LISTOWEL STANDARD.

FRIDAY, OCTOBER 18, 1878.

EDITORIAL NOTES.

It is announced that Sir John A. Macdonald has elected to sit for Victoria, B.C. A new election will therefore take place in Marquette.

THE Nova Scotia Government tendered its resignation on Tuesday. Simon H. Holmes is entrusted with the formation of the new administration.

A RECOUNT of ballots will be made in Muskoka. Cockburn's majority, according to the official return, is 63. Conservatives are sanguine that a recount will very much reduce it, if not secure the election of Mr. O'Brien.

IT is understood that Mr. Burke, the present member for West Durham, will resign to make room for Hon. Edward Blake. So says the *Globe*. Another sacrifice for the sake of principles—with a consideration attached, no doubt.

A GERMAN named John Hadir died in Toronto the other day from pure starvation—a remarkably rare occurrence in this land where "a rude plenty exists." It was a case where pride was too strong to let poverty be known.

THE recount in Centre Wellington has collapsed, owing to the ballots belonging to one of the polling divisions in Peel having been placed in the wrong envelope. Judge Chadwick ruled that the act of last session prevented him from opening the package, consequently he could not proceed with the recount. So far as the recount had gone Dr. Orton had gained one additional vote.

NOTWITHSTANDING the great amount of abuse heaped upon Sir John A. Macdonald for the appointments which he saw fit to make prior to his retirement from office in 1873, and the recent assurances of the Grit press that no such "outrages" would be perpetrated by the dying Mackenzie Government, the Official *Gazette* furnishes us with a long list of appointments just made by Mr. Mackenzie, which illustrates the utter inconsistency of these professed purists. The last plank of the Grit platform has thus been surrendered, and the following list stands as a momument of the obliquity of the defunct Government: Judge H. E. Taschereau, of the Quebec Supreme Court, to be a Judge of the Supreme Court of Canada; R. L. Weatherbee, Q. C., of Halifax, to be Judge of the Supreme Court of Nova Scotia; H. Y. Taschereau, of Quebec, to be a Judge of the Supreme Court of Quebec; Hon. M. Laframboise, of Montreal, Judge of the Supreme Court in Gaspe district; A. Bell, of Chatham, to be Judge of Kent County; W. Buckingham, the Premier's private secretary, to be deputy minister of the interior; J. B. Beaudeau, of Cacouna, to be official assignee for Kamouraska; Mr. Boyer to be Flour Inspector for Montreal; Mr. Webster to be Collector of Customs at Belleville; Jas. Patterson, chief clerk in the finance department, has been appointed assistant auditor, and H. Horton, M. P., for Centre Huron, has been appointed chief clerk in Mr. Patterson's place.

JACQUES CARTIER ELECTION FRAUDS.

The principal parties implicated in that greatest of election frauds ever perpetrated in this country—the late "sideboard" ballot-box manipulation in Jacques Cartier County—will in all probability receive the reward which justice demands shall be meted out to them. Zeal such as that displayed at the St. Ann's polling booth should not be permitted to go unrecompensed; the efforts of the poll clerk and his friends in *furthering the ends of Justice* Laflamme must therefore be duly acknowledged and accorded their most meritorious deserts. There is a possibility that the courts may take a view slightly at variance with the comfortable notions and prospective emoluments which doubtless actuated these very worthy representatives of the party of *purity* in their ballot-stuffing enterprise. We shall not have long to wait before learning the court's decision in the matter. On Friday last Adelard P. Forget, Alphonse Christin, Eustache Lemay, Apolphe Lamache, Isaac Pilon, and Godfrey Madore, were arraigned on the charge of "fraudulently putting into a ballot box papers other than the ballot papers authorized by law to be put therein." The accused severally pleaded "not guilty," and stated that they were ready to stand their trial. The case was fixed for hearing on Thursday, 17th inst.

CENTRE HURON.

Horace Horton, late elected member for Centre Huron, has resigned his seat and accepted an appointment in one of the Government departments at Ottawa. This was done to make room for the financial "mixer and muddler," the defeated of Lennox, who is now in the field as the nominee of the Reformers of that Riding. Mr. Cartwright will be opposed by Mr. Samuel Platt of Goderich, the gentleman who succeeded in reducing Mr. Horton's majority from 780 in 1874 to 371 at the late election. Centre Huron is still Grit no doubt, and desperate efforts are being made to secure the return of Mr. Cartwright, but unless the electors of that constituency, irrespective of party leanings, are prepared to have their privileges trafficed at the whim of unprincipled politicians, they will not submit to any such transactions as those which have set aside the member elect and foisted upon them a candidate in whom the electorate in his own constituency refused to repose confidence any longer. Mr. Cartwright has received the condemnation of the country for proving himself a totally incompetent Finance Minister; the people of Lennox have also condemned him, and as a *dernier ressort* Centre Huron is requested to make him its representative. We trust that the honest electors will resent this imposition.

