PICNIC.—Was held by S. S. No. 2, last week in the grove opposite the farm of Mr. Joseph Whitely. Besides Mr. Robert Miller, teacher of No. 2, there were four other gentlemen, Messrs. Richard Miller, P. Cantelon, John Connolly and Cameron Gordon. Numerous good things had been provided for the children. Dancing was indulged in by the older ones with great delight on a platform erected for the purpose. Mrs. R. McCullough on the organ and Mr. McCullough on the violin furnished the necessary amount of inspiriting strains, and really it must be added that sweeter music has seldom delighted more appreciative listeners. There was a strawberry festival in connection and good time generally was spent. Old and young enjoying themselves —Com.

Council met to day at Holmesville, (July 7th, 1879,) pursuant to adjournment, members all present. Minutes of last meeting read and passed. Mr. Robt Racey was present and heard respecting the north end of the eleventh and twelfth concession running from Holmesville to the Maitland River, to have the same made passable for teams, also presented a document signed by said Mr. Racey and thirty six others threatening legal proceedings if the road is not proceeded with at once; the Reeve stated on behalf of the Council that the Council of Colborne took so little interest in the matter although Colborne will derive the principal benefit from its construction that he could see no reason why Goderich Township should assume almost the entire cost of keeping open and in repair for all time to come the road asked to be opened and which would not eventually benefit half a dozen farmers in the latter township that unless Colborne Council acted more liberally the road would fall through so far as Goderich Tp. is concerned. Mr. Racey was accompanied by a legal gentleman who courteously but firmly threatened legal proceedings; the Reeve told them to "go ahead"—the deputation then left. The late heavy rain storm carried away so many bridges and culverts, the whole day was employed in making arrangements for getting the roads in a passable state at the earliest date. The Clerk was ordered to write to Mr. Bay to examine 33 creek bridge (or the Gulley Bridge as it is called) and get up a plan and specification for a new bridge on same and send it to the council for its special meeting on the 15th Inst. The following accounts were ordered to be paid—Mrs. Whitely gravel Base Line $11.20; J. Beacom repairing culvert Bay. Con $4.50; T. Cole digging drain & piping on 9th and 10th Con $6.00; J. JAMES PATTON, Clerk.

Colborne.

Dear Signal.—I would like to say something in favor of "harvest homes," For the past few years the farmers in Goderich have had these pleasant meetings. I think we in Colborne should have one this year, say about the end of September. The grounds of the Point Farm might be secured for the purpose. This township has always taken the lead in stock and grain at the riding shows, we should also be ahead in these social matters. At a gathering of the kind I mention our boys could see which were the smartest at the sports of the day. And the lassies might like to see the fun and have a dance with the young men of our own instead of going to Goderich township as many of them did last year. It would also be a benefit for the farmers to meet each other to talk over the business of the farm, who had the best crops and the yield etc. In the mean time I think the yeomen of Colborne should have a meeting at the township hall about it and ask the Council for a grant of money to aid the days amusement. Money is granted for roads and bridges and schools and such like practical purposes; a small grant for a harvest home would not be out of place. I would like to see a move made in this matter and hope that if a meeting is called to consider it that a large number will attend.

WEBSTER BROWN.

Colborne July, 18th 1879.

PIC-NIC.—Between ten and eleven o'clock on Tuesday large crowds of people wended their way to the noted grove on the farm of the late Mr. G. Young at present occupied by Mr. Tho's Morrish. About eleven o'clock the pupils of the Manchester S. S. arrived and marched upon the grounds, passing between two long lines composed of the members of the Smith's Hill, S S. who welcomed the former with "Happy Greeting to all." Soon three or four sets of croquet were called into operation by some of the most expert players. Others rushed to the swings and all four were quickly set in motion. The quoits also attracted the attention of quite a number. In another part of the ground a large crowd tested their abilities as marksmen with the destructive weapon of the aborigines, the bow and arrow. This amusement being somewhat novel and many having seldom or never handled the instrument before, some wide shooting was done. All however did not join in the sports, some more advanced in years and knowing that something more than the games was necessary to keep up the day's sports, busily applied themselves spreading the large table which was provided for the occasion. About one o'clock lunch was ready and some four hundred partook of the bountiful supply of well prepared provisions. After all had partaken heartily of the necessaries of life the S. H. S. S. rendered very beautifully the suitable hymn "Where best thou gleaned to day."

QUOITS,

The crowd then separated to resume the different games with renewed vigor. Although each amusement had its own admirers the quoits were by no means behind; for during the contest between Messrs J. Symington and J. Towsley of Colborne and Messrs Stoker and Robertson of Hullett, great excitement was kept up. After each side had won a game the hottest work commenced. With great precision did each competitor measure the distance, and with equal accuracy did he pitch his quoits. After a close contest Hullett was declared victorious.

