moved out of the country more rapidly. On country boards there has been little business done, as buyers showed a tendency to reduce their bids and salesmen refused to part with their cheese at the prices offered. The Dairy Commission is paying the following prices: No. 1 cheese, 23c; No. 2, 22½c; No. 3, 22c.

LIVE STOCK.

There has been a slightly better demand for the good to choice cattle at the Union Stock Yards this week. Really choice export steers and heifers have, if anything, sold at better prices by a few cents per cwt. On the other hand, the medium and common cattle became a little dragy toward the close of the period under review, and quotations for these grades declined slightly, though almost imperceptible at times. The week has been marked by even quotations, compared with the three previous seven-day periods, which witnessed many fluctuations in values.

The hog market has been steady to strong. The present quotation on hogs, fed and watered, is $20.35 per cwt. This is an advance of 25c per cwt. since last week. Quotations:

A BRISK DEMAND.

M. R. R. M. Holtby, of Port Perry, reports more than the usual demand for well bred animals, both males and females, Holsteins. Just recently Mr. Holtby sold to R. R. and John Stevens, L. C. Snowden and Noble Metcalf, Bowmanville, the well-bred bull "Ormsby Jane Hengerveld Kinc, 32004. He and our own herd sire, Ormsby Jane Burke are the only bulls in Canada got by a 46 lb. bull. His sire is Ormsby Jane King, a brother to the $53,000 bull, both being sons of Ormsby Jane Segis Aaggie, the only cow with two butter records over 40 lbs. She once held 17 world's records.

His dam is Dolly Hengerveld Korndyke, at two years six months, 21.73 lbs. butter and at four years, 24.34 lbs. butter after having twins and not freshening normally. She has had four living calves at four years of age. Her sire is Earl Burke Korndyke by an inbred son of the great Pontiac Korndyke and out of the twice 30 lb. cow Victoria Burke. Her second dam is a 23 lb. three-year-old by a son of the first 100 lb. cow in Canada with 28 lbs. of butter. Mr. Holtby expects, at next freshening, to make his dam a 30 lb. cow. His two nearest dams now average 35.33 lbs. butter in seven days, which puts among the best sires in Canada.

To L. C. Snowden, of Bowmanville, the good cow Victoria Netherland. She has since given him a heifer calf from May Echo's Prince, three-quarter brother to May Echo Sylvia, the dam of the $106,000 calf.

To Isaac W. Stauffer, Orton, Ont., the young bull Pontiac Snowball Pride and to W. K. Farlinger, Perry Mercens, both these calves are by a grandson of the greatest tested bull King of the Pontiacs, who now has 28 30-lb. daughters and three with 40 lbs., both world's records.

FARM MACHINERY AT C.N.E.

NEVER before in the history of the Canadian National Exhibition has there been such a demand for space from farm machinery manufacturers. For some years past some of the larger manufacturers have not exhibited at the Fair, but this year ten of the leading firms have come back with such a large shed request for space that they are apparently endeavoring to make up in one year all the ground they have lost in a decade. This group alone demanded 200,000 square feet of outdoor space on which to demonstrate the merits of "Made in Canada" implements. This was more than the Exhibition could grant but they did give them about 200,000 square feet on the open area north of the grand stand, the exhibition management exacting a promise in return that the exhibitors would make the display cover over the entire range of modern farm tool production.

This unexpected demand at first threatened to squeeze out a number of the smaller implement manufacturers, but by careful planning practically all applicants will be accommodated and the display of farm labor saving machinery and farm machinery generally will be quite the largest ever made in the history of the Big Fair.

LAKEVIEW HOLSTEINS

Every male or female offered by us are either sons or daughters of these wonderful cows. No other herd in Canada has such a record.

31 cows average 100 lbs. milk daily and 33.28 lbs. butter in 7 days; 16 cows average 30.56 lbs. butter in 7 days; 9 average 34.59; 3 average 39.53; 2 average 40.56, and one made 43.06.

We offer for sale a show bull 3 years old, mostly white, sired by Dutchland Colantha Sir Mona and from Lakeview Lestrange, 741.9 lbs. milk, 38.06 lbs. butter. He is a brother to Lakeview D. Artis, Canada's only 43-lb. cow, with first calf.

This bull can be bought right, on terms to suit purchasers. Remember he is the only bull in Canada whose 7 R.O.M. sisters held 9 Canadian and 3 world's records for butter. Photo and extended pedigree on application.