THE STRATFORD POST OFFICE.

The Stratford Postmastership has been vacated by Mr. L. T. O'Loane, and Mr. Wm. Blair of Gads Hill, brother-in-law of Mr. James Corcoran, has received the appointment from the late Government of Postmaster in the stead of Mr. O'Loane. How Mr. O'Loane's resignation was brought about, and the conniving of numerous greedy applicants for the office, is made the subject of scathing articles in this week's issues of our Stratford cotems. The *Times* pronounces the transaction a bargain and sale, and says that the office was promised to Mr. Corcoran if he would use his influence to beat Dr. Hornibrook. It calls for the new appointee's immediate dismissal. The *Herald* says: "If Mr. Corcoran had taken the office himself he would have acted a manlier part than in putting up his brother-in-law to be knocked down again by public opinion. Mr. Blair has got to go. The general voice says so and we but echo it. Apart from the Grit wire pullers, and not a few of them are bitterly disappointed, all men, Reformers and Conservatives alike, are agreed that the shameful manner in which the old postmaster was hounded into resigning—the scheme only succeeding after the Mackenzie government had been defeated at the polls, let it be remembered—demands the summary dismissal of the new incumbent. We do not believe in the American system of dismissing public servants every time there is a change of government, but this is a case of no ordinary atrocity, and both justice and common decency require an example be made of Mr. Corcoran's nominee."

THOSE COUNTERFEITERS AGAIN.

Where the Bogus Coin came from—A Notorious Counterfeiter Jugged.

Some time since two men named Jackson, father and son, were arrested, charged with passing counterfeit money at Listowel and Stratford, and were lodged in jail at the latter-named place. The younger Jackson, a short time since, made a confession in which he says that the base coin was supplied by a Toronto butcher named Phoenix, who had an intrigue with his mother. Phoenix was arrested at Stratford, where he has been running a butcher shop since last Spring, by Detective O'Neill of Ottawa, and the preliminary examination into the charges preferred against him was opened before Police Magistrate O'Loane on Thursday of last week. The hearing of the case occupied several days. Friday the son and daughter of the old man Jackson, who was recently sent to the Penitentiary for a similar offence, gave evidence against the accused. Mr. Hays, Crown Attorney, prosecuted, and John Idington defended the prisoner.

Rowland Jackson, sworn—I first met the prisoner, George Phœnix, in a house on York street, Toronto, on the 26th November, 1875; my mother and sister lived then with him; Phœnix was then keeping a butcher shop; I went into the kitchen and saw there Phœnix, my mother, my sister, and George Thompson; there was a quantity of counterfeit halves and quarters on the table, probably about $100; Phœnix was filing the edges of the coin when I went in, and afterwards put them in an earthenware bowl to plate them; they were of a leaden color when they were put in, and were of a cream color when they came out; he cleaned them with a rag and rolled them up in paper and put them in a bag; I was introduced to Phœnix by my mother; that afternoon Phœnix and Thompson and I went to the Great Western railway station, and Phœnix asked me to go to Hamilton with him to help him get rid of the money; previous to my going to Toronto I had been working on my uncle's farm near Brantford; before then I had been working at Sarnia, and previous to that I was in London, living with my father, who worked for Hon. John Carling as a laborer; my father wes arrested in February, 1875, for being drunk, and when he was searched some four or five dollars in counterfeit coin was found on his person, which led to his being convicted for having counterfeit money in his possession; the first time I saw counterfeit money made was at Phoenix's house in Toronto, and when I went there I had no idea he was engaged in that business; I was not aware that my mother was living with Phœnix as his mistress; I went to Toronto to keep my mother and sister, if possible; Thompson and I went to Hamilton and returned in a few days; remained in Toronto several weeks; my business at that time was to buy counterfeit coin and pass it; I bought $100 and paid $20 on it, but I didn't get rid of the whole of it; I passed off a few of the coins and was arrested for that and acquitted; I threw the balance away when I was scuffling with the constable who arrested me; afterwards I went to London to see my mother and sister, who were living with Phœnix there; Phœnix wanted me to go into the passing counterfeits again, but I declined to do so, having had trouble enough already; I did not see any counterfeit coin from that time till I came to Stratford in August of the present year; I was arrested at Stratford on the charge of passing counterfeit money at Listowel, and there being no evidence against me I was taken to Napanee to answer a similar charge; I was discharged there and brought to Stratford by Detective O'Neil for the purpose of giving evidence against Phœnix; O'Neil told me there was no use of trying to get out of it, as we were all well known to the Police at Toronto; I told him I would give evidence and tell the truth; there were no inducements held out to me, that is in the way of being discharged; my reason was that prisoner had caused me to be arrested on a charge of which I was innocent; he helped the police and was also instrumental in getting my father arrested; I wrote the whole story out in the Napanee jail; did not give any names but told the detectives who was meant; I signed my name to the paper and gave it to O'Neil; when I was in Hamilton with Thompson and Phœnix, the latter handed me some $50 of counterfeit coin in a bag, and I carried it while they passed it; they principally bought tobacco and drinks, and threw the tobacco away as they got it; they didn't want the tobacco, but the money; Thompson was anxious that Phœnix should show him how to make the bogus money, but he would not give him any insight into the business; he said he learned from a man in the States; he never let anyone into the secret of the business. There was no agreement with Phœnix as to what I was to have for passing the money, but he was to give me what he liked. Thompson was passing the money on a commission—45 cts. on the dollar; I believe he told me that others were buying the money from him in the same way as Thompson. Phœnix told me on one occasion that the money cost him about ten cents on the dollar. At one time I was in jail with Phoenix, he told me that he made his own moulds, and that he had made the money; and the moulds were made of plaster of Paris, and he destroyed them when he had done with them.

