the brig William. His case, reported to be Cholera, excited so much alarm in the inmates of the Almshouse, and among others, that several Physicians thought proper to examine the body after his decease, in order to ascertain the nature of the disorder. We have not learned that any report has been made to the authorities of the place, but verbally it is stated, that he died of inflammation of the bowels, and no contagion is to be apprehended from him.—In the Almshouse all fears are allayed.

At Kingston, on Saturday evening last, Mr. SAMUEL B. HOYT, aged 33 years, leaving a wife and three children to lament the death of an affectionate husband and father. In this life, Mr. H. endeavoured to follow the commands of his Saviour, and calmly died under the full expectation of being received into that place of rest prepared for them who die in the LORD.

At Parrsboro' (N. S.) on the 22d ult. after a short illness, Mr. WILLIAM E. CRANE, in the 25th year of his age.—His amiable disposition and uniform good conduct, secured to him the respect and esteem of all his acquaintances, and his early death will be a lasting source of regret to an extensive circle of relatives and friends.

At Sydney, Australia, on the 31st October last, THOMAS FOREMAN, Esq. Barrister, fifth son of James Foreman, Esq. of Halifax.
