St. Valentine's Day.

The man McGinnis who was shot at Summerside some time ago is rapidly recovering.

The Summerside town council election takes place on the 27th inst. A chairman and six councillors will be elected.

The steamer Stanley will shortly lay up for a few days in order to clean her boilers and make some requisite repairs.

A man named Williams shot a wild goose near Bid-ford one day last week. It is reported that several flocks of these birds have been seen lately.

Nova Scotia is to have a plebiscite on the question of prohibition. The vote will be taken when the provincial general election is held a few weeks hence.

The cotton factory at Moncton shut down on Saturday for repairs, but no notice has been given to the employees as to whether work will be resumed.

A 12-year lad named Rushton, of Moncton, convicted of burglarizing the store of B. Toombs, was last week sentenced to two years in Dorchester penitentiary.

The loss by fire sustained by Mr Peter Doyle is being adjusted by Mr W C Fairweather, official adjuster for the Imperial Insurance Co., in which Mr Doyle was insured.

The steam sawmills owned by J A Humphrey, and situated about two miles from Moncton were completely destroyed by fire Thursday morning. The loss is estimated at $15,200. There was no insurance.

John Mallett, of West Royalty, was on Wednesday last fined $50 and costs for a breach of the Canada Temperance Act, Inspector Mathews was the prosecutor. Mallett has appealed from the conviction to the next session of the Supreme Court.

The team of horses recently purchased by the women of Canada as a wedding present for the Princess May passed through Moncton Thursday morning over the I. C. R. on the way to Halifax, where they were shipped to England. The horses were much admired by all who saw them.

The steamer Forest Holme, of West Point, Va., for Liverpool with a valuable cargo of cotton and oil, was towed into Halifax Sunday night by the steamer Prism from New York for Liverpool. The Holme struck a sunken wreck and her propeller was carried away and she was leaking badly.

The Forty Hours Devotion will commence in the Cathedral here on Tuesday morning next. The devotion will open and close with solemn High Mass, and the Blessed Sacrament will be kept exposed day and night. A number of the country clergy have been invited to assist the Cathedral priests in the hearing of confessions.

The Exhibition Association re-elected Benj Rogers President and A B Warburton Secretary-Treasurer. It was decided that the Provincial Exhibition be held on Tuesday, Sept 25th, and three following days. The usual two days racing during the Exhibition will again be a feature, and also a race meeting on Dominion Day. The prize-list is to be revised.

We have received the annual report of the Institution for the Deaf and Dumb, at Halifax, N S. The total attendance during the past year was 76, of which number 46 were boys and 30 girls. Sixty-two of the pupils belonged to Nova Scotia, nine to Newfoundland, two to New Brunswick and three to P E Island. The receipts for the year were $9947.02, and the expenditure $10,623.32. The Island students at the school are Rorie Campbell, of West Victoria, and Michael and Maurice Burke of Cardigan.

Trouble amounting to almost insurrection is said to exist on board H. M. S. Canada, now in West Indian waters. The matter has been kept as quiet as possible to prevent it getting into the newspapers. The admiral visited every ship of the squadron on Christmas day, and was received on all the ships in a hearty manner by the men with the single exception of the crew of the Canada. On board that ship there were no decorations or anything to indicate the festive season. On December 16th the royal naval sports took place, and not one of the crew of the Canada entered any of the contests. The ship has been ordered home.

With this issue the serial story we have been running for the past few months comes to an end. The tale was one of absorbing interest and has stamped O'Reilly as one of the most entertaining story tellers. The great pity is that "Moondyne" is the only product of his pen in the line of fiction. Much, though, as it has charmed our readers we expect to lay before them the week after next a tale not one whit less interesting. Our aim is to please our readers in the department of fiction; and so far, we think, our ambitions have been realized. Our new serial will be entitled "Rose of Venice," by S. Christopher. We trust it will meet with the same hearty welcome as did "Moondyne."