Minnie Jackson and George Thompson, the latter being brought from the Penitentiary where he was serving a term for passing counterfeit money, also testified to Phoenix's counterfeiting operations. On Tuesday the prisoner was committed to Toronto jail. His trial will come off at the York Assizes next week. The charge against him of altering Dominion notes was not pressed, but an information was laid by Superintendent O'Neil, and will probably be gone into by the Crown Attorney at Toronto.

TRAGEDY IN GORRIE.

One man strikes another on the temple with a press-board, smashing the skull.—The blow proves fatal.

The *Enterprise* furnishes the following particulars of a melancholy tragedy which was enacted in a tailor-shop in Gorrie one day last week:

A crime of the most horrible character was committed in our usually quiet village on Tuesday last about 12 o'clock, noon, in which a John Sharpin, tailor, struck a Robt. McKilligan, cabinet-maker, on the left temple with a piece of board used in a tailor shop for pressing sleeves. The unfortunate victim was felled to the platform in front of the tailor shop insensible, and in which condition he remained till death reached him on Wednesday night about half past ten o'clock. Dr. McMichael was called in and on examining the skull, found it necessary to call in assistance. He then got Mr. Brown and the two held a consultation, both coming to the conclusion that the patient was beyond their reach, upon hearing which the criminal fled before a warrant for his arrest could be procured, but was recaptured by constable McIntosh before he had gone far. The unfortunate McKilligan leaves a wife and one child. The prisoner was arraigned before a bench of magistrates, and subsequently a coroners inquest was held, when the evidence of several who were witnesses to the sad occurrence was taken. From the deposition made by George Bone, a journeyman tailor employed in the shop at the time, it is plainly evident that Sharpin was under the influence of liquor when he struck the fatal blow. After a short sitting the jury returned a a verdict to the effect that deceased came to his death by a blow on the head with a press board by the hand of John Sharpin. The prisoner was committed to jail at Goderich to await his trial at the fall assizes, which open on the 15th of this month. Sharpin is a young man of not more than 22 or 23 years and has set this example which should be a warning to whiskey drinkers. Great sympathy is felt for the widow in her sudden and sad bereavement, and what still more increases her sorrowful condition is the fact that, on last evening she was confined, and in the room adjoining the one in which her late husband lay a corpse, she gave birth to a daughter.

ELMA NEWS.

PLOUGHING MATCH.—The Elma Ploughmen hold their annual match next Tuesday, 22nd, on the farm of Henry Wilson, lot 14, 7th con., near Elma Centre. Prizes for both boys and men will be given. Ploughing will commence at 9 a.m.

SHOOTING.—A pigeon shooting match takes place at Corrie's hotel, Newry Station, this (Friday) afternoon. A number of prizes are offered, and some crack shooting is expected.

During last week's storm, Thos. Large, 1st con., lost a fine heifer by a tree falling upon her.

Now that the sound of the threshing machine is again heard, the usual complement of accidents may be reported. Wm Bell recently met with a very painful accident while assisting at a threshing at George Clelland's, in the 4th concession. His hand was so badly crushed by the separator that he has since been deprived of its use.

PALMERSTON.

