**The Government Sustained by a Majority of Thirty-one—Debate on Increasing and Equalizing Judges' Salaries — Other Business — The Wrath of the Grits at the Summary Rejection of the Want-of-Confidence Motion.**

OTTAWA, April 3.

A thrill of expectancy passed through the House yesterday when Mr. Huntingdon rose to move his want-of-confidence resolution. The galleries were crowded and the benches nearly full. The motion was made without any remarks whatever from the mover, and the Government side called "question" immediately. The division was—yeas 76, nays 107—majority for the Government 31. Cutler, Anglin, Ferris, Pickard, and Burpee of Sunbury voted with the Opposition, and Smith, Wallace, Palmer, I. Burpee, Domville, McAdam, Moffatt and Costigan with the Government.

The loss the S. S. Atlantic was discussed. Hon. Mr. Mitchell read telegrams describing the disaster, and reported his statement of a few days ago with regard to the intention of the Government to anchor a lightship off Halifax harbor.

An interesting discussion took place on the motion of Mr. Savary for all correspondence relating to the inequality in the salaries of Judges in the different Provinces. He argued that men occupying the same position and doing the same work should receive the same salary in each Province.

Mr. Palmer said he had never used the words "Better Terms." The Maritime Provinces did not want better terms, but simple justice, and that equality of position in the Confederation which they were entitled to. The lower salaries of Judges in the Maritime Provinces was one instance of injustice. Their position being the same, and their duties the same, their salaries should be the same as those of Judges in the other Provinces.

Mr. McDonald, of Pictou, thought the present scale of salaries of Judges in all the provinces was an inadequate remuneration. The salaries should be sufficient to secure the best talent in each province.

Sir John Macdonald referred to the great difficulty of settling this question. The cost of living was higher in one province than in another. In the Province of Quebec the Judges in the rural districts received less salary than those in the cities. There was a perfect equality of position but a difference in circumstances. He believed the time had come when the Judges should receive salaries commensurate with their position, and Government would bring in resolutions upon the subject.

The House went into committee on the bill introduced by Mr. Mills amending Costigan's act against dual representation. It virtually provides that the Returning Officer shall not have anything to say about a candidate's qualifications for the Commons. The bill passed its second reading, but will probably be amended.

Mr. Mercier's bill requiring railway officials to give notice of the delay of trains and their whereabouts was ventilated.

Members evidently felt disinclined to work after the excitement of the afternoon, and the House adjourned at 10.

In the Senate yesterday, in answer to Carrell, Hon. M. Campbell said the Imperial Government had not yet appointed a Commissioner to sit on the Fishery Claims Commission at Halifax, and would not do so till the American Government named their Commissioner.

The Grits will raise a terrible howl at the summary manner in which Huntingdon's motion was disposed of. Yesterday's vote gives the exact strength of the parties on a square want-of-confidence trial.

Ira Cornwall arrived from St. John yesterday.

HOUSE OF ASSEMBLY.

FREDERICTON, April 3.

Mr. Hanington's bill relating to affidavits, and the bill authorizing some of the residents in Elgin to vote in Addington, were agreed to, Mr. Donald's Assembly bill was thrown out, and progress was reported on the bill authorizing the Germantown Lake Commissioners to assess for the amount due them. Both members from Albert are opposed to this bill. Dr. Palmer tried to have it postponed three months, and Mr. Ryan said the action of the Government, in unanimously voting for the bill, after he had supported them three years, was more than he could stand.

Hon. Mr. Willis introduced a bill relating to corporations; Hon. Mr. King, a bill to amend the charter of the University and a bill to amend the Schools Act; Mr. McPherson, a bill relating to streets in Fredericton; and Mr. Cale a bill to amend the act incorporating the Synod of the Presbyterian Church.

The School Superintendent's Report was laid on the table.

Messrs. Maher, Hibbard and Landry were appointed a committee on the bill relating to water lots in St. John harbor.

**To-day's Proceedings.**

The Committee of the Whole went into further consideration of the Germantown Lake bill, and after a lengthy discussion it was agreed to with amendments.

Hon. Mr. Stevenson presented a petition praying the passage of a bill incorporating the St. Croix Pleasure Association.

The House went in committee to consider a bill from the Legislative Council relating to water lots and other shore rights. Hon. Mr. Crawford thought the bill useless. Mr. Wedderburn opposed it in a lenthy speech. Mr. Phillips thought it dangerous. Mr. Beckwith would oppose it. Mr. Donald supported the bill. Mr. Lindsay did not like it. Mr. Adams thought the Legislature had no power to deal with such a bill, and would oppose it. Mr. Napier supported it. The Secretary argued at length favoring the bill, contending that the individual having lands bordering on the water had a right to the soil to low water mark, and by the passage of the bill private rights would not be interfered with.

The House rose.

LEGISLATIVE COUNCIL.

The bill to incorporate the Carleton and Victoria Steamboat Co. was amended requiring 50 per cent. of stock to be paid up, and agreed to. The bill to divert part of the Varley fund to the endowment of a Professorship at Sackville was discussed and progress reported. Hon. Mr. Seely and Hon. Mr. Jones opposed the bill. Progress was reported. The St. John special assessment bill was amended reducing the amount from $10,000 to $5,000. The Lancaster Lands bill was agreed to with amendments.

**To-Day's Proceedings.**

The bill legalizing the assessment of Burton Parish, Sunbury County, passed the Council on divisions, McInerney and Hanington opposing.

The bill amending the act incorporating the St. Martins and Upham Railway Company passed.

