BRANT.

In the church of the Sacred Heart, Paris, Tuesday morning, Miss Mary Bella O'Neail, daughter of Charles O'Neail, farmer, and G. Burrow, postmaster of Hespeler, were united in the holy bonds of matrimony. Rev. Father Keough performed the ceremony. The church was crowded with people.

The annual meeting of the Brantford St. Andrew's Society was held Tuesday night in the parlor of the American Hotel. The chair was occupied by the president, Mr. Charles Duncan. The annual report of the secretary, Mr. Lindsay, was read and approved of. The treasurer, W. Watt, sen., read the financial report, which showed, after meeting all legitimate claims upon it, a balance at the credit of the society amounting to $150. The election of office-bearers resulted as follows: President, R. W. Robertson; first vice-president, J. F. McLaren; second vice-president, James A. Wallace; secretary, R. Lindsay; treasurer, W. Watt, sen.; chaplain, Rev. Dr. Cochrane; physician, Dr. Philip; committee on charity, Messrs. Cleghorn, D. Dempster and Col. Shaw. The annual sermon will be preached Sunday, Nov. 27, by the chaplain, and the annual dinner will be held Nov. 30.

Rev. Mr. Kerby, of Hamilton, occupied the pulpit of the Methodist Church in Paris on Sunday. At the close of the evening sermon he solicited a collection in aid of the Woodstock Dundas Street Church, somewhere about $66 was subscribed.

Some of the leading manufacturers of Paris are forming themselves into a joint stock company for the purpose of supplying themselves with electricity for motive power.

The Brantford Township Council and the city of Brantford are both engaged just now in the settlement of the remaining suits for damages brought against them. Recent experience has shown them that it is cheaper to settle than to fight.

ELGIN.

The steamer Ruby (Capt. Deming) has been placed in winter quarters at Port Stanley.

There are over 250 pine spars at Port Stanley belonging to some Buffalo firm, which have been picked up along the shore from a raft which went to pieces. Should they not be securely moored they will no doubt do a great deal of damage in the spring freshet. Several parties interested in vessel property are agitating the matter, and desire to see the timber landed as a means of greater security.

The schooner Eliza Allen (Capt. John Allen) ran in for shelter at Port Stanley a night or two ago, bound from Smith's Dock to Buffalo with 130 cords of bolts. She has encountered three heavy gales during the trip from Burwell to Walkerville.

The death is announced of Ezra Shaw, of Shedden, in his 52nd year. The deceased was the first man who opened a grocery store there. He was born near what was then called Milkie's Corners, and afterwards Coneley Postoffice. Mr. Shaw always took a great interest in the advancement of the village. He carried on a brickyard for six years, and the many substantial brick buildings through the country are are evidences of the first-class material he used in the manufacture of his brick. He leaves a widow. His married daughter died some years ago.

Mr. Wheeler, teacher, Frome, has resigned to accept the principalship of Fingal school; salary $475.

Collector of Customs Wm. Backhouse, Port Burwell, received instructions to place under seizure the schooner Sarah, together with two barrels of coal oil which were landed at the port without payment of the necessary duty. It appears from the statement of Capt. Gates that he purchased the oil in Buffalo for Port Burwell, and from Buffalo he proceeded to Erie, Pa., for a load of coal for Port Colborne. On his arrival there he reported the oil to the collector, getting permission to make the entry at Port Burwell. Arriving there he landed the oil and disposed of the barrels to two merchants, entirely forgetting to make the entry.

J. C. Hamilton, Vienna, on taking down a lot of stove pipe that had not been molested all summer, found a swarm of bees in it. They had stored a large quantity of honey in the pipe. The bees were safely hived and quite a lot of honey was secured.

Prof. Wilcox, of St. Thomas, the catarrh specialist, was fined $25 and costs last week at Owen Sound on the charge of practicing medicine without a license.

ESSEX.

The Children's Home fund at Windsor now lacks but $176 of the much-coveted $2,000.

"Pink" Brown fell into the river at Windsor Tuesday night, but was rescued by the watchman of the Sappho and locked up on a charge of drunkenness.