Dr. Ogden, of Thamesford, has recently located here.—The English Church has been very much improved lately, and a substantial driving shed has been put up in rear of the building.—A new dry goods store has been opened out in Thomas' block by Pearce & Griffin, formerly of Simcoe.—The revision of the Palmerston voters lists for 1878, was presided over by Judge Chadwick; the name of one Conservative was struck off the list, and judgment reserved in two cases.—The annual ploughing match in connection with West Wellington Agr'l Society takes place to-day (Friday) on the farm of James Best, on the Minto boundary.—Mr. Hearn and Mr. Leopard were up before the mayor and Dr. Stewart on Monday for selling liquor without a license, but owing to conflicting evidence the case was submitted to the Crown Attorney for decision.—Pott's brick block on Main street and the Oddfellows hall on the same street will soon be completed.—The Free Masons will build a brick block here early next spring, with hall and other offices on the second floor.—Since Sir John's advent to power everything here seems to be going on brisk.—The survey of the Great Western branch from Durham to Palmerston is completed and work will commence on the new line in a short time.

NEW HARNESS SHOP.—Mr. James Lee, of Listowel, had this week opened out a harness and saddlery shop in this town. The reputation which Mr. Lee has built up for himself in Listowel augurs well for his success here. Mr. John Anderson, a thoroughly competent mechanic, takes charge of the Palmerston branch.

SUDDEN DEATH.—On Friday morning last, Jeanie Knowles, a servant girl in the Queen's hotel, complained of feeling ill, and died in about twenty minutes. It is supposed by the doctors that she was poisoned, but by whom the poison was administered, remains a mystery.

DONEGAL.

ACCIDENT—Mrs. Wm. Wilson, of Milverton, met with an accident of a serious nature on Thursday, 10th inst. She, accompanied by her son, was driving home from Mr. Samuel Roe's, of Elma, and after passing through that gentleman's gate the horse started suddenly, causing Mrs. Wilson to lose her balance and fall backwards out of the buggy, striking her head with great violence. She was badly bruised and had to be taken back to Mr. Roe's. She has since so far recovered as to be able to be removed home.

SAW MILL.—Mr. Passmore, of Milverton, is erecting a new saw mill on lot 31, con. 13, of Elma. As he has purchased nearly all the pine in the vicinity he is certain to do a large and profitable business.—COM.

MILVERTON.

SUDDEN DEATH.—Mr. Charles McKay, a railroad laborer, aged 43 years, died suddenly on Friday afternoon at his boarding house. An inquest being thought necessary, Dr. Hyde, coroner, was despatched for. He arrived on Saturday. A jury was empanelled, of which Mr. J. D. Whaley was foreman, who after hearing all the evidence attainable, returned a verdict that deceased came to his death through natural causes due to heart disease.

CONCERT.—A grand concert, under the auspices of I. O. O. F., was held on Wednesday the 9th inst., in Attridges' hall. A very pleasant evening was passed.—*Herald.*

WINGHAM.

After many unsuccessful attempts, extending over a period of two years, the village of Wingham has been incorporated as a town, and will hereafter rank among the many other enterprising towns of Canada. The glad tidings were received on Monday of last week and the inhabitants set to work to get up a demonstration in honor of this event, which marks so important a step in the progress of the place. An immense torchlight procession paraded the principal streets in the evening, after which an enormous bonfire was lit and was kept going until late in the evening. Congratulatory speeches were delivered by members of the Council and other prominent citizens, which were listened to and frequently cheered by over 3,000 people. In connection with this matter too much praise cannot be given Mr. B. Wilson, Reeve, and Dr. McDonald, Councillor, for their zealous and untiring efforts against determined opposition to secure the incorporation of the town. That the citizens fully appreciate and will reward these gentlemen for their sevices there is no doubt.

ATTEMPTED ROBBERY.

A Hot Pursuit—Capture of the Prisoner.

For some time back a young man named Dan Sheppard has been paying his addresses to a young lady living within a few miles of Bayfield, to whom he recently presented a horse and covered buggy. He is supposed to have come from Petrolia, Wyoming or Parkhill. Suspicion has attached to his conduct recently, and on Friday morning he was discovered on the premises of Mr. Marks, Bayfield. The alarm was given and Mr. Marks, with a dozen men, surrounded the place, with the intention of capturing him. On entering Mr. Marks was fired at, the ball grazing his cheek, but he succeded in striking his assailant with a stick. Sheppard, however, again fired, and made his escape, but he was closely pursued, and several shots were exchanged between him and Mr. Robertson. Mr. Rutledge headed the pursuing party, and not withstanding the fact that several balls came very near hitting him, continued at Sheppard's heels and got up with him just as a lad named Johnson, who deserves great praise for his bravery, grasped him and held on although Sheppard put a revolver to his breast and twice pulled the trigger, but fortunately without doing any harm, as it missed fire. On being secured two revolvers were found upon Sheppard and also the key of Mr. Marks' safe, which was stolen from him about five weeks ago. His trunks were next searched, and in them were found two more revolvers and also a quantity of clothes and spoons, and other goods were found at the house of the young lady whom it is supposed he intended marrying. These goods are all in possession of the Constable awaiting owners. He was taken before Squire Connor on Friday and committed for trial, and will be taken to Goderich goal by constables Hoake and Johnston.

