MARTIAL LAW TO BE ORDERED THROUGHOUT THE DUAL MONARCHY TO CURB THE GROWING UNREST

Paris, June 27.—(Havas Agency).—Swiss dispatches received here today say that owing to the seriousness of the food situation in Austria-Hungary martial law is expected momentarily to be proclaimed throughout the Empire.

ANOTHER NEW PREMIER.

Amsterdam, June 27.—Vienna dispatches say that Count Silva Tarouca, at present minister of agriculture, and an intimate friend of Emperor Charles, probably will be the next premier of Austria, in succession to Baron von Seydler.

A Zurich dispatch on June 26 said that Premier von Seydler had proposed as his successor Baron Banhans, and that the Austrian Emperor had invited the baron to begin negotiations with the various political parties with the object of forming a cabinet.

WINTER SPELL IN GERMANY.

London, June 27.—Snow has fallen to a depth of from one to three inches in various parts of Germany, according to a dispatch from Amsterdam to the Exchange Telegraph. Fruit trees have been damaged by the frost.

AUSTRIA IN BAD SHAPE.

Amsterdam, June 27.—The whole Austrian press is now gravely concerned over the food situation. In the affairs of no country is prophecy so dangerous as in those of Austria, but it is idle to pretend that chronic political chaos, semi-starvation and military defeat have not serious potentialities in themselves. They make ever more apparent that slow combustion of destructive factors which is present in the body politic and social of the Dual Monarchy.

The German press has for some time past endeavored to invest the position in the Dual Monarchy with rosy colors, and has very largely neglected the serious side of matters.

For instance, up to a couple of days ago all the most important German newspapers were pointing out that the trouble with the Polish party was likely to be settled by an agreement with the German political elements in the country. The very reverse has happened.

As regards the food question in Austria, the German press certainly did not make the situation nearly as black as it is. It is noteworthy that at first the German and Hungarian authorities refused help, but that 24 hours later they were busy rushing supplies to Austria.

PRESENT USE OF AMERICAN UNITS ONLY TEMPORARY

Wilson's Generous Offer Was Meant Only as Emergency Move.

LONDON, June 27.—Intervening in the debate on the new military service act and speaking of the urgency of more men for a serious emergency, Premier Lloyd George said today it was true the Americans were coming and being brigaded with the Allies, but that it was on the distinct understanding that when the men were obtained they should replace the Americans and enable the Americans to form their own divisions.

That was the honorable understanding upon which President Wilson was prepared to send over a very large force to France, the premier continued, hence it was imperative "that we make a most drastic comb-out in order to maintain our strength and prestige at the vital moment."

GERMANS PREPARING TO BOMBARD CATHEDRAL

LONDON, June 27.—The Berlin official war office statement announces that French observers have been on Rheims Cathedral tower, may be taken as the preliminary to another bombardment of that edifice. The French officials have denied that the cathedral was ever used for observation purposes.

The last bombardment of the cathedral occurred in April, when the city of Rheims was a great pile of smoke and ruins after the Germans had fired more than one hundred thousand shells into it, according to the Paris Matin. At that time the vaulting of the famous church was falling stone by stone, and there was little left of the edifice but the west front and the pillars.

TWO BOYS WITH RIFLE TERRORIZE COMMUNITY

KINGSTON, June 27.—Two boys who yesterday terrorized the citizens of Cataraqua village near here with a loaded rifle, were sent to the industrial school for an indefinite period by Col. Hunter, justice of the peace. It is stated that they attempted to shoot two little boys, the sons of Robert Harpell, but that the rifle refused to go off.

FOOD SITUATION IN PETROGRAD DESPERATE

LONDON, June 27.—According to a Petrograd message transmitted by the Exchange Telegraph correspondent at Copenhagen the food situation in Petrograd is desperate. Riots are taking place daily, it is declared, and are being suppressed by the Bolsheviki with the aid of machine guns.

NEW LIBERTY BOND BILL FOR EIGHT BILLIONS

WASHINGTON, June 25.—Another bond bill authorizing $8,000,000,000 of Liberty bonds was framed today by the House ways and means committee in preparation for the next issue expected in October, and to provide for a subsequent issue when necessary. Authorization is outstanding for $4,000,000,000 in bonds, and the next issue probably will be around $6,000,000,000.

