kittridge and Jack Doyle as catchers and right-fielders, Jake Beckley, first base; George Davis, third base; Jim Manning, second base; Dahlen, short-stop; "Bug" Holliday, left field, and the peerless McAleer in centre field.

ALUMINUM CAR TICKETS.

They Are In Use on a Michigan Street Railway and Are Quite Popular.

The latest use for aluminum is for street car tickets, and it must be conceded that the metal is singularly adapted for the purpose. A Michigan street railway has just made its first issue of these light and ornamental tokens, which are about the size of a silver quarter-dollar. One is round, for ordinary fare; the other octagonal, for children. The adult's ticket is sold by the railroad company to the public at the rate of six for a quarter, and the child's ticket at the rate of ten for a quarter. The company does not allow its employes, either conductors or motormen, to sell tickets to the public, but disposes of them in $10 lots to the several storekeepers, who handle them exclusively. This method of distributing the tickets overcomes to a certain extent the difficulties which have always attended the sale of tickets by employes in connection with the receipt of cash fares. The aluminum ticket has also the great advantage of requiring no cancellation. As soon as the tickets are turned in by the public to the railroad company they are done up in packages and sold again.—St. Louis Globe-Democrat.

Shade for Stock.

Stock of all kinds are not unlike mankind in some respects, and seek the shade whenever possible during the extreme heat of summer. To gratify this desire, shade should be provided wherever practicable, and the cheapest manner of doing this is through the medium of shade trees. One or two should be set out in each pasture, and be protected by a fence until thoroughly established. If the field be tilled, set the trees along the south line, selecting those of rapid growth and spreading branches. If they be fruit trees, they should be trimmed to a height of at least seven feet, and then allowed to branch out. While the trees are growing, it would be simply humane to provide a temporary shelter of some kind, such as setting up a few posts, and covering with poles upon which are thrown branches of evergreens, or even limbs of oak or other trees in full leaf. This will afford a useful shelter, and if located upon a knoll or other naturally poor portion of the field, it will thoroughly enrich the soil. By changing its position each year, various portions of the field will be benefited. All this takes but a little time, and can be done when other work is not pressing. By boarding up, late in the summer, the side from which the prevailing winds blow, a fair protection from the chilling blasts will be obtained, and the stock will return you the cost.

Britain and Germany.

But, although there is no longer any danger of war from the foolish proclamation of an unlawful blockade, the moral consequences of the incident will be lasting and momentous. The eagerness of the French government, which, in this respect, did but reflect the temper of the French people to do England an ill turn, has been unmistakably revealed, and a reciprocal feeling of distrust and animosity has been kindled in the English mind. On the other hand, the promptness with which Germany came forward to combine with England in curbing French insult and aggression, has done more than any other event which has occurred in 80 years to revive the friendliness of those epochs when the victories of Frederick the Great foreshadowed the British conquest of Canada, and when Englishmen and Prussians fought side by side at Waterloo.

Public sentiment is a tremendous force in a country like England, where the people practically rule. The day may come when France will find that the revolution in English feeling with regard to Germany is an outcome of the Siamese affair, which, in its possibilities of harm, far outweighs any gain of territory on the left bank of the Mekong river.—New York Sun.

He Has Tried It.

Mr. John Anderson, Kinloss, writes: "I venture to say few, if any, have received greater benefit from the use of Dr. Thomas' Eclectric Oil than I have. I have used it regularly for over ten years and have recommended it to all sufferers I knew of, and they also found it of great value in cases of severe bronchitis and incipient consumption."

The Queen's Own Band will discourse sweet music, and exhibition drills will be given by the Knights of St. John. The comfort of visitors will be attended to by the ladies in charge of the refreshment tables. Proceeds to go to reduce the debt on the organ.

Editor World: At a meeting held on Monday night it was unanimously agreed to correct the misleading statements made in the public press in regard to the bond spoken of in connection with Mr. Cameron's resignation. In the first place it is necessary to understand that there are two bonds. The first from Mr. Cameron and others to the Loan company, the second from the church to Mr. Cameron, covering him from all loss in signing the first bond of $1000.

Mr. Cameron is in no way liable to the loan company for $28,000, as is stated, but is only liable for $1000, the same as the other bondsmen.

Before Mr. Cameron consented to sign the committee agreed to secure Mr. Cameron from all loss. This was done by the drawing out of a bond from the committee to Mr. Cameron, to be signed by the members of the committee, thus giving him their personal security.

Such a bond for $1000 has been executed and accepted by Mr. Cameron, who is consequently now fully secured against any financial responsibility.

The members of committee extremely regret the necessity of making public the foregoing statements, but in justice to all parties the truth should be known.

For one reason they are glad to speak that reason being that it gives them an opportunity to testify to the value of Mr. Cameron's services to the cause of Christ in this city. His task has by no means been a light one, but he has performed it in a manner to win the admiration of all who have witnessed his labors.

Respectfully yours,
(signed) E. S. Shier, Secretary.
