STRATHCONA SENDS NAMES SECRET IS NOT REVEALED

Ottawa, April 19.—(Special.)—The house was only in session a short time this afternoon. Prince Arthur entered the chamber at ten minutes after three and occupied a seat on the floor at the right of the speaker. He wore the uniform of his regiment, the Seventh Hussars. During his stay the house was occupied with receiving petitions for the better observance of the Lord's Day. At 4 o'clock the prince held an informal reception in the senate chamber, and members of both houses were presented.

At the meeting of the public accounts committee to-day W. Cory, deputy minister of the interior, read the following cablegram from Lord Strathcona:

"In reply to your cablegram of the 7th inst., the persons named as subscribers to the memorandum and articles of association of the North Atlantic Trading Company and holding one share each are: Edward Sainsbury, hotel proprietor, London; Alfred E. Alexander, engineer ,and John A. Randall, articled clerk, both of Cheswick; George T. H. Downey, Palmell Park, East Sheen, solicitor's clerk; Henry James Whitman, builder, Cheswick; John H. S. Thomson, Epsom, chartered secretary; Chas. Guy Underwood, Acton, solicitor's clerk. The solicitor of the company is E. A. Alexander, Essex-street, Strand. The capital of the company is 3000 pounds sterling in 300 shares, £10 each.

"I am endeavoring to get list of shareholders and the amount actually subscribed and paid up. The company was incorporated in the Island of Guernsey as the North Atlantic Trading Company, Limited, registered June 3, 1905, and certificate registration dated Greeffe, Guernsey, June 4, 1905. Memorandum of association states registered office company situate Island Guernsey. Director, J. Gluck; managing director, H. Pheifel; Secretary Kohan, business office, 92 Damrack, Amsterdam. Memorandum of association will be mailed by Campania 14th."

It is a matter of comment that Hon. Clifford Sifton is keeping away from the capital. The committee has reason to believe that his testimony might be valuable if it could be obtained.

Lord's Day Bill.

Many interests were represented at the meeting this morning of the special committee to consider the bill for the better observance of the Lord's Day. Among the interests represented and protesting against the bill as drafted are the C.P.R., G.T.R., Canadian Northern, Pere Marquette and other railways; the iron and steel industries of Canada, including rolling mills at London, Hamilton and Toronto; the Richelieu and Ontario Navigation Co., the Dominion Marine Association, the Canadian bakers, the fruit growers and the mining and smelting companies of British Columbia. The City of Montreal and board of trade, the railway employes, the oil producers of Kent and Essex, and the Grimsby Park Association are opposed to the bill in its present form.

Rev. Mr. Shearer of the Lord's Day Alliance will reply to the various objections. He is quite sanguine that the bill will pass without amendment. Mayor Follingsbee of St. Thomas presented the case of the Seventh Day Adventists.

Mr. Bredin of Toronto opposed any amendment that would require the bakers to work on Sunday. For convenience the following interests will be heard by representatives in the following order: Transportation, manufacture and trade, labor, public health and sanitation; religious bodies for and against the bill.

The committee adjourned till the 24th.

AT SCORE'S

FROCK COAT AND WAIST-COAT TO ORDER **$30**

Score's, 77 King St. W.

YORK COUNTY AND SUBURBS

R. J. Colville of the Railway Y.M.C.A will address a meeting in the Disciples Church on Friday evening, the 20th.

Mr. and Mrs. George Robinson have returned from Los Angeles much benefited by their trip.

Mrs. A. Smith of Brantford spent Easter with her sister, Mrs. Wm. Bennett, Scarlett-avenue.

The Royal Scarlet Chapter meets tomorrow night in St. James' Hall. The Western District Chapter of Toronto contends paying them a fraternal visit.

Worcester Lodge, Sons of England, met in the lodge room, Campbell's Hall, President George Mould officiating. Three candidates were initiated, and two admitted by clearance past pre shrdlu shrdlu cmfwyp pu pu pu President Jos. Rabold just returned from the west, was in attendance.