Joseph Strabler, a peddler, was arrested by Constable Masters at Windsor on Wednesday and lodged in Sandwich jail charged with stealing six geese from A. J. Pentland. Although the geese were found in Strabler's possession, yet it is thought that he purchased them from some one in Sandwich and wants to shield him. Strabler has always borne a first-class reputation.

Harry C. Hess, of Comber, swore out a complaint before Magistrate Bartlett at Windsor Wednesday charging Lawyer Johnson, of Comber, with assaulting him. One of Hess' ears was badly chewed up and he says Johnson did it.

A Windsor dispatch says: A couple of months ago a man named Smiley, of Elmstead, was locked up on a charge of breach of promise, preferred by Mrs. Bushby. The latter, however, regretted her action and two weeks ago she called at the jail and wanted to marry Smiley. She did not have the amount of money necessary, but Wednesday a friend came forward with the necessary and the Rev. D. H. Hind tied the nuptial knot.

The officers of the Christian Endeavor Society of St. Andrew's Church, Windsor, are: President, W. Shaw; vice-president, Miss M. Symington; corresponding secretary, Miss McKeoen; secretary, Miss J. Richardson; treasurer, Miss M. Stuart; chairman of committees—prayer meeting, Mr. Black; lookout, Mr. Benjamin; social, Miss McGlashan.

Mr. Samuel Wilmot, chief inspector of Dominion fisheries, and Edward Harris, of Long Point, constituting the Government fish commission, held a session at Sandwich Wednesday. Mr. Wilmot stated that the object of the commission was to obtain information to protect the fish for the fishermen. William McGregor, M.P.; Messrs. Post and Burton, of the Post Fishing Company, of Sandusky, Mr. Parker, of the Government fish hatchery, at Sandwich; Fishery Inspector Boismier and Charles Gauthier were present. At the morning session Henry Abere, J. Deslauriers and Thaddeus Smith, of Pelee Island, were heard. Mr. Abere said that he saw white fish spawn placed in a pen on Belle Isle, and in a short time saw thousands of them dead, lying on the beach. Mr. Smith gave particulars of bass fishing at Pelee Island. In the afternoon Noah Jolie, an old fisherman, stated that about eighteen years ago, at his ground in the river, he caught about 20,000 fish. Now at the same ground not more than 2,500 were caught. The fishing decreased very much about twelve years ago. He thought after Nov. 15 whitefish were most ready to spawn. He believed a close season, properly applied, would be beneficial, but thought it very foolish to have a close season on this side, when there was none on the American side. He said it did not pay now to fish in October, but if allowed to do so in November it would be remunerative. Remi Laframboise also gave evidence nearly the same.

HALTON.

The water in the St. Clair River has fallen very rapidly of late and is now nearly two feet lower than during the highest water of summer.

At the recent anniversary services in connection with the Central Methodist Church, Sarnia, the contribution to the building fund amounted to $550.

H. Bussell, Hornby, $10; John Adams, Eden Mills, $8; Hector Brown, Esquesing, $6. Third class—Bert McMicking, Brampton, $10; Charles Smith, Omagh, $8; Henry Johnson, Milton, $6. Boys' class—Roland Sarvis, Bohne, $10; A. Bidgood, $8.

OXFORD.

A package was received in Ottawa by Wednesday's mail addressed to "W. W. Campbell, Canada's greatest poet, Ottawa." It was duly delivered to Mr. William Campbell, who found it to be a book of rhymes by James McIntyre, of Ingersoll, the bard who has contributed songs about cheese and butter and many other things to the formation of a Canadian literature. On the fly-leaf he has written:

In days gone past our mind found scope
Musing o'er Campbell's pleasures of hope.
A youthful scion of the name
Now justly doth our homage claim;
Long-slumbering hopes he now awakes
In songs of Canadian lands and lakes.

The new Methodist church at Bright will be dedicated Nov. 20.

McKim's school, north of Lakeside, has been closed on account of diphtheria in the section.

The patrons of the Lakeside Fair have been looking over their money-bags and find that the fakirs with the nut shells carried off a sum not less than $500.

PERTH.

The other night, while Donald McKenzie, Avonton, was away from home, a burglar broke into his house and appropriated goods to himself to the value of $40, besides $5 which was in a drawer.

