## LOCAL MATTERS.

A NEW LOCOMOTIVE with six driving wheels arrived here today for the Nova Scotia Central Railway.

THE HIDDEN GEM.—The young men of St. Alphonsus Association will play the interesting drama "The Hidden Gem" in St. Peter's Hall, North End, this evening.

ODD FELLOWS.—This evening a number of representatives of the several lodges of Odd Fellows in the city will meet at the Odd Fellows Hall to make arrangements for a grand excursion to P. E. I. while the Grand lodge is in session in August.

MONSTER TROUT.—An Examiner representative was to-day shown a trout caught at Dunk River, and forwarded to Mr. George Roome, of this city. The trout weighed 5 lbs. 3 ozs., and measured 21¼ inches in length, 5¼ inches from back to belly, and about 3 inches in thickness.—Charlottetown Examiner.

FORT HOWE, the recreation and play ground of North End is fast becoming a nuisance for ladies and children. Eight cows were grazing on the hillside the other day, and the residents in that locality appear to have appropriated the hill as a pasture field.

NO ZEPHYR.—"The heavy wind Thursday evening did a good deal of damage in Simonds and Peel. Rev. John Perry, H. Stoddard and Geo. F. Foster had each a barn blown down; Mr. Tompkins in Peel shared a similar fate; many other buildings were injured.—Woodstock Press.

NEARLY DROWNED.—Sunday evening a man named Jas McCouch walked off the floats at Indiantown and was almost drowned before help came. He was at last fished out and went home a cooler and, it is hoped, a more cautious man, for this is the third or fourth time within a year that he has received a ducking in the same way.

LAUNCH AT HARVEY.—A despatch to the Moncton Transcript says:—Hon. G. S. Turner's fine bar: was successfully launched about noon on Saturday. The dimensions of the vessel are: Length, 162 feet 7 inches; beam 34 feet 4 inches; hold 15 feet. She will register about 620 tons. The vessel draws little water for a vessel of her tonnage, and this will enable her to load in comparatively shallow water.

MARRIAGE A FAILURE.—Mrs. Cosey, a colored woman, had her husband before the police court a short time ago, and on her evidence he was "sent up." From Mrs Cosey it would appear that the chief trouble was that her family was not as large as she would wish and her husband was blamed for the fact. Cosey did not deny the soft impeachment, but with tears in his eyes admitted that their marriage had been a failure. To-day a deed of separation was drawn up, Cosey agreeing to give over his goods and chattels to his wife.—Halifax Echo.

THE MASONS WANT SHORTER HOURS.—The masons, bricklayers and plasterers of the city decided on Friday evening last that on and after yesterday 9 hours would be the length of their working day. They claim that the laborers and stone cutters work only nine hours and receive as good or better pay than they do, so that the work of the masons is just as hard as that of either of the former class of men.

A report was started yesterday that the masons had gone on a strike because they could not get $3 a day and work only 9 hours. This is not the case as all the masons ask is that they receive the same wages they have been getting, $2.00 to $2.50 per day and that the day be nine hours instead of ten as formerly. Nearly all the contractors are willing to accede to their request and it is thought that everything will be arranged soon so that the work will go on. The masons will hold a meeting to-night.

A SERIOUS DRIVING ACCIDENT.—Anthony Gaudet, with his wife and child, left Dorchester Sunday afternoon for Memramcook to see Dr. Gaudet. Just after crossing Rockland bridge the axle of the carriage broke and the carriage upsetting, Mrs. Gaudet was thrown out and her head badly injured. The horse ran away and both Mr and Mrs. Gaudet were caught in some way and dragged about half a mile, where they were found by Mr. Isaac Hicks. When Mrs Gaudet fell she had thrown her child as far to the side of the road as she could and it escaped with slight injuries. Mr Hicks drove Mr and Mrs Gaudet to Dr. Gaudet's and afterwards brought them home. Both are very dangerously hurt, Mrs. Gaudet, it is feared, having sustained injuries to the spine and internal injuries as well.—Moncton Transcript.

A DANGEROUS DUMP.—The rear of Chipman's field is a great garbage dumping-ground. And a dangerous state of affairs now exists through the large quantity of rubbish, indiscriminately dumped over the hill, and the weakness of the retaining wall. Property owners on Pond street are beginning to complain, for they fear that a big wash-out might occur which would cause tons of loose earth to slide down upon their property below resulting in considerable loss to themselves.

It was only a few days ago that a load of old cans dumped from the height above went rolling down the hill, and for a time the plank sidewalk of Pond street was hardly visible in some parts for the amount of rubbish that decorated it. To say the least this state of affairs is not pleasant, and should be remedied as soon as possible.

### City Police Court.

Walter McFate given in charge by his father for drunkenness and disorderly conduct was fined $8 or 30 days jail.

Peter Dalton, a lodger was allowed to go.

Robert Normansel and Thomas Decker, charged with fighting on Carmarthen street, were each fined $10 or 20 days jail.

Mary Paul drunk on Carmarthen street was let go.