The Royal Templars, Toronto Junction council, held a meeting to-night in Thompson Hall, Chief Councillor W. J. Conron in the chair. Two candidates were initiated. Preparations for an open meeting on May 4, and a silver medal contest in the Baptist Church, May 7, were completed.

The C.P.R. contemplate moving the big coal dump as soon as the steam shovel arrives from Montreal, to enable the Sudbury branch to effect an entrance into their yards. There are about 30,000 tons on the dump.

An alarm was sounded from box 25, corner of Lakeview and Annette-street, at 5-30 p.m. The department found about 35 feet of sidewalk on fire on Gilmore-avenue.

About 11.45 a.m. some boys set fire to the grass on St. John's-place, and 30 feet of sidewalk were removed by Fireman Pigot to prevent it being destroyed.

EMPIRE HOTEL.

336 Yonge-street, most modern and up-to-date hotel in Toronto. Rates $1.50 to $2.00 per day. J. Newton, proprietor. Phone Main 2255.

Bracondale.

The ratepayers of Albany-avenue, Bracondale, held a meeting Wednesday evening, at which the almost impassable condition of Albany-avenue was discussed, all present complaining bitterly about the lack of decent sidewalks, etc.; in fact, it was necessary to keep children at home in quite a few cases, as the parents were afraid to trust their children to journey thru the beds of mud, which would have been necessary to reach school. A proposition to form a "Bracondale Ratepayers' Association" was adopted, and the following deputized to act as a committee to appeal to the proper authorities to remedy the evil complained of: Messrs. Rossiter, Crawford, McBain, Robinson, Norman, Pickles.

Toronto & York Railway.

The Toronto and York Railway are meeting with unexpected difficulties in their attempts to complete the building of the road, from Scarboro Village, the present terminus, to the Highland Creek, a distance of some 4 1-2 miles. At a point where the G.T.R. crosses the Kingston-road it was found necessary to divert the line in order to obtain the necessary grades. It was here that the company met their first real difficulty. The diversion crosses the farm of John Richardson, ex-M.L.A., and Mr. Richardson's estimate of the proposed damage to his property, by comparison with that of the railway, shows a very substantial difference. Mr. Richardson, it is understood, demands the sum of $2500, with the railway willing to negotiate at a third of the amount. With no power to expropriate, the building of the extension from Scarboro Village east has been practically suspended for more than six months. A gentleman in close touch with the situation stated yesterday that the railway would never be extended further to the east owing largely to the enormous cost of spanning the Highland Creek and Rouge Rivers. There are four miles of it, said he, which will cost $150,000. In view of the action of the legislature, which is hostile to electric roadways, there will be no new enterprises opened up.

Some two miles of the road in Scarboro Junction remain, for which no charter has been obtained. In Pickering and Whitby Townships the council are said to have granted a charter for the road, but pending action in the legislature it is not known what course will be taken.

East Toronto.

East Toronto, April 19.—The marriage of Miss Bertha, only daughter of Mrs. G. L. Davidson of Gerrard-street, to James L. Paterson took place at the residence of the bride's mother last night. The bride was accompanied by Miss Ida Leadley, while the groom was supported by his brother, Robert. The bride was given away by her cousin, Mr. Vipond of Montreal. The marriage ceremony was performed by the Rev. Mr. Ferguson, assisted by Rev. Mr. Rogers. Among those present were Mayor and Mrs. Richardson, Dr. and Mrs. Walters, Dr. and Mrs. Britton,and Dr. and Mrs. Demary, together with guests from Toronto, Ottawa, Montreal, Barrie, Agincourt and other points.

An evidence of the building boom in East Toronto may be gathered from the fact that Constable Cobley is preparing for the erection of a handsome new residence on John-street. Henry Cobley has disposed of the old painted post property on the Kingston-road to William Elliott. The lot is 62 by 90 ft. Mr. Elliott will erect a residence on the property.

Mrs. Heath's Bad Plight.

