FROM ALL OVER THE MARITIME PROVINCES

Saturday, Aug. 17.

Their Royal Highnesses the Duke and Duchess of Connaught and the Princess Patricia, with their accompanying suites, are expected to arrive in the harbor on the steamer Earl Grey, sometime tonight between sunset and sunrise, and for this reason all quarters of the city are bright with the red, white and blue of a patriot celebration. Happily there will be in effect, a triple holiday for the occasion, as many will have a respite from their duties at noon today, and as Monday has been proclaimed a day of leisure, and Sunday coming between, there will be ample opportunity for all to enjoy the ceremonies connected with the royal visit.

From a social point of view that which will interest society most during the visit of their royal highnesses is the reception to be held by the Mayor and Mrs. Frink in St. Andrew's Rink on Monday evening. This will be open to the citizens, and it is expected that the function will be one of great splendor. Miss Hazen's luncheon on Monday afternoon at Hazen's castle, is also of great social interest, notwithstanding that the event will be of a informal character. The Duchess of Connaught, if her health permits, will be present, and also the Princess Patricia. The guests invited to meet the royal ladies are Mrs. Josiah Wood, Mrs. James H. Frink, Mrs. F. E. Barker, Mrs. William Pugsley, Mrs. King Hazen, Miss Pelly, Miss Adams, Mrs. Murray MacLaren, Mrs. George F. Smith, Mrs. Busby, Miss Frances Hazen.

If the weather permits Monday will be notable in the history of St. John, not only because the Duke of Connaught and party will be here, but also because on that day the largest playgrounds in the maritime provinces will be opened for the benefit of the youths of the city and naturally the fact that the ceremonies are to be performed by so distinguished a person as his royal highness, will add to the interest of the occasion. It is to be regretted that so many of the school children are absent in the country, as there are about seven thousand school attendants, but it is hoped that, nevertheless, there will be a large number present at the new playgrounds to greet his royal highness upon his arrival there.

Mr. Palmer of the Norton Griffiths Co., Ltd., has most happily conceived the idea of grouping the east side children at the entrance of the Courtenay Bay works to greet their royal highnesses with patriotic selections, when they arrive upon the scene. Afterwards, Mr. Palmer will present to each child a souvenir badge, commemorating the occasion.