SENTENCED TO DEATH FOR KILLING CONSTABLE

Winnipeg, June 28.—Philip Johnston was found guilty of murder in the first degree last evening for the shooting of Constable Bernard W. Snowdon on the night of April 5, and sentenced to hang on the morning of September 27.

The trial of John S. Stoike, alleged to be one of Johnston's accomplices at the time of the murder of Constable Snowdon, will start on Tuesday. At the conclusion of Stoike's trial, Frank Sullivan, another alleged accomplice, will be tried.

BOLSHEVIKI CHIEFS HAND POLAND TO FOE WITH SECRET TREATY

Pact by Which Nationalist Aspirations To Be Crushed.

London, June 28.—Germany and the Russian Bolshevik Government, in a secret convention regarding the future of Poland, have virtually agreed to cooperate in crushing Polish nationalist aspirations. Details of the treaty have been printed in the newspaper the Nation's Voice of Cracow, Galicia, according to a dispatch to the Times from Milan. The Bolshevik Government pledged itself to recognize Austro-German hegemony in Poland, and to aid in defending it against the former allies of Russia.

Treachery and Baseness.

The Cracow newspaper describes the treaty as a "scandalous document, showing the treachery of the Bolsheviki and the baseness of the Germans." It gives the gist of the eight articles of the agreement as follows:

1. The Polish policy shall be conducted by Germany.

2. The Russian Government pledges itself not to interfere with the organization of Poland.

3. The Russian Government may keep in touch with democratic and revolutionary clubs in Poland through agitators known to the German information bureau.

4. The sending of agitators to Germany and Austria shall be suspended by the Russian Government.

5. Russia shall exercise strict vigilance over Polish national groups, so as to prevent them from enlisting in the Russian territorial army.

6. Russia shall consider violation of the frontiers of Lithuania and the Ukraine by Polish troops as a declaration of war on Germany and Austria-Hungary, and shall aid in crushing such troops.

7. Russia shall prevent Russian citizens from investing their own or French, British or American capital in any industrial undertaking in Poland.

8. Russia pledges itself to recognize the eventual new state of Poland to be created by Germany and Austria in Poland, and to defend it against Russia's former allies.

There was great political unrest in Poland last February after the central powers and the Ukraine had signed their peace treaty providing for the annexation of the district of Cholm by the Ukraine, and while the Russo-German peace was being completed. The Polish ministry at Warsaw resigned as a protest, and there were strike outbreaks throughout Russian Poland and parts of Galicia.

Fought the Reds.

Meanwhile the Polish Legion in the Russian army under Gen. Mousnitsky, took up arms against the Bolsheviki when the Bolsheviki attempted to compel the Polish command to submit to their orders. There was bitter fighting for several days between the Poles and the Bolsheviki, but by the latter part of February the Polish Legion had been broken up. By that time also the unrest in Poland had died down, but it flamed up again later in a series of strikes in Russian Poland, particularly in the Dombrowa coalfields.

GET LICENSES NOW FOR PUBLIC EATING PLACES, WARNING OF FOOD BOARD

OTTAWA, June 27.—The Canada Food Board announced today that a considerable number of public eating places, boarding-houses, etc., which are required to secure licenses by July 1, have not yet sent in their applications. These licenses become operative on July 1, and on and after that date it will be illegal for any person to operate without a license a public eating place or boarding-house where meals or refreshments to the number of fifteen or more per day are sold or served to persons other than members of the family or household of the proprietor. It will also be illegal for grocers, butchers or any other dealers in food products, to supply goods to public eating places which have failed to comply with the licensing regulations of the food board. It is the intention of the food board to enforce these licensing regulations strictly.

W. C. T. U. LADIES GO BACK ON GRAPE JUICE

Root Beer Also Put Under Ban Because of Its Name.

