FOUND TWO WOMEN IN A CHINESE LAUNDRY

Two Chinese Men were Arrested with them and all were Heavily Fined in Police Court Yesterday.

The full penalty of the law was imposed by Sitting Magistrate Henderson in the police court yesterday morning, on two Celestials and two female companions, all of whom were discovered in Tom Buw's apartments at 175 Main street, when Sergt. Joe. Scott and Officers Geo. Totten and Ira Perry, who had been watching the activity about the place early on Sunday evening, surprised the quartette by raiding the Celestials' abode between two and three o'clock yesterday morning.

Tom Buw, who was charged with keeping a house for immoral purposes on Main street, pleaded guilty and was fined $50 or two months in jail; Ethel Longard, aged 24, a Fredericton girl, and Bessie Hartney, aged 21, a Boston girl, both have been in the city for some months, according to the police, also pleaded guilty and were fined $25 or two months in jail each. The case of Ham Fow, who pleaded not guilty to being an inmate, was disposed of almost as quickly as the others. After an interpreter had been procured and Officer Totten had testified this Celestial, like the females, was fined $25 or two months in jail.

Quite a number of Chinese were in court, and following the imposition of the fines, they discussed the situation with the two Chinese prisoners and finally one of their number came forth and paid all the fines, totalling $125. All were discharged, the Orientals first being instructed to explain to other Chinamen in the city the severity of the law with regard to this matter.

CARLETON COUNTY CENSUS COMPLETED

Returns will Show that County's Population has Remained Stationary while Woodstock Has Lost.

Woodstock, July 10.—The census enumerators of the county have completed their work and the returns are now in the hands of Commissioner W. C. Good. He has already forwarded some returns to Ottawa and the others will go forward at once.

While it is not possible to obtain the exact figures, it is generally understood that the population of the county has remained about stationary during the past ten years. Kent is among the parishes showing an increase and Wakefield and Simonds have lost population. It is said that the town will show a decrease of nearly 300. The general opinion is that there is a mistake somewhere. Wellington ward has increased some 300, Queens shows a slight increase, and Kings ward, the remaining one, for which the figures cannot be procured, would have to be without a person to account for a decrease of 300, and that ward has at least as many inhabitants as it had ten years ago.

A slight increase is shown in the St. John river or Millicite tribe of Indians, by the recent census taken by Indian Agent White, of Centreville. There were in 1901, living on the reservations at Tobique, Woodstock, Kingsclear and St. Marys, 424 Indians. Now there are said to be 449, an increase of 25. At each of these places a good school is maintained by the government and the younger generation is able to read and write.

Gordon Caldwell and Stafford Banks, Bristol, and Michael Bohan, of St. John, were in town last week.

Rev. D. E. Brooks, Bristol, was in town recently, returning from the Primitive Baptist quarterly meeting at Canterbury.

Mrs. Weymouth Crowell, of Yarmouth, N. S., is visiting Mrs. D. E. Brooks at Bristol.

Capt. W. W. Melville, of Peel, was in town yesterday.

Mr. and Mrs. Hugh Gibson will leave tomorrow for a visit to friends and relatives in Vancouver, B. C.

Miss Mary McManus, daughter of Mr. and Mrs. Jas. S. McManus, arrived home yesterday evening to spend her vacation. She is principal of the high school in one of the towns near Winnipeg.

Inspector Meagher left yesterday for Milltown on a visit to his sister, Mrs. Wm. Graham.

Inspector Meagher and G. Hugh Harrison, M. A., will take the military course which commences in Fredericton on July 18.

Mrs. Eliza Boyd, who has been visiting relatives in Linneus, Maine, has returned home.

J. Hollis Lindsay, of Truro, N. S., formerly of this town, is spending a few days in Houlton among friends.

Mrs. W. S. Jones and son, Ned, of Newton Center, Mass., arrived in town yesterday. She will spend a week at the homestead with her sister Mrs. Howard Jacques.

