SUNLIGHT SOAP

is better than other Soaps but is best when used in the Sunlight way. Follow directions.

SUNLIGHT WAY OF WASHING

FIRST.—Dip the article to be washed in a tub of lukewarm water, draw it out on a washboard and rub the soap lightly over it. Be particular not to miss soaping all over. THEN roll it in a tight roll, lay in the tub under the water, and go on the same way until all the pieces have the soap rubbed on, and are rolled up.

Then go away for thirty minutes to, one hour and let the "Sunlight" Soap do its work.

NEXT.—After soaking the full time rub the clothes lightly out on a wash board, and the dirt will drop out; turn the garment inside out to get at the seams, but don't use any more soap; don't scald or boil a single piece, and don't wash through two suds. If the water gets too dirty, pour a little out and add fresh. If a streak is hard to wash, rub some more soap on it, and throw the piece back into the suds for a few minutes.

LASTLY COMES THE RINSING, which is to be done in lukewarm water, taking special care to get all the dirty suds away, then wring out and hang up to dry.

For Woolens and Flannels proceed as follows:—Shake the articles free from dust. Cut a tablet of SUNLIGHT SOAP into shavings, pour into a gallon of boiling water and whisk into a lather. When just lukewarm, work articles in the lather without rubbing. Squeeze out dirty water without twisting and rinse thoroughly in two relays of lukewarm water. Squeeze out water without twisting and hang in the open air.

☞ The most delicate colors may be safely washed in the "Sunlight" way.

MINARD'S LINIMENT Co., LIMITED.

Gentlemen,—Last August my horse was badly cut in eleven places by a barbed wire fence. Three of the cuts, (small ones) healed soon, but the others became foul and rotten, and though I tried many kinds of medicine they had no beneficial result. At last a doctor advised me to use MINARD'S LINIMENT and in four weeks' time every sore was healed and the hair has grown over each one in fine condition. The Liniment is certainly wonderful in its working.

HYMENEAL

PORTER-DICKSON.

On Wednesday, July 4th, at the residence of the bride's father, Smiths Cove, Digby Co., a pretty and quiet wedding was solemnized, when Miss Ethel Grace, daughter of Rev. R. D. Porter, M. A., was united in marriage with Mr. George Leslie Dickson, M. A., of Stellarton, Pictou county. The ceremony was performed in a most impressive manner by the father of the bride, assisted by Rev. A. H. Saunders.

The parlors had been converted into a bower of fern and daisies and the bride who was becomingly gowned in white silk and carried a bouquet of bride's roses, entered on the arm of her father, to the strains of Mendelssohn's wedding march played by Mrs J. S. Potter.

The bride was attended by her sister Miss A. Maud Porter and her little neice, Miss Elizabeth Freeman, of Halifax, as flower girl.

After a dainty luncheon the happy couple left for a three weeks trip through Cape Breton and other places of interest; at the end of which time they will be at home at Stellarton.

The numerous and beautiful gifts, which were out of all proportion to the number of invited guests, testified tothe popularity of the young couple.

Germany Teaches Pure Food Lesson

Berlin, July 16.—American food inspectors could well learn a lesson from German methods in punishing adulterators. A wine merchant of Wurtemburg, named Leonhardt Esslingen, has been prosecuted for the wholesale adulteration of wine, and the court ordered that all the impure wine be thrown away.

Crowds saw the execution of the sentence. Eight thousand gallons of wine were poured into the two rivers which flow near the town, the Neckar receiving 4,000 gallons and the other half mingling with the waters of the Acker.

OBITUARY

JACOB WILLIAM DITMARS.

The death occurred last Saturday morning at 7 o'clock, at Deep Brook, of Jacob William Ditmars in the 86th year of his age. The deceased has lived the most of his life on the farm on which he died andwas a highly respected citizen. His wife, two sons and a daughter died before him. Two sons, R. V. Ditmars and J. C. W. Ditmars remain to occupy the farm: Although in feeble health for some months the end came suddenly : and could not be otherwise than a shock to the family. A very large circle of relatives consisting principally of four or five names—Ditmars, Purdy, Vroom and Spurr, all native stock of this village, will miss from among their midst one who has been a friend and neighbor in every true sense of the word.

FRED ETHELBERT BURNEY.

The death took place at West Inglisville, last Thursday of Fred E., the only son of Mr. and Mrs. Wm. Burney, after an illness of but a few ling character. Although not a member of the church he had consecrated himself to the work of the Savior and was awaiting the first opportunity to unite with the Baptist church. The funeral service was conducted by Rev. M. W. Brown assisted by Rev. W. M. Brown, of the Methodist church, after which the remains were laid beside those of his sister in the Lawrencetown cemetery. The beautiful floral tributes showed the esteem in which thedeceased was held.

The deceased leaves a mother, a father, three sisters—Olive, at home, and Mrs. King Lynch and Mrs. Chipman Smith, of Portland, Maine. Mrs. Lynch and Mrs. Smith were unable to attend. We intend our deepest sympathy to the sorrowing family and the wide circle of relatives and friends who mourn for one stricken down in the strength and pramise of early manhood.

A Serious Fire in Newfoundland

Halifax, July 14.—News reaches here of a destructive fire at Newfoundland, being the worst in the history of the lumbering industry of the Ancient Colony. The fire was on the Timber Estates Company's property at Mintbrook, near Gambo. The company's big mill, offices, warehouses, barns, ten dwellings, and half a million feet of lumber were destroyed, causing a loss estimated at over $100,000. Over one hundred and fifty men are out of employment and many families are destitute. A high wind prevailed at the time, and though valiant efforts were made to check the flames, and one life was almost sacrificed to save property, the ravage of the fire was most complete, and the occupants of the houses had to flee for their lives, losing everything and walking miles for shelter. The scene at the height of the conflagration was thrilling. The flames were licking up everything, the heat was intense, and women and children were huddled together and homeless. Several men were badly burned.

Mr. H. J. Crowe, manager of the company, says that the insurance is held as follows: $10,000 on the mill and machinery, a part of which will not be a total loss, as the fire swept through it too quickly to seriously injure the machinery, also $1,000 on the dwelling houses, $5,000 in the Phoenix, on merchandise carried in the stores, and $6,000 in the Norwich. These amounts will not be total losses.

Tons of Birds' Nests

While demolishing the steeple of a church at Wilkesbarre, Penn., workmen found their entrance barred by birds' nests weighing two tons. The mass of nesting material was so great that the trap door into the steeple could not be opened. Carpenters had to cut a way in from the outside.
