HAY AND OATS SCARCE ON LOCAL MARKET TODAY

Dressed Pork Active—Butter and Eggs Steady.

Unfavorable weather resulted in a small market this morning. There was a noticeable absence of hay and oats, and, in fact, of everything except vegetables. Hay continues to bring as high as $16 per ton, and oats bring from $1 50 to $1 57 per hundredweight.

Dressed pork continues to sell at good prices, one or two loads bringing this morning from $10 to $10 50 per hundredweight.

Beef is selling at from $7 to $9 per hundredweight. Mutton and veal remain about the same, but lambs on the other hand, have dropped to as low as 11 and 12 cents per pound.

Eggs sold today at 26 cents per dozen. Butter is steady at from 27 to 29 cents per pound.

Peaches were still plentiful today, and could be readily obtained at from 60 to 70 cents per basket for No. 1 fruit.

FINANCIAL

[From Chas. Head & Co., by private wire to J. J. Tearney.]

NEW YORK, Sept. 19.—10 a.m.—The London cables this morning show a lower range of quotations for American stocks which are from ⅛ to ⅞ down, the latter long for Union Pacific. Apparently the advance in the discount rate of the Bank of Germany to 5 per cent has had a depressing influence, although such action was foreshadowed by the drain of funds from that centre to other countries. Since the Moroccan situation is in a fair way to being settled amicably, the firmness of money abroad must be explained in large part by the industrial conditions which in Germany and England are in rather a bad way, owing to over expansion. Labor troubles are a factor on the continent, Spain being threatened with a general strike, this following a vote of railroad employees in Ireland to take similar action. Here the unions find little success in their attempt to force the railroads to meet the demand. The strike on the Lackawanna is petering out, with the Harriman system less likely to face serious disturbance. The trade situation does not improve, reports from the barometer, iron and steel, being the reverse from encouraging, orders shrinking continually, with competition cutting into profits. The President's speech on the trust issue affords no new viewpoint on the status of the big corporations, and the other addresses to be made by him will probably be merely of a similar academic interest, so that Wall street will give attention to the swing around the circuit. There seems to be no marked liquidation in the leading stocks, and we would suggest purchases on reactions for quick turns with sales on bulges for the present.

Mr. Thomas Dunkin Says District Has Recovered From the Fire.

Mr. and Mrs. Thomas Dunkin, of Toronto, are visiting Mr. Dunkin's parents, at 219 Wortley road, South London. Mr. Dunkin has recently returned from the Porcupine, which, he states, has quite recovered from the setback received in the July fire. South Porcupine has been completely rebuilt with better buildings than existed before the fire.

Mr. Dunkin, with other London men, is interested in the Langmuir gold mines, recently discovered in Langmuir Township. While in the Porcupine district, Mr. Dunkin saw the Dome property, what is said to be the most spectacular find of gold ever reported in Canadian gold fields.

Boys Are Annoying.

A number of small boys have recently been making themselves unusually objectionable by annoying shopkeepers and others in the vicinity of the Normal School and the Wortley road. Several of them on Sunday last amused themselves by throwing sticks, stones and other rubbish through the transom of a barber-shop door. The matter has been reported to the police.

The London Normal School opens next week, and, as usual, the classes will be large.

POPE-GINGE NUPTIALS

A Fashionable Wedding in London This Afternoon.

A fashionable and charming wedding was celebrated this afternoon, when Miss Margaret Marie Ginge, only daughter of Mrs. John H. Ginge, of 361 Queen's avenue, was united in marriage to Captain William Edgar Pope, of the Royal Canadian Regiment, Ottawa. The groom is a son of Mr. Joseph Pope under secretary of state. The wedding ceremony was performed at 4:15 by Mgr. Ayward at St. Peter's Palace.

The bride was attended by Miss Helen Gibbons, of this city, and the groom's assistant was Lieut. H. F. R. Griffiths, of England.

The bride wore a dress of white satin, with bridal veil and orange blossoms and carried a bridal bouquet. Following the ceremony a reception was held at the residence of the bride's mother, 361 Queen's avenue. The drawing-room was beautifully decorated with Danish and British fags, the floral decorations consisting of asters, maple leaves, Virginia creeper, and Michaelmas daisies. The conservatory was decorated with mountain ash and asters.

The wedding dinner was served in a marquee on the lawn, also decorated with flowers. In accordance with military custom the wedding cake was cut by the bride with the bridegroom's sword.

Among the guests from a distance were Mr. and Mrs. Joseph Pope, of Ottawa, the parents of the groom.

Captain and Mrs. Pope will leave this evening for Montreal and the White Mountains, where they will spend their honeymoon. Afterwards they will reside in the city of Quebec.

BOOTH CIRCULAR FAILS TO WORK

Employees Not Influenced By Letter Against Government.

SIR WILFRID ELECTED

Notice Received at Capital of Premier's Election in Quebec East.

[Special to The Advertiser.]

Ottawa, Sept. 19.—The return from Quebec East has been received by the clerk of the crown in chancery, declaring Sir Wilfrid Laurier elected.

The presence of the Prime Minister here yesterday has inspired the Liberals of the district with the greatest possible confidence.

Some alarm had been felt after J. R. Booth issued his letter against the Government to his 2,500 employees. This letter was effectively replied to at the Laurier meeting in Hull last night by Hon Charles Devlin, who declared that Mr. Booth should not pose as a dictator, for he was merely a tenant of the people of Quebec, who owned the crown lands which Mr Booth leased. The people of Hull were among the proprietors of the lands which Mr. Booth lorded over.

Hon. Mr. Devlin stated that he as minister of crown lands for Quebec, proposed to guard the rights of the people to the crown lands which Booth occupied.

As a result of the speech the Booth employees are inclined to regard the circular directing them how to vote as a piece of impertinence.

TRIAL MAY COME UP IN OCTOBER

City Hall Case May Be Dealt With If the City Gets a Move On.

MAY BE MORE DELAY

Text of the Judgment Which Was Handed Out in Toronto on Monday.

tered by Mr. J. M. Parsons against the sale of the city hall will be tried at the fall assizes here in October.

That is the statement made to The Advertiser by Mayor Beattie. Many of the aldermen were under the impression that City Solicitor Meredith had not received instructions to represent the city in the action. It was their intention to bring the matter before the council Monday night, but in the discussion on the reconsideration of the motion to sell the city hall, this was not done.

Consequently today some of them were wondering what the status of the city was in reference to the suit.

"The action will be tried in October," said Mayor Beattie. "Mr. Meredith has received instructions to go ahead with the suit, and I expect that this will be done. We have been committed to the sale, both by a former motion and by that of Monday night. So we have no alternative but fight the injunction."

Prompt Action Necessary.

However, there were some doubt in the mind of Mr. Justice Cartwright, who delivered judgment on the question in Toronto, and he points out that it will be necessary for the city to take prompt action if the matter is to come to trial in October.

The text of the judgment is as follows:

Parsons vs. City of London.—Motion by plaintiff to have the Attorney-General of Ontario added as a plaintiff in consequence of the question raised as to plaintiff's right to maintain the action except so far as he seeks to restrain the sale to the Royal Bank.

Judgment: The motion will be granted with costs to the defendants in any event. If the defendants wish a speedy trial it may even now possibly be had at London at the sittings next month. The plaintiff should deliver statement of claim tomorrow, and the further progress of the case will rest with the defendants themselves unless indeed any delay arises from the joinder of the Attorney-General.

If there is any delay, however, the question will have to be decided in Toronto, and this will add considerably to the expense of the suit.
