the thigh, under very dangerous circumstances, she being nearly 70 years of age. Over five years since, in going down stairs, she dislocated her right knee backwards. The surgical aid failed to reduce the dislocation, and she remained with her limb crooked, in the most awkward position, and suffering constant pain. The pressure of the displaced bones upon the nerves and blood-vessels of the ham produced disease of the parts, terminating in great enlargement of the thigh bone itself, which, constantly and rapidly increasing, produced the most exquisite torment, the only mitigation of which was effected by a standing posture; and for the last ten weeks previous to the operation, she had not enjoyed a moment's rest. Her friends at last advised her to consult Dr. Johnson of this city, whom once told her there was no possible hope of relief but by amputation, which offered a chance of alleviation to her suffering and prolongation of her life, which otherwise would soon be brought to a close. She was consequently brought to town on Wednesday, 8th instant, and after a day's rest and attempted composure, Dr. Johnson, assisted by his sons, Dr. Hammond and Mr. Richard prepared for the removal of the limb. The operation was rendered very difficult by the unusually short length of the limb, diseased high up, and also by a morbid deposit of fatty substance surrounding the whole limb, rendering tourniquets utterly useless, and restraint of hemorrhage entirely dependant upon well applied pressure by the fingers. Having been brought under the influence of chloroform in a most safe and perfect manner by Mr. Richard Johnson, in a few minutes, Dr. Johnson himself took the management of the arteries, while Dr. Hammond removed the limb in a very rapid and masterly manner. The vessels were all secured with the most trifling loss of blood, and the patient placed in bed without her having felt the least painful sensation, or having the least knowledge of the occurrence until it was happily shown her. She slept for twenty-four hours, almost continuously, so great was the relief nature had obtained; and has since progressed better than her advanced age and shattered health could have warranted. There is now every prospect of her complete recovery.—*Adv*

Mrs. Stowe's New Book.—We commenced Mrs. Stowe's New Book Dred, in to-day's issue. The book being copy-right, both in Britain and the United States, enables the publishers to have a monopoly of it, and to sell it at what price they choose. The Edition we have in our hands, costs $1. 50 in Boston, and the cheapest in Britain is 2s. 6d. stg. Even at the latter price, it would be too expensive a work to command a large sale in this Island. Anticipating that our readers would be as eager to peruse it as they were to read Uncle Tom's Cabin, it was our intention to have continued its publication. We have since its commencement, altered our intention in consequence of having learned that a cheaper edition can be had before the navigation closes, and will be for sale here, in which case our readers can procure it long before it could be printed in our columns.

Young Men's Christian Association.—We are requested to give notice, that the Weekly Bible Classes of this Association, have recommenced, and that the attendance of its members and others willing to avail themselves of the instruction afforded, is respectfully requested at the Infant School-room on Monday Evening next, at 8 p. m. A meeting of the Committee of this Association will take place on Monday evening next, at 9½ o'clock, p. m., at the Infant School-room, when a full attendance is requested.

The Rev. James Waddle, will preach in the Temperance Hall (D.V.) on Sabbath the 26th inst., at eleven o'clock, a. m., and at three p. m.

A MARVELLOUS REMEDY!
FOR A MARVELLOUS AGE!

HOLLOWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these, this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflamation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows, that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, RHEUMATISM AND SCORBUTIC HUMOURS.

No remedy has ever done so much for the cure of diseases of the skin, whatever form they may assume, as this Ointment. Scurvy, Sore Heads, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East, large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured, if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs	Cancers	Sore-throats
Bad Breasts	Contracted and Stiff Joints	Skindiseases
Burns		Scurvy
Bunions	Elephantiasis	Sore-heads
Bite of Mosquitoes and Sand Flies	Fistulas	Sore-nipples
	Gout	Soft Corns
	Glandular swellings	Tumours
Coco-bay	Lumbago	Ulcers
Chiego-foot	Piles	Wounds
Chilblains	Rheumatism	Yaws.
Chapped hands	Scalds	

Sold at the establishment of Professor Holloway, 244, Strand, (near Temple Bar,) London, dan 80, Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:—at 1s 3d; 3s 3d; and 5s each Pot.

☞ There is a considerable saving by taking th larger sizes.

N. B.—Directions for the guidance of patients of every disorder are affixed to each Pot.
