VERY CHEAP,

AT H. H. SMITH'S.

Local News.

ABOUT TOWN.

JOHN PORTER who had the misfortune to break his arm a few weeks ago, is able to be out again.

DRAMA.—At the Mechanics Hall on Monday and Tuesday evenings next, will be produced the celebrated drama of "Ten Nights in a Bar Room." Parties who have witnessed the performance of this drama, speak highly of it, and we understand it is a very fine production.

PUBLIC TEA.—A public tea will be given in the Methodist church, Fairville, on Tuesday evening next, when a good supply of the choicest food will be provided. The proceeds are to be devoted to the church. The tea will be served from 5 to 8 o'clock. Tickets 25 cents.

ACCIDENT.—Mr. R. Armstrong, of Fairville, while at work in the Cotton Factory on Monday last, had the misfortune to have his foot badly crushed by a heavy piece of iron falling on it. We understand he is but getting all right.

FUNERAL.—Five had mournfully peopled Lake Ontario, and the sad news came to Carlton's rooms on next Saturday. There are not calls but almost daily, from the different towns, and this time it was the turn of Brockville to be visited by the sad news of death. The deceased was a young man, and his death was caused by a fall from a building, while at work in the town of Brockville.

WHAT WILL BECOME OF US?—Our Dominion Parliament seems to occupy its time with the idea contained in the above question. Some of the measures introduced in the Commons, are of a character that will not tend to the prosperity of the country, and we hope that the good sense of the people will prevent the passing of such measures. We have enough to do to keep our own country in a healthy condition, without adopting measures which will tend to the ruin of our country. We hope that our Dominion Parliament will not be so foolish as to pass such measures as are now before the House, and we hope that the good sense of the people will prevent such measures from being passed