A scaffold fell the other day at the addition being put up to F. E. Butcher's cooper shop, and Charles Mayle fell to the cellar, a distance of about twenty feet, but fortunately was not seriously hurt. James Fulcher was also on the scaffold, but only fell about half the distance.—[St. Marys Argus.

Mitchell Presbyterians have decided on the erection of a new church. They are not only out of debt but have a nucleus of somewhere near $2,500 towards a building fund, and it is their intention to put up a church alike creditable to themselves and the town.

MIDDLESEX.

Rev. R. Thompson has started revival services at Avon, with marked success so far.

Telephone men are putting in new poles from Strathburn to Glencoe.

The public school entertainment at Avon is to take place on Friday, Dec. 2. A good programme has been prepared, and all may expect a good time. The school is doing well under the management of Mr. H. J. Uren.

There will be no opposition for the reeveship in Strathburn this year.

The annual Sunday school entertainment at Avon will be held on Wednesday evening, Dec. 21.

WELLINGTON.

James Hogg, one of the wealthiest farmers in the township of Puslinch, has died, aged 87 years. He owned the largest stone house and bank barn in the township. His will was admitted to probate Tuesday.

The man Duncan, who was convicted of entering the house of James Donchue, Eramosa, and stealing $36 25, was sentenced at Guelph Wednesday by Judge Chadwick to three years in the penitentiary. The judge administered a severe lecture to the criminal, during which the culprit maintained an air of dogged indifference. At its conclusion he coolly inquired of the county attorney what had become of 90 cents which he had in his pocket when arrested.

A deputation from Hamilton, Waterdown, Flamboro and other points addressed the Guelph Board of Trade meeting Tuesday evening in the interests of the Hamilton, Waterdown and Guelph Electric Railway Company. After a thorough discussion of the subject a resolution favoring connection with Hamilton by electric railway was put to the meeting and carried almost unanimously. The city council at its next meeting will be asked to grant permission to the company to have the railway enter the city. There is an agitation on foot to induce Guelph capitalists to run similar lines to Arthur, Erin, Elmira and other points north.

Came to Canada TO BE CURED

418 Pall Mall Street, London, Sept. 15, 1892.

To the Histogenetic Medicine Association:

GENTLEMEN,—Permit me the pleasure of humbly adding one more leaf to the wreath you so richly deserve, and as an evidence of my heartfelt gratitude, I beg to state my condition before and after receiving your treatment. You have my permission to make this testimonial public, if so disposed. Trusting that a discerning public, who are afflicted as I was, will have the scales removed from their doubting eyes, and avail themselves of the benefit your treatment will assuredly bring to them.

Am a farmer aged 25 years, and a resident of Sand Beach, Michigan, U. S.; was taken ill about the 11th of November, 1891, with a cold from exposure, and about two weeks thereafter visited Dr. ——, a well-known medical practitioner of Sand Beach, who treated me for about three months, calling my disease Pneumonia, stating that both my lungs were diseased badly. I had chills for a long time, with bloody expectoration, sluggish liver and bad digestion, bowels costive and a bad cough, also sleeplessness. Receiving no benefit from the doctor's treatment, I then visited Dr. ——, of the same place, who examined and prescribed for me, and stated I had bronchitis, with consolidation of both lungs. The treatment benefited me only for a while. I then went to Detroit and visited a doctor, a lung specialist, who prescribed for me, and said my case was hopeless and advised me to go west to a warmer climate. I steadily lost flesh, dropping from 165 pounds to 130 pounds, and I became despondent, but thanks to the Great Architect of the Universe I heard of famed success of your plan of treatment, and decided to visit your London branch, arriving here on the 18th of last month; was carefully examined by the Association's physician who gave me so much encouragement that, having patiently and carefully followed his directions, I'm now almost well; eat heartily, no cough, and gained rapidly in flesh—exactly four pounds in three weeks—and the happy result costing me only $12 for the Histogenetic Medicine used. Consultations free. Myself and family are placed under obligations to the Histogenetic Medicine Association never to be forgotten. Yours truly,

ISAAC LESTER, JUN.
