BUSINESS NOTES.

SEWERAGE AND WATER ASSESSMENT.—The Commissioners of Sewerage and Water Supply have completed the annual assessment for water rates for the current year, and have filed a copy of the assessment in the Common Clerk's office. The whole amount levied upon the City of St. John (east side) and the Town of Portland is $52,413. Of this amount the city contributes $40,804, and the Town of Portland, $11,609.

The Valuation of Real Estate in the City is - - - - - $8,441,495
Stock in Trade, - - - - - 3,238,400
Furniture and Personal Property, - 801,600
$12,481,495

Town of Portland.
Real Estate, - - - $2,279,904
Stock in Trade, - - - 454,100
Furniture and Personal Property, - - - - 91,200
2,825,204
$15,306,699

The rate upon this is 1-6th of 1 per ct., with consumption rate added. There are in the city eighty-seven street lanes, etc., upon which water rates are levied, and sixty in the Town of Portland. The streets assessed the most are Prince William street, in the city, and Main street, in Portland. The former is rated $3,682 and the latter $2,896.

Notwithstanding the large amount of work done by the Commissioners for years past, still the water rates this year are no higher than in former years, and are by no means oppressive. The citizens can congratulate themselves, through the good management financially and otherwise of the Commissioners, on having the cheapest and best water supply in America.

MONEY, EXCHANGE, &c.—Exchange in New York has fallen one and a half cents per £ stg. during this week, and stands now at 4.87 for 60 days sight and 4.88½ for short sight, equal to 9¼ and 9½ by the old way of quoting the rates. In St. John the banks charge 9½ for 60 day bills and 10½ for sight. The premium on gold has dropped over one per cent. since last week, and the banks have raised their rate for currency drafts one per cent., allowing now only 8½ discount. Gold closed yesterday afternoon at 9¼, which makes the greenback worth 91 cents.

FLOUR has advanced in sympathy with Western markets some or fifteen cents, and higher rates still must be looked for.

SUGAR AND MOLASSES continue firm at an advance, with an upward tendency. In the English markets refined sugar is still advancing.

FREIGHTS remain the same as last week. We repeat our former quotations for deal cargoes:—
Hence Liverpool, 75s., c. d.; Cork Quay, 74s., old charter
Miramichi to Waterford, 75s.
Shediac to Liverpool, 76s. 3d., c. d.
Caraquet to Liverpool, 80s.
Vessels are wanted for Cuba at $8 @ $9, lumber.

COAL.—Yesterday Messrs. Starr quoted prices as follows: Spring Nut, $4, Store, $5, Round, $5.50. Sydney, $6 @ $6.25, Anthracite, $6.25 to $7. Mr. John Lloyd quotes Sydney, $6, Anthracite, $6 to $6.75. Judging from prices in New York, Anthracite ought to be cheaper here.

WESTERN EXTENSION E. & N. A. RAILWAY.—Yesterday the Receivers, Messrs. Kay and Burpee, having given the necessary security, entered upon their duties. They went west to meet the Bangor railway authorities and make necessary arrangements to prevent interruption to the traffic of the road. Now why don't the first mortgage bondholders on the Maine side of the line "go in" and clean out the "Consolidated" bondholders, and sweep away all other debts, liabilities, and so forth?

CARS FOR ELGIN BRANCH RAILWAY.—Messrs. James Harris & Co. have at their works, ready for despatching to the Branch, a very handsome "combination" of the passenger, baggage and post office car for the Elgin railroad. The work has been executed in a style that reflects credit on the establishment. Messrs. H. & Co. have 26 platform cars in hand for the same road.—A considerable quantity of freight has been brought over the Branch already. The road will probably be open for passenger traffic through to Elgin Corner next week.

THE FALL TROTTING at Moosepath Park comes off on October 3rd, 4th and 5th. Entries close on Monday, September 25, at Victoria Hotel.

TRADE SALES.—Remember Stewart & White's great trade sale of dry goods on Tuesday, 5th inst., and of Furs on Friday next, 8th inst.

TENDERS FOR TRACKLAYING AND BALLASTING are asked for by A. E. Killam, Esq., contractor for the Albert Railway, who will have 36 miles of road ready for ironing presently. The work on this contract is being pushed with extraordinary energy.