The Provincial Medical boards of the Maritime Provinces are endeavoring to secure reciprocity in the matter of registration, so that registration in any one of the provinces will be accepted in the others. A joint committee recently met in Truro to draw up a basis of agreement. The Nova Scotia board has accepted that committee's report. It provides that no candidate shall be accepted who has not taken a four years' course at some medical college. The provision in favor of three years at college and one in a physician's office was abolished. Instruction in certain subjects at college is obligatory, but if at a four year's college any essential subject is not taught a candidate seeking registration will be accepted in passing an examination by the board on that subject. If the boards of P. E. Island and New Brunswick also adopt the report, registration in any of the three will be accepted in the other.

Said a Lady

to us a day or two ago, "You folks have got your name up for selling goods very cheap."

"We're going to keep it up," said we in reply.

The old-fashioned way of doing business was *to charge as much as possible*;—the new way, the way that draws the crowds, the way that is building up our big business, is *to sell as cheap as possible*.

We prefer doing a big business and selling goods cheap, to doing a small business and selling goods dear.

It Pays Us to Make it Pay You.

So buy from us and that's just what we're doing.

Our Fur Goods are desperately cheap and the balance of our Jackets, Capes and Ulsters can be bought for the price of the cloth.

All kinds of Goods are cheap. You see we must have money to pay for the big stock of goods our buyer is now buying in the Old Country.

Buy now—the profits are yours not ours.

NOTICE!

Is hereby given that I have this day taken into partnership my brother, Mr. R. M. Johnson, Phm. B., and in future we will do business under the name of Johnson & Johnson. I take this opportunity to thank you for the liberal patronage extended to me in the past, and solicit a continuance of the same for the new firm.

A. S. JOHNSON.

Charlottetown, January 17, 1894.

To-Day is civic election day.

The time for bag netting smelts has been extended from the 15th to the 24th inst.

A man under arrest at Moncton has been charged with passing bills of the defunct Bank of P E Island.

The marine Examiners have granted a master's certificate of coasting trade to William A. Miller, of Tignish.

Some black ducks were seen and shot at the mouth of this harbor one day last week. These birds rarely come here sooner than the month of April.

Rev J C McMillan, D. D., lectures at Tignish some time next month under the auspices of the League of the Cross. The Rev. gentleman's subject will be "Water."

The Cosmopolitan for February introduces a famous European author to its readers—Valdes of Madrid, and the artist Marold, of Paris, well known as a French illustrator.

A boy about sixteen years of age, son of Mr. John Kennedy, had three of his fingers blown off by the bursting of a gun while shooting in the woods at Montague on Tuesday of last week. The thumb was also badly lacerated, and it is thought that it will have to be amputated. Dr. Robertson is in attendance.

Rev. D. J. G. MacDonald, pastor of St. Paul's Church, Summerside, lectured Monday evening at Fifteen Point. The subject of his discourse was "Lourdes." The lecture was a most interesting one, being made doubly so from the fact that the rev. gentleman's description, were the result of actual observations he having visited the famous Shrine some years ago.

The Halifax Recorder says: "A 21-year-old book-keeper in an Upper Water Street merchant's office has left for the States, and the books, it is said, show about $1,800 out of the way. He was only recently married. The money has been taken covering quite a time. His father is said to be making arrangements to meet the deficiency. The wife has gone back to her parents.

For years there has not been a winter so favorable as the present one for passage of the straits in ice boats. It is comparatively seldom that a trip is missed and very often the run is made inside of three hours. It is reported that one boat a few days ago made the run a distance of seven miles in one hour and thirty five minutes. For a short time on Monday last the ice was so packed that a horse and sleigh would have had little difficulty in getting across.—Sackville Post.

