HAMILTON NEWS

MATTERS IN COURT CIRCLES

Mr. H. Carscallen's Name Stricken From the List of Executors of the Chas. Gurney Estate.

ALLEGED GAMBLING HOUSE CASE

Liquor Selling Case Disposed of—Lord's Day Alliance and Sunday Ice Cream.

Hamilton, Ont., June 27.—(Special.)—There was a fire on the roof of the Smart-Eby Machine Shop, Barton-street, to-night. It was caused by a spark from the cupola. About $50 damage was done.

Stationary Engineers.

At the meeting of the Hamilton Division of the Canadian Stationary Engineers to-night, the following officers were elected: President, F. J. Sculthrop; vice-president, J. A. Ferguson; recording secretary, J. Ironsides; financial secretary, G. D. Davidson; treasurer, W. R. Cornish; conductor, Ald. R. C. Pettigrew.

Attorney-General Their Counsel.

Attorney-General Gibson appeared at the High Court this afternoon as counsel for the children of the late Charles Gurney jr., whose mother has entered action to have Henry Carscallen, jr., removed from the board of trustees of the estate of the late Charles Gurney, sr. He suggested a conference between the parties, and Judge Street adjourned the court for half an hour, but a settlement was not reached. The action may be termed a friendly one, as there is no animosity against Mr. Carscallen, who was legally appointed by O. G. Carscallen and J. H. Tilden, on the death of a former trustee, Charles Gurney, jr. Mrs. Gurney, however, wishes an independent trustee, as, according to the terms of the will, the amount of money her children receive at age depends on the trustees' verdict as to their conduct.

The judge made an order striking Mr. Henry Carscallen's name from the list of the executors.

Police Points.

Before Magistrate Jelfs this morning George Smyth, late hotel keeper at Stoney Creek, was found guilty of a charge of selling liquor during prohibited hours on Saturday evening, May 4. Judgment was reserved on a point regarding the illegality of postponing the case for 12 days when it was up previously, and consequently sentence was deferred. This is Smyth's third offence. Rev. Mr. Deacon was the private prosecutor, and he was given a lecture by the magistrate. He said the preacher should not subpoena witnesses unless he was pretty certain as to what they would swear to.

This caused a lot of young men to applaud, but they were quickly called to order.

Continuing, the magistrate said it was very trying for him to hear a lot of respectably-dressed men deliberately swearing to what he had no doubt were falsehoods. It would be better, in the interests of morality, that one liquor dealer should go free for violating the act than that a dozen young men should be put in the box and commit perjury.

Phillips' Alleged Informer.

Acting on private information received, it is alleged, from V. O. Phillips, Police Chief Smith this morning had a number of young men summoned to appear at the Police Court to-morrow. William Hillyer has been charged with allowing gambling on his premises, and Peter Miller, Michael Lynch and James Murphy have been charged with abetting and watching a gambling game—poker.

Sunday Ice Cream.

This morning the Executive Committee of the Ontario Lord's Day Alliance met in the Y.M.C.A. building. R. A. Hobson of Guelph presided. Alleged breaches of the Lord's Day Act at summer resorts in the way of selling ice cream, drinks, etc., were discussed, and it was agreed that something should be done to try to put a stop to it if possible.

Rodney Mystery Cleared Up.

The body of the man who was killed near Rodney by falling over a 60-foot embankment, about ten days ago, has been identified as James H. Hunt, who was employed for years at the Ferguson-avenue Pumping Station, but who retired about a year ago.

Deceased had been staying at the residence of his niece, Mrs. Thomas E. Le Patourel, in Burlington, and left home about two weeks ago, to visit friends in this city and Preston. When Mrs. Le Patourel read the account of the death of an unknown man, she wrote to the authorities for a full description. She received a photo taken after death, and this fully established the identity of her uncle. In the meantime, the body had been buried.

At the request of Mrs. La Patourel, one of the firm of Green Bros., undertakers, left for Rodney this morning to have the body disinterred and brought home.

Minor Matters.