Miss Rosa Mulherrin, daughter of Mr. and Mrs. Michael Mulherrin, St. Thomas, who was here taking the Normal school exams, returned to her home on Saturday.

Mr. and Mrs. Michael Mulherrin, of St. Thomas, were visiting friends in town on Saturday.

J. W. Irving, of Coldstream East, was a visitor to town on Saturday.

Miss Margaret Kelly, of Canterbury, was a recent visitor to Houlton, Me.

Herbert Hemphill, Mrs. Hemphill, Debec; Rev. C. H. Orser, Mars Hill; Edward Wiley, Argyll; Lorenzo McLean, Grafton; Thomas Graham, South Newbridge; Elisha Farmer, Rosedale, were visitors to town Saturday.

Edgar Kennedy and niece Madeline Hamm, of Bangor, are visiting his sister, Mrs. Fred Buck.

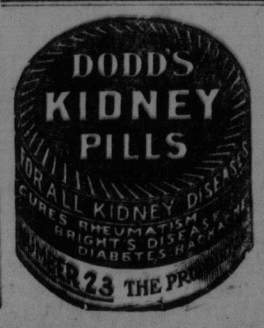
Freddie Buck has gone to Bangor to spend his school holidays with his grandmother, Mrs. M. Kennedy.

Fred H. Stevens, editor of the Hartland Observer, was in town Saturday on his return visit from Fredericton.

A. D. Holyoke, the newly appointed police magistrate, has received permission of the town council to hold the court sessions in his office, Main street instead of in the former magistrate's office, Queen street.

Coun. S. L. Hemphill, of East Knowlesville and his daughter, Miss Helen, were in Woodstock on Saturday while the latter was taking the normal school exams.

Miss Sedilia Wilson, of Argyle, took the normal school exams last week.



FRANTIC WITH NEURALGIA

"Fruit-a-tives" Will Always Cure this Trouble.

Neuralgia is really blood poisoning. To treat it with opium, morphine, cocaine, "headache powders" and other "pain killers" is a crime.

The only possible way to cure Neuralgia is to purify the blood by making the Kidneys, Bowels and Skin do their proper work in nature's own way.

This is the way "Fruit-a-tives" cures Neuralgia. "Fruit-a-tives" prevents the formation of Uric Acid—keeps the whole system strong and active—and will always cure Neuralgia, Rheumatism and Headaches due to poisoned blood.

50c. a box, 6 for $2.50, or trial size, 25c. At dealers, or from Fruit-a-tives, Limited, Ottawa.

STOCKS DROPPED QUICKLY IN MARKET

New York, July 10.—Disappointment at the government crop report which was issued shortly before the close of the market caused stocks to recede quickly, after a display of almost uniform strength from the opening. The losses thus sustained virtually cancelled the gains of 1 to 2 points through the list of the active stocks. The character of the crop report was offset to some extent by the monthly statements of the copper producers and of the United States Steel Corporation's unfilled orders, which were unexpectedly favorable. United States Steel and the copper shares, however, yielded with the remainder of the list at the close.

The figures for spring wheat and corn were the most discouraging features of the government's statements. Previous estimates of the condition of spring wheat were usually about 76 or 77, in place of the government's figures of 73.8. The condition of corn was 2 points under many estimates. It was pointed out, however, that since July 1 the date to which the government report appears, the lack of rain which was largely responsible for the damage has been relieved in many sections and that present conditions are substantially better than those of ten days ago when the official figures were collected. The decline in stocks was due in part to the expectations of operators who had bought heavily in anticipation of a more bullish statement. Reports of rain over week end encouraged buying this morning, not only here, but in London, where American stocks advanced materially before the New York opening. The gains were extended in the local market.

The increase in 247,000 tons in the unfilled orders of the United States Steel Coropration between June 1 and July 1, indicates an unexpectedly large amount of new business. The June figures suggest the largest gain which the corporation has experienced since the revival after the "open market" of 1909, the increase in business which followed the reduction in prices being estimated at 50 per cent. or more, on the basis of today's report and the known increase in shipments during June.