Patrick O'Brien, a drunk was fined $4.

Yesterday afternoon the cases of Margaret Higgins and Matilda Cunningham against James McGlone for embezzlement were withdrawn on payment of costs.

### Coming Events.

The Methodist S. S. have their picnic this year at St. John, on Friday next.—Moncton Times.

There will be a meeting of the directors of the Exhibition Association at 3 o'clock, tomorrow afternoon, at the board of trade rooms.

The greatest bargain of the age. Celebrated Asbestos pipes at 25cts each; nothing like them ever offered; sold only at Louis Green's 59 King street.

### The Lansdowne Theatre

In recognition of the efforts of the Micawber club, and as a mark of public confidence in the selection of a company by Manager E. A. McDowell, a crowded house witnessed the performance of Belasco's play "May Blossom," which was given at the opening of this snug little theatre last night.

The play is very interesting, and as performed last night, is one of those productions which takes hold of an audience, as it were, at the outset, and creates an ever increasing interest as it proceeds. It is full of pathos and fun delightfully introduced and moves to smiles as well as tears.

The cast of characters was excellent and the play was noticeably well balanced, and though a first performance, there was not a break throughout the evening, everything working as smoothly as if the company had been playing it to an audience for months.

Of the members of the company, each was so really good in his or her part that it is impossible to say aught but words of praise.

Of the ladies Miss Percy Haswell who played May Blossom was the principal character and round her centred the chief interest. She acquitted herself well of the duty imposed upon her by her role, and she was simply delightful; she was particularly strong in many instances, especially in the scene when she meets her supposed dead lover and in the scene when her husband and her former lover meet. This lady won her way to all hearts last night and she will continue to be a favorite.

Miss Hunter too as Deborah was excellent, she played the part to the life, and long ere the evening was half over was admired by many others beside Uncle Bartlett, and Owen Hatheway.

A word of praise is due to Millie, by Miss Helen Mowatt and little Dot Clarendon as "Little May" was just as naive and interesting as a little six year pet would be while Yank by George Mack was a sturdy little champion.

Mr. Hight as Tom Blossom was true to the character in every detail, the bluff, hearty fishermen, and Owen Hatheway by Mr. Joe Bunney was another good interpretation which caused lots of laughter. Eph a negro character by Ernest Sterner was well sustained and Richard Ashcroft and Steve Harland by T. D. Frawley and George Fawcett respectively were satisfactorily performed. Uncle Bartlett, the village preacher, was taken by Mr. McDowell—in his own inimitable fashion. Every part he plays, he plays well as our citizens are aware. He was greeted with a round of hearty applause on his appearance.

"May Blossom" will be repeated tonight and to-morrow night, so as to give everyone an opportunity to see it. On Thursday evening "Mollie" will be played, when three members of the Company will make their first appearance.

## SPIRIT OF THE TIMES.

### Base Ball.

THE NATIONAL LEAGUE.

Boston and Washington each won a game from the other. Cleveland donned Chicago, and Indianapolis got nearer the foot by its defeat by Pittsburg. The games were:

At Boston (first game) Washington 6, Boston 2. Batteries—Keefe and Daily; Radbourne and Ganzell.

(Second) Boston 11, Washington 6. Batteries—Clarkson and Bennett; Terson and Mack.

At Cleveland, Cleveland 7, Chicago 4. Batteries—Bakeley and Snyder; Dwyer and Flint.

At Indianapolis, Pittsburg 8, Indianapolis 7. Batteries—Galvin and Miller; Getzein and Buckley.

THEY WILL ACCEPT WITH PLEASURE.

In reference to the challenge of the Isaac's factory base ball team issued this morning to the employes of Bell's cigar factory the latter team wish it stated that they will play a match for any amount of money with a nine made up exclusively of employes of Isaac's factory. The money is ready to be deposited at any time on the assurance that the nine will be made up of employes at the bench only.

As the Bell cigar factory team is made up of the workmen alone the terms offered should be satisfactory to the others, and a match will likely be the outcome of the proposal.

The playing team of the Bell factory is as follows: T. O'Brien p, J. Hainey c, Fred Ryder 1b, Geo. Webber 2b, James Flinn s s, Wm. Davis cf, Wm Hamilton rf, Walter Corbett lf. Hainey and Finn are the change battery.

In the last match between these clubs, the Isaac's factory had two players from Carleton not belonging to the nine, whom the Bell factory men refuse to allow play in the proposed match, but from a nine of regular employes in the factory they accept the challenge for $50, mutual arrangements to be made.

YOU'RE JUST RIGHT.

When the base ballists of the province decided to play a series of games for the Spalding pennant, there were, doubtless, many people in St. John who expected that the home team would have a walk-over in the race. The recent games in Moncton have shown that there are men in that live town who can play pennant ball, and who if they cannot win the pennant, will crowd the leader.—Bangor Commercial.

THE CELESTIALS BEATEN.