Prof. Cant says the colored man who was here soliciting funds for the "Queen Victoria Memorial College at Windsor" is a fraud and not authorized to receive subscriptions.

A tablet in memory of the late E. P. O'Reilly, only son of J. E. O'Reilly, K.C., master-in-chancery, who died of enteric fever while on active service in South Africa, has been placed in Christ Church Cathedral.

PLUMBERS TOOK IT EASY.

Most of the Warm Day Spent Sighth-Seeing After a Short Business Session.

The National Association of Master Plumbers and Steamfitters held a short business session yesterday. Most of the day was devoted to pleasure.

In the morning, the committee appointed to consider the formation of Provincial associations brought in a report, recommending the establishment of branches as follows: 1 Nova Scotia, Prince Edward Island and Cape Breton; 2 New Brunswick, 3 Quebec, 4 Ontario, 5 Manitoba and the Northwest, and 6 British Columbia. The committee also suggested that the Provincial associations be composed of representatives of the local bodies, and that the National Association be composed of representatives from the local associations direct, and with additions from the Provincial associations. There was a prolonged discussion on the suggestions, and, finally, the report was referred back to the committee, so that several clauses in the draft bylaw may be reconsidered.

A special committee reported favorably on the proposition of the president, that a permanent secretary be appointed at a salary of $200. This report was also referred back for further consideration. Past President Ald. Lamarche of Montreal was present and addressed the meeting.

At this morning's session, the Grievance Committee will submit a report, dealing with various complaints made by tradesmen.

The visitors, in the afternoon, were given a ride around the city, and saw the public buildings and points of interest.

In the evening, they were tendered a banquet in McConkey's Parlors by the Toronto Plumbers' Supply and Toronto Master Plumbers' associations. Over 150 sat down to the festive table, and listened to speeches and songs. The chair was occupied by James H. Wilson, president of the Toronto Plumbers' Supply Association. After duly honoring "The King," the toast of "Our Country" followed. This was responded to by A. E. Kemp, M. P., and Edward Gurney. The other toasts were "Our Guests, the National Association," by W. H. Meredith, Ald. Lamarche of Montreal, and F. Powers of Lunenburg, N. S.; "The Mayor and Corporation," by Mayor Howland, Ald. Cox, Ald. Woods, Ald. London; "The Manufacturers' and Supply Trade," by Messrs. Patterson, Fleming, Taylor, Morrison, Alcock and Anthes; "The Local Master Plumbers," by R. Ross and Messrs. McKitrick and Mc. Mullin; "The Sister Associations," by T. Christie of the Builders' Exchange, T. A. Russell of the Canadian Manufacturers' Association and President R. Harris of the Journeymen Plumbers and Steamfitters' Union; "The Press," by Messrs. Mortimer, Edmonds and Keenan, and "The Ladies," by Capt. Gieoux, Montreal, John Watson and Mr. Allan.

A program of vocal and instrumental music was rendered by John Fiddes, Alex Fiddes, Bert Harvey, James Fax and Messrs. Wainwright and Fulton.

This morning, the business of the convention will be concluded. In the afternoon, the delegates will be photographed on the lawn in front of the Lieut.-Governor's residence, and afterwards they will visit Long Branch, where a concert will take place in the evening.

Just the Thing That's Wanted.—A pill that acts upon the stomach and yet is so compounded that certain ingredients of it preserve their power to act upon the intestinal canals, so as to clear them of excreta, the retention of which cannot but be hurtful, was long looked for by the medical profession. It was found in Parmelee's Vegetable Pills, which are the result of much expert study, and are scientifically prepared as a laxative and an alterative in one.

PERSONAL.

Mrs. David Grant of Singhampton, who has been visiting in the city for the past month, has returned home.

John B. Canavan was a passenger on the SS. Campania, which has been reported at Liverpool. This is his first visit to England, representing the Wyld-Darling Co., Limited.

CLOSING AT BISHOP RIDLEY

Ceremonies Were Attended and Enjoyed By the Scholars and Many of Their Friends.