THE ELECTRIC LIGHT.

The New System Perfected by Edison—An immediate Revolution in Prospect.

New York, Oct. 12.—The *Herald* says the alarm among the English holders of gas stock concerning Edison's electric light is well grounded. Edison has perfected his invention to secret, so that it will supersede gas, in one-third the latter's cost. A company of wealthy capitalists has been formed, and the new light will shortly be introduced to the public. Patents in the United States have been granted, and to-day papers will be dispatched to secure patents abroad.

Edison has successfully divided the electric light, and made it, for illuminating purposes as far superior to gas as gas is to the tallow candle of the past. His marvellous invention gives a mild, soft, yet brilliant light, pleasing to the eye, clear, steady and without blemish. Those who have seen the invention pronounce it wonderful.

A reporter learned yesterday the system proposed to be adopted after the patents are all granted. First the Professor will light up all the houses in Monlo Park gratis, and from his laboratory watch the light's progress from night to night. When all is in readiness for general introduction central stations will probably be established throughout New York city, each station controlling a territory of, perhaps, a radius of half a mile. In the central stations will be the magneto-electric generating machines run by engines. Wires will then be run in iron pipes under ground after the manner of gas pipes, connecting with dwellings, stores, theatres and other places to be lighted. The gas fixtures at present used, instead of being removed, will be utilized to encase the wire. In the place of the burner will be the invention, and meters will be used to register the quantity of electricity consumed. Their form is not yet determined upon. The light is to be of the bat wing, fifteen-candle power character. To light it a little spring is touched, and instantly the electricity does its work. The amount of light can be regulated in the same way as can that from gas. To turn off the light the spring is again touched, and instantly all is darkness. No matches being used, and there being no flame, all the dangers incident to the use of gas are obviated. The light gives out no heat. It is simply a pure white light, made dim or brilliant at the fancy of the person using it.

ISLAND OF SANTA CRUZ.

Terrible state of anarchy—Massacre and Devastation.

New York, Oct. 10.—Advices from Santa Cruz report that every estate between Fredericksted and Constitution Hill, a distance of eight or ten miles, has been ravaged by negro rioters. Fredericksted is in ashes, and great destitution prevails. The number of estates destroyed is 100. Two hundred negroes were killed at Anarshope. The number of white soldiers on the island is fifty. There are 25,000 inhabitants, and of these 22,000 are negroes. Thirty years ago slavery was abolished on the island. A Labor Act has been in operation which compelled the negroes to do a certain amount of work, so as not to be in absolute charge of the whites. A year since the officials formed a new Labor Act, by which a negro could do what work he pleased and be paid accordingly. They were obliged to support themselves. This act and the establishment of a steam sugar refinery on the island caused great dissatisfaction among the blacks. The Labor Act went into force Oct. 1st, and the succeeding day the massacre took place.

PANIC IN A LIVERPOOL THEATRE.

Thirty-Seven People Suffocated—Many Others Severely Injured.

Liverpool, October 11—During a performance to-night at the Coliseum Theatre, now used as a music hall, a fight occurred under the gallery. The audience hearing, but being unable to see the disturbance, became alarmed. A cry of fire was raised, when a terrible panic ensued, the people rushing for doors and sliding down the pillars of the gallery on the heads of the occupants of the pit. A post impeded the exit. Thirty-five men and lads and two women were suffocated. Many persons were severely injured.

SHOCKING AFFAIR IN KEPPEL.

A Man Shoots His Brother in the Back.

Owen Sound, October 14—A shocking occurrence took place in the township of Keppel yesterday morning in an attempt of murder of a young man named James Arnold by his brother Isaac Arnold. The perpetrator of the deed laid in waiting for his brother on a road that he was to pass, and shot him in the back. The wounded man lies in a very dangerous condition, and is not expected to recover. Isaac Arnold was this morning summarily tried by the magistrates at Oxenden, and committed to Owen Sound jail to await his trial.

New York Wheat Market.

Lowest Price Known since the War.

New York, Oct. 12—Wheat touched to-day the lowest price known since the war, No. 2 Spring being quoted at 92½c.; No. 2 Red Winter, $1.03¼, and No. 2 Amber, $1.02. The receipts of wheat at this port thus far this year have shown an enormous excess over last year, being no less than 47,144,000 bushels, against 10,400,000 bushels during same period of 1877.