At Houlton yesterday the Fredericton Athletic club nine were defeated by the Houltons with the score of 20 to 8. The game, as may be seen by the score, was none of the best, errors on the part of the Celestials being especially numerous. The team from Fredericton was made up of the following:

Underwood, Foster, Thayer Haines, Mowatt, Street, McLaughlin Bates and Estey.

THE AUGUSTAS ORGANIZING.

Word comes that Freeman of last season's Augusta baseball team was in Augusta Friday night, and as a result of his conference with the directors of the base ball association, closed an engagement for the present season as manager and second baseman. Wilson will be field captain. The arrangement now closed seems to make a satisfactory adjustment of matters of a preliminary nature, and the work of organizing the nine will be rapidly pushed.

LINERS.

The first Junior league game at the Barracks this afternoon.

The attraction in the St. John-Moncton game Thursday, would be Robinson in the box.

The employes of Isaac's cigar factory, have challenged the employes of Bell's factory to a game for $50 a side.

The Western Union team want to play the Custom House or Post Office nine, on the 27th inst.

A date on which to play the Bowdoins has not as yet been decided upon by the Athletic club. The Bowdoins have cancelled all their early games in the provinces.

### Aquatic.

RACING AT MYSTIC RIVER.

Boston, June 17.—At the Mystic River races, to-day, the professional single-scull one mile, was won by John Teemer, John McKay second, James A. Ten Eyck third; time 15min., 4sec.

The professional four-oared working boat, mile and a turn, was won by Shawmuts (P. H. and W. J. Conley, J. J. and J. M. Casey); West end (Hosmer, McKay Teemer and Breen) second; time 14min. 27sec.

### The Turf.

THE HALIFAX RACES.

Among the entries for the races to be held Friday next at that place are horses and ponies by Capt. Jenkins, Major Lea, A. A. Grosse, Moncton, Hugh McMonagle, Sussex, N. B., C. R. Barry, Barry Woyds, Prince Victor Duleep Singh, Richard Wilson, St. John, W. McMonagle, Sussex, J. T. Lithgrow and others. A match has also been arranged to take place on the same day between Prince Victor Duleep Singh's imported Trent and Mr. McGowan's mare Why Not, two miles on the flat. Mr. Walter Jones rides Trent and Mr. Morrow Why Not.

PROCTOR KNOTT ALL RIGHT.

Proctor Knott is reported as rounding to all right. Sam Bryant will race him at Chicago. If Sam hadn't pampered the gelding so much last winter he might have had a tougher and better horse.—N. Y. Sun.

### The Ring.

JOHN IS TRAINING.

A correspondent in a late edition of the N.Y., Clipper writes:—"I called on John L. Sullivan at his training quarters in Belfast N. Y., and was kindly welcomed by Mike Donovan, Jack Burnett and Mike Cleary, Sullivan's trainers. Sullivan is the picture of health and he is undergoing the most severe course of training I have as yet witnessed. He has not tasted liquor since his arrival, and says he has no desire for it. He weighs at present 220 lbs. and looks to be a perfect mass of muscle. There seems to be no fat on him. Barnett told me that he would step into the ring in the finest condition he was ever in, and would make the fight of his life. Sullivan gets up every morning at six o'clock; his trainers, who are in waiting rub him down, and he then takes light exercise and a short walk, and has breakfast at eight o'clock. At ten o'clock a. m. his trainers put on three heavy sweat shirts, a heavy double-breasted coat and vest, and heavy shoes, and he starts on his daily walk. He carries while walking a club weighing 6 lbs. His walks consist of twelve miles, over the hills, through the woods, getting back about 1 o'clock p. m. In all of his exercises he is accompanied by Barnett and Cleary. After being attended to by the trainers he has dinner, and after resting a while he exercises at putting the shot, using iron balls weighing 18 lbs and 12 lbs. At 4 p. m., he strips and punishes the ball. I saw him pound a ball for nine minutes without a stop, and he appeared fresh when he stopped. This is the longest I ever saw a man punch a ball, and he hit it with terrific force. He is put to bed promptly at 10 o'clock p. m. One thing that I noticed in particular was how closely Barnett and Cleary stick to Sullivan. He never goes anywhere without one of them, and Barnett and Cleary both declare with confidence that Sullivan will whip Kilrain early and easy. His training quarters are the most thoroughly equipped and most complete I ever saw. He will enter the ring weighing about 205 lbs."

Later word, however, has arrived that John L. is on another big bust. He had a row with Muldoon, one of his trainers, and as a result of the passion left his training quarters and got drunk at the nearest saloon. The Boston Herald thinks that if this is true Sullivan and Kilrain will never meet.

### Chess.

Mr. J. G. Archer of Montreal, would like to meet as many as possible of the St. John chess players at 103 Prince William street this evening, to play a few games. Players bring boards and men.

Alderman Blackadar, formerly foreman of Extinguisher Hose Company, was last evening presented by its members with an address and a fine gold headed cane bearing the inscription "presented to Frederick Blackadar by the members of Hose Company, No 3."