HAMILTON, June 27.—In an address delivered at the annual convention of the W. C. T. U. of Wentworth and Halton Counties here this afternoon, Mrs. Thurston, who presided, said she thought the W. C. T. U. should avoid even the appearance of evil, and warned the ladies to be very careful regarding grape juice. In a discussion which followed the ladies indorsed what Mrs. Thurston said regarding grape juice, and also put root beer under the ban, because of its name. One of the delegates related how a child had asked for a glass of beer, meaning root beer, and said the very name of beer should be avoided.

Big Batch of French Generals Are Sent to the List of Reserves

PARIS, June 27.—Transfer to the reserve of General Serrail, who was recalled last December as commander-in-chief of the Allied operations in the Balkans, was announced in an official list of staff changes issued tonight. Eight other major-generals and ten brigadier-generals also are placed in reserve.

Among the officers promoted are Brigadier-General Mordacq, head of the military cabinet of the minister of war; Brigadier-General Maxime Weygand, former member of the inter-Allied supreme war council and now assistant to General Foch, the supreme commander, and Brigadier-General Passaga. They are made major-generals.

TWO-YEAR TERM FOLLOWS MISUSE OF CERTIFICATE

Man Who Carried Brother's Marriage Lines to Evade M. S. A. Sentenced.

SCATHINGLY ARRAIGNED

"Men With Families Died While You Shirked," Says Magistrate.

Peter Miller of Hamilton, who was last week remanded on a charge of violating the military service act, appeared in police court today, and was sentenced by Magistrate A. H. M. Graydon to serve two years in Kingston Penitentiary. Miller was accosted by the police in Thamesford recently, and produced at that time, a marriage certificate purported to be his own. He was arrested, however, and inquiries revealed the fact that Miller is a single man, eligible for service, and an evader of the military service act.

Miller offered no defence in court, and pleaded guilty to the charge. Before sentencing the prisoner, Magistrate Graydon delivered a scathing lecture to him on the offence committed.

"Your case has been adjourned from time to time," said the magistrate, "in order that we could communicate with the minister of justice at Ottawa. He has given me authority to mete out a stiff sentence to you. You failed to register under the act, which is a punishable offence, and again you posed as a married man which is also a violation of the law. The military authorities do not want you, and the military service act is not a dead letter. It must be observed. Men with wives and children have died doing the duty which you shirked. You spurned the cause, and I sentence you to serve two years in Kingston Penitentiary for your action."

Miller asked that his sentence be allowed to commence from the time he was arrested, but Magistrate Graydon declined to allow this, and ordered that the sentence be dated from the time the minister of justice's letter was received.

BYRON PATIENTS OFF TO PORT AS ROTARIANS' GUESTS

Soldiers From Sanatorium Taken to Lakeside.

The military patients at Byron Sanatorium are this afternoon the guests of the London Rotary Club in an outing at Port Stanley. Rotarians motored to Byron about 1 o'clock this afternoon, and the returned men were driven in to the London and Port Stanley depot here, from which place they were taken to Port Stanley on the 2:20 o'clock train.

There are about 150 soldier patients at the sanatorium, and the Rotary Club is taking care of all who were permitted to take the trip by the medical officers. A special dinner will be served at the cafeteria at 5 p.m. and the guests will be treated to all the amusements which their health will permit while at the lakeshore.

The party will arrive back in this city at 7:40 p.m., after which it will be taken to the sanatorium by the Rotarians in their cars, which will meet the train. With today's excellent weather, it is expected that the soldiers will have a real outing as guests of the Rotary Club.

CONGREGATION SHOWS ITS APPRECIATION BY A SUBSTANTIAL CHECK

Hyatt Avenue Methodists Make Farewell Presentation to Rev. H. D. Moyer.

The congregation of the Hyatt Avenue Methodist Church, in a tangible way, showed its appreciation of the services of the retiring pastor, Rev. H. D. Moyer. At a congregational meeting a presentation of a substantial check was made on behalf of the official board and members of the church.

The address was read by W. D. Yeo, while the presentation was made by R. H. Chowen. Other members of the board gave short addresses.

Mr. Moyer, who is leaving to assume a charge at Seaforth, has been most successful in his Hyatt Avenue pastorate, and general regret was expressed at his departure, as well as appreciation of the services which he has rendered during the time he has been pastor of the church.