TERRIBLE NEWS.—A. Lang, butcher, Guelph, received word on Saturday from Kansas that his brother William and three sons have been murdered by Indians. The particulars so far as have been ascertained are as follows: Mr. Lang and one of his sons had left their home to go to the agency and pay an instalment on his property. When proceeding along the road, some Indians sprang from an ambush and shot the father and son in the wagon. After securing the wagon and contents and robbing the bodies of the dead, they went to the residence of the family, where they shot the other two sons. They then drove Mrs. Lang and her three daughters out of their home and took away $100 in gold besides destroying the property. Mrs. Laing and her daughters walked that night to the nearest settlement, which was some twelve miles distant. They were very thinly clad and suffered severely from the frost. Mr. Lang left Guelph some fifteen years ago and settled in Nebraska, about twelve miles from Omaha. Mr. Lang, of Guelph, has the sympathy of the community in this unexpected trouble.—*Herald.*

LYNXS KILLED.—On Tuesday of last week, Mr. Edward Hatcher shot three lynxs within 200 yards of Hatcher's saw mill, on the 3rd con. of Garafraxa. He first saw them all together on a road leading up to the mill. He fired his gun and wounded one, but a second charge was required to terminate his existance. The same process, two shots each, was required to bring down the other two. They were all matured animals, of fair average size. Mr. Hatcher has received a bounty of $4 each from the Reeve of the township, which amount is awarded for the extermination of these pernicious animals. These terrible brutes are said to be quite numerous in the swamps this fall.

WALLACE.

NEW BRIDGE.—The bridge on the 4th concession, at Shipley, has been rebuilt and traffic has again resumed its regular route. It is a substantial looking structure, and finished in a creditable manner. Mr Spears was the contractor.

Conservatives will bear in mind the meeting at Gowanstown on Saturday next, 19th inst.

COUNCIL.—The municipal council of the township of Wallace met at Gowanstown, Oct. 5, pursuant to adjournment. Present—the Reeve, and Councillors Mills, Ferguson, and Speers. The Reeve in the chair. The minutes of last meeting were read and confirmed. The clerk read a letter from Marvin Howe, Esq, relative to Molesworth bridge. Moved by T Spears, seconded by J Mills, that S J Dickson be paid $14.18, for culvert on the 10th and 11th concessions, and a crossway on sideroad between lots 6 and 7 on the 9th concession. — carried. Moved by J Mills, seconded by A Kennedy, that J McDermott, Esq, be a commissioner for the township of Wallace to meet with inspectors and others appointed to change and arrange school sections for the current year.—carried. J Mills moved, seconded by A Kennedy, that the clerk be instructed to notify the wardens of the counties of Huron and Perth with regard to a bridge broken down at Molesworth, on the boundary line between the said counties.—carried. T Spears moved, seconded by W Ferguson, that the Reeve be authorised to take steps to secure the immediate payment of the arrears of Land Improvement Fund due the township of Wallace.—carried. J Mills moved, seconded by W Ferguson, that John Warren be appointed collector for the current year, at a salary of $60, and that he return his roll by the 15th of January, 1879. Moved in amendment by A Kennedy, seconded by T Speers, that Wm Summerville, Esq., be appointed collector at a salary of $70 and make a final return of the roll on or before the 15th of January, 1879. The yeas and nays being demanded, there appeared for the amendment—Kennedy. For the motion.—Mills, Ferguson, Speers. The original motion was declared carried. J Mills moved, seconded by W Ferguson, that the Reeve be authorised to issue orders to the contractor for Shipley bridge, on receipt of a final certificate from the inspector.—carried. J Mills moved, seconded by W Ferguson, that a grant of $5 be made to the Molesworth Agricultural ploughing club, and the Reeve issue an order for the same.—carried. A Kennedy moved, seconded by T Spears, that John Wallace be paid $8.50 for grading on the gravel road, and the Reeve issue an order for the same, payable on the 1st of January, 1879.—carried. By-laws Nos. 197 and 198 were then read three several times and passed, levying a rate of 7 4-10ths mills in the $ for county purposes, 2 3-10ths mills in the $ for railway debentures and interest, and 4 3-10ths mills in the $ for township purposes; also on Union S S No 1, 7 6-10ths ms.; No 2, 16ms; No 3, 11 6-10ths ms; No 4, 17 ms.; No 5, 9-10ths ms; No 10, 12 6-10ths ms; also on S S No 1, 8 ms; No 2, 7 4-10ths ms; No 3, 8, 9-10ths ms; No 4, 7 ms; No 6, 4 8-10ths ms; No 7, 8 5-10ths ms; No 8, 8 ms; No 9, 9 9-10ths ms; No 11, 14 ms, in the $. Council then adjourned to meet at the Dominion Hotel, Gowanstown, on Saturday, November 23.

R. G. ROBERTS, Clerk.

LOCAL AND GENERAL.

The assessors' returns give Toronto's population as 74,000.

Rev John Wilkie, of Guelph, goes to China as a missionary.