JOHN MURPHY & Co., brush manufacturers, St. John, have held a meeting of their creditors at the office of C. A. Stockton, Esq., but no arrangement has been come to. Liabilities are about $3,700. The assets are so tangled that it is extremely difficult to estimate them.

LUCIUS PICKARD, of Truro, N. S., who has for two years past done a large hardware business is at loggerheads with the Merchants' Bank, of Halifax, in consequence of his alleges, of some action he took as assignee of the concern of Smith and Crow. The bank has served him with a writ of attachment, and he asks his creditors to help him. It remains to be seen who is in the right.

ELIAS TERRY, of Fredericton, who failed in the spring of 1875 and compromised with his creditors, has been served with a writ of attachment by the New Brunswick and Nova Scotia Land Comp'y. It is said he has failed to meet his payments due on compromise.

D. A. HOLLAND & Co., Oromocto, composed of D. A. Holand, junior and senior, have been served with a writ of attachment by P. J. Quinn. An attempt to secure a creditor for his account lot to the step. Meeting of creditors 22nd September.

—DeWolf & [illegible], carriage builders, of Saint Stephen, have dissolved, and the retiring partner, A. DeWolf, has opened a grocery store.

—George McQuinn, hats and caps, Moncton, has just commenced business.—John Watson recently opened out there in the same line.—Olive & Johnson, builders, St. John, new co-partnership.—William Greeve, liquors, St. John, about commencing.

CHARLOTTETOWN, P. E. I: Wm. Kennedy, confectioner, received extension, 6, 12, 18 months.—Cameron & Saunders, general store, assigned.

SYDNEY: D. H. Smith & Co., books, about closing business.

TRURO: S. G. W. Archibald & Sons—meeting of creditors to-day, Sept. 2.

MONTREAL: W. A. Smith, manufacturer of shirts and collars, has been unable to meet compromise and has assigned.—The plaster mill of John A. Converse was burnt recently.—L. O. Jodoin & Co., dry goods, have effected a compromise, 62½ cts. on the dollar, unsecured, 4, 8 and 12 months.

OFFICE PROVINCIAL BUILDING SOCIETY,
ST. JOHN, August 31, 1875.

DEAR WATCHMAN,—There is a question of great importance and which is often asked, viz.: How to invest capital so that it will yield a fair return to the investor without running those risks incident to commercial operations.

The solution of that really important question is set before the public generally in the Prospectus of this Society.

The general advantages peculiar to this Society are, 1st, a perfectly safe and profitable system of investing small as well as large sums, converting the monthly savings of the industrious classes into productive capital, relieving the wealthy classes from much anxiety and care in looking out for safe channels in which to invest, and where they can receive their half yearly interest on the day it falls due. The inducements held out for the creation of wealth are founded on high moral principles. The repayment of loans being made periodically, removes all grounds for anxiety as to the state or condition of properties secured to the Society for the due fulfilment of the conditions of the loan. The effect of which is, that virtually the security is improving month by month.

Capitalists will please bear in mind that the operations of the Society are all based on Real Estate.

I am very truly yours,
THOMAS MAIN,
Sec'y-Treasurer.

THE WILSON PACKING CO.'S
COOKED CORNED-BEEF!
[Hall's Journal of Health for August—page 343.]
"There is an article of cooked meat in very general use, which is delicious in flavor and very generally admired. It is put up in substantial tin cans. The cans are wedge shaped to facilitate the removal of the contents unbroken. Two large establishments are engaged in packing meats in these cone like cans, the leading one being known as THE WILSON PACKING COMPANY, of Chicago. Into their process we have looked with care, because their business vastly exceeds that of all other houses in the line."
R. E. PUDDINGTON & CO.
keeps constantly on hand a large stock of the above company's
MEAT,
which they can confidently recommend as the best in the market.

AYER'S CHERRY PECTORAL,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption,

THE few compositions which have won the confidence of mankind, and become household words, among not only one but many nations, must have extraordinary virtues. Perhaps no one ever secured so wide a reputation, or maintained it so long as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, by a long continued series of marvellous cures that have won for it a confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of *Coughs, Colds, Consumption*, that can be made by medical skill. Indeed, the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors, to a great extent, and given a feeling of immunity from their fatal effects, that is well founded if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely protection. The prudent should not neglect it, and the wise will not. Keep it by you for the protection it affords by its timely use in sudden attacks.