FORMER SENIOR N. C. O. OF 149TH IS WOUNDED

Battalion Sergeant-Major, Who Won Commissioned Rank, Severely Hit in Ear.

Lieut. C. S. Woodrow, former battalion sergeant-major of the 149th (Lambton County) Battalion, who secured his commissioned rank with the Lambtons just prior to the departure of that unit from London, is reported seriously wounded. According to a cable dispatch from England he is now at Trouville hospital with severe wounds in the ear.

As senior non-com. of the Lambtons, Lieut. Woodrow had much to do with whipping that battalion into shape. He was popular with both men and officers, and his elevation to commissioned rank was one well justified. He had been a captain in the imperial army in the old country, and knew his work as did few others.

During the time the 149th was in London, Lieut. Woodrow took a prominent part in a number of theatrical performances put on by soldiers in benefit of the returned men of the city.

IS FLYING OFFICER

Woodstock Officer Gazetted to Royal Air Force Command.

Capt. R. G. McMullen of Woodstock, an officer of the 22nd Oxford Rifles, and son of Lieut.-Col. W. F. McMullen, commander of the 22nd, and the officer who commanded and organized the 168th Oxford Overseas Battalion, has been gazetted a flying officer. The official announcement is made in a cable dispatch from England.

GERMAN WRITER TELLS OF SAMMIES' GAMENESS

AMSTERDAM, June 27.—Telegraphing from the German headquarters on the Lorraine front under date of June 24, Herman Katsch, war correspondent of the Koelnische Volks Zeitung, says: "In the course of our dashing attack to the north of Remieres Wood (northwest of Seicheprey), the American occupants of a position, which had been untouched by our preparatory fire, refused to surrender, and fought, hopelessly outnumbered, to the last. We could only bring in as prisoners two men, who were overpowered."

The dispatch goes on to say that these two prisoners declared their detachment had fought so desperately because they had been told that Germans always mutilated prisoners, which, the correspondent, of course, qualified as a base calumny.

GRAIN.

Winnipeg, June 28.—Oats opened unchanged for July and October to ⅞c lower, at 85⅞c and 83c respectively.

Flax opened unchanged for July at $3 77, and ¾c lower for October at $3 61.

Inspections on Thursday, 193 cars; contract grades of wheat, 87 cars.

Chicago, June 28.—Opening: Corn—July, $1 46⅞; August, $1 49¾.

Oats—July, 72¾c; August, 68½c.

Chicago, June 28.—Fresh strength developed in the corn market today largely as a result of continued hot, dry weather in the Southwest. The fact that arrivals here were not liberal tended further to make traders uneasy over possible difficulties in regard to deliveries on July contracts. Offerings were readily absorbed. Opening prices, which varied from unchanged figures to ⅜c higher, with July at $1 46⅛@1 47, and August at $1 49@1 49½, were followed by decided gains all around, and then something of a reaction.

Oats reflected the strength of corn. Most of the business was local. After opening a shade to ¼c up, with August at 68½@68⅝c, the market scored a moderate additional upturn.

WALL STREET.

New York, June 28—Wall Street, 10:30 a.m.—The only noteworthy movement at the irregular opening of today's stock market was a 4-point advance in Butte and Superior Mining, based on a favorable court decision. Otherwise changes were unimportant and mainly toward lower levels, reflecting the mixed character of the overnight news. Tobaccos, leathers and equipments soon developed heaviness, also United States Steel and New Haven. Nominal gains were made by Baldwin Locomotive, Crucible Steel and Marine preferred. Liberty bonds were irregular.

Noon.—The market became more unsettled after the opening, foreign advices, particularly reports affecting the Russian situation, contributing to that end. United States Steel was again an uncertain quantity, yielding a point, and high grade rails eased to the same extent, while some specialties registered greater reactions. Moderate advances in specialties and sharp fluctuations in speculative issues, including Sumatra Tobacco, were not reassuring. Trade quieted at noon, leaders making irregular rallies on a substantial advance in coppers.