GOLD MEDAL FOR D. H. C. MASON

Silver Medal Awarded to E. H. Fitzhugh—List of the Prize Winners.

A number of friends of Bishop Ridley College, St. Catharines, journeyed across the lake yesterday to be present at the closing of the school and distribution of prizes. The ceremony took place in a large canvas pavilion, erected in rear of the new preparatory school, on the west side of the old canal. The new building is not easily accessible from the city side but arrangements for the comfort of the guests were well carried out, and the temperature, which was nearly 100 in the shade in the city, was mollified somewhat by the preparations. Cooling drinks were served and the pavilion was perhaps the coolest spot in the Garden City.

Prominent People Present.

Among those present from outside St. Catharines were: Mr. and Mrs. William Stone, Mr. and Mrs. Albert Ogden, W. Ogden, Mrs. Mrs. W. J. Hendrie and the Misses Hendrie, Mrs. Murray Alexander, Alexander Snively, Mr. and Mrs. J. Herbert Mason, Judge Travis, Mr. and Mrs. N. W. Hoyles, Hugh Hoyles and Newman Hoyles, Mrs. Denison, Judge McDougall and Miss McDougall, Toronto; Mr. and Mrs. Griffith, George Tuckett, Miss Zimmerman, Hamilton; Rev. J. C. Garrett, Niagara-on-the-Lake; C. P. Sclater and the Misses Sclater, Montreal; Mr. Sclater, England; Mrs. R. Harcourt, Weland; R. D. Gurd, Sarnia; Mr. and Mrs. R. F. Foote, Port Dalhousie.

Progress of the School.

J. Herbert Mason, president of the college, presided and briefly welcomed those who had come to attend the prize-day ceremonies. He was followed by H. G. Williams, principal of the lower school, who outlined the progress made by the school during the past few years. The past year had been one of considerable progress. There were more boys in the school than at any time in the past four or five years, the number during the season being 84, and he thought the progress shown was due largely to the erection of the new school, altho the senior school has grown too. About two years ago the new school was opened, with an attendance of 30 boys, under the age of 14. They had brought over from the old school 11 pupils, and had paid back 9. The others would be returned in September. The school was now full, and the venture had proven a gratifying success. He regretted that Principal Miller was not present to urge the desirability of newer and larger buildings on this side of the canal for the old school, but Mr. Miller had been compelled, owing to ill heath, to take a long rest, and was now in California, where he is being much benefited. He argued that a boarding-school was a good thing for boys, and urged parents to send their boys young enough, say at 9, 10 or 11 years.

Letters of Regret.

Mr. Williams announced that he had received letters of regret from Hon. Richard Harcourt, Minister of Education; the Bishops of Niagara and Toronto; Frederic Nicholls, Toronto; Judge Benson, Port Hope; Prof. Hutton, Toronto University; Prof. Cody, Wycliffe College; Judge Moss; Principal Sheraton, Wycliffe College; Principal Macdonald, St. Andrew's College; Hon. S. H. Blake, and J. L. Hughes.

A Loss to Ridley.

Rev. N. J. Perry spoke of the loss the school is sustaining by the resignation of C. M. Keyes and E.G. Bogart, who are leaving for other fields of labor. They had been faithful workers, and it was not expected that their places could be easily filled.

Judge McDougall observed that the boys of Ridley had always given a good account of themselves, and he was well pleased with the development and progress of his own boy. He spoke of the motherly care by Miss Cleghorn and Mrs. Mackenzie of the boys entrusted to them as matrons of the upper and lower schools.

Others who made presentation speeches were H. C. Griffith, R. F. Foote, N. W. Hoyles, Judge Travis, Albert Ogden and Thomas R. Merritt.

Winners of Blake Gold Medal.

The gold medal—the blue ribbon of the school—which was donated by Hon. S. H. Blake, was won by D. H. C. Mason, and the silver medal, donated by J. Herbert Mason, by E. H. Fitzhugh. These medals are awarded on a vote of the school for true manliness. A. C. Snively, the head boy of the school, was awarded the medal presented by the Governor-General.