The fine new Lutheran Church in Berlin was dedicated on Sunday, 6th inst.

Rev Father Dougherty has left Arthur for California.

Diphtheria is raging in the township of Wilmot, and many deaths have occurred.

Two hundred and twenty-five buildings were destroyed by fire in Edinburgh, Pa., last Sunday.

The Grand Division of the Sons of Temperance of Ontario will meet on the first Tuesday in December, in Galt.

A number of the friends of union Sunday school, 12th con. Maryboro', surprised Elder Prosser, at the parsonage, and left him several presents.

This season's crop of black squirrels is large. The animals will be gathered in or harvested when sufficent powder is imported into the country to shoot them.

Arthur village laments the departure of T. W. Fields, a young man who located there ten months ago as a jeweller. He sold his stock for $200 and departed. The stock was afterwards seized for rent.

Rochester *Express*:—The excitement over the victory of Hanlan having somewhat subsided, our neighbors across the lake are now vigorously singing:—

Blow gentle winds o'er the bright blue sea,
And bring Lord Lorne to Canada.

At a recent meeting of the Directors of the Seaforth Mechanics' Institute, it was unanimously agreed to establish in connection with the Institute a recreation-room. In the recreation room it is intended to have two billiard tables, and chess, draughts and other games.

The most interesting exhibit at the Southern fair, Brantford, was that of the Blind Institute of that city. Sewing machines doing plain and ornamental work, and a type-writer were shown in operation by the pupils.

The rumor that Lieut-Governor de St. Just intends resigning shortly is credited by some of the Rouge journals. They say he will resign to avoid decapitation. But why should he fear decapitation if he has done nothing to deserve it?

The Government of South Australia offer a reward of £4,000 to the inventor of the best machine uniting within itself the various operations at the same time of reaping and cleaning, fit for bagging on the field, the various cereal crops of the country.

The elections which come off in Newfoundland next month will apparently be almost entirely run on personal issues. There is very little excitement over them but much indifference and inaction compared with former elections in that colony.

On the occasion of Lord Dufferin's departure from Quebec next Saturday, the steamer St. Lawrence will accompany the steamship down the river to accommodate a large number of citizens, who desire in this manner to bid his Excellency farewell. A band of music will be on board.

General Sir Patrick Macdougall will probably arrive at Quebec at the end of the week and be sworn in Administrator of the Government on Saturday morning. The General and his staff will then, in all probability, take up their quarters at the citadel until the landing at Halifax of the Marquis of Lorne.

John Schrebert, of Logan, in the employ of Gottleib Hennickle, went to feed a bull belonging to the latter on Tuesday of last week. The brute turned on him goring an eye out and disfiguring his face and breaking his ribs. The poor fellow lingered on in great pain until the next day, when death released him from his sufferings.

Jno. Maclean, for some time past one of the principal writers on the *Mail* staff, has in preparation a tariff hand book which will be issued at 25c. per copy, or 5 for $1, orders for copies to be sent to Hunter, Rose & Co., Toronto. From the prospectus it is evident the work will be a very valuable one and the statistics and other information it will contain must be of great service.

SUNDAY SCHOOLS IN CANADA.—At the Sunday School Convention in Peterboro' the follwing statistics were reported:—Number of schools in Ontario, 3,838; teachers and officers, 27,933; scholars, 231,155; number of Sunday schools in Quebec, 487; teachers and offices, 4,260; scholars, 28,388; number of schools in Nova Scotia, Prince Edward Island and New Brunswick, 1,020; teachers and officers, 9,230; scholars, 77,500; number of schools in Manitoba, 50; teachers and officers 270; scholars, 2,950.

HORRIBLE CASE OF TORTURE.—The *Herald's* Tazewell, Tenn., letters give the details of the horrible torture and death of a negro, who was detected in improper intimacy with a prominent young white lady, wife of Jesse Rogers, Clerk and Master of Chancery Court, of Clarborn county. Her relatives seized the negro, tied him to a mule, dragged him over mountains, occasionally letting their horses step upon him, then burned his hands off, severed his muscles, hanged and shot him.

Some time since a petition was circulated in Guelph, and largely signed, for the commutation of the sentence of Louisa Sturdy, who was sentenced to two years in the penitentiary for aiding in the abduction of a young lady. The petition was forwarded by Dunbar & Johnston, barristers, and has had the desired effect. Dunbar & Johnston have received from the Secretary of State a communication which announced that Louisa Sturdy would be released at the expiration of one year from the date of her sentence. The girl will therefore be released on the 29th inst.

THE Ottawa Free Press, the organ of the Mackenzie Government at the capital, has more common sense than some of its cotemporaries. It says: "We cannot see any good reason for objecting to a delay sufficient to enable the new Cabinet to mature their policy—a policy which will require an extraordinary amount of both time and talent to make satisfactory to all the parties concerned, if such a feat be at all within the bounds of possibility."