An elderly woman, who gave her name as Mrs. Heath, was found in a state of collapse on the lake shore at the foot of Howard-avenue Wednesday night, and taken to the home of Mrs. Garratt. The city police were notified, and the ambulance took the woman to the General Hospital. Residents along the beach state that her conduct would lead to the belief that she was contemplating suicide by drowning. She said her home was on Water-street, and that she was on her way to Munro Park. She said further that she had been for some time employed at the W.C.T.U. on Elm-street. Enquiry at the latter institution showed that under the name of Mrs. Heath she had obtained permission to remain there on Tuesday evening. She said she was the mother of six children, two of whom were in the reformatory at Mimico. At the General Hospital the doctors said she was suffering from nervous collapse.

Weston.

Rev. A. C. Baker, who has been doing evangelistic work amongst Baptist churches in Weston, has received and accepted a call to Fullerton, and will settle in his new parish May 1.

Buttonville.

The death of Alexander Dunn at the home of his nephew, Thomas McQuay, on Wednesday, removes a familiar figure. Mr. Dunn was a native of Markham Township and in his 73rd year. For many years he was engaged in farming on the homestead, lot 8, concession 4, but some years ago retired. The funeral takes place this afternoon (Friday) to Brown's Corners Presbyterian Cemetery.

North Toronto.

Upper Canada College is re-opened again, after a two weeks' holiday for the boys.

A special meeting of the school board was held last night. Mr. Home presided and Messrs. Logie, Lecras and Murphy were present. Miss Lewis' resignation was received and accepted, and she is to be relieved at the end of the present month. The secretary was instructed to purchase new monthly reports to supersede those at present in use.

Councillors Anderson, Pears, Lawrence and Mayor Fisher were present at last night's board of works meeting. The committee decided to widen the boulevard on Merton-street, and Frank Williams was permitted to make a ditch at the rear of Gordon-street on his property to Soudan-avenue. P. S. Gibson, town engineer, reported a large number of sidewalks as worn out, dilapidated and dangerous, and only a few in a fair state or repair. The board recommended the purchase of 30 toise of broken stone and the commissioner was instructed to hire a horse roller to have the stone rolled in as soon as it is spread. The clerk was instructed to use his judgment as to how many street signs were needed.

Todmorden.

House rents are on the jump around here. Cottages, which generally brought in $8 a month are renting for $12 now.

Don Mills-road is receiving some needed atention these days. The hills are cut down and the pitch holes filled in by means of a road scraper.

There is a rumor on foot that the James Bay Railway Company intend to purchase the Thorncliffe stock farm. On Wednesday afternoon five rigs filled with interested parties drove out to the farm.

Bonfires are the order of things now these days. Everybody is burning up the refuse which accumulated during the past winter and the gardens are receiving attention.

OUT LATE

After an Evening Out, a "Murad" on the Way Home is Enjoyable.

"Murad" (plain tips) Turkish Cigarettes are the latest and best achievement of Allan Ramsay, for sixteen years government expert of Turkey. During that period Mr. Ramsay's cigarettes—his alone—were the accepted brands of the dignitaries of the Turkish court—15 cents per box. 5

NURSES' BILL DISCUSSED AND MUST BE AMENDED

Takes Up Considerable Time of Legislature and Will Be Considered Again.

Hon. Dr. Willoughby, in moving, as chairman of the special committee that dealt with the nurses' graduate bill, that the bill be held over, as some important bodies had asked to be heard, drew soome warm words of criticism from Mr. Crawford and Mr. Gamey. The former didn't know what "pressure had been brought to bear to induce him to throw such a somersault after passing it in committee." He was practically asking that it be given a sixth months' rest. The Kingston Hospital Association, he said, was the only one that had objected at all, and it had only asked further consideration. He was willing to have some amendments made if the general principles remained.

Dr. Jessop said that the hospital association of St. Catharines had asked that the bill be laid over till the Provincial Hospital Association met in May. This would mean a year's delay.

Mr. Gamey spoke vigorously. He was surprised that the chairman of the committee, after passing the bill,should now practically ask to have it thrown out.

"No, no," from Dr. Willoughby.

"I have my own opinion and I have just as much right to it as you have," returned Mr. Gamey, warmly. It was really intended that the bill should be killed, but not so stated.

The premier said there should be no delay, but that Dr. Willoughby was to be commended for wishing to allow other bodies to be heard.