Toronto Junction, June 27.—The foundling picked up in a basket near the Davenport station last night is still with the station agent. There was a splendid entertainment for young and old, viz., phrenological examinations, Punch and Judy show, Aunt Sally, fish pond, village postoffice and the numerous stalls kept by the ladies of the church, who sold many articles (not at bargain prices). The baseball match ended in favor of East Toronto against the Balmy Beach team 9—0. A great many members and their friends were there, amongst whom were Rev. D. Osborne, Rev. W. L. Councillor Brownlow presided over a meeting of the Works Committee at the town hall last night. The treasurer presented a statement of the expenditures on the new water supply, showing an outlay up to the present time of $3633. An account from John Russell for $139 for hire of pump and engine at the waterworks was considered excessive, and was left over for enquiry.

J. J. Gartshore of Eglinton-avenue complained of a dangerous sidewalk. The commissioner stated that the sidewalk had been condemned, and a new sidewalk on the local improvement plan will have to be laid if the residents desire remedy.

W. G. Ellis wrote complaining of the poor water and electric light supply. Mr. Ellis will be notified that an improvement is expected when the new works are completed.

A meeting of a special committee to consider the advisability of opening up new roads thru and south from the town was held last night. The necessity of new highways was admitted by all the members, but the means of overcoming the town's condition was thought to be a question for a solicitor, and the Council will be asked to secure a legal opinion as to the necessary steps to be pursued.

Barn Raising.

George McCague, one of the young and progressive farmers who owns 200 acres of as good land as can be found in the Township of Markham, near Victoria-Square, held an old time barn-raising on Wednesday afternoon. The barn, which is being erected with all modern improvements, is 100 feet long by 50 feet wide. The foundation is composed of a stone wall 10 feet high, with a concrete cellar. Richard Atkinson of Bethesda has charge of the carpenter work, the masonry being done by Mr. Pennington of Gormley. The captains of the two different sides chosen were Messrs. George Forrester, jr., and Walter Eyer. There were fully 100 men on each side. The contest for supremacy, which was won by Mr. Forrester's side, was keen and very close. Had it not been that the winning side had the choice of position, which contained the bridge leading up to the barn, there would doubtless have been a tie. There were several hundred people present, many of them pioneers and veterans that have not only witnessed but helped at hundreds of such raisings. The following are a few of the names of the old-timers present: C. Heise, George Forrester, sr.; George Wellman, J. Comisky, A. Williams, J. Cosgrove, A. Baker, S. Agar of the immediate vicinity, and Hector Wallace, Wellington Jones, W. A. McCague, wife and daughter, and many others, some of whom came from the County of Simcoe. After the work was well and successfully done the assemblage partook of a bountiful repast, consisting of all seasonable viands. The young people then enjoyed themselves at various games, the old being interested spectators, conversing about what changes have taken place since they were young. No accident occurred to mar the proceedings of the day, and all returned to their respective homes well pleased with the splendid reunion.

Weston.

Mr. J. C. Bull had his barn-raising yesterday afternoon to replace the one destroyed by fire last summer. Bert Jackson and Thomas Riley were captains, and Mr. Jackson's side won easily.

County Police Court.

Before Police Magistrate Ellis yesterday William McKenzie of Lansing was charged with assaulting James E. Duncan. McKenzie was charged some time ago with assault, and allowed to go, being bound over in the sum of $100 not to repeat the assault. Upon the charge yesterday he was fined $1 and costs and held in another $100. On Saturday he comes up to show cause why the $100 should not be confiscated.

Mrs. Morris and Mrs. Windsor of Swansea are neighbors. Mrs. Morris claims that Mrs. Windsor owed her $2. As she couldn't get the $2 she took Mrs. Windsor's boiler. Mrs. Windsor went to get her boiler back and is said to have committed an assault on Mrs. Morris. On this charge she was fined $2 and costs. Both women were represented by counsel, and the $2 boiler represented in costs for fighting the case. $10 to each of the litigants.

Todmorden.

