EDITORIAL NOTES.

It appears that the United States Congress is not to be allowed to do much more than wrangle and talk in Alaska where, by an arrangement made between Great Britain and the United States it is supposed to have been settled by joint occupation. The Alaska Commercial Company, which has been granted a monopoly of the seal fishery in those waters, is said to be a very powerful corporation, and it is said that it has made a large fortune out of the business. The Government of the United States has not been very active in the matter of protecting the seal fishery, and it is said that the Russians have been more active than the Americans in the matter of preventing the slaughter of the seals. The Russians have not been in the habit of allowing the slaughter of the seals to be carried on in the waters adjacent to their possessions in Alaska, and it is said that they have been very active in preventing the slaughter of the seals in the waters adjacent to their possessions.