The nominations for the civic elections took place Wednesday and resulted as follows:

For Mayor.
Thos. A. McLean, W E Dawson.
For Councillors.
Ward 1.—H C Douse.
Ward 2.—H E Robertson.
Ward 3—Thos Z Taylor.
Ward 4.—Horace Haszard, L P Tanton.
Ward 5 - Geo E Hughes, D L Hooper, Robert Fennell.
For Water Commissioner.
Alex McKinnon, Henry Smith.

It will be noticed that all the councillors are elected without opposition. The voting to-day is for Mayor and Water Commissioner.

The opening of navigation in the British provinces this year, says a Boston despatch, will commence a bitter fight between the Canada Atlantic and Plant and the North Atlantic Steamship companies, the rival lines running between this port and Halifax, N. S., and, according to a statement made this afternoon by officials of the former company, the struggle will end only when one or the other is forced out of business. There has always been competition between the companies in Halifax business, but the North Atlantic company has had practically all the Cape Breton and Prince Edward Island business, as the Plant company has not heretofore pushed further north that the Haligonian port. Now, however, the Plant people have decided to start a weekly service between Boston, Port Hawkesbury and Charlottetown, and a new American steamer has been secured for the service. The North Atlantic company have already begun to prepare for fight and have two new steamers.

The trial of Mrs. Donnelly of Moncton, who was charged with receiving stolen goods, knowing them to be stolen, took place Wednesday in the Court house at Dorchester. It appears by the evidence that on the night of January 22nd, one Chas Cooke of Shediac was at the "Donnelly house" of Buck and Jim fame, taking his tea. Mrs. Donnelly came into the room while he was eating, holding in her hand a fur coat and saying that there was a man at the door who wanted to sell the coat, and would take $10 for it. Mr. Cooke gave Mrs. Donnelly five dollars and told her to bring back the coat or the five dollars, he didn't care which. Mrs. Donnelly brought back the coat, saying the man took five dollars for it. Later in the evening W. T. Ferguson notified the police a fur coat had been stolen from his store. Mr. Cooke while going to the train was detained by the police. Several witnesses were examined. There was no evidence to show that Mrs. Donnelly knew the coat had been stolen and accordingly she was discharged.

A few days ago we were shown a new work from the pen of the gifted writer, Rev. L. A. Paquet, D. D., Professor of Dogmatic Theology at Laval University Quebec. It is in the form of a commentary on that part of the Theological Summa of St. Thomas, which treats of the creation, to which is added several chapters on Hypnotism, Evolution, the six days of creation and other questions of vital importance at the present day. Following in the footsteps of the Angelic Doctor, the learned commentator invokes the triple aid of Sacred Scripture, Patristic Tradition and human reason to elucidate the doctrines he sets forth. Thanks to this threefold light the colossal work of Creation rolls before us like an immense panorama wherein we behold the Angelic Choirs, the corporeal world and finally man himself drawn forth into existence from the dark abyss of nothingness by the creative energy of the First Cause. Pantheism, Evolutionism, the theories of Rosmini, and of those who hold that this world, is a work of chance, fall writhing in their death agony under the blows of his resistless logic, whilst the omnipotent power of God, which triumphantly called all things into being is forcibly and irrefutably vindicated.

The work forms a nice volume in octavo, of about five hundred pages printed on beautiful paper and is presented to the reading public with the *imprimatur* of Archbishop Begin, Coadjutor to His Eminence Cardinal Taschereau, Archbishop of Quebec. It is a valuable addition to the Catholic literature of Canada, and will, no doubt, be warmly welcomed by the clergy of this diocese many of whom were pupils of the Author. Dr. Paquet is well known here. Two years ago he paid a visit to this province and an account of his trip which soon after appeared in the "*Semaine Religieuse*" of Quebec, was a magnificent tribute to the beauty and fertility of our Island, as well as to the hospitality he received at the hands of the diocesan clergy. We bespeak for his book the ready sale that its great merit deserves.

Messrs. Connolly Bros. store on Queen Street was broken into sometime Saturday night and about $40 worth of liquor in bottles taken therefrom. The police are investigating the matter.