New lot of straw and felt hats, Berlin wool and lace goods, just arrived at MRS. T. GOODFELLOW'S.

If you want a good cup of tea buy your Tea from D. D. Campbell, Wallace street.

PRINTS! PRINTS!—Over 300 pieces to select from at Climie, Hay & Co's.

ENGLISH HAWTHORN HEDGE PLANTS

MR. GEORGE McKAY,

Nurseryman, Bradford, Ont., is prepared to supply the public with

ENGLISH HATHORN HEDGE PLANTS,

which have been thoroughly tested and proven a success in this country, making an excellent fence, growing rapidly, and bidding fair to be lasting and at the same time an ornamental fence. The English Hawthorn Hedge is highly recommended by a number of the most prominent gentlemen of the County of Simcoe, who, after three years planting, give it their unqualified approval. Directions for planting, and all other information will be furnished by local agents.

Listowel, September 24th, 1878. 35c

COUNTY OF PERTH.

BY-LAW NO. 232.

A By-law to authorize the Municipal Council of the County of Perth to raise the sum of twenty thousand dollars to redeem outstanding debentures.

WHEREAS, the Municipality of the County of Perth have resolved to raise the sum of twenty thousand dollars by contracting a debt for that amount, such sum being required over and above the ordinary expenditure of the year one thousand eight hundred and seventy-eight, for the purpose of redeeming outstanding debentures of the said municipality.

And whereas, for such purpose it is necessary for the said municipality to raise the said sum of twenty thousand dollars in the manner hereinafter provided.

And whereas, it will require the sum of two thousand five hundred and thirty dollars to be raised annually by special rate for the payment of the said debt of twenty thousand dollars and interest on the debentures to be issued therefor, as herein provided.

And whereas, the amount of the whole rateable property of the said municipality, irrespective of any increase of the same, and also irrespective of any income in the nature of tolls, interest or dividends from the work, or from any stock, share or interest in the work upon which the money so to be raised, or any part thereof, may be invested, and also irrespective of any income to be derived from the temporary investment of the sinking fund hereinafter mentioned, or any part thereof, according to the last revised and equalized assessment roll, being for the year one thousand eight hundred and seventy-seven, was twenty-four million, ninety-nine thousand one hundred and eighty dollars.

And whereas, the amount of the existing debt of the said municipality is for principal the sum of two hundred and sixty thousand dollars, and for interest, nothing; no part of which principal is in arrear, and of which interest no part is in arrear.

And whereas, for paying the interest upon and creating an equal yearly sinking fund for paying the principal of the said debt of twenty thousand dollars, it will require an equal annual special rate of one-ninth of a mill in the dollar in addition to all other rates to be levied in each year in the said municipality.

Be it therefore enacted by the Municipal Council of the corporation of the County of Perth, and it is hereby enacted as follows:

First—That it shall and may be lawful for the said municipality to raise the said sum of twenty thousand dollars for the purpose above mentioned.

Second—That for the purpose aforesaid it shall be lawful for the Warden of the said municipality and he is hereby authorized and required to cause any number of debentures, of the said County to be made and issued to the amount of the said twenty thousand dollars in sums of not less than one hundred dollars each, which said debentures shall be signed by the Warden and countersigned by the Treasurer of the said municipality and sealed with the Corporation seal thereof.

Third—That the said debentures shall be made payable in fifteen years at furthest from the day hereinafter mentioned for this by-law to take effect, at the office of the Treasurer of the said County of Perth in the town of Stratford, for the payment of interest at the rate and in the manner herein provided.

Fourth—That the said debentures shall bear interest at and after the rate of six per centum per annum from the date thereof and such interest shall be made payable half yearly on the first day of July and the first day of January during the continuance of said debentures or any of them, at the office of the Treasurer aforesaid.

Fifth—That for the purpose of forming a sinking fund for the payment of the said debentures and the interest to become due thereon at the rate aforesaid an equal annual special rate of one-ninth of a mill in the dollar shall in addition to all other rates be assessed, raised, levyed and collected in each year upon all the ratable property in the said municipality during the continuance of the said debentures or any of them.

Sixth—That this by-law shall take effect and come into operation on the Twentieth day of December, one thousand eight hundred and seventy-eight.

The above is a true copy of a proposed by-law to be taken into consideration by the municipality of the County of Perth at the Court House in the Town of Stratford in the said County, on Tuesday the third day of December, A. D. 1878, at the hour of two in the afternoon, at which time and place the members of the Council are hereby required to attend for the purpose aforesaid.

STEWART CAMPBELL,
Clerk.
