YET ANOTHER CONFERENCE.

The City and the C.P.R.—The Property in Dispute Between York and Simcoe-Streets.

A conference was held yesterday afternoon between Mr. Thomas Tait, general superintendent of the Canadian Pacific Railway Company, and the city re the dispute over block "F" between York and Simcoe-streets. The city's interests were looked after by Ald. Shaw, Lamb, Atkinson, Surveyor Sankey and D. M. Defoe. The meeting was of a pleasant character.

Mr. Tait took the position that there was nothing in the agreement to preclude his company from dealing with the sub-tenants. His company would not have taken the initiative had not it felt that the Esplanade agreement would never have been ratified. "We did the best we could, and if you think we have paid too much for the property, why let the matter be settled by arbitration. We are perfectly willing." He said he did not admit the necessity of moving Noverre out to the windmill line.

Mr. Sankey pointed out that according to the agreement the railway company was to be called on to exercise its powers of expropriation when the city's efforts at a reasonable settlement failed. Until the matter was settled he said his hands were tied, he not feeling warranted to go on trying to arrange with the sub-tenants when a lawsuit might be the result.

Ald. Shaw said that where he found fault with the C.P.R. was in its dealing with the sub-tenants without first conferring with the city. He suggested that Engineer Keating, Solicitor Bigger, Surveyor Sankey, Mr. Defoe hold another conference in the matter.

Mr. Tait said there was another matter that might also be considered at the conference, and that was the question of extending the ramps of the proposed bridge at the foot of York-street over Lake-street instead of into. This, he held, would increase the facilities of the C.P.R. and prove of benefit to the street, for pedestrians and vehicles would be landed right at the dock on the city's property. He said that not only was his company prepared to pay for the extra 50 feet of bridge, but would agree to such an arrangement of property whereby the city's property would be placed together.

Ald. Shaw's suggestion was concurred in, and the conference will probably be held Tuesday next.

ONE-FIFTH BAY WATER.

This Is the Percentage of the City's Water Supply.

Dr. A. R. Pyne has furnished his analysis of the three samples of city water procured Nov. 23. The result cannot be gratifying to the citizens, the doctor claiming that one-fifth of the water supply is procured from the bay.

The samples were taken from the intake pipe, the pumping well and the slip east of the well. He says:

"On comparing the results of these three analyses, in my opinion, there is but one conclusion to be arrived at, viz.: That there is an enormous amount of water from the bay finding ingress into our water supply, highly contaminating it. I venture it as an opinion that the water as at present supplied to the citizens can contain but little less than 20 per cent. bay water. This opinion is based upon the quantities of impurities occurring in the three analyses above."

Yorkshire Farmers and Protection.

The Yorkshire Union of Agricultural Clubs and Chambers of Agriculture has passed the following resolution by 19 votes to 10:

That this meeting being impressed by the fact that the increasing contraction of the area devoted to the production of home-grown corn, and the consequent increasing dependence of the people upon foreign food supplies, which are liable to be cut off in the event of war, is a source of national weakness and danger, is of opinion that the stability and safety of the nation urgently requires that such undue contractions of the national corn-growing area should be stopped by the adoption of such protective import duties on foreign corn, or the granting of such bounties on home-grown corn as shall be sufficient to make the production of corn a remunerative national industry.

Royal Grenadiers.

The efficiency competition has been won by I Company. The judges were Colonel Otter and Major Buchan. The officers of I Company are Captain Greville-Harston, Lieutenant Bain, Color-Sergeant Fowler, Sergeants W. Howard, Alloway and Johnson. This is one of the new companies raised last year, and they deserve great credit for their work. They had everything against them, as instead of drawing lots as usual for the order in which they were to compete, I Company was handicapped by being ordered out first, and on the first night of the competition, and the company which was second had an extra week in which to prepare. To be ordered out first is always considered as taking about 20 per cent. off a company's points.

Osgoode Hall Notes.

Chief Justice Galt was absent from Osgoode Hall yesterday, owing to indisposition, and Mr. Justice Street of the Queen's Bench Court sat with Mr. Justice MacMahon in the Common Pleas Divisional Court, Mr. Justice Rose being occupied with single court and chambers.

George Dowson, by his next friend, Charles Dowson, is suing the William Cane & Sons' Manufacturing Co. of Newmarket for $5000 damages for injuries received while in their employ.

The judges met at Osgoode Hall yesterday morning and fixed the dates of the winter assizes as follows:

Mr. Justice Rose—Toronto: Criminal, Jan. 4, 1893; civil, Jan. 11, 1893.

Mr. Justice Falconbridge—Ottawa: Civil, Jan. 10, 1893.

Mr. Justice MacMahon—London: Civil and criminal, Jan. 9, 1893.

Mr. Justice Street—Hamilton: Civil, Jan. 11, 1893.