Dr McKay, one of the grit candidates for Victoria County, C. B., declines to contest the county with the present member J A Fraser, alleging that Fraser's record is corrupt and that it is neither in the interest of the province or the Liberal party that he should represent the country.

Mary Doyle daughter of Mrs. James Doyle who lives on the Malpeque Road, near Hobkirk's old brewery, had her collar bone broken on Saturday morning. The girl is somewhat insane and at times becomes very violent. On the day mentioned she got hold of a poker and threatened to do serious harm to her sister. The sister in order to save herself grappled with Mary and in the struggle which ensued she fell against some object and broke her collar bone. Dr. Conroy was called in and attended to the injuries.

Another severe snow storm set in Saturday evening and continued throughout the night and all day Sunday. The wind was high and consequently the drifts were heavy. On the railroad track the drifts filled up the cuttings made after the last storm and gave great trouble. It was with difficulty that the trains were got through. On Monday the train from Souris did not leave that station. The train from Tignish got through about midnight on Monday and the train from Georgetown made her arrival here yesterday. The entire track is now clear and all trains are running on time.

In the latter part of last week Mr. Dow Jones, who lives about six miles from Moncton Salisbury road, shot a strange animal. He had traps set in the woods two or three miles from his ... house, and on approaching ... at the time referred to, noticed a strange animal eating the bait. Being armed he shot it, but was unable to make out its species. It was too large to carry out of the woods, so Mr Jones carried off the skin which he has now on exhibition at his home where it has been viewed by quite a number of people. A Moncton man who saw the hide says it was of a yellowish color and the animal is apparently of the dog or wolf species as the hair-like fur would indicate. The fur on the back was inclined to be curley, while on the sides it was smooth. Its tail was bushy and about 14 inches long. Mr. Jones says the animal would measure about eight feet from the tip of the nose to the end of the tail. Its body was long and slender and it would weigh about 200 lbs. The description of the animal agrees with that given in last weeks issue of a strange animal seen at Coates' mills, Kent County. Some are of the opinion that it is a wolf.

David Bell a young man who has a strong liking for quaffing the wine juce, entered a tavern on Grafton Street near Hillsborough on Thursday and obtained a half glass of whiskey. The quality of the article was not entirely to his satisfaction so he proceeded to go behind the counter in search for better stuff. Mrs. Trainor, the bar keeper, objected to this line of action and Bell to convince her that it was quite correct caught her by the throat and commenced to choke her. As a matter of course this did not suit and a small bit of a fight ensued. Goblets, bottles and a pane of glass were smashed. Assistance for Mrs. Trainor quickly arrived and Bell was summarily ejected. Mrs. Trainor made complaint at the police court about the matter and as the Magistrate is somewhat inquisitive about such episodes he sent a strong invitation to Mr. Bell requesting him to visit his office about half past nine Monday morning and relate for the general settlement of affairs how the whole transaction occurred. As Mr Bell failed to show up the police were instructed to bring him along *nolens, volens*.

Boston, Feb. 13.—A terrific storm, which has been a regular blizzard in its character, raged here and throughout the central and western States all last night and this morning. Fully fifteen inches of snow fell on the level and the drift is blocking traffic here and in all the towns along the coast. The railroad service is demoralized. In the west numbers were frozen to death. Several marine disasters are reported.

WHY HOOD'S WINS.

President Lincoln said, "You cannot fool the people a second time" They are too quick to recognize real merit or lack of it, and cling only to those things which they find to be what is claimed for them.

It is especially gratifying that the sale of Hood's Sarsaparilla increases most rapidly in those sections where it is best known.

The inference is plain. Hood's Sarsaparilla has proven that it possesses genuine merit. It maintains a high standard, which others cannot even approach. It is the people's favorite blood purifying and building up medicine, and is more popular this year than ever before. All this because Hood's cures.