The decrease of more than 8,500,000 pounds in copper stocks was larger than was looked for, bringing down the total to the lowest point in several months. While domestic deliveries were somewhat disappointing, the export movement was the largest since last October and the statement as a whole was regarded as distinctly favorable.

Good reports on both the copper and the steel trade apparently had been discounted, for the market barely moved on their publication. Almost the only exceptions to the strength exhibited through the greater part of the day were Virginia Iron, which fell back 7½ points, and Virginia-Carolina Chemical which although it remained stationary, when the unfavorable annual report was published last week, declined a point today. The bond market was firm. Total sales, par value, $2,415,000. United States bonds were unchanged on call.

LOST HIS VOICE ENTIRELY.

Mr. J. H. Woods, of Point Rock, Oneida Co., N.Y., had a hard experience. "A bad attack of Catarrh settled in my forehead and the pain over my eyes was so intense I thought my head would burst. My voice grew very hoarse and I coughed every night, and through the winter could scarcely speak. My voice was gone. Two doctors didn't help me at all. The next doctor ordered "Catarrhozone." It cured me and now many others here use it also. My doctor says he doesn't know anything so good for Catarrh and Throat Trouble as "Catarrhozone." Use it to-day, you're better to-morrow. 25c. and $1.00 at all dealers. Try Catarrhozone.

H. S. KEITH TO GET GREEN HEAD OPTION

Safety Board, at Special Meeting, Recommends Option on City Land, at Lancaster—The Patrol Wagon.

A special meeting of the Safety Board was held yesterday morning, Ald. Russell presiding. Others present were: Ald. J. B. Jones, Wigmore, Elliott, C. T. Jones, McLeod and Scully, with Director Wisely and Chief Kerr acting as clerk.

The chairman announced that the patrol wagon was ready and that the Woman's Council were anxious to have it taken off their hands.

It was decided to take possession of the property and a special committee was appointed to look into the question of housing, equipping and managing the wagon. The committee is Ald. Elliott, Wigmore and J. B. Jones.

A letter from Heber S. Keith asked that he be given a four months' option on the Green Head property as persons interested with him were anxious to secure possession of it to erect a large cement plant. Mr. Keith expected at the end of four months to be ready to lease or purchase.

After considerable discussion, during which some of the aldermen said it did not look as if Mr. Beach, who had talked of securing the property, was prepared to act, it was decided to recommend the Council to give Mr. Keith a three months' option on the property with the right of purchase for $30,000 provided he puts up a deposit of $500.

Ald. McLeod moved that the report of a sub-committee recommending a salvage corps for Carleton be submitted to the Council. While this was under discussion it was stated a special committee is securing information about a new truck for No. 1 Salvage Corps and it was suggested the present No. 1 wagon might be available for Carleton. Ald. C. T. Jones, for the special committee, said they were looking into the question of a modern salvage corps and hose truck combined to be run by gasoline and would have valuable information to submit to the Council at an early date.

Ald. Potts thought it would be wise to have further information and he could see that it would cause trouble if the salvage corps apparatus was to be carried on fire department apparatus.

Ald. Elliott agreed with Ald. Potts that the joint authority would lead to trouble, but he would advise that the Carleton corps be got into shape and that the organization be delayed until the first of the year.

Ald. Scully and Wigmore thought it possible to work the matter out on the basis of the sub-committee and would refer the subject to the Council.

Ald. McLeod's motion was adopted.

Chief Kerr said a fence at No. 7 engine house was necessary and a proper shed to winter the apparatus and other finishing work should be done. The director will report on the subject.

No. 1 Engine Company, through Chief Kerr, invited the Safety Board to a reception at their rooms in honor of Sergt. Major Atkinson, just returned from his trip to England with the coronation contingent.

Ald. Elliott moved that the director examine the rubber coats of No. 2 Salvage Corps and report. Carried.

It was agreed that the special committee on the hydro-electric bill shall make a report to the council on Thursday evening, so that the matter can then be dealt with along with the early closing question.