PRESENTATION.—Towards evening all again assembled and after being entertained with a beautiful anthem from the S H. choir, Wm. Young Esq was appointed chairman who, after a few appropriate remarks presented Miss Glen, in behalf of the S. H. Presbyterian congregation with a handsome gold watch, accompanied by the following address;

"Dear Friend,— As four years have now drawn to a close since first your services were secured as organist of the S. H. Presbyterian congregation we are reminded that it has imposed upon us the responsibility of having used or abused their privileges and advantages. We are indeed indebted to you for your assiduous efforts in providing us with those soothing strains with have added in no small degree to the harmony and melody within those sacred walls; and we wish to express to you on that account our hearty acknowledgement of your untiring energy and kindness on our behalf. Especially would we do so when we are stimulated by the thought that you are still to occupy the responsible position which you now so efficiently fill. Our sincere hope is that you may long be spared to aid us in that necessary requirement for God's House, and we would beg your acceptance of this small token of affection and esteem. Treasure it not on account of its intrinsic value but as an acknowledgement of the gratitude and good will due you by the S. H. Presbyterian congregation. That God may abundantly shed upon you every blessing necessary to lead a holy, righteous, and Godly life; and that your career may be one of peace and happiness and comfort, a slight foretaste of that unbounded joy which awaits the redeemed, is the cordial prayer of the congregation."

The Rev. Mr. Pritchard replied in behalf of Miss Glen thanking the congregation for the acknowledgement of her services, for their kind wishes, and last but not least, for the handsome present which she had been presented with The crowd then dispersed but to be again collected in a short time to witness the greatest excitement of the day.

"THE TUG OF WAR."

between twelve from Hullett and the same number from Colborne. After a few seconds pulling it was evident Hullett had the best of it and with great difficulty succeeded in drawing their opponents over the mark. Some dissatisfaction, however, arising on account of the ground, it was decided to change ends and have one more trial. Again the word was given and in a moment every muscle was strained to the utmost. The excitement among the spectators increased; the noise became still louder; and had all the tigers and lions in Barnum's circus united in one grand salutation not even they could surpass the shouts and applause of the excited crowd. Soon the sturdy youths of Hullett began to waver and were finally obliged to succumb to the powerful arm of the twelve heroes of Colborne.

Gourie, although not as convenient as some grounds is one of the most beautiful groves that can be found in the county of Huron or I might be safe in saying in the Western counties. The stately elms whose spreading branches interlace each other afford almost a complete shade from the rays of the scorching sun, while the tough and almost perfectly level sod affords good ground for all kinds of amusements. There is also a spring close by which adds greatly to the requirements of a pic-nic ground.

A Curious Fact.

That in severe chronic cases which have proved the most obstinate to other medicines, Wilson's Compound Syrup Wild Cherry gives immediate relief and effects a speedy cure. It has no equal for Coughs, Colds, Coryza, Bronchitis, Loss of Voice, Catarrh, Whooping Cough or Croup.

Mr. B. A. Webber, of the firm of Winslow and Webber, Hamilton, gives us particulars of the following remarkable case: His wife, having caught a very severe cold, lost her voice so completely that the family could not understand a word she said. In this distressing emergency he was advised to try Wilson's Wild Cherry and was astonished to find it effect a cure in four days. Try it Sold by all Druggists. 1676

I have been a sufferer from Indigestion and violent Sick Headache for upwards of four years. I have consulted many of the Faculty but have derived no material benefit from any source, until I tried PERRY DAVIS' PAIN KILLER, which, I am happy to state, has done me more good than all I ever tried before.

THE GREATEST WONDER OF MODERN TIMES!

The Pills Purify the Blood, correct all disorders of the Liver, Stomach, Kidneys and Bowels and are invaluable in all complaints incidental to Females.

The Ointment is the only reliable remedy for Bad Legs, Old Wounds, Sores and Ulcers, of however long standing. For Bronchitis Diphtheria, Coughs, Colds, Gout, Rheumatism, and all Skin Diseases it has no equal.

BEWARE of AMERICAN COUNTERFEITS.

I now respectfully take leave to call the attention of the Public generally to the fact, that certain Houses in New York are sending to many parts of the globe SPURIOUS IMITATIONS of my Pills and Ointment. These frauds bear on their labels some address in New York.

I do not allow my Medicines to be sold in any part of the United States. I have no Agents there. My Medicines are only made by me, at 533, Oxford street, London.

In the Books of directions affixed to the spurious make is a caution warning the Public against being deceived by counterfeits. Do not be misled by this audacious trick, *as they are the counterfeits they pretend to denounce.*

These counterfeits are purchased by unprincipled Vendors at one half the price of my Pills and Ointment, and are sold to you as my genuine Medicines.

I most earnestly appeal to that sense of justice which I feel sure I may venture upon asking from all honorable persons, to assist me, and the Public, as far as may lie in their power, in denouncing this shameful Fraud.

Each Pot and Box of the Genuine Medicine, has a the British Government Stamp, with the words "HOLLOWAY'S PILLS AND OINTMENT, LONDON," engraved thereon. On the label is the address, 533 Oxford street London, where alone they are Manufactured. *Holloway's Pills and Ointment bearing any other address are counterfeit.*

The Trade Marks of these Medicines are registered in Ottawa. Hence, any one throughout the British Possessions, who may keep the American Counterfeits for sale, will be prosecuted.