The funeral of the late Miss Annie Gamble took place at 9 o'clock last night from her father's residence, Todmorden House, to the C.P.R. station at Queen-street. Upon their arrival in Montreal this morning the remains will be taken to Mount Royal Cemetery for burial. Mr. and Mrs. Gamble accompanied the body to Montreal.

Two Todmordenites were married last night and left this hamlet. Mr. John Terry was married in the city to Miss Nellie Moses, a daughter of Ex-Ald. Frank Moses, and Miss Lizzie Dunn has left here, having become the wife of Mr. Richard Turner of Toronto.

Kew Beach.

The hot weather of the past few days has been the means of introducing a new feature into life at the beach. In the evenings the shore is fairly alive with bathers, young and old. Up to the present the water has been too cold to indulge in this delightful pastime, but the hot weather has remedied this, and the sport promises to be even more popular than last summer. There is scarcely a resident who has not some kind of craft, and in the evenings, when these small craft dot the lake, the effect is most pleasing. There is scarcely a vacant cottage in the vicinity, and the residents are looking forward to a most enjoyable summer.

Notwithstanding the excessive heat of last night, there was a large attendance of members and their friends at the regular weekly hop of the Kew Beach Association, held in their club house. The affair was most successful from every point of view, and the members are delighted to think that these social functions will be continued thruout the summer. Permanent decorations have been put up in the large hall where the dancing is held, and, with the cool breezes blowing from over the lake, a dance at the club is a pleasure.

Followinge the hop, the committee who have the sports for Dominion Day in hand, met and completed arrangements for the day's sport. An official program will be published to-day or Saturday. Much interest is being taken by the residents in both the aquatic and land sports, and, by the preparations being made, there is no doubt that the occasion will be most successful.

HOME RULE FOR IRELAND

Archbishop Keane Asserts It is Being Gradhally Conferred on the Celts.

GINES EXAMPLE OF CONCESSIONS

Influence of Gladstone is Seen in Much Recent Legislation—Unity of Empire Predicted

Chicago, June 27.—The Record-Herald's London correspondent wires: "England is gradually granting home rule to Ireland," said Archbishop Keane to-night.

"I have just arrived from Ireland," continued the archbishop, "where I performed the pleasant duty of preaching the sermon at the dedication of the cathedral of the diocese where I was born. I met many substantial, thinking Irishmen, and found them all optimistic concerning the final outcome of their struggle for self-government.

"For a full century England has been making concessions to Ireland, which, when carried to their logical conclusion, will amount to home rule.

Influence of Gladstone.

"Gladstone prevails in such laws as the 'Counties' Government Act.' He prevails in every little victory Irish persistence wrings from British prejudice.

"The whole world knows how stubborn English prejudice is. Yet, after all, Englishmen love fair play. Ultimately they will yield to Ireland everything fair play demands.

"They will give Ireland a Roman Catholic university. Mr. Balfour has not abandoned his intention to press that bill. His withdrawal of it was a strategical move, not a confession of defeat.

"Englishmen will continue to liberalize their policy until not only Ireland but Scotland and Wales also will have their own Parliaments. Then these countries, knit together geographically, will be represented in an Imperial Parliament, that shall knit them together politically. The world will see in these islands a second realization of the American system of government. England, Ireland, Scotland and Wales will be federated states of a great self-governing commonwealth.

Predicts End to Enmity.

"When that time comes there will be no more chafing, no more enmity, no more talk of tyranny or revolution. Ireland's representatives in the Imperial Parliament will meet those of England, Scotland and Wales on a basis of peace and good-will, and all will join to make the British Empire the greatest empire in history.

"Canada, Australia and South Africa will never have the same relation in the federation as I believe England, Ireland, Scotland and Wales will have. Those distant lands do not possess the geographical unity of the British Isles for these close, united interests which obtain in this sisterhood of states. They have no representation in the Imperial Parliament now. They will have none in time to come.

"It is quite a mistake to suppose that the people who are shaping the life of Ireland want absolute independence for that country. They are willing to be associated with the British Empire, but they want home rule, clearly realizing that a nation governed by strangers is a nation enslaved."