To the Electors of Charlottetown.

Gentlemen,

In response to the vote of the Public Meeting on the 31st inst., it is my intention to nominate for the office of Mayor for the ensuing term, and if elected, the following matters shall have my especial attention:—

Strict economy in administring the affairs of the City; necessary and permanent Street improvements, commensurate with the ability to afford them; no expenditure for sewerage until the question by a separate vote is settled at the polls; enforcement of all Laws now enacted or that may be enacted.

As I shall not be able to make a personal canvass, I take this means of soliciting your votes on election day.

AWFUL HEADACHES.

2 YEARS OF SUFFERING.

LIFE A TORTURE.

Kendrick Outhouse, of Tiverton, N. S., says: For several years I suffered from severe attacks of biliousness, which came on ... about every ten days. I had ... periodically, and the smell of ... *awful headaches* ... I became ... cooking turned me ... *weak and nervous*, and had no ... motion or strength to work. I passed *many sleepless nights*, and for days could not retain food on my stomach. I suffered intensely with piles and hives, and my life was a *constant torture* to me. I became so weak that my friends *gave up all hopes* of my recovery. My brother brought me a bottle of

HAWKER'S NERVE AND STOMACH TONIC,

and a box of

HAWKER'S LIVER PILLS.

I had not taken them long before I commenced to improve and in a short time I was *completely cured*. I grew *strong and vigorous*, my appetite returned, I *slept well* and in a few months had *gained 30 pounds* in weight. I have not suffered from piles or biliousness since, now 2 years, and am as *strong and hearty* as any man could wish to be. I truly believe that

Common Sense.

This invaluable quality is never more apparent in man or woman than when shown in his or her choice of periodical reading matter. First in order should come the Local Newspaper so that pace may be kept with the doings of the busy world. It should be a paper like the Herald which gives all the latest Home News as well as all the General News, Political News and Market News, with seasonable Editorials on current topics. No one can get along without his home paper. The newspaper should be supplemented by some periodical from which will be derived amusement and instruction during the evenings at home, where every article is read and digested. Such a paper to fill every requirement should possess these qualities.

First—It should be a clean, wholesome paper that can safely be taken into the family. It should be illustrated with timely engravings.

Second—A paper that is entertaining and instructive while of sound principles. Its moral tone should be beyond question.

Third—A helpful paper, one that tells the housewife of home life, thoughts and experiences, and keeps her in touch with social usage and fashion.

Fourth—A paper abounding in original character, sketches, bright sayings, unctuous humor, and brilliant wit.

Fifth—It should contain good stories and pleasing matter for young people, that the children may always regard the paper as a friend.

Sixth—Literary selections and stories suitable for older people should be given, for they, too, like to enjoy a leisure hour.

Seventh—In short, it should be a good all round Family Journal, a weekly visitor which shall bring refreshment and pleasure to every member of the household.

We offer to supply our readers with just such a paper; one of national reputation and circulation. It is the famous

The Detroit Free Press.

The largest and best Family Weekly in America.

The Free Press has just been enlarged to TWELVE LARGE SEVEN-COLUMN PAGES each week. It is justly famed for its great literary merit and humorous features. To each yearly subscriber the publishers are this year giving a copy of THE FREE PRESS PORTFOLIO OF

"MIDWAY TYPES."

This artistic production comprises twenty photographic plates, 8x11 inches, representing the strange people that were seen on the Midway Plaisance. The faces and fantastic dress will be easily recognized by those who visited the fair; others will find in them an interesting study.

The price of The Free Press is One Dollar per year. We undertake to furnish

The Charlottetown Herald
—AND—
WEEKLY DETROIT FREE PRESS
(Including premium "Midway Types.")
Each ONE YEAR for
$1.50.

Less than three cents a week will procure both of these most excellent papers and furnish abundant reading matter for every member of the family. You can not invest $1.50 to better advantage. In no other way can you get as much for so little money.
