The Houlton Murder.

The following are the particular of the Houlton murder, as given by a correspondent:

The place where the deed was done was on the Bangor road, near the village, in front of P. O'Donnell's boarding house. Mary Kelly, the young man's girl, lived in this house. There is a little hill on the road here and a grassy bank which slopes down to the mill pond, about 50 feet distant. The body was found by a little boy who was carrying water for his mother, about half way between the road and the pond, about 7 o'clock on Saturday morning. Word was at once given to the authorities and soon a large crowd collected. The appearance of the body as it lay on the grass gives one the impression that it was

CAREFULLY LAID OUT

in the position in which it was found. The body was flat and straight with the face downward, and the hands neatly folded under the the body, while morning frosts had crusted his upper clothing with its white breath. From the road to where the body lay (say about twenty feet) there were

TRACES OF DRIPPING BLOOD.

Traces of a bloody hand are seen where it had clutched the right leg evidently in carrying or dragging the body to its position, while on the toe of the left foot there are also traces where it had evidently been dragged through a pool of blood. Suspicion at once centered on a man named Kelly, who had been heard to use threats against this young man for keeping company with his daughter. He and the daughter were both arrested and examined on Saturday. No proof of anything like guilt could be shown against her, and she was at once liberated, while he is still held in custody. A post mortem examination shows that

HE WAS SHOT IN THE TEMPLE

by a pistol ball, the ball entering well up near the top on the left side cut through an artery, shattered and glanced off the skull, and came out behind the ear. At the inquest now being held the whole affair is being thoroughly sifted, and doubtless some clew to the perpetrator of the deed, strong and clear, will yet be found.

The facts elicited show that the murdered man was last seen about 7 o'clock on the previous evening near the lower corner of the village, evidently waiting to see this girl. Two young men came up from the house in which she lived and passing him as he sat on a dry goods box, said

"SHE'S WAITING FOR YOU DOWN THERE, WILLIE,"

and passing on went to a show that was in one of the public halls. Evidently he went down and was murdered shortly after. The girl, in the meantime, accompanied by another girl, had also gone to the public hall, and were accompanied home after the performance by the same two men.

The father, after the performance, slept alone in his own house, and says that he was not out of his room after going home that night, and can in no way account for

A FROCK WITH STAINS OF BLOOD

on it being found on an anvil in his smithy. He says it is not his, and he never had it on. A close examination of his person and clothing showed no evidence of mud or stains of blood, and perhaps he is innocent as a new born babe, as he says he is. As to be expected, our community is in a fever of excitement, and many rumors are afloat having no foundation whatever.

VINEGAR BITTERS

PURELY VEGETABLE — FREE FROM ALCOHOL — DR. WALKER'S CALIFORNIA — EUREKA — VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.
