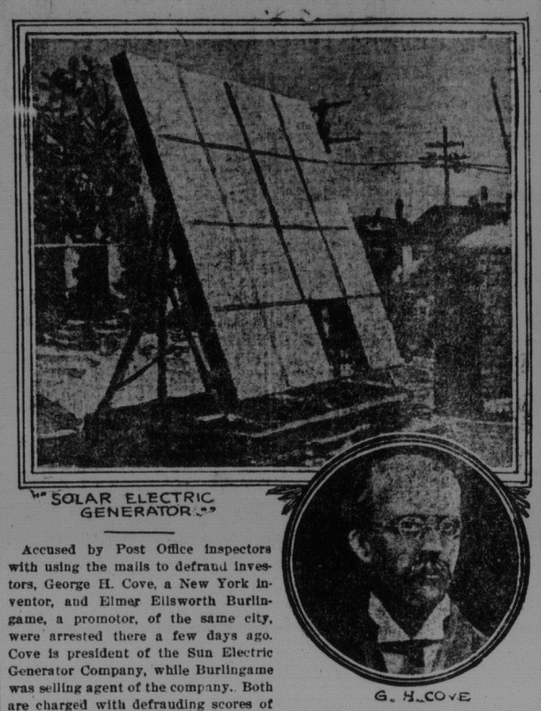
Homeseekers' Excursion.

The Grand Trunk Railway has issued a circular authorizing all agents in Canada to sell Homeseekers' Excursion tickets to points in Western Canada. This is interesting information for those desiring to take advantage of these excursions on certain dates from April to September, 1911. The Grand Trunk route is the most interesting, taking a passenger through the populated centres of Canada, through Chicago and thence via Duluth, or through Chicago and the twin cities of Minneapolis and St. Paul. Ask Grand Trunk Agents for further particulars.

SUN'S RAYS DID NOT MAKE GOOD FOR INVENTOR NOW HELD BY NEW YORK POLICE



Accused by Post Office inspectors with using the mails to defraud investors, George H. Cove, a New York inventor, and Elmer Ellsworth Burlingame, a promotor, of the same city, were arrested there a few days ago. Cove is president of the Sun Electric Generator Company, while Burlingame was selling agent of the company. Both are charged with defrauding scores of investors out of sums aggregating $250,000 by inducing them to buy stock in an enterprise which the Post Office inspectors declare has no merit.

Cove gained some notoriety a year ago when he dropped out of sight after writing a letter, in which he declared he had been kidnapped by a number capitalists, who sought to wrest from him the secret of his plan to generate electricity by concentrating the rays of the sun. The alleged kidnapping was said to have been an advertising scheme. Even at that time Cove was under surveillance by the Post Office authorities.

THE HAMPTON NEWS LETTER

Boy Scouts are Active — Early Risers, Yesterday, Saw Rare Sight — Successful Church Picnic—Personal News.

Hampton, Aug. 17.—The conjunction of Saturn and Mars, with the moon in its third quarter a close attendant was a rare but beautiful sight to a number of observers here, between 1 and 2 o'clock this morning for the atmosphere washed clean by the previous day's heavy rain and blown sweet by the strong gale which prevailed, left nothing to be desired to obtain the very best view of the heavenly phenomena. Not the lightest cloud or filmist mist obscured the cerulean vault while the yellow and red worlds seemingly approached each other within less than a hand's breadth so that they looked more like a double star than two vast material globes separated by infinite spaces and the soft light of the silvery moon appeared to add to rather than diminish their brilliancy. It was a sight well worth spending an hour in the open at an unfrequented portion of the night, even though the air had taken on the coolness of approaching fall, and those who saw it will carry the deep impression on their minds as they recall the Psalmist's words, "The heavens declare the glory of God, and the firmament showeth His handiwork—night showeth His knowledge."

Last Saturday on the invitation of Ralph A. March, the boy scouts enjoyed a run in his motor boat down the river to Gondola Point, where they set up their shacks, built fires and prepared their individual suppers, and were put through drill in platoon work and first aid to the wounded, returning in the evening happy and eager for further excursions. Mr. Schofield takes great interest in the work and makes an ideal scout master.

The annual picnic of the Sunday schools of St. Paul's parish church, Hampton, was held on Tuesday at the Willows, some eight or nine miles down the Kennebeccasis river, and was attended by the largest crowd seen at a local picnic in many years.

The steamer Hampton made morning and afternoon trips, returning to her wharf at nightfall, loaded to capacity with tired but happy crowds of picnickers. The winners of prizes in the several sporting events were as follows:

Running races—Boys over 14 years: 1st, Robert Smith; 2nd, Jas. Carson. Girls: 1st, Clendon Crawford; 2nd, Annie Burgess.

Boys, 10 to 13 years: 1st, Ed. Langstroth; 2nd, Herbert Burgess. Girls: Hazel Archer; 2nd, Annetta Stafford.