Mr. Preston pointed out that the hospital boards had not been heard,and suggested laying the bill over till next week. Mr. McGarry said the governors of St. Michael's Hospital wanted to make representations.

Hon. Adam Beck generally commended the bill.

Mr. Speaker St. John asked the consent of the whole house to speak on the bill. This being granted, Mr. St. John said there was no truth in the statement of the Kingston board of governors. There was no close corporation; the bill did not interfere with any nurse or any hospital. He asked for full consideration,but did not recognize the right of any hospital to come here and ask that action be delayed.

Hon. Dr. Willoughby would give all parties the opportunity to be heard.

Hon. Col. Matheson regarded the movement of the nurses as a good one, but it ought to be considered what effect it would have on the hospitals.

Mr. Crawford said the bill had been before the house six weeks, and there was no excuse for this late obstruction except to kill the bill.

The bill will not go back to the committee.

At 6 o'clock Premier Whitney moved, seconded by Mr. Ross, the sympathy of the legislature for the people of San Francisco.

Mr. Graham asked the attorney-general if a promise had been given to President Phillips of the York Loan that he would not be prosecuted if certain assets were handed over.

Mr. Foy said negotiations had been in progress and the department had promised that if restitution were made due consideration would be given, but no promise of immunity had been given.

Principle Accepted.

At the evening session the nurses' bill was again taken up. Mr. Harcourt desired to know the intention of the house. A request had been made that the bill be sent back to the special committee. Was this to be done?

The premier observed that the house could vote on the bill if it saw fit.

Hon. Dr. Willoughby said he had promised that he would use his influence to have the bill returned to the committee, so that certain interests might be heard.

Mr. Crawford again protested against delay, but Mr. Hoyle took the opposite view, observing that he never sat on a committee where there was less chance of discussing a bill dispassionately. He had been frowned upon, graciously, it was true, but the frown was there just the same.

After some further discussion, the premier said it was the intention of the government to allow the bill to go thru if it was the wish of the house. He did not see why the committee could not rise and report progress, and then it could be decided later to send it back to the special committee. Since he had come into the house he had been handed a list of objections to the bill.

Finally, on the suggestion of Mr. Harcourt, the committee accepted clause one of the bill and then rose. This ensures further consideration at a later period.

Some Objections.

The objections to the bill respecting the Ontario Registered Nurses' Association, to which Mr. Whitney referred, are as follows, and it is understood that before the bill passes it will be amended along these lines: It is provided that the council of the association shall be composed of four medical practitioners and eleven members of the association. As there is no public body in the province controlled exclusively by women, it is argued that some provision ought to be made to give representation to males. It is also represented that the government as the largest employer of nurses should be represented on the council, and that there should be a lay representative. Another suggestion is that all nurses, whether trained in a hospital or not, and who have been in the nursing profession three years shall be eligible upon the completion of their course. Still another objection is that the nurses have the power to say registered nurses should be trained at any one hospital. That the association may cancel the certificate of a nurse at any time is regarded as wrong. The certificate should not be canceled, except for cause. It is also suggested that the membership fee be fixed at $5. The bill has no limit.

Chester.

J. Arch Browne, A.R.C.A., will deliver a lecture to-morrow evening at 8 o'clock, in the parish room of St. Barnabas' Church, on "How to Judge a Picture."

Galt Old Boys.

At a special meeting held last night at the Iroquois, Galt Old Boys decided, owing to inability to make satisfactory arrangements for June 2, as previously arranged, to hold their first reunion at Galt on Saturday, June 16.

Yesterday was decoration day at the Union Station. In honor of Prince Arthur extensive decorations are being made by Raymond Bulac of Montreal. Festoons, British ensigns and banners hang in profusion in the rotunda.

THE ROBERT **SIMPSON** COMPANY, LIMITED

POOR WATER PRESSURE FOR OTTAWA HOSPITALS

Ottawa, April 19.—A complaint about the water pressure in some of Ottawa's hospitals and charitable institutions is made by R. W. Bruce Smith, inspector of hospitals and charities, in a letter to the city clerk.

He states that on the occasion of his recent inspection in Ottawa he found several institutions where the pressure of water was inadequate for fire purposes.