**Grace Egerton.**

Another good house greeted Mr. and Mrs. Case last evening, though it was one of the stormiest nights we have had. The programme was nearly all entirely new and every character drew loud applause. This was the last appearance for the present of these artists. They perform in Fredericton this evening, and then start on an extended tour through Canada and the United States.

The tickets for the "Music Union" Concerts are meeting with ready sale both for reserved seats and general admission. The general tickets can be exchanged for reserved seats at Mr. T. H. Hall's store.

**Corporation Leases.**

Mr. Hubbard sold to-day at auction the following Corporation premises on Market street: The store in brick building, corner Germain street, to G. W. Elliott, for $185, leased last year for $160; third flat same building was leased for $25; the store on opposite side of market, now occupied by F. McMullin, was bid in by E. Haney at $250, leased last year for $144.

NEW YORK, April 2.

Gold 116; Consols 92¾.

The Atlantic disaster created a profound sensation here, and all over the country, and intense interest is felt to learn the names of those who were lost. The agents of the line expect a duplicate passenger list by another steamer now about due. The Atlantic and cargo were valued at about $850,000. The London despatch of to-day says: "The announcement of the wreck of the steamship Atlantic, and the appalling loss of life thereby, created a profound sensation in this city and Liverpool. The disaster is the universal topic of conversation. The offices of the agents in both cities were thronged all the morning with people. The friends of the passengers in the ill-fated steamship are all anxiously inquiring for the news of the survivors."

People who had friends on board the ill-fated steamer Atlantic crowded the offices of the White Star Line this morning hoping to learn the names of the survivors, but as no list had been received, no information could be given them. The terrible disaster is the only topic this morning, and a full investigation is demanded by the public and the people that the responsibility for the disaster be fixed on the proper parties.

**The Tragedy at Prospect Cape—Over 400 Saved.**

HALIFAX, April 2.

Steamers have returned from the wreck and report that 430 were saved. Among them were the following saloon passengers: F. D. Marckwald, Nicholas Brandt, New York; S. W. Nick, Wilmington, N. C.; J. S. Jones, New Ross, Ireland; Louis Levison, Chas. Allen, London, England; W. G. Gardner, Canterbury; Henry Heizell, Switzerland; Simon Camacho, Paris—he lost considerable money and jewelry; W. B. Richmond, Detroit; Adolphe Jugla, New York; Daniel Kinane, Springfield, Ohio; James Brown, Manchester, Eng.

The following were lost: Mr. and Mrs. C. M. Fisher, Vermont; Miss Brodie, Miss Barker, Chicago; Mr. Kruger, Mr. Sumner, N. J. Hewitt, Mr. and Mrs. Merritt, Miss Merritt, Miss Scrymser, New York; J. Brindley, Burslem, Eng.; Mrs. Davidson and daughter, London; Mr. and Mrs. Shea, son and daughter, Nevada; W. M. Wallington, Boston. Most of those belonged to a party that had been on a great European pleasure tour.

The first officer clung to the rigging long after all the others had perished or been saved, calling for help, but the sea was too rough for boats. Finally the Rev. W. J. Ancient, Church of England clergyman, swam out, passed a rope around him, and they were both drown on board a boat.

The conduct of the Prospect people is highly spoken of. They braved danger nobly in saving passengers and did all they could for the naked, frost-bitten sufferers.

Eighty dead bodies were on shore when the steamers left, and a party will be sent to-morrow to bury them.

Mr. Brady, third officer, says he scrambled into the rigging when the ship went down, unrove the signal halyards, swam to the rock and made them fast, and then swam to Prospect Island, 250 yards, and made a line fast there Many reached the rock and island by these lines. The fishermen soon arrived in their boats and, with the help of these lines to steady them, were able to approach near enough to the wreck to save the majority of those who clung to the bow and rigging, the rapidly rising tide and sea sweeping many a freezing wretch from his place.

Fifteen or twenty passengers were crushed to death on the deck by a falling boom.

**Small-Pox Spreading.**

DALHOUSIE, April 3.

There are now twenty-two cases of small-pox here, and many of them are expected to result fatally. The quarantine regulations have not been enforced, people constantly going and coming from the infected houses, and the Sheriff doesn't exercise his authority. There is a general panic.

**A Sheriff asks Instructions—Pickard Condemned—House Rises next Week.**

FREDERICTON, April 3.

The Sheriff of Restigouche County has telegraphed asking instructions as to his powers in enforcing the quarantine of infected houses. The Government instructions for the guidance of Boards of Health were telegraphed to him immediately.

There is much feeling here on account of Pickard, Ferris and Burpee having voted against the Government at Ottawa yesterday, and Pickard's friends are loud in condemnation of his course.

The House will rise on Wednesday or Thursday of next week.

LONDON, April 2.

THE CABLE COMBINATION.

The amalgamation of the Anglo-American Transatlantique and New York and Newfoundland Atlantic Cable Companies is announced.

SPAIN.

The population of Madrid manifest a hostile disposition towards the municipality of the city, and trouble is apprehended.

The municipality of Cadiz have demanded of the Government the withdrawal of all troops from the city.

A TAX RIOT

occurred at Guirgero, Wallachia, and several were killed and wounded, but order was restored.

MR. GREVY RESIGNS.

Mr. Grevy did not attend to-day's session of the National Assembly, and his resignation of the Presidency was presented and read. The Assembly at once re-elected M. Grevy by 349 against 281. President Thiers, the Minister of Foreign Affairs, and the Minister of the Interior endeavored to persuade him to again resume the Presidency of the Assembly, but M. Grevy announced that he would not again accept the position. Deputies of the Left called upon Grevy and congratulated him upon his firm attitude. It is believed that Grevy will accept the leadership of the Left in the Assembly.