The question of dealing with persons from outside municipalities was discussed at yesterday's meeting of the Associated Charities Commission. City Relief Officer Taylor said that he found that when he told an applicant to go to the House of Industry, while he in the meantime would write to his former place of residence for information, that the applicant often took the first train out of town. Mr. J. Bailie, secretary of the Irish Protestant Benevolent Society, said that the House of Industry had begun the labor test for the winter and some 25 persons were now engaged in cutting wood. Many of them were strong and healthy-looking young men and he blamed the management for taking in such persons.

The following are representatives on the Trinity University Review for the next year: Fourth year, C. H. Bird; third year, C. W. Parfit, E. Proctor; second year, J. C. Hutchinson; first year, Rev. Mr. Potter, J. B. Thompson.

City Hall Gossip.

Six cases of diphtheria, three each of typhoid and scarlet fever and one of measles were reported at the Medical Health Office yesterday.

A conference of representatives of the city and county councils will be held in the Mayor's office this afternoon at 2 o'clock re Lake Shore-road.

The Mayor has called a public meeting for Thursday evening to discuss the question of establishing a manufacturers' and citizens' exchange in the city. The meeting will be held in St. Lawrence Hall.

A grain dealer is of opinion that there is a clique among the exporters to put down the price of peas, and he believes that the recent decline is due largely to concerted action with that object in view.

British America is selling at high prices just now. Yesterday it brought 117. It is said that a day or two ago a bid of 115 was made for the entire capital stock of the company. Nevertheless, shrewd investors in stocks are of opinion that present prices are too high, and it would not be surprising to them if British sold down below 110 within a month or two.

TUESDAY EVENING, Dec. 6.

Local stocks were dull to-day. Transactions during both sessions totalled 664 shares, among which were 100 shares of Bank of Toronto at 248, 130 shares of Western Assurance at 160 and 100 of British America at 117. Prices were irregular. Bank of Montreal was 1½ higher at the close as compared with yesterday's closing figures; Bank of Ontario ¼ lower, Bank of Toronto ½ lower, Commerce ¾ higher, Imperial ½ lower, Standard ¼ lower, Hamilton 1 lower, Western Assurance ⅝ lower, Northwest Land ¼ higher, C.P.R. ¾ lower, Commercial Cable 1¼ lower and Bell Telephone ½ higher. TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following despatch over their private wire from Henry Allen & Co. to-day:

NEW YORK, Dec. 6.—Wall-street bears are still hard at work. The whole list has been under attack to-day. Except for the Industrials no important concessions have been made. Sugar was pounced upon by every bear in the street, and every effort was made to have it appear that excessive liquidation was under way upon the part of insiders' interest. One result of the day's activity is a big increase in the short interest. The average bear is selling stocks as though shorts could be covered at any time at a profit. The little fellows are running the market, and on every fractional decline phantom stocks are put out on an immense scale. There is said to be an idea in Wall-street that this sort of thing always led to a judgment day, but perhaps that doctrine is worn out. But unless Wall-street of the present is altogether different from the Wall-street of the past this sort of thing is not likely to go on forever. A rule which has often been profitable on the stock exchange is to buy stocks when everybody else is panic-stricken.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co.:

Corn been lower, the lower wheat market helped prices down then, receipts show slight increase. Local crowd were the sellers. Provision market opened strong and higher this morning on a lighter run of hogs than was estimated, and an advance of ten cents at the stock-yards. At the advance, the bull party sold quite freely; packers in other cities have sold in this market against what they expected to pack, but as the hog market in Chicago, Kansas City and Omaha is higher than anywhere else, these smaller packers are not getting the hogs, hence they must cover their contracts in this market. We can see no signs yet of a toppy market and still think purchases on the reactions will show profit.

The Live Stock Market.

Receipts at the Western Cattle Market today were 36 loads, including 551 hogs, 180 sheep and lambs and the balance cattle. Trade was fairly active and prices held firm, owing to the light supply. There was a fair attendance of buyers, and offerings were all taken before the close of the market. Prices were unchanged, best loads of butchers' cattle selling at 3½c to 3¾c, with a few extra choice lots bringing 4c. Good loads brought 3¼c to 3½c, and common at 2 1-2c up. The chief sales were: 16 head of butchers', weighing 1137 lbs. each, at $3.50; 22 head, weighing 1100 each, at $3.50 each; 23 head, weighing 1050 lbs., at $3.50 a head; 20 head, weighing 1000 lbs. each, at 3 3-8c; 14 head, weighing 965 lbs., at 3c. Stockers were in only fair demand, selling at 3c to 3 1-2c.

Milk cows and springers were in good demand at $40 to $50 each. A few calves sold at $6 to $8 a head.

Sheep and lambs were in light supply. All were taken, sheep being bought for breeding purposes at $4 to $5 a head. Lambs were in active demand and higher at $3.50 to $4 a head. The run of hogs was lighter than for several market days past, and prices were a shade firmer. Best straight fat hogs sold at $5 to $5.20 per cwt, off car. Stores brought $4.50 to $4.75 per cwt., and rough light and heavy sold at $4.25 to $4.50.
